

Andrew T Wood

List of Publications by Citations

Source: <https://exaly.com/author-pdf/4000652/andrew-t-wood-publications-by-citations.pdf>

Version: 2024-04-29

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
16	Cleavage and gastrulation in the Kuruma shrimp <i>Penaeus (Marsupenaeus) japonicus</i> (Bate): a revised cell lineage and identification of a presumptive germ cell marker. <i>Development Growth and Differentiation</i> , 2010 , 52, 677-92	3	21
15	Age: Age genetic correlations for weight of <i>Penaeus monodon</i> reared in broodstock tank systems. <i>Aquaculture</i> , 2010 , 307, 1-5	4.4	20
14	Developmental Hypoxia Has Negligible Effects on Long-Term Hypoxia Tolerance and Aerobic Metabolism of Atlantic Salmon (<i>Salmo salar</i>). <i>Physiological and Biochemical Zoology</i> , 2017 , 90, 494-501	2	15
13	Evaluation of egg and nauplii production parameters of a single stock of domesticated <i>Penaeus monodon</i> (Giant Tiger Shrimp) across generations. <i>Aquaculture</i> , 2013 , 400-401, 125-128	4.4	12
12	A comparison of heterozygosity, sex ratio and production traits in two classes of triploid <i>Penaeus (Marsupenaeus) japonicus</i> (Kuruma shrimp): Polar Body I vs II triploids. <i>Aquaculture</i> , 2009 , 296, 207-212	4.4	11
11	The effects of constant and cyclical hypoxia on the survival, growth and metabolic physiology of incubating Atlantic salmon (<i>Salmo salar</i>). <i>Aquaculture</i> , 2020 , 527, 735449	4.4	8
10	Triploid induction of black tiger shrimp, <i>Penaeus monodon</i> (Fabricius) using cold shock. <i>Aquaculture Research</i> , 2011 , 42, 1741-1744	1.9	8
9	Physiological effects of dissolved oxygen are stage-specific in incubating Atlantic salmon (<i>Salmo salar</i>). <i>Journal of Comparative Physiology B: Biochemical, Systemic, and Environmental Physiology</i> , 2019 , 189, 109-120	2.2	8
8	Acid-base regulation in the air-breathing swamp eel () at different temperatures. <i>Journal of Experimental Biology</i> , 2018 , 221,	3	6
7	Reduced loads of pre-existing Gill-associated virus (GAV) infection in juvenile <i>Penaeus monodon</i> injected with single or multiple GAV-specific dsRNAs. <i>Aquaculture</i> , 2014 , 434, 272-276	4.4	6
6	Reproductive performance and mature gonad morphology of triploid and diploid Black Tiger shrimp (<i>Penaeus monodon</i>) siblings. <i>Aquaculture Research</i> , 2013 , 44, 1493-1501	1.9	5
5	Hypoxia during incubation does not affect aerobic performance or haematology of Atlantic salmon () when re-exposed in later life 2019 , 7, coz088		4
4	Hollow sperm syndrome during spermatogenesis in the giant tiger shrimp <i>Penaeus monodon</i> (Fabricius 1798) from eastern Australia. <i>Aquaculture Research</i> , 2015 , 46, 2573-2592	1.9	3
3	Hydrogen peroxide treatment of Atlantic salmon temporarily decreases oxygen consumption but has negligible effects on hypoxia tolerance and aerobic performance. <i>Aquaculture</i> , 2021 , 540, 736676	4.4	3
2	Tetraploid inductions of <i>Penaeus monodon</i> using cold shock. <i>Aquaculture International</i> , 2012 , 20, 1003-1007		2
1	Effect of a prophylactic treatment with chloramine-T on gill histology and microbiome of Atlantic salmon (<i>Salmo salar</i>) under commercial conditions. <i>Aquaculture</i> , 2022 , 546, 737319	4.4	1
