#	ARTICLE	IF	CITATIONS
1	Systematic Review of Universal Resilience-Focused Interventions Targeting Child and Adolescent Mental Health in the School Setting. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2017, 56, 813-824.	0.5	318
2	Readiness to Quit Smoking and Quit Attempts Among Australian Mental Health Inpatients. <i>Nicotine and Tobacco Research</i> , 2013, 15, 942-949.	2.6	67
3	Chronic disease health risk behaviours amongst people with a mental illness. <i>Australian and New Zealand Journal of Psychiatry</i> , 2015, 49, 731-741.	2.3	42
4	Interventions for increasing fruit and vegetable consumption in children aged five years and under. <i>The Cochrane Library</i> , 2018, 5, CD008552.	2.8	39
5	Care Provision to Prevent Chronic Disease by Community Mental Health Clinicians. <i>American Journal of Preventive Medicine</i> , 2014, 47, 762-770.	3.0	34
6	Interventions for increasing fruit and vegetable consumption in children aged five years and under. <i>The Cochrane Library</i> , 2017, 9, CD008552.	2.8	30
7	Interventions for increasing fruit and vegetable consumption in children aged five years and under. <i>The Cochrane Library</i> , 2018, 1, CD008552.	2.8	28
8	Smoking cessation among Australian methadone clients: Prevalence, characteristics and a need for action. <i>Drug and Alcohol Review</i> , 2012, 31, 507-513.	2.1	26
9	Systematic review of interventions to increase the delivery of preventive care by primary care nurses and allied health clinicians. <i>Implementation Science</i> , 2015, 11, 50.	6.9	25
10	Acceptability and Receipt of Preventive Care for Chronic-Disease Health Risk Behaviors Reported by Clients of Community Mental Health Services. <i>Psychiatric Services</i> , 2015, 66, 857-864.	2.0	25
11	Mental health clinician attitudes to the provision of preventive care for chronic disease risk behaviours and association with care provision. <i>BMC Psychiatry</i> , 2016, 16, 57.	2.6	21
12	Systematic review and meta-analysis of the provision of preventive care for modifiable chronic disease risk behaviours by mental health services. <i>Preventive Medicine Reports</i> , 2019, 16, 100969.	1.8	21
13	Clinician assessment, advice and referral for multiple health risk behaviors: Prevalence and predictors of delivery by primary health care nurses and allied health professionals. <i>Patient Education and Counseling</i> , 2014, 94, 193-201.	2.2	17
14	Implementation of a smoke-free policy in an inpatient psychiatric facility: Patient-reported adherence, support, and receipt of nicotine dependence treatment. <i>International Journal of Mental Health Nursing</i> , 2015, 24, 342-349.	3.8	17
15	Interventions for increasing fruit and vegetable consumption in children aged five years and under. <i>The Cochrane Library</i> , 2019, 2019, .	2.8	17
16	Effectiveness of an intervention in increasing the provision of preventive care by community mental health services: a non-randomized, multiple baseline implementation trial. <i>Implementation Science</i> , 2015, 11, 46.	6.9	16
17	Provision of Chronic Disease Preventive Care in Community Substance Use Services: Client and Clinician Report. <i>Journal of Substance Abuse Treatment</i> , 2016, 68, 24-30.	2.8	15
18	Do mental health consumers want to improve their long-term disease risk behaviours? A survey of over 2000 psychiatric inpatients. <i>International Journal of Mental Health Nursing</i> , 2018, 27, 1032-1043.	3.8	15

#	ARTICLE	IF	CITATIONS
19	A survey of the prevalence of modifiable health risk behaviours among carers of people with a mental illness. BMC Public Health, 2019, 19, 1240.	2.9	15
20	Increasing the provision of preventive care by community healthcare services: a stepped wedge implementation trial. Implementation Science, 2017, 12, 105.	6.9	14
21	Supporting change in chronic disease risk behaviours for people with a mental illness: a qualitative study of the experiences of family carers. BMC Public Health, 2018, 18, 416.	2.9	14
22	Increasing Preventive Care by Primary Care Nursing and Allied Health Clinicians. American Journal of Preventive Medicine, 2014, 47, 424-434.	3.0	12
23	Evaluating the effectiveness of a healthy lifestyle clinician in addressing the chronic disease risk behaviours of community mental health clients: study protocol for a randomised controlled trial. Trials, 2017, 18, 276.	1.6	11
24	The association between the receipt of primary care clinician provision of preventive care and short term health behaviour change. Preventive Medicine, 2019, 123, 308-315.	3.4	11
25	Family carers: A role in addressing chronic disease risk behaviours for people with a mental illness?. Preventive Medicine Reports, 2017, 7, 140-146.	1.8	10
26	Evaluating the effectiveness of a clinical practice change intervention in increasing clinician provision of preventive care in a network of community-based mental health services: a study protocol of a non-randomized, multiple baseline trial. Implementation Science, 2013, 8, 85.	6.9	9
27	The effectiveness of interventions to increase preventive care provision for chronic disease risk behaviours in mental health settings: A systematic review and meta-analysis. Preventive Medicine Reports, 2020, 19, 101108.	1.8	9
28	Modifiable health risk behaviours and attitudes towards behaviour change of clients attending community-based substance use treatment services. Drug and Alcohol Review, 2017, 36, 369-377.	2.1	8
29	Integrating Smoking Cessation treatment As part of usual Psychological care for depression and anxiety (ESCAPE): protocol for a randomised and controlled, multicentre, acceptability, feasibility and implementation trial. Pilot and Feasibility Studies, 2019, 5, 16.	1.2	8
30	Effectiveness of embedding a specialist preventive care clinician in a community mental health service in increasing preventive care provision: A randomised controlled trial. Australian and New Zealand Journal of Psychiatry, 2020, 54, 620-632.	2.3	6
31	Characteristics of participants utilising a telephone-based coaching service for chronic disease health risk behaviours: A retrospective examination comparing those with and without a mental health condition. Preventive Medicine Reports, 2020, 19, 101123.	1.8	6
32	The Provision of Preventive Care for Chronic Disease Risk Behaviours to People with a Mental Health Condition: A Survey of Staff from One Australian Community Managed Organisation. Journal of Psychosocial Rehabilitation and Mental Health, 2021, 8, 191-198.	0.8	3
33	Preventive care practices to address health behaviours among people living with mental health conditions: A survey of Community Managed Organisations. Preventive Medicine Reports, 2021, 23, 101495.	1.8	3
34	Smoking Cessation Care for People with a Mental Illness: Family Carer Expectations of Health and Community Services. Journal of Smoking Cessation, 2017, 12, 221-230.	1.0	2
35	Providing routine chronic disease preventive care in community substance use services: a pilot study of a multistrategic clinical practice change intervention. BMJ Open, 2018, 8, e020042.	1.9	2
36	Rates of retention of persons with a mental health disorder in outpatient smoking cessation and reduction trials, and associated factors: protocol for a systematic review and meta-analysis. BMJ Open, 2019, 9, e030646.	1.9	2

#	ARTICLE	IF	CITATIONS
37	An economic evaluation of a specialist preventive care clinician in a community mental health service: a randomised controlled trial. BMC Health Services Research, 2020, 20, 405.	2.2	2
38	Uptake of a preventive care consultation offered to clients of a community mental health service. Preventive Medicine Reports, 2020, 18, 101076.	1.8	2
39	Preventive care for physical activity and fruit and vegetable consumption: a survey of family carer expectations of health service delivery for people with a mental health condition. BMC Health Services Research, 2020, 20, 201.	2.2	2
40	Substance use treatment clinician attitudes to care for chronic disease health risk behaviours and associations of attitudes with care provision. Drug and Alcohol Review, 2020, 39, 232-237.	2.1	2
41	Multiple health behaviours and interest in change among people with a mental health condition: A brief report. Preventive Medicine Reports, 2021, 22, 101383.	1.8	2
42	Telephone-delivered health behaviour change support for people with a mental health condition: the coachesâ€™ perspective. BMC Health Services Research, 2021, 21, 1130.	2.2	2
43	Effectiveness of referral to a population-level telephone coaching service for improving health risk behaviours in people with a mental health condition: study protocol for a randomised controlled trial. Trials, 2022, 23, 49.	1.6	2
44	Clustering of chronic disease risks among people accessing community mental health services. Preventive Medicine Reports, 2022, 28, 101870.	1.8	2
45	Psychologists and Smoking Cessation Intervention: Unrealised Potential. Journal of Smoking Cessation, 2013, 8, 76-84.	1.0	1
46	Systematic review of interventions to increase the provision of care for chronic disease risk behaviours in mental health settings: review protocol. Systematic Reviews, 2018, 7, 67.	5.3	1
47	Outpatient interventions for smoking cessation and reduction for adults with a mental disorder. The Cochrane Library, 2019, , .	2.8	1
48	The provision of preventive care for modifiable health risk behaviours by clinicians within substance use treatment settings: A systematic review. Preventive Medicine, 2020, 130, 105870.	3.4	1
49	Awareness and use of telephoneâ€¢based behaviour change support services among clients of a community mental health service. Australian and New Zealand Journal of Public Health, 2020, 44, 482-488.	1.8	1
50	Barriers to the Provision of Preventive Care to People Living with Mental Health Conditions: Self-Report by Staff Working in an Australian Community Managed Organisation. International Journal of Environmental Research and Public Health, 2022, 19, 4458.	2.6	1
51	Exploring Support Provided by Community Managed Organisations to Address Health Risk Behaviours Associated with Chronic Disease among People with Mental Health Conditions: A Qualitative Study with Organisational Leaders. International Journal of Environmental Research and Public Health, 2022, 19, 5533.	2.6	1
52	The Effectiveness and Cost of an Intervention to Increase the Provision of Preventive Care in Community Mental Health Services: Protocol for a Cluster-Randomized Controlled Trial. International Journal of Environmental Research and Public Health, 2022, 19, 3119.	2.6	0
