

Rhonda Lee Stuart

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/4065404/rhonda-lee-stuart-publications-by-year.pdf>

Version: 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
46	Coronavirus testing in women attending antenatal care. <i>Women and Birth</i> , 2021 , 34, 473-476	3.3	1
45	Search and Contain: Impact of an Integrated Genomic and Epidemiological Surveillance and Response Program for Control of Carbapenemase-producing Enterobacterales. <i>Clinical Infectious Diseases</i> , 2021 , 73, e3912-e3920	11.6	1
44	Multicentre stepped-wedge cluster randomised controlled trial of an antimicrobial stewardship programme in residential aged care: protocol for the START trial. <i>BMJ Open</i> , 2021 , 11, e046142	3	
43	Breaking the chain of transmission within a tertiary health service: An approach to contact tracing during the COVID-19 pandemic. <i>Infection, Disease and Health</i> , 2021 , 26, 118-122	4.6	3
42	Urinary tract infections in Australian aged care homes: Antibiotic prescribing practices and concordance to national guidelines. <i>American Journal of Infection Control</i> , 2020 , 48, 261-266	3.8	4
41	The role of nurses in antimicrobial stewardship near the end of life in aged-care homes: A qualitative study. <i>International Journal of Nursing Studies</i> , 2020 , 104, 103502	5.8	2
40	Antimicrobial stewardship near the end of life in aged care homes. <i>American Journal of Infection Control</i> , 2020 , 48, 688-694	3.8	2
39	ASID/ACIPC position statement - Infection control for patients with Clostridium difficile infection in healthcare facilities. <i>Infection, Disease and Health</i> , 2019 , 24, 32-43	4.6	7
38	Optimizing treatment of respiratory tract infections in nursing homes: Nurse-initiated polymerase chain reaction testing. <i>American Journal of Infection Control</i> , 2019 , 47, 911-915	3.8	4
37	A nonclonal outbreak of vancomycin-sensitive bacteremia in a neonatal intensive care unit. <i>Infection Control and Hospital Epidemiology</i> , 2019 , 40, 1116-1122	2	1
36	The 2018 Aged Care National Antimicrobial Prescribing Survey: results show room for improvement. <i>Australian Prescriber</i> , 2019 , 42, 200-203	1.4	1
35	Health care worker sensitivity to chlorhexidine-based hand hygiene solutions: A cross-sectional survey. <i>American Journal of Infection Control</i> , 2019 , 47, 933-937	3.8	6
34	Urinary tract infection surveillance in residential aged care. <i>American Journal of Infection Control</i> , 2018 , 46, 67-72	3.8	11
33	Microfiber and steam for a neonatal service: An improved and safe cleaning methodology. <i>American Journal of Infection Control</i> , 2017 , 45, 98-100	3.8	4
32	A parainfluenza virus type 3 outbreak at a residential aged care facility: The role of microbiologic testing in early identification and antimicrobial stewardship. <i>American Journal of Infection Control</i> , 2017 , 45, 203-205	3.8	5
31	Mycobacterial infections due to contaminated heater cooler units used in cardiac bypass: An approach for infection control practitioners. <i>Infection, Disease and Health</i> , 2016 , 21, 154-161	4.6	2
30	Clearance of infant vancomycin-resistant Enterococcus faecium carriage after a neonatal inpatient outbreak. <i>American Journal of Infection Control</i> , 2016 , 44, 1172-1173	3.8	1

29	Are identity badges and lanyards in pediatrics potentially contaminated with viral pathogens?. <i>American Journal of Infection Control</i> , 2015 , 43, 1258-60	3.8	1
28	Outbreak of vanB vancomycin-resistant <i>Enterococcus faecium</i> colonization in a neonatal service. <i>American Journal of Infection Control</i> , 2015 , 43, 1061-5	3.8	27
27	Using microfiber and steam technology to improve cleaning outcomes in an intensive care unit. <i>American Journal of Infection Control</i> , 2015 , 43, 177-9	3.8	9
26	Emergence of a ribotype 244 strain of <i>Clostridium difficile</i> associated with severe disease and related to the epidemic ribotype 027 strain. <i>Clinical Infectious Diseases</i> , 2014 , 58, 1723-30	11.6	93
25	Antimicrobial stewardship in residential aged care facilities: need and readiness assessment. <i>BMC Infectious Diseases</i> , 2014 , 14, 410	4	28
24	Mandatory seasonal influenza vaccination of health care workers: a way forward to improving influenza vaccination rates. <i>Healthcare Infection</i> , 2014 , 19, 42-44		8
23	Reducing inappropriate antibiotic prescribing in the residential care setting: current perspectives. <i>Clinical Interventions in Aging</i> , 2014 , 9, 165-77	4	44
22	The silver lining of disposable sporicidal privacy curtains in an intensive care unit. <i>American Journal of Infection Control</i> , 2014 , 42, 366-70	3.8	14
21	Microfiber and steam for environmental cleaning during an outbreak. <i>American Journal of Infection Control</i> , 2013 , 41, 1134-5	3.8	15
20	Half of all peripheral intravenous lines in an Australian tertiary emergency department are unused: pain with no gain?. <i>Annals of Emergency Medicine</i> , 2013 , 62, 521-525	2.1	63
19	Environment cleaning without chemicals in clinical settings. <i>American Journal of Infection Control</i> , 2013 , 41, 461-3	3.8	23
18	Why is it so hard for doctors to speak up when they see an error occurring?. <i>Healthcare Infection</i> , 2013 , 18, 72-75		3
17	Influenza vaccination uptake amongst pregnant women and maternal care providers is suboptimal. <i>Vaccine</i> , 2012 , 30, 4055-9	4.1	36
16	Prevalence of antimicrobial-resistant organisms in residential aged care facilities. <i>Medical Journal of Australia</i> , 2011 , 195, 530-3	4	43
15	ASID (HICSIG)/AICA Position Statement: Preventing catheter-associated urinary tract infections in patients. <i>Healthcare Infection</i> , 2011 , 16, 45-52		13
14	ASID/AICA position statement ¶infection control guidelines for patients with <i>Clostridium difficile</i> infection in healthcare settings. <i>Healthcare Infection</i> , 2011 , 16, 33-39		16
13	The costs of containing measles within a health care service. <i>Healthcare Infection</i> , 2010 , 15, 43-46		5
12	2009 H1N1 influenza A and pregnancy outcomes in Victoria, Australia. <i>Clinical Infectious Diseases</i> , 2010 , 50, 686-90	11.6	115

11	Screening following exposure to congenital tuberculosis in a neonatal nursery. <i>Healthcare Infection</i> , 2010 , 15, 11-14		0
10	An outbreak of necrotizing enterocolitis associated with norovirus genotype GII.3. <i>Pediatric Infectious Disease Journal</i> , 2010 , 29, 644-7	3.4	58
9	ASID (HICSIG) position statement: infection control guidelines for patients with influenza-like illnesses, including pandemic (H1N1) influenza 2009, in Australian health care facilities. <i>Medical Journal of Australia</i> , 2009 , 191, 667-667	4	1
8	Congenital tuberculosis after in-vitro fertilisation. <i>Medical Journal of Australia</i> , 2009 , 191, 41-2	4	6
7	Disinfection of Burkholderia cepacia complex from non-touch taps in a neonatal nursery. <i>Journal of Perinatal Medicine</i> , 2008 , 36, 235-9	2.7	10
6	Improving influenza vaccination rates in a large health service. <i>Healthcare Infection</i> , 2008 , 13, 63-67		3
5	Preparing for an influenza pandemic: healthcare workers' opinions on working during a pandemic. <i>Healthcare Infection</i> , 2008 , 13, 95-99		4
4	Constructing clinical indicators for multiresistant organisms. Where do we begin?. <i>Healthcare Infection</i> , 2008 , 13, 15-19		
3	Hospital pandemic preparedness: health care workers' opinions on working during a pandemic. <i>Medical Journal of Australia</i> , 2007 , 187, 676	4	12
2	Personal protective equipment and antiviral drug use during hospitalization for suspected avian or pandemic influenza. <i>Emerging Infectious Diseases</i> , 2007 , 13, 1541-7	10.2	41
1	Genomic interrogation of the burden and transmission of multidrug-resistant pathogens within and across hospital networks		2
