#	ARTICLE	IF	CITATIONS
1	Hunger increases negative and decreases positive emotions in women with a healthy weight. <i>Appetite</i> , 2022, 168, 105746.	1.8	9
2	Escaping from revulsion - disgust and escape in response to body-relevant autobiographical memories. <i>Memory</i> , 2022, 30, 104-116.	0.9	5
3	Desired attachment and breakup distress relate to automatic approach of the ex-partner. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2022, 75, 101713.	0.6	4
4	Eating disorder-specific rumination moderates the association between attentional bias to high-calorie foods and eating disorder symptoms: Evidence from a reliable free-viewing eye-tracking task. <i>Appetite</i> , 2022, 171, 105934.	1.8	2
5	Averting Repulsion? Body-Directed Self-Disgust and Autobiographical Memory Retrieval. <i>Journal of Experimental Psychopathology</i> , 2022, 13, 204380872110732.	0.4	3
6	Satisfaction with normative life domains and the course of anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2022, 55, 553-563.	2.1	3
7	Punishment sensitivity and the persistence of anorexia nervosa: High punishment sensitivity is related to a less favorable course of anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2022, 55, 697-702.	2.1	2
8	Interpersonal responses to facial expressions of disgust, anger, and happiness in individuals with varying levels of social anxiety. <i>PLoS ONE</i> , 2022, 17, e0263990.	1.1	3
9	Whatâ€™s not to like? Enhancing womenâ€™s body satisfaction by means of an evaluative conditioning procedure with positive social feedback. <i>Journal of Experimental Psychopathology</i> , 2022, 13, 204380872210857.	0.4	2
10	Attentional Bias in Alcohol and Cannabis Use Disorder Outpatients as Indexed by an Odd-One-Out Visual Search Task: Evidence for Speeded Detection of Substance Cues but Not for Heightened Distraction. <i>Frontiers in Psychology</i> , 2021, 12, 626326.	1.1	1
11	The Causal Influence of Life Meaning on Weight and Shape Concerns in Women at Risk for Developing an Eating Disorder. <i>Frontiers in Psychology</i> , 2021, 12, 593393.	1.1	2
12	A Promising Candidate to Reliably Index Attentional Bias Toward Alcohol Cuesâ€“An Adapted Odd-One-Out Visual Search Task. <i>Frontiers in Psychology</i> , 2021, 12, 630461.	1.1	6
13	Inter-identity amnesia for neutral episodic self-referential and autobiographical memory in Dissociative Identity Disorder: An assessment of recall and recognition. <i>PLoS ONE</i> , 2021, 16, e0245849.	1.1	7
14	Individual differences in avoiding feelings of disgust: Development and construct validity of the disgust avoidance questionnaire. <i>PLoS ONE</i> , 2021, 16, e0248219.	1.1	3
15	Low satisfaction with normative life domains in adolescents with anorexia nervosa. <i>Clinical Psychology and Psychotherapy</i> , 2021, 28, 1266-1274.	1.4	7
16	Treating Speech Anxiety in Youth: A Randomized Controlled Microtrial Testing the Efficacy of Exposure Only Versus Exposure Combined With Anxiety Management Strategies. <i>Behavior Therapy</i> , 2021, 52, 1377-1394.	1.3	3
17	Why Dieters Succeed or Fail: The Relationship Between Reward and Punishment Sensitivity and Restrained Eating and Dieting Success. <i>Frontiers in Psychology</i> , 2021, 12, 636432.	1.1	4
18	Effectiveness of attentional bias modification training as add-on to regular treatment in alcohol and cannabis use disorder: A multicenter randomized control trial. <i>PLoS ONE</i> , 2021, 16, e0252494.	1.1	9

#	ARTICLE	IF	CITATIONS
19	Anger Responses in Adolescents: Relationship with Punishment and Reward Sensitivity. <i>Child Psychiatry and Human Development</i> , 2021, , 1.	1.1	1
20	Psychological risk factors and the course of depression and anxiety disorders: A review of 15 years NESDA research. <i>Journal of Affective Disorders</i> , 2021, 295, 1347-1359.	2.0	26
21	The revolting body: Self-disgust as a key factor in anorexia nervosa. <i>Current Opinion in Psychology</i> , 2021, 41, 78-83.	2.5	17
22	Victims of Bullying: Emotion Recognition and Understanding. <i>Frontiers in Psychology</i> , 2021, 12, 729835.	1.1	8
23	Up-regulating Sexual Arousal and Down-regulating Disgust while Watching Pornography: Effects on Sexual Arousal and Disgust. <i>Journal of Sex Research</i> , 2021, 58, 353-363.	1.6	6
24	The Realm of Disgust in Sexual Behaviour. , 2021, , 159-172.		4
25	Editorial: 100 (and more) years of psychopathology research: Current views and promising developments. <i>Current Opinion in Psychology</i> , 2021, 41, iv-vii.	2.5	0
26	Free-viewing multi-stimulus eye tracking task to index attention bias for alcohol versus soda cues: Satisfactory reliability and criterion validity. <i>Addictive Behaviors</i> , 2020, 100, 106117.	1.7	26
27	The Reciprocal Relationship Between Sexual Arousal and Disgust as Evidenced in Automatic Approach-Avoidance Behavior. <i>Journal of Sex Research</i> , 2020, 57, 384-396.	1.6	8
28	A personalized approach-avoidance modification intervention to reduce negative body image. A placebo-controlled pilot study. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2020, 68, 101544.	0.6	6
29	The Influence of Sexual Arousal on Self-Reported Sexual Willingness and Automatic Approach to Models of Low, Medium, and High Prior Attractiveness. <i>Journal of Sex Research</i> , 2020, 57, 872-884.	1.6	2
30	The effect of differential disgust conditioning and subsequent extinction versus counterconditioning procedures on women's sexual responses to erotic stimuli. <i>Behaviour Research and Therapy</i> , 2020, 134, 103714.	1.6	13
31	Implicit Measures in Clinical Sex Research: A Critical Evaluation. <i>Sexual Medicine Reviews</i> , 2020, 8, 531-541.	1.5	4
32	Heightened self-reported punishment sensitivity, but no differential attention to cues signaling punishment or reward in anorexia nervosa. <i>PLoS ONE</i> , 2020, 15, e0229742.	1.1	9
33	Intrusions related to indirectly experienced events in clinical offspring of World War Two survivors. <i>Journal of Anxiety Disorders</i> , 2020, 71, 102209.	1.5	5
34	Attentional Bias for Cues Signaling Punishment and Reward in Adolescents: Cross-Sectional and Prognostic Associations with Symptoms of Anxiety and Behavioral Disorders. <i>Journal of Abnormal Child Psychology</i> , 2020, 48, 1007-1021.	3.5	2
35	The clinical relevance of early identification and treatment of sleep disorders in mental health care: protocol of a randomized control trial. <i>BMC Psychiatry</i> , 2020, 20, 331.	1.1	6
36	Negative expectancy biases in psychopathology. , 2020, , 71-97.		2

#	ARTICLE	IF	CITATIONS
37	Visual attention to food cues and the course of anorexia nervosa. <i>Behaviour Research and Therapy</i> , 2020, 132, 103649.	1.6	2
38	Attentional bias for alcohol cues in visual search—Increased engagement, difficulty to disengage or both?. <i>PLoS ONE</i> , 2020, 15, e0228272.	1.1	14
39	A mindful yoga intervention for young women with major depressive disorder: Design and baseline sample characteristics of a randomized controlled trial. <i>International Journal of Methods in Psychiatric Research</i> , 2020, 29, e1820.	1.1	7
40	Influence of hunger on attentional engagement with and disengagement from pictorial food cues in women with a healthy weight. <i>Appetite</i> , 2020, 151, 104686.	1.8	12
41	Therapists' characteristics associated with the (non-)use of exposure in the treatment of anxiety disorders in youth: A survey among Dutch-speaking mental health practitioners. <i>Journal of Anxiety Disorders</i> , 2020, 73, 102230.	1.5	7
42	Predictive value of implicit and explicit self-esteem for the recurrence of depression and anxiety disorders: A 3-year follow-up study.. <i>Journal of Abnormal Psychology</i> , 2020, 129, 788-798.	2.0	20
43	Geconditioneerde Inhibitie Van Psychofysiologische Reaches Op Pijnprikkels: Feiten en Speculates. <i>Psychologica Belgica</i> , 2020, 28, 139.	1.0	2
44	Psychometrische En Elektrodermale Aspecten Van Het Illusionaire Correlatie-Fenomeen: Enkele Paradoxe Gegevens. <i>Psychologica Belgica</i> , 2020, 29, 135.	1.0	2
45	Disgust sensitivity.. , 2020, , 81-98.		2
46	Using Multiple Contexts and Retrieval Cues in Exposure-Based Therapy to Prevent Relapse in Anxiety Disorders. <i>Cognitive and Behavioral Practice</i> , 2019, 26, 154-165.	0.9	19
47	Reduced automatic approach tendencies towards task-relevant and task-irrelevant food pictures in Anorexia Nervosa. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2019, 65, 101496.	0.6	21
48	Reducing body dissatisfaction by means of an evaluative conditioning procedure in undergraduate women: A replication study. <i>Behaviour Research and Therapy</i> , 2019, 121, 103435.	1.6	7
49	A new approach to facilitating attentional disengagement from food cues in unsuccessful dieters: The bouncing image training task. <i>Behaviour Research and Therapy</i> , 2019, 120, 103445.	1.6	9
50	No Differential Reward Responsivity and Drive, Punishment Sensitivity or Attention for Cues Signaling Reward or Punishment in Adolescents With Obesity. <i>Frontiers in Psychology</i> , 2019, 10, 2363.	1.1	6
51	The role of body image disturbance in the onset, maintenance, and relapse of anorexia nervosa: A systematic review. <i>Clinical Psychology Review</i> , 2019, 74, 101771.	6.0	58
52	Intergenerational consequences of the Holocaust on offspring mental health: a systematic review of associated factors and mechanisms. <i>HÅ¶gre Utbildning</i> , 2019, 10, 1654065.	1.4	91
53	Predictive value of attentional bias for the recurrence of depression: A 4-year prospective study in remitted depressed individuals. <i>Behaviour Research and Therapy</i> , 2019, 114, 25-34.	1.6	11
54	Negative Body Image Is Not Related to Spontaneous Body-Scaled Motoric Behavior in Undergraduate Women. <i>Frontiers in Psychology</i> , 2019, 10, 580.	1.1	6

#	ARTICLE	IF	CITATIONS
55	The influence of olfactory disgust on (Genital) sexual arousal in men. <i>PLoS ONE</i> , 2019, 14, e0213059.	1.1	14
56	Cost-effectiveness, cost-utility and the budget impact of antidepressants versus preventive cognitive therapy with or without tapering of antidepressants. <i>BJPsych Open</i> , 2019, 5, e12.	0.3	9
57	Attentional engagement with and disengagement from food cues in Anorexia Nervosa. <i>Behaviour Research and Therapy</i> , 2019, 114, 15-24.	1.6	23
58	Disgust Toward Sex-Relevant and Sex-Irrelevant Stimuli in Pre-, Early, and Middle Adolescence. <i>Journal of Sex Research</i> , 2019, 56, 102-113.	1.6	6
59	Effectiveness of preventive cognitive therapy while tapering antidepressants versus maintenance antidepressant treatment versus their combination in prevention of depressive relapse or recurrence (DRD study): a three-group, multicentre, randomised controlled trial. <i>Lancet Psychiatry</i> , 2018, 5, 401-410.	3.7	84
60	Influence of sad mood induction on implicit self-esteem and its relationship with symptoms of depression and anxiety. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2018, 60, 104-110.	0.6	4
61	Reinforcement sensitivity and restrained eating: the moderating role of executive control. <i>Eating and Weight Disorders</i> , 2018, 23, 321-329.	1.2	6
62	Automatic Sex-Liking and Sex-Failure Associations in Men With Sexual Dysfunction. <i>Journal of Sex Research</i> , 2018, 55, 802-813.	1.6	6
63	Self-Esteem Instability in Current, Remitted, Recovered, and Comorbid Depression and Anxiety. <i>Cognitive Therapy and Research</i> , 2018, 42, 813-822.	1.2	9
64	The effectiveness of attentional bias modification for substance use disorder symptoms in adults: a systematic review. <i>Systematic Reviews</i> , 2018, 7, 160.	2.5	50
65	Attentional bias for negative, positive, and threat words in current and remitted depression. <i>PLoS ONE</i> , 2018, 13, e0205154.	1.1	26
66	Implicit Measures of Actual Versus Ideal Body Image: Relations with Self-Reported Body Dissatisfaction and Dieting Behaviors. <i>Cognitive Therapy and Research</i> , 2018, 42, 622-635.	1.2	20
67	Negative body image: Relationships with heightened disgust propensity, disgust sensitivity, and self-directed disgust. <i>PLoS ONE</i> , 2018, 13, e0198532.	1.1	39
68	A randomized controlled trial of multi-session online interpretation bias modification training: Short- and long-term effects on anxiety and depression in unselected adolescents. <i>PLoS ONE</i> , 2018, 13, e0194274.	1.1	21
69	Depression recurrence after recovery: Prognostic value of implicit and explicit self-depressed associations. <i>Behaviour Research and Therapy</i> , 2018, 107, 76-82.	1.6	9
70	Heightened attentional capture by visual food stimuli in anorexia nervosa. <i>Journal of Abnormal Psychology</i> , 2017, 126, 805-811.	2.0	18
71	Cognitive bias modification and CBT as early interventions for adolescent social and test anxiety: Two-year follow-up of a randomized controlled trial. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2017, 55, 81-89.	0.6	48
72	Sensitivity for Cues Predicting Reward and Punishment in Young Women with Eating Disorders. <i>European Eating Disorders Review</i> , 2017, 25, 501-511.	2.3	9

#	ARTICLE	IF	CITATIONS
73	Internet-based attentional bias modification training as add-on to regular treatment in alcohol and cannabis dependent outpatients: a study protocol of a randomized control trial. <i>BMC Psychiatry</i> , 2017, 17, 193.	1.1	19
74	Approach–avoidance of facial affect is moderated by the presence of an observer-irrelevant trigger. <i>Motivation and Emotion</i> , 2017, 41, 265-272.	0.8	4
75	Automatic Approach Tendencies toward High and Low Caloric Food in Restrained Eaters: Influence of Task-Relevance and Mood. <i>Frontiers in Psychology</i> , 2017, 8, 525.	1.1	13
76	Judgmental Biases of Individuals with a Fear of Blushing: The Role of Relatively Strict Social Norms. <i>Clinical Psychology and Psychotherapy</i> , 2016, 23, 176-182.	1.4	4
77	Take a look at the bright side: Effects of positive body exposure on selective visual attention in women with high body dissatisfaction. <i>Behaviour Research and Therapy</i> , 2016, 83, 19-25.	1.6	59
78	Online attentional bias modification training targeting anxiety and depression in unselected adolescents: Short- and long-term effects of a randomized controlled trial. <i>Behaviour Research and Therapy</i> , 2016, 87, 11-22.	1.6	64
79	“What I believe is true”: Belief-confirming reasoning bias in social anxiety disorder. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2016, 53, 9-16.	0.6	6
80	Attentional Bias for Pain and Sex, and Automatic Appraisals of Sexual Penetration: Differential Patterns in Dyspareunia vs Vaginismus?. <i>Journal of Sexual Medicine</i> , 2016, 13, 1255-1262.	0.3	12
81	How to think about your drink: Action-identification and the relation between mindfulness and dyscontrolled drinking. <i>Addictive Behaviors</i> , 2016, 56, 51-56.	1.7	4
82	Attentional bias and executive control in treatment-seeking substance-dependent adolescents: A cross-sectional and follow-up study. <i>Drug and Alcohol Dependence</i> , 2016, 159, 133-141.	1.6	30
83	Is disgust sensitive to classical conditioning as indexed by facial electromyography and behavioural responses?. <i>Cognition and Emotion</i> , 2016, 30, 669-686.	1.2	27
84	Disgust- and anxiety-based emotional reasoning in non-clinical fear of vomiting. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2016, 50, 83-89.	0.6	9
85	Optimising Extinction of Conditioned Disgust. <i>PLoS ONE</i> , 2016, 11, e0148626.	1.1	31
86	Attentional Bias for Reward and Punishment in Overweight and Obesity: The TRAILS Study. <i>PLoS ONE</i> , 2016, 11, e0157573.	1.1	16
87	Implicit and Explicit Self-Esteem in Current, Remitted, Recovered, and Comorbid Depression and Anxiety Disorders: The NESDA Study. <i>PLoS ONE</i> , 2016, 11, e0166116.	1.1	19
88	Editorial Comment on “Implicit and Explicit Associations with Erotic Stimuli in Sexually Functional and Dysfunctional Men”. <i>Journal of Sexual Medicine</i> , 2015, 12, 1805-1806.	0.3	1
89	Binding Temporal Context in Memory. <i>Journal of Nervous and Mental Disease</i> , 2015, 203, 545-550.	0.5	20
90	Reward-Related Attentional Bias and Adolescent Substance Use: A Prognostic Relationship?. <i>PLoS ONE</i> , 2015, 10, e0121058.	1.1	10

#	ARTICLE	IF	CITATIONS
91	Disgust and Sexual Arousal in Young Adult Men and Women. <i>Archives of Sexual Behavior</i> , 2015, 44, 1515-1525.	1.2	19
92	Cognitive reactivity, self-depressed associations, and the recurrence of depression. <i>Journal of Affective Disorders</i> , 2015, 183, 300-309.	2.0	24
93	Automatic approach/avoidance tendencies towards food and the course of anorexia nervosa. <i>Appetite</i> , 2015, 91, 28-34.	1.8	30
94	Reward sensitivity, attentional bias, and executive control in early adolescent alcohol use. <i>Addictive Behaviors</i> , 2015, 40, 84-90.	1.7	47
95	Intrapersonal and Interpersonal Concomitants of Facial Blushing during Everyday Social Encounters. <i>PLoS ONE</i> , 2015, 10, e0118243.	1.1	13
96	“Throwing the Baby Out with the Bathwater”: The Demise of Vaginismus in Favor of Genito-Pelvic Pain/Penetration Disorder. <i>Archives of Sexual Behavior</i> , 2014, 43, 1209-1213.	1.2	43
97	Sexual Aversion and the DSM-5: An Excluded Disorder with Unabated Relevance as a Trans-diagnostic Symptom. <i>Archives of Sexual Behavior</i> , 2014, 43, 1219-1223.	1.2	20
98	Automatic and Deliberate Affective Associations with Sexual Stimuli in Women with Lifelong Vaginismus Before and After Therapist-Aided Exposure Treatment. <i>Journal of Sexual Medicine</i> , 2014, 11, 786-799.	0.3	17
99	Distinct temporal processing of task-irrelevant emotional facial expressions.. <i>Emotion</i> , 2014, 14, 12-16.	1.5	5
100	Subcortical BOLD responses during visual sexual stimulation vary as a function of implicit porn associations in women. <i>Social Cognitive and Affective Neuroscience</i> , 2014, 9, 158-166.	1.5	28
101	Implicit versus explicit measures of self-concept of self-control and their differential predictive power for spontaneous trait-relevant behaviors. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2014, 45, 1-7.	0.6	54
102	Predicting dyscontrolled drinking with implicit and explicit measures of alcohol attitude. <i>Drug and Alcohol Dependence</i> , 2014, 141, 149-152.	1.6	7
103	Reward and punishment sensitivity and alcohol use: The moderating role of executive control. <i>Addictive Behaviors</i> , 2014, 39, 945-948.	1.7	36
104	How do you feel? Detection of recurrent Major Depressive Disorder using a single-item screening tool. <i>Psychiatry Research</i> , 2014, 220, 287-293.	1.7	28
105	Implicit and explicit self-esteem and their reciprocal relationship with symptoms of depression and social anxiety: A longitudinal study in adolescents. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2014, 45, 113-121.	0.6	101
106	Heightened sensitivity to punishment and reward in anorexia nervosa. <i>Appetite</i> , 2014, 75, 97-102.	1.8	43
107	Implicit and explicit self-associations in bipolar disorder: A comparison with healthy controls and unipolar depressive disorder. <i>Psychiatry Research</i> , 2014, 215, 329-334.	1.7	18
108	Brain Processing of Visual Stimuli Representing Sexual Penetration versus Core and Animal-Reminder Disgust in Women with Lifelong Vaginismus. <i>PLoS ONE</i> , 2014, 9, e84882.	1.1	27
