#	ARTICLE	IF	CITATIONS
1	What have the Romans done for us? Pliny â€œThe Younger'sâ€œ imperial virtues and their convergent validity with contemporary models of personality. <i>Personality and Individual Differences</i> , 2021, 178, 110860.	2.9	1
2	Beyond an â€œinformed opinionâ€™: evidence-based practice in the built environment. <i>Architectural Engineering and Design Management</i> , 2020, 16, 23-40.	1.7	10
3	Formu-mentation. <i>Organizational Dynamics</i> , 2020, 49, 100744.	2.6	0
4	Transformational leadership and gravitas: 2000 years of no development?. <i>Personality and Individual Differences</i> , 2020, 156, 109760.	2.9	11
5	Disinhibition predicts both psychopathy and entrepreneurial intentions. <i>Journal of Business Venturing Insights</i> , 2020, 14, e00208.	3.4	5
6	How rationality predicts individual perception of safety climate: An application of the hybrid model of learning in personality. <i>Psikohumaniora: Jurnal Penelitian Psikologi</i> , 2020, 5, 45.	0.6	0
7	Three-Factor Model of Personality. , 2020, , 5505-5514.		0
8	Jackson, Chris. , 2020, , 2457-2458.		0
9	A multi-level super meta-theory of personality meta-theories: Why behavior is not always associated with reproductive success. <i>Personality and Individual Differences</i> , 2019, 146, 149-157.	2.9	3
10	On Establishing Legitimate Goals and Their Performance Impact. <i>Journal of Business Ethics</i> , 2019, 157, 731-751.	6.0	7
11	Innovative Behaviour: How Much Transformational Leadership Do You Need?. <i>British Journal of Management</i> , 2018, 29, 796-816.	5.0	98
12	Are survivalists malevolent?. <i>Personality and Individual Differences</i> , 2018, 129, 104-107.	2.9	8
13	Factor structure and measurement invariance across groups of the Italian Eysenck Personality Questionnaire - Short form (EPP-S). <i>Personality and Individual Differences</i> , 2018, 123, 76-80.	2.9	11
14	Can Deficits in Emotional Intelligence Explain the Negative Relationship Between Abandonment Schema and Marital Quality?. <i>Family Relations</i> , 2018, 67, 510-522.	1.9	7
15	Three-Factor Model of Personality. , 2018, , 1-11.		0
16	Moral Emotions and Corporate Psychopathy: A Review. <i>Journal of Business Ethics</i> , 2017, 141, 797-810.	6.0	26
17	A comparison of revised reinforcement sensitivity theory with other contemporary personality models. <i>Personality and Individual Differences</i> , 2017, 109, 232-236.	2.9	18
18	Integrating the context-appropriate balanced attention model and reinforcement sensitivity theory: Towards a domain-general personality process model.. <i>Psychological Bulletin</i> , 2017, 143, 91-106.	6.1	33

#	ARTICLE	IF	CITATIONS
19	Deviant behavior in constrained environments: Sensation-Seeking predicts workplace deviance in shallow learners. <i>Personality and Individual Differences</i> , 2017, 108, 20-25.	2.9	14
20	Examining the validity of the revised Reinforcement Sensitivity Theory scales. <i>Personality and Individual Differences</i> , 2017, 106, 90-94.	2.9	12
21	How nurses who are sensation seekers justify their unsafe behaviors. <i>Personality and Individual Differences</i> , 2016, 100, 79-84.	2.9	2
22	Personality and Workaholism. <i>Personality and Individual Differences</i> , 2016, 95, 114-120.	2.9	20
23	Personality and learning processes underlying maverickism. <i>Journal of Managerial Psychology</i> , 2015, 30, 726-740.	2.2	14
24	Left Hemispheric Lateral Preference and High Neuroticism Predict Disinhibition in Two Go/No-Go Experiments. <i>Journal of Personality</i> , 2015, 83, 84-96.	3.2	5
25	A process model of self-regulation and leadership: How attentional resource capacity and negative emotions influence constructive and destructive leadership. <i>Leadership Quarterly</i> , 2015, 26, 386-401.	5.8	74
26	Self-compassion protects against the negative effects of low self-esteem: A longitudinal study in a large adolescent sample. <i>Personality and Individual Differences</i> , 2015, 74, 116-121.	2.9	119
27	How the Five Factor Model and revised Reinforcement Sensitivity Theory predict divergent thinking. <i>Personality and Individual Differences</i> , 2014, 57, 54-58.	2.9	32
28	Original and revised reinforcement sensitivity theory in the prediction of executive functioning: A test of relationships between dual systems. <i>Personality and Individual Differences</i> , 2014, 56, 83-88.	2.9	14
29	Revised Reinforcement Sensitivity Theory: Implications for psychopathology and psychological health. <i>Personality and Individual Differences</i> , 2013, 54, 432-437.	2.9	39
30	Managerial Implications for the Impact of Revised Reinforcement Sensitivity Theory on Creativity. <i>Proceedings - Academy of Management</i> , 2013, 2013, 17562.	0.1	0
31	Do left and right asymmetries of hemispheric preference interact with attention to predict local and global performance in applied tasks?. <i>Laterality</i> , 2012, 17, 647-672.	1.0	2
32	Workplace mavericks: How personality and risk-taking propensity predicts maverickism. <i>British Journal of Psychology</i> , 2012, 103, 497-519.	2.3	15
33	Mechanisms underlying REBT in mood disordered patients: Predicting depression from the hybrid model of learning. <i>Journal of Affective Disorders</i> , 2012, 139, 30-39.	4.1	12
34	Practitioner reactions to work-related psychological tests. <i>Journal of Managerial Psychology</i> , 2011, 26, 549-565.	2.2	13
35	Support for a two-factor model of impulsivity and hazardous substance use in British and Australian young adults. <i>Journal of Research in Personality</i> , 2011, 45, 10-18.	1.7	37
36	How Sensation Seeking provides a common basis for functional and dysfunctional outcomes. <i>Journal of Research in Personality</i> , 2011, 45, 29-36.	1.7	27

#	ARTICLE	IF	CITATIONS
37	The effects of transformational leadership behaviours on follower outcomes: An identity-based analysis. <i>European Journal of Work and Organizational Psychology</i> , 2011, 20, 553-580.	3.7	59
38	Investigating the moderating effect of rewarding climate on Mastery Approach Orientation in the prediction of work performance. <i>British Journal of Psychology</i> , 2011, 102, 204-222.	2.3	4
39	Evidence of a relationship between asymmetries in tympanic membrane temperature and lateralised sensory preferences. <i>Laterality</i> , 2011, 16, 107-124.	1.0	7
40	How the behavioral approach system predicts everyday life outcomes. <i>American Journal of Psychology</i> , 2010, 123, 353-365.	0.3	0
41	Eye color Predicts Disagreeableness in North Europeans: Support in Favor of Frost (2006). <i>Current Psychology</i> , 2010, 29, 1-9.	2.8	5
42	Impulsivity and reversal learning in hazardous alcohol use. <i>Personality and Individual Differences</i> , 2010, 48, 123-127.	2.9	27
43	An integrative approach to personality: Behavioural Approach System, mastery approach orientation and environmental cues in the prediction of work performance. <i>Personality and Individual Differences</i> , 2010, 48, 590-595.	2.9	16
44	Alcohol Expectancies and Drinking Refusal Self-Efficacy Mediate the Association of Impulsivity With Alcohol Misuse. <i>Alcoholism: Clinical and Experimental Research</i> , 2010, 34, 1386-1399.	2.4	72
45	Applying a Psychobiological Model of Personality to the Study of Leadership. <i>Journal of Individual Differences</i> , 2010, 31, 185-197.	1.0	11
46	Predicting grade point average from the hybrid model of learning in personality: consistent findings from Ugandan and Australian students. <i>Educational Psychology</i> , 2009, 29, 747-759.	2.7	13
47	Jackson-5 scales of revised Reinforcement Sensitivity Theory (r-RST) and their application to dysfunctional real world outcomes. <i>Journal of Research in Personality</i> , 2009, 43, 556-569.	1.7	128
48	Comparing different approach and avoidance models of learning and personality in the prediction of work, university, and leadership outcomes. <i>British Journal of Psychology</i> , 2009, 100, 283-312.	2.3	19
49	How Introspections Concerning Cloninger's Concepts of Temperament and Character Influence Eysenckian Personality Structure. <i>Current Psychology</i> , 2008, 27, 257-276.	2.8	1
50	When avoidance leads to approach: How ear preference interacts with neuroticism to predict disinhibited approach. <i>Laterality</i> , 2008, 13, 333-373.	1.0	20
51	A Trait Conceptualization of Reward-Reactivity. <i>Journal of Individual Differences</i> , 2008, 29, 168-180.	1.0	15
52	The Factor Structure and Validity of the Learning Styles Profiler (LSP). <i>European Journal of Psychological Assessment</i> , 2008, 24, 117-123.	3.0	5
53	Measurement Issues Concerning a Personality Model Spanning Temperament, Character, and Experience. , 2008, , 73-94.		9
54	Distinguishing Between Learning and Motivation in Behavioral Tests of the Reinforcement Sensitivity Theory of Personality. <i>Personality and Social Psychology Bulletin</i> , 2007, 33, 476-489.	3.0	46

#	ARTICLE	IF	CITATIONS
55	The New Reinforcement Sensitivity Theory: Implications for Personality Measurement. <i>Personality and Social Psychology Review</i> , 2006, 10, 320-335.	6.0	356
56	Benefits of all work and no play: The relationship between neuroticism and performance as a function of resource allocation.. <i>Journal of Applied Psychology</i> , 2006, 91, 139-155.	5.3	98
57	Functional Impulsivity and Reinforcement Sensitivity Theory. <i>Journal of Personality</i> , 2006, 74, 47-84.	3.2	95
58	Conceptual distinctions among Carver and White's (1994) BAS scales: A reward-reactivity versus trait impulsivity perspective. <i>Personality and Individual Differences</i> , 2006, 40, 1039-1050.	2.9	148
59	Predictors of young dating adults' inclination to engage in extradyadic sexual activities: A multi-perspective study. <i>British Journal of Psychology</i> , 2005, 96, 331-350.	2.3	33
60	The appetitive motivation scale and other BAS measures in the prediction of Approach and Active Avoidance. <i>Personality and Individual Differences</i> , 2005, 38, 981-994.	2.9	58
61	How preferred ear for listening moderates emotional cognitions in the prediction of personality. <i>Laterality</i> , 2005, 10, 305-320.	1.0	14
62	Appetitive motivation predicts the majority of personality and an ability measure: a comparison of BAS measures and a re-evaluation of the importance of RST. <i>Personality and Individual Differences</i> , 2004, 36, 1627-1636.	2.9	99
63	Which version of the Eysenck Personality Profiler is best? 6-, 12- or 20-items per scale. <i>Personality and Individual Differences</i> , 2004, 37, 1659-1666.	2.9	16
64	Primary personality trait correlates of religious practice and orientation. <i>Personality and Individual Differences</i> , 2004, 36, 61-73.	2.9	89
65	Are interactions in Gray's Reinforcement Sensitivity Theory proximal or distal in the prediction of religiosity: a test of the joint subsystems hypothesis. <i>Personality and Individual Differences</i> , 2004, 36, 1197-1209.	2.9	25
66	Primary scale structure of the Eysenck personality profiler (EPP). <i>Current Psychology</i> , 2004, 22, 295-305.	0.4	9
67	Eysenck's theory of crime revisited: Factors or primary scales?. <i>Legal and Criminological Psychology</i> , 2004, 9, 135-152.	2.0	32
68	Development of a Short Form of the Eysenck Personality Profiler via Structural Equation Modeling. <i>Mathematical Modelling: Theory and Applications</i> , 2004, , 221-239.	0.2	2
69	Gray's Reinforcement Sensitivity Theory: a psychometric critique. <i>Personality and Individual Differences</i> , 2003, 34, 533-544.	2.9	28
70	Gray's model of personality and aggregate level factor analysis. <i>European Journal of Personality</i> , 2003, 17, 397-411.	3.1	5
71	Eysenck's dimensional model of personality and religion: Are religious people more neurotic?. <i>Mental Health, Religion and Culture</i> , 2003, 6, 87-100.	0.9	28
72	Exploring Issues of Personality Measurement and Structure Through the Development of a Short Form of the Eysenck Personality Profiler. <i>Journal of Personality Assessment</i> , 2003, 81, 271-280.	2.1	39

#	ARTICLE	IF	CITATIONS
73	The personality profile of female Anglican clergy in Britain and Ireland. <i>Archive for the Psychology of Religion</i> , 2003, 25, 222-231.	0.8	1
74	Predicting team performance from a learning process model. <i>Journal of Managerial Psychology</i> , 2002, 17, 6-13.	2.2	14
75	Mapping Gray's model of personality onto the Eysenck Personality Profiler (EPP). <i>Personality and Individual Differences</i> , 2002, 32, 495-507.	2.9	23
76	Do personality factors predict job satisfaction?. <i>Personality and Individual Differences</i> , 2002, 33, 1325-1342.	2.9	111
77	Aggregated Personality, Climate and Demographic Factors as Predictors of Departmental Shrinkage. <i>Journal of Business and Psychology</i> , 2002, 17, 287-297.	4.0	16
78	Global Job Satisfaction and Facet Description: The Moderating Role of Facet Importance. <i>European Journal of Psychological Assessment</i> , 2002, 18, 1-8.	3.0	18
79	The Feminine Personality Profile of Male Anglican Clergy in Britain and Ireland: A Study Employing the Eysenck Personality Profiler. <i>Review of Religious Research</i> , 2001, 43, 14.	0.9	20
80	Dimensions of perceived sexual harassment: effects of gender, and status/liking of protagonist. <i>Personality and Individual Differences</i> , 2001, 30, 525-539.	2.9	25
81	Correlates of the Eysenck Personality Profiler. <i>Personality and Individual Differences</i> , 2001, 30, 587-594.	2.9	26
82	Comparison between Eysenck's and Gray's models of personality in the prediction of motivational work criteria. <i>Personality and Individual Differences</i> , 2001, 31, 129-144.	2.9	34
83	A comparison between three and five factor models of Pakistani personality data. <i>Personality and Individual Differences</i> , 2001, 31, 1311-1319.	2.9	16
84	Moderating effect of ear preference on personality in the prediction of sales performance. <i>Laterality</i> , 2001, 6, 133-140.	1.0	0
85	Moderating effect of ear preference on personality in the prediction of sales performance. <i>Laterality</i> , 2001, 6, 133-140.	1.0	6
86	Appraisal Ratings, Halo, and Selection: A Study Using Sales Staff. <i>European Journal of Psychological Assessment</i> , 2001, 17, 17-24.	3.0	6
87	Personality theory and male Anglican clergy: the EPP. <i>Contact</i> , 2000, 133, 27-36.	0.2	7
88	The structure of the Eysenck Personality Profiler. <i>British Journal of Psychology</i> , 2000, 91, 223-239.	2.3	46
89	Relationship between indecisiveness and neuroticism: the moderating effect of a tough-minded culture. <i>Personality and Individual Differences</i> , 1999, 27, 789-800.	2.9	33
90	Personality, learning style and work performance. <i>Personality and Individual Differences</i> , 1999, 27, 1113-1122.	2.9	89

#	ARTICLE	IF	CITATIONS
91	Personality-performance correlations at work: Individual and aggregate levels of analyses. <i>Personality and Individual Differences</i> , 1998, 24, 815-820.	2.9	21
92	Utility of Facet Descriptions in the Prediction of Global Job Satisfaction. <i>European Journal of Psychological Assessment</i> , 1998, 14, 134-140.	3.0	7
93	Proposing a Measurement Model of REBT and Applying It to the Assessment of Well-Being and Happiness in Patients with Tension-Type Headaches. <i>Journal of Rational - Emotive and Cognitive - Behavior Therapy</i> , 0, , 1.	1.7	1
