#	Article	IF	CITATIONS
1	Generalized anxiety disorder, depressive symptoms and sleep quality during COVID-19 outbreak in China: a web-based cross-sectional survey. Psychiatry Research, 2020, 288, 112954.	1.7	2,545
2	Efficacy of omega-3 PUFAs in depression: A meta-analysis. Translational Psychiatry, 2019, 9, 190.	2.4	231
3	Mental health burden for the public affected by the COVID-19 outbreak in China: Who will be the high-risk group?. Psychology, Health and Medicine, 2021, 26, 23-34.	1.3	202
4	Problematic Internet Use in High School Students in Guangdong Province, China. PLoS ONE, 2011, 6, e19660.	1.1	189
5	Government response moderates the mental health impact of COVID-19: A systematic review and meta-analysis of depression outcomes across countries. Journal of Affective Disorders, 2021, 290, 364-377.	2.0	159
6	Prevalence and correlates of sleep disturbance and depressive symptoms among Chinese adolescents: a cross-sectional survey study. BMJ Open, 2014, 4, e005517-e005517.	0.8	100
7	Self-reported sleep disturbances in HIV-infected people: a meta-analysis of prevalence and moderators. Sleep Medicine, 2015, 16, 901-907.	0.8	88
8	Adverse Childhood Experiences and Subsequent Chronic Diseases Among Middle-aged or Older Adults in China and Associations With Demographic and Socioeconomic Characteristics. JAMA Network Open, 2021, 4, e2130143.	2.8	84
9	Association Between Nonmedical Use of Prescription Drugs and Suicidal Behavior Among Adolescents. JAMA Pediatrics, 2016, 170, 971.	3.3	66
10	Rates of Myopia Development in Young Chinese Schoolchildren During the Outbreak of COVID-19. JAMA Ophthalmology, 2021, 139, 1115.	1.4	65
11	Rotating shift work and menstrual characteristics in a cohort of Chinese nurses. BMC Women's Health, 2016, 16, 24.	0.8	59
12	Association between sleep duration, suicidal ideation, and suicidal attempts among Chinese adolescents: The moderating role of depressive symptoms. Journal of Affective Disorders, 2017, 208, 355-362.	2.0	56
13	Epidemiology of Spinal Cord Injuries and Risk Factors for Complete Injuries in Guangdong, China: A Retrospective Study. PLoS ONE, 2014, 9, e84733.	1.1	52
14	Suicide reduction in Canada during the COVID-19 pandemic: lessons informing national prevention strategies for suicide reduction. Journal of the Royal Society of Medicine, 2021, 114, 473-479.	1.1	43
15	Gender differences in the associations between types of childhood maltreatment and sleep disturbance among Chinese adolescents. Journal of Affective Disorders, 2020, 265, 595-602.	2.0	38
16	Associations between Sleep Duration and Overweight/Obesity: Results from 66,817 Chinese Adolescents. Scientific Reports, 2015, 5, 16686.	1.6	34
17	Gender differences in the association between cigarette smoking, alcohol consumption and depressive symptoms: a cross-sectional study among Chinese adolescents. Scientific Reports, 2016, 5, 17959.	1.6	34
18	The nonmedical use of prescription medicines among high school students: A cross-sectional study in Southern China. Drug and Alcohol Dependence, 2014, 141, 9-15.	1.6	33

#	Article	IF	CITATIONS
19	Prevalence of Incorrect Posture among Children and Adolescents: Finding from a Large Population-Based Study in China. IScience, 2020, 23, 101043.	1.9	33
20	Non-medical use of prescription pain relievers among high school students in China: a multilevel analysis. BMJ Open, 2015, 5, e007569.	0.8	30
21	Alcohol use and alcohol-related problems among adolescents in China. Medicine (United States), 2016, 95, e4533.	0.4	30
22	Is sexual minority status associated with poor sleep quality among adolescents? Analysis of a national cross-sectional survey in Chinese adolescents. BMJ Open, 2017, 7, e017067.	0.8	30
23	Epidemiological Characteristics of Traumatic Spinal Cord Injury in Guangdong, China. Spine, 2017, 42, E555-E561.	1.0	29
24	Associations between depression risk, bullying and current smoking among Chinese adolescents: Modulated by gender. Psychiatry Research, 2016, 237, 282-289.	1.7	28
25	Association between sexual minority status and suicidal behavior among Chinese adolescents: A moderated mediation model. Journal of Affective Disorders, 2018, 239, 85-92.	2.0	28
26	Association of emotional and behavioral problems with single and multiple suicide attempts among Chinese adolescents: Modulated by academic performance. Journal of Affective Disorders, 2019, 258, 25-32.	2.0	28
27	Indoor solid fuel use for heating and cooking with blood pressure and hypertension: A crossâ€sectional study among middleâ€aged and older adults in China. Indoor Air, 2021, 31, 2158-2166.	2.0	28
28	Bullying behaviors among Chinese school-aged youth: A prevalence and Correlates Study in Guangdong Province. Psychiatry Research, 2015, 225, 716-722.	1.7	26
29	Association between maternal lifestyle factors and low birth weight in preterm and term births: a case-control study. Reproductive Health, 2020, 17, 93.	1.2	26
30	Associations Among Screen Time, Sleep Duration and Depressive Symptoms Among Chinese Adolescents. Journal of Affective Disorders, 2021, 284, 69-74.	2.0	25
31	Association between Problematic Internet Use and Sleep Disturbance among Adolescents: The Role of the Child's Sex. International Journal of Environmental Research and Public Health, 2018, 15, 2682.	1.2	24
32	Daytime Napping and Nighttime Sleep Duration with Incident Diabetes Mellitus: A Cohort Study in Chinese Older Adults. International Journal of Environmental Research and Public Health, 2021, 18, 5012.	1.2	24
33	Sexual and reproductive health status and related knowledge among female migrant workers in Guangzhou, China: a cross-sectional survey. European Journal of Obstetrics, Gynecology and Reproductive Biology, 2012, 160, 60-65.	0.5	23
34	Association between Childhood Maltreatment and Suicidal Ideation and Suicide Attempts among Chinese Adolescents: The Moderating Role of Depressive Symptoms. International Journal of Environmental Research and Public Health, 2020, 17, 6025.	1.2	23
35	Parity and the risks of adverse birth outcomes: a retrospective study among Chinese. BMC Pregnancy and Childbirth, 2021, 21, 257.	0.9	23
36	Associations between childhood maltreatment and non-medical use of prescription drugs among Chinese adolescents. Addiction, 2017, 112, 1600-1609.	1.7	22

#	Article	IF	CITATIONS
37	Association between nonmedical use of opioids or sedatives and suicidal behavior among Chinese adolescents: An analysis of sex differences. Australian and New Zealand Journal of Psychiatry, 2019, 53, 559-569.	1.3	22
38	Childhood maltreatment predicts subsequent anxiety symptoms among Chinese adolescents: the role of the tendency of coping styles. Translational Psychiatry, 2021, 11, 340.	2.4	22
39	Associations of Childhood Maltreatment with Single and Multiple Suicide Attempts among Older Chinese Adolescents. Journal of Pediatrics, 2018, 196, 244-250.e1.	0.9	21
40	Sexual minority status and suicidal behaviour among Chinese adolescents: a nationally representative cross-sectional study. BMJ Open, 2018, 8, e020969.	0.8	21
41	The associations between sleep situations and mental health among Chinese adolescents: A longitudinal study. Sleep Medicine, 2021, 82, 71-77.	0.8	20
42	Mental health conditions among the general population, healthcare workers and quarantined population during the coronavirus disease 2019 (COVID-19) pandemic. Psychology, Health and Medicine, 2020, , 1-13.	1.3	19
43	Associations Between Poor Sleep Quality, Anxiety Symptoms, and Depressive Symptoms Among Chinese Adolescents Before and During COVID-19: A Longitudinal Study. Frontiers in Psychiatry, 2021, 12, 786640.	1.3	19
44	Associations of emotional and behavioral problems with Internet use among Chinese young adults: the role of academic performance. Journal of Affective Disorders, 2021, 287, 214-221.	2.0	17
45	Adverse childhood experiences and handgrip strength among middle-aged and older adults: a cross-sectional study in China. BMC Geriatrics, 2022, 22, 118.	1.1	17
46	The prevalences of and association between nonmedical prescription opioid use and poor sleep among Chinese high school students. Scientific Reports, 2016, 6, 30411.	1.6	16
47	Sexual attraction and the nonmedical use of opioids and sedative drugs among Chinese adolescents. Drug and Alcohol Dependence, 2018, 183, 169-175.	1.6	16
48	The association of nighttime sleep duration and quality with chronic kidney disease in middle-aged and older Chinese: a cohort study. Sleep Medicine, 2021, 86, 25-31.	0.8	16
49	HIV/STIs risks between migrant MSM and local MSM: a cross-sectional comparison study in China. PeerJ, 2016, 4, e2169.	0.9	15
50	Association between childhood maltreatment and non-medical prescription opioid use among Chinese senior high school students: The moderating role of gender. Journal of Affective Disorders, 2018, 235, 421-427.	2.0	14
51	Long-term exposure to ambient fine particulate pollution, sleep disturbance and their interaction effects on suicide attempts among Chinese adolescents. Journal of Affective Disorders, 2019, 258, 89-95.	2.0	14
52	Trends in Health-Risk Behaviors among Chinese Adolescents. International Journal of Environmental Research and Public Health, 2019, 16, 1902.	1.2	14
53	<p>Association Between Bullying and Suicidal Behavior Among Chinese Adolescents: An Analysis of Gender Differences</p> . Psychology Research and Behavior Management, 2020, Volume 13, 89-96.	1.3	14
54	The relationship between childhood emotional abuse and depressive symptoms among Chinese college students: The multiple mediating effects of emotional and behavioral problems. Journal of Affective Disorders, 2021, 288, 129-135.	2.0	14

#	Article	IF	Citations
55	Nighttime sleep duration, restlessness and risk of multimorbidity - A longitudinal study among middle-aged and older adults in China. Archives of Gerontology and Geriatrics, 2022, 99, 104580.	1.4	13
56	Role of sleep quality in mediating the relationship between sexual minority status and suicidal behavior among Chinese adolescents. Psychology Research and Behavior Management, 2018, Volume 11, 607-615.	1.3	12
57	Association between habitual weekday sleep duration and depressive symptoms among Chinese adolescents:The role of mode of birth delivery. Journal of Affective Disorders, 2020, 265, 583-589.	2.0	12
58	Patterns of Bullying Victimization and Associations with Mental Health Problems in Chinese Adolescents: A Latent Class Analysis. International Journal of Environmental Research and Public Health, 2020, 17, 779.	1.2	12
59	Association between problematic internet use and behavioral/emotional problems among Chinese adolescents: the mediating role of sleep disorders. PeerJ, 2021, 9, e10839.	0.9	12
60	Quantification of Multifunctional Dipeptide YA from Oyster Hydrolysate for Quality Control and Efficacy Evaluation. BioMed Research International, 2018, 2018, 1-10.	0.9	11
61	Comorbid depression and obesity, and its transition on the risk of functional disability among middle-aged and older Chinese: a cohort study. BMC Geriatrics, 2022, 22, 275.	1.1	11
62	The Role of Problematic Smartphone Uses and Psychological Distress in the Relationship Between Sleep Quality and Disordered Eating Behaviors Among Chinese College Students. Frontiers in Psychiatry, 2021, 12, 793506.	1.3	11
