

Claus Bossen

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/4166372/claus-bossen-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
52	Working with Wolt. <i>Proceedings of the ACM on Human-Computer Interaction</i> , 2022 , 6, 1-22	3.4	3
51	Computer-Supported Knotworking. <i>Proceedings of the ACM on Human-Computer Interaction</i> , 2021 , 5, 1-26	3.4	1
50	Innovations in clinical documentation integrity practice: Continual adaptation in a data-intensive healthcare organisation.. <i>Health Information Management Journal</i> , 2021 , 18333583211067845	2.6	1
49	A Worker-Driven Common Information Space: Interventions into a Digital Future. <i>Computer Supported Cooperative Work</i> , 2020 , 29, 497-531	2.4	1
48	Good organizational reasons for better medical records: The data work of clinical documentation integrity specialists. <i>Big Data and Society</i> , 2020 , 7, 205395172096561	5.3	5
47	Data work and digitization. <i>Xrds</i> , 2020 , 26, 22-25	0.5	1
46	When Participatory Design Becomes Policy: Technology Comprehension in Danish Education 2020 ,		7
45	Who does the work of data?. <i>Interactions</i> , 2020 , 27, 52-55	1	11
44	Introduction to the Special Issue on Information Infrastructures in Healthcare: Governance, Quality Improvement and Service Efficiency <i>Computer Supported Cooperative Work</i> , 2020 , 29, 381-386	2.4	1
43	The emergence of new data work occupations in healthcare: The case of medical scribes. <i>International Journal of Medical Informatics</i> , 2019 , 123, 76-83	5.3	31
42	Rethinking Financial Inclusion: from Access to Autonomy. <i>Computer Supported Cooperative Work</i> , 2019 , 28, 511-547	2.4	14
41	Data work in healthcare: An Introduction. <i>Health Informatics Journal</i> , 2019 , 25, 465-474	3	23
40	Data-work and friction: Investigating the practices of repurposing healthcare data. <i>Health Informatics Journal</i> , 2019 , 25, 558-566	3	9
39	How Participatory Design Works 2019 ,		9
38	Unpacking the Infrastructuring Work of Patients and Caregivers around the World 2019 ,		4
37	Translating value-based health care: an experiment into healthcare governance and dialogical accountability. <i>Sociology of Health and Illness</i> , 2018 , 40, 1113-1126	3	16
36	Digitizing Monetary Ecologies. <i>Proceedings of the ACM on Human-Computer Interaction</i> , 2018 , 2, 1-17	3.4	9

35	Data Work in Healthcare 2018,		6
34	Program theory for participatory design 2018,		1
33	Project Management Practices as a Subject of Research for CSCW. <i>Proceedings of the ACM on Human-Computer Interaction</i> , 2017 , 1, 1-25	3-4	2
32	Constructing Common Information Spaces across Distributed Emergency Medical Teams 2017,		12
31	Evaluation in participatory design 2016,		17
30	Factors affecting physicians' use of a dedicated overview interface in an electronic health record: The importance of standard information and standard documentation. <i>International Journal of Medical Informatics</i> , 2016 , 87, 44-53	5-3	16
29	Data-work in Healthcare: The New Work Ecologies of Healthcare Infrastructures 2016,		4
28	The Collaborative work of Hospital Porters 2016,		11
27	Collaboration in-between 2015,		9
26	Boundary-Object Trimming: On the Invisibility of Medical Secretaries' Care of Records in Healthcare Infrastructures. <i>Computer Supported Cooperative Work</i> , 2014 , 23, 75-110	2-4	23
25	Infrastructuring, collaboration and evolving socio-material practices of changing our world 2014,		6
24	Evaluation, sustainability and long-term effects of participatory design projects 2014,		5
23	How physicians 'achieve overview' 2014,		21
22	Evaluation of a comprehensive EHR based on the DeLone and McLean model for IS success: approach, results, and success factors. <i>International Journal of Medical Informatics</i> , 2013 , 82, 940-53	5-3	74
21	CareCoor: augmenting the coordination of cooperative home care work. <i>International Journal of Medical Informatics</i> , 2013 , 82, e189-99	5-3	57
20	Medical secretaries' care of records 2012,		15
19	Impediments to user gains 2012,		39
18	Accounting and Co-Constructing: The Development of a Standard for Electronic Health Records. <i>Computer Supported Cooperative Work</i> , 2011 , 20, 473-495	2-4	19

17	User gains and PD aims 2010 ,		47
16	Infrastructuring and Ordering Devices in Health Care: Medication Plans and Practices on a Hospital Ward. <i>Computer Supported Cooperative Work</i> , 2010 , 19, 615-637	2.4	45
15	Implications of Shared Interactive Displays for Work at a Surgery Ward: Coordination, Articulation Work and Context-Awareness 2008 ,		6
14	Test the artefact--develop the organization. The implementation of an electronic medication plan. <i>International Journal of Medical Informatics</i> , 2007 , 76, 13-21	5.3	31
13	Evaluation of a computerized problem-oriented medical record in a hospital department: does it support daily clinical practice?. <i>International Journal of Medical Informatics</i> , 2007 , 76, 592-600	5.3	29
12	Participation, power, critique 2006 ,		6
11	Representations at work 2006 ,		22
10	Mobility Work: The Spatial Dimension of Collaboration at a Hospital. <i>Computer Supported Cooperative Work</i> , 2005 , 14, 131-160	2.4	186
9	Designing for transformations in collaboration 2005 ,		25
8	Conceptualization and appropriation 2005 ,		9
7	A web of coordinative artifacts 2005 ,		76
6	Context-descriptive prototypes and their application to medicine administration 2004 ,		11
5	. <i>IEEE Software</i> , 2004 , 21, 34-41	1.5	23
4	Moving to get aHead: Local Mobility and Collaborative Work 2003 , 355-374		25
3	The parameters of common information spaces: 2002 ,		75
2	Virtual video prototyping of pervasive healthcare systems 2002 ,		26
1	Requirements engineering for a pervasive health care system		4
