#	ARTICLE	IF	CITATIONS
1	Effectiveness of referral to a population-level telephone coaching service for improving health risk behaviours in people with a mental health condition: study protocol for a randomised controlled trial. <i>Trials</i> , 2022, 23, 49.	0.7	2
2	The Effectiveness and Cost of an Intervention to Increase the Provision of Preventive Care in Community Mental Health Services: Protocol for a Cluster-Randomized Controlled Trial. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 3119.	1.2	0
3	Barriers to the Provision of Preventive Care to People Living with Mental Health Conditions: Self-Report by Staff Working in an Australian Community Managed Organisation. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 4458.	1.2	1
4	Exploring Support Provided by Community Managed Organisations to Address Health Risk Behaviours Associated with Chronic Disease among People with Mental Health Conditions: A Qualitative Study with Organisational Leaders. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 5533.	1.2	1
5	Clustering of chronic disease risks among people accessing community mental health services. <i>Preventive Medicine Reports</i> , 2022, 28, 101870.	0.8	2
6	The Provision of Preventive Care for Chronic Disease Risk Behaviours to People with a Mental Health Condition: A Survey of Staff from One Australian Community Managed Organisation. <i>Journal of Psychosocial Rehabilitation and Mental Health</i> , 2021, 8, 191-198.	0.4	3
7	Multiple health behaviours and interest in change among people with a mental health condition: A brief report. <i>Preventive Medicine Reports</i> , 2021, 22, 101383.	0.8	2
8	Preventive care practices to address health behaviours among people living with mental health conditions: A survey of Community Managed Organisations. <i>Preventive Medicine Reports</i> , 2021, 23, 101495.	0.8	3
9	Telephone-delivered health behaviour change support for people with a mental health condition: the coaches' perspective. <i>BMC Health Services Research</i> , 2021, 21, 1130.	0.9	2
10	The provision of preventive care for modifiable health risk behaviours by clinicians within substance use treatment settings: A systematic review. <i>Preventive Medicine</i> , 2020, 130, 105870.	1.6	1
11	Awareness and use of telephone-based behaviour change support services among clients of a community mental health service. <i>Australian and New Zealand Journal of Public Health</i> , 2020, 44, 482-488.	0.8	1
12	An economic evaluation of a specialist preventive care clinician in a community mental health service: a randomised controlled trial. <i>BMC Health Services Research</i> , 2020, 20, 405.	0.9	2
13	The effectiveness of interventions to increase preventive care provision for chronic disease risk behaviours in mental health settings: A systematic review and meta-analysis. <i>Preventive Medicine Reports</i> , 2020, 19, 101108.	0.8	9
14	Effectiveness of embedding a specialist preventive care clinician in a community mental health service in increasing preventive care provision: A randomised controlled trial. <i>Australian and New Zealand Journal of Psychiatry</i> , 2020, 54, 620-632.	1.3	6
15	Characteristics of participants utilising a telephone-based coaching service for chronic disease health risk behaviours: A retrospective examination comparing those with and without a mental health condition. <i>Preventive Medicine Reports</i> , 2020, 19, 101123.	0.8	6
16	Uptake of a preventive care consultation offered to clients of a community mental health service. <i>Preventive Medicine Reports</i> , 2020, 18, 101076.	0.8	2
17	Preventive care for physical activity and fruit and vegetable consumption: a survey of family carer expectations of health service delivery for people with a mental health condition. <i>BMC Health Services Research</i> , 2020, 20, 201.	0.9	2
18	Substance use treatment clinician attitudes to care for chronic disease health risk behaviours and associations of attitudes with care provision. <i>Drug and Alcohol Review</i> , 2020, 39, 232-237.	1.1	2

#	ARTICLE	IF	CITATIONS
19	Outpatient interventions for smoking cessation and reduction for adults with a mental disorder. The Cochrane Library, 2019, , .	1.5	1
20	Systematic review and meta-analysis of the provision of preventive care for modifiable chronic disease risk behaviours by mental health services. Preventive Medicine Reports, 2019, 16, 100969.	0.8	21
21	A survey of the prevalence of modifiable health risk behaviours among carers of people with a mental illness. BMC Public Health, 2019, 19, 1240.	1.2	15
22	The association between the receipt of primary care clinician provision of preventive care and short term health behaviour change. Preventive Medicine, 2019, 123, 308-315.	1.6	11
23	IntEgrating Smoking Cessation treatment As part of usual Psychological care for dEpression and anxiety (ESCAPE): protocol for a randomised and controlled, multicentre, acceptability, feasibility and implementation trial. Pilot and Feasibility Studies, 2019, 5, 16.	0.5	8
24	Rates of retention of persons with a mental health disorder in outpatient smoking cessation and reduction trials, and associated factors: protocol for a systematic review and meta-analysis. BMJ Open, 2019, 9, e030646.	0.8	2
25	Interventions for increasing fruit and vegetable consumption in children aged five years and under. The Cochrane Library, 2019, 2019, .	1.5	17
26	Interventions for increasing fruit and vegetable consumption in children aged five years and under. The Cochrane Library, 2018, 1, CD008552.	1.5	28
27	Systematic review of interventions to increase the provision of care for chronic disease risk behaviours in mental health settings: review protocol. Systematic Reviews, 2018, 7, 67.	2.5	1
28	Do mental health consumers want to improve their longâ€term disease risk behaviours? A survey of over 2000 psychiatric inpatients. International Journal of Mental Health Nursing, 2018, 27, 1032-1043.	2.1	15
29	Providing routine chronic disease preventive care in community substance use services: a pilot study of a multistrategic clinical practice change intervention. BMJ Open, 2018, 8, e020042.	0.8	2
30	Interventions for increasing fruit and vegetable consumption in children aged five years and under. The Cochrane Library, 2018, 5, CD008552.	1.5	39
31	Supporting change in chronic disease risk behaviours for people with a mental illness: a qualitative study of the experiences of family carers. BMC Public Health, 2018, 18, 416.	1.2	14
32	Modifiable health risk behaviours and attitudes towards behaviour change of clients attending communityâ€based substance use treatment services. Drug and Alcohol Review, 2017, 36, 369-377.	1.1	8
33	Interventions for increasing fruit and vegetable consumption in children aged five years and under. The Cochrane Library, 2017, 9, CD008552.	1.5	30
34	Family carers: A role in addressing chronic disease risk behaviours for people with a mental illness?. Preventive Medicine Reports, 2017, 7, 140-146.	0.8	10
35	Systematic Review of Universal Resilience-Focused Interventions Targeting Child and Adolescent Mental Health in the School Setting. Journal of the American Academy of Child and Adolescent Psychiatry, 2017, 56, 813-824.	0.3	318
36	Evaluating the effectiveness of a healthy lifestyle clinician in addressing the chronic disease risk behaviours of community mental health clients: study protocol for a randomised controlled trial. Trials, 2017, 18, 276.	0.7	11

#	ARTICLE	IF	CITATIONS
37	Smoking Cessation Care for People with a Mental Illness: Family Carer Expectations of Health and Community Services. <i>Journal of Smoking Cessation</i> , 2017, 12, 221-230.	0.3	2
38	Increasing the provision of preventive care by community healthcare services: a stepped wedge implementation trial. <i>Implementation Science</i> , 2017, 12, 105.	2.5	14
39	Provision of Chronic Disease Preventive Care in Community Substance Use Services: Client and Clinician Report. <i>Journal of Substance Abuse Treatment</i> , 2016, 68, 24-30.	1.5	15
40	Mental health clinician attitudes to the provision of preventive care for chronic disease risk behaviours and association with care provision. <i>BMC Psychiatry</i> , 2016, 16, 57.	1.1	21
41	Effectiveness of an intervention in increasing the provision of preventive care by community mental health services: a non-randomized, multiple baseline implementation trial. <i>Implementation Science</i> , 2015, 11, 46.	2.5	16
42	Systematic review of interventions to increase the delivery of preventive care by primary care nurses and allied health clinicians. <i>Implementation Science</i> , 2015, 11, 50.	2.5	25
43	Implementation of a smoke-free policy in an inpatient psychiatric facility: Patient-reported adherence, support, and receipt of nicotine dependence treatment. <i>International Journal of Mental Health Nursing</i> , 2015, 24, 342-349.	2.1	17
44	Acceptability and Receipt of Preventive Care for Chronic-Disease Health Risk Behaviors Reported by Clients of Community Mental Health Services. <i>Psychiatric Services</i> , 2015, 66, 857-864.	1.1	25
45	Chronic disease health risk behaviours amongst people with a mental illness. <i>Australian and New Zealand Journal of Psychiatry</i> , 2015, 49, 731-741.	1.3	42
46	Care Provision to Prevent Chronic Disease by Community Mental Health Clinicians. <i>American Journal of Preventive Medicine</i> , 2014, 47, 762-770.	1.6	34
47	Increasing Preventive Care by Primary Care Nursing and Allied Health Clinicians. <i>American Journal of Preventive Medicine</i> , 2014, 47, 424-434.	1.6	12
48	Clinician assessment, advice and referral for multiple health risk behaviors: Prevalence and predictors of delivery by primary health care nurses and allied health professionals. <i>Patient Education and Counseling</i> , 2014, 94, 193-201.	1.0	17
49	Evaluating the effectiveness of a clinical practice change intervention in increasing clinician provision of preventive care in a network of community-based mental health services: a study protocol of a non-randomized, multiple baseline trial. <i>Implementation Science</i> , 2013, 8, 85.	2.5	9
50	Readiness to Quit Smoking and Quit Attempts Among Australian Mental Health Inpatients. <i>Nicotine and Tobacco Research</i> , 2013, 15, 942-949.	1.4	67
51	Psychologists and Smoking Cessation Intervention: Unrealised Potential. <i>Journal of Smoking Cessation</i> , 2013, 8, 76-84.	0.3	1
52	Smoking cessation among Australian methadone clients: Prevalence, characteristics and a need for action. <i>Drug and Alcohol Review</i> , 2012, 31, 507-513.	1.1	26
