#	ARTICLE	IF	CITATIONS
1	“Because if I don’t hold his hand then I might as well not be there” Experiences of Dutch and UK care home visiting during the COVID-19 pandemic. <i>International Psychogeriatrics</i> , 2023, 35, 107-116.	0.6	11
2	Exploring Interrelations Between Person-Centered Care and Quality of Life Following a Transition Into Long-Term Residential Care: A Meta-Ethnography. <i>Gerontologist, The</i> , 2023, 63, 660-673.	2.3	6
3	Involuntary treatment in dementia care at home: Results from the Netherlands and Belgium. <i>Journal of Clinical Nursing</i> , 2022, 31, 1998-2007.	1.4	13
4	Interventions to Improve the Transition From Home to a Nursing Home: A Scoping Review. <i>Gerontologist, The</i> , 2022, 62, e369-e383.	2.3	13
5	Reopening the doors of Dutch nursing homes during the COVID-19 crisis: results of an in-depth monitoring. <i>International Psychogeriatrics</i> , 2022, 34, 391-398.	0.6	21
6	Working in a Dutch nursing home during the COVID-19 pandemic: Experiences and lessons learned. <i>Nursing Open</i> , 2022, 9, 2710-2719.	1.1	18
7	The paradoxes experienced by informal caregivers of people with dementia during the transition from home to a nursing home. <i>Age and Ageing</i> , 2022, 51, .	0.7	4
8	The concept of disability and its causal mechanisms in older people over time from a theoretical perspective: a literature review. <i>European Journal of Ageing</i> , 2022, 19, 397-411.	1.2	4
9	Fostering the implementation of transitional care innovations for older persons: prioritizing the influencing key factors using a modified Delphi technique. <i>BMC Geriatrics</i> , 2022, 22, 131.	1.1	6
10	Family caregivers’ perspectives on their interaction and relationship with people living with dementia in a nursing home: a qualitative study. <i>BMC Geriatrics</i> , 2022, 22, 212.	1.1	4
11	From Research to Impact in Long-Term Care: A Lived Experience Trajectory by Inaugural Winners of the Morley Award. <i>Journal of the American Medical Directors Association</i> , 2022, 23, 328-329.	1.2	2
12	Changing the long-term care spectrum. <i>BMC Geriatrics</i> , 2022, 22, 303.	1.1	5
13	Caregiver decision-making concerning involuntary treatment in dementia care at home. <i>Nursing Ethics</i> , 2022, 29, 330-343.	1.8	9
14	A Quasi-experimental study on prevention and reduction of involuntary treatment at home (PRITAH) in people with dementia. <i>Journal of Clinical Nursing</i> , 2022, 31, 3250-3262.	1.4	4
15	Developing a Meaningful Garden Space in a Care Home with Staff and Family Members: A Qualitative Study. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 7025.	1.2	3
16	Associated factors of suicidal ideation among older persons with dementia living at home in eight European countries. <i>Ageing and Mental Health</i> , 2021, 25, 1730-1739.	1.5	20
17	A communication model for nursing staff working in dementia care: Results of a scoping review. <i>International Journal of Nursing Studies</i> , 2021, 113, 103776.	2.5	29
18	Toward a Partnership in the Transition from Home to a Nursing Home: The TRANSCIT Model. <i>Journal of the American Medical Directors Association</i> , 2021, 22, 351-356.	1.2	21

#	ARTICLE	IF	CITATIONS
19	A myriad of factors influencing the implementation of transitional care innovations: a scoping review. <i>Implementation Science</i> , 2021, 16, 21.	2.5	14
20	Safe Visiting is Essential for Nursing Home Residents During the COVID-19 Pandemic: An International Perspective. <i>Journal of the American Medical Directors Association</i> , 2021, 22, 977-978.	1.2	26
21	Understanding the staff behaviours that promote quality for older people living in long term care facilities: A realist review. <i>International Journal of Nursing Studies</i> , 2021, 117, 103905.	2.5	22
22	Work environment and person-centred dementia care in nursing homes – A cross-sectional study. <i>Journal of Nursing Management</i> , 2021, 29, 2314-2322.	1.4	6
23	Comment on Peters, M.D.J., Marnie, C., Butler, A., 2021. Delivering, funding, and rating safe staffing levels and skills mix in aged care. <i>International Journal of Nursing Studies</i> , 2021, 119, 103947.	2.5	1
24	Listen, look, link and learn: a stepwise approach to use narrative quality data within resident-family-nursing staff triads in nursing homes for quality improvements. <i>BMJ Open Quality</i> , 2021, 10, e001434.	0.4	2
25	Sexuality and the Human Rights of Persons With Dementia. <i>American Journal of Geriatric Psychiatry</i> , 2021, 29, 1021-1026.	0.6	3
26	Human Rights to Inclusive Living and Care for Older People With Mental Health Conditions. <i>American Journal of Geriatric Psychiatry</i> , 2021, 29, 1015-1020.	0.6	3
27	Ageism and the State of Older People With Mental Conditions During the Pandemic and Beyond: Manifestations, Etiology, Consequences, and Future Directions. <i>American Journal of Geriatric Psychiatry</i> , 2021, 29, 995-999.	0.6	8
28	Understanding Barriers to the Realization of Human Rights Among Older Women With Mental Health Conditions. <i>American Journal of Geriatric Psychiatry</i> , 2021, 29, 1009-1014.	0.6	0
29	The Homestead: Developing a Conceptual Framework through Co-Creation for Innovating Long-Term Dementia Care Environments. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 57.	1.2	24
30	From wave to wave: a Dutch national study on the long-term impact of COVID-19 on well-being and family visitation in nursing homes. <i>BMC Geriatrics</i> , 2021, 21, 588.	1.1	15
31	Working at Green Care Farms and Other Innovative Small-Scale Long-Term Dementia Care Facilities Requires Different Competencies of Care Staff. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 10747.	1.2	5
32	“Nobody Seems to Know Where to Even Turn To”: Barriers in Accessing and Utilising Dementia Care Services in England and The Netherlands. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 12233.	1.2	19
33	Exploring the abilities of performing complex daily activities in dementia: the effects of supervision on remaining independent. <i>Aging and Mental Health</i> , 2020, 24, 1288-1294.	1.5	2
34	The Living Lab in Ageing and Long-Term Care: A Sustainable Model for Translational Research Improving Quality of Life, Quality of Care and Quality of Work. <i>Journal of Nutrition, Health and Aging</i> , 2020, 24, 43-47.	1.5	53
35	Successful Elements of Intergenerational Dementia Programs: A Scoping Review. <i>Journal of Intergenerational Relationships</i> , 2020, 18, 214-245.	0.5	32
36	Allowing Visitors Back in the Nursing Home During the COVID-19 Crisis: A Dutch National Study Into First Experiences and Impact on Well-Being. <i>Journal of the American Medical Directors Association</i> , 2020, 21, 900-904.	1.2	165

#	ARTICLE	IF	CITATIONS
37	Emergency department and hospital admissions among people with dementia living at home or in nursing homes: results of the European RightTimePlaceCare project on their frequency, associated factors and costs. <i>BMC Geriatrics</i> , 2020, 20, 453.	1.1	23
38	The Validity of Connecting Conversations: A Narrative Method to Assess Experienced Quality of Care in Nursing Homes from the Resident's Perspective. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 5100.	1.2	6
39	The Feasibility of Connecting Conversations: A Narrative Method to Assess Experienced Quality of Care in Nursing Homes from the Resident's Perspective. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 5118.	1.2	10
40	Interventions to foster family inclusion in nursing homes for people with dementia: a systematic review. <i>BMC Geriatrics</i> , 2020, 20, 434.	1.1	16
41	Prevention and reduction of involuntary treatment at home: A feasibility study of the PRITAH intervention. <i>Geriatric Nursing</i> , 2020, 41, 536-543.	0.9	8
42	Autonomy Support of Nursing Home Residents With Dementia in Staff-Resident Interactions: Observations of Care. <i>Journal of the American Medical Directors Association</i> , 2020, 21, 1600-1608.e2.	1.2	6
43	How to assess experienced quality of care in nursing homes from the client's perspective: results of a qualitative study. <i>BMC Geriatrics</i> , 2020, 20, 67.	1.1	18
44	What makes extra care housing an appropriate setting for people with dementia? An exploration of staff decision-making. <i>Dementia</i> , 2019, 18, 1710-1726.	1.0	2
45	Prevalence of dementia diagnoses not otherwise specified in eight European countries: a cross-sectional cohort study. <i>BMC Geriatrics</i> , 2019, 19, 172.	1.1	11
46	Experienced Quality of Post-Acute and Long-Term Care From the Care Recipient's Perspective—A Conceptual Framework. <i>Journal of the American Medical Directors Association</i> , 2019, 20, 1386-1390.e1.	1.2	19
47	Experiences of family caregivers in green care farms and other nursing home environments for people with dementia: a qualitative study. <i>BMC Geriatrics</i> , 2019, 19, 149.	1.1	10
48	THE SUPPORT OF AUTONOMY FOR NURSING HOME RESIDENTS WITH DEMENTIA: OBSERVATION OF MORNING CARE. <i>Innovation in Aging</i> , 2019, 3, S73-S73.	0.0	0
49	Professional and family caregivers' attitudes towards involuntary treatment in community-dwelling people with dementia. <i>Journal of Advanced Nursing</i> , 2019, 75, 96-107.	1.5	21
50	Innovating dementia care; implementing characteristics of green care farms in other long-term care settings. <i>International Psychogeriatrics</i> , 2018, 30, 1057-1068.	0.6	27
51	The relation between mood, activity, and interaction in long-term dementia care. <i>Aging and Mental Health</i> , 2018, 22, 26-32.	1.5	35
52	Access to community care for people with dementia and their informal carers. <i>Zeitschrift Fur Gerontologie Und Geriatrie</i> , 2018, 51, 530-536.	0.8	24
53	Baccalaureate-educated Registered Nurses in nursing homes: Experiences and opinions of administrators and nursing staff. <i>Journal of Advanced Nursing</i> , 2018, 74, 75-88.	1.5	12
54	Community mental health teams for older people in England: Variations in ways of working. <i>International Journal of Geriatric Psychiatry</i> , 2018, 33, 475-481.	1.3	5

#	ARTICLE	IF	CITATIONS
55	Structural validity and internal consistency of the Qualidem in people with severe dementia. <i>International Psychogeriatrics</i> , 2018, 30, 49-59.	0.6	7
56	INCREASING FAMILY INCLUSION IN NURSING HOMES FOR PEOPLE WITH DEMENTIA: A LITERATURE REVIEW. <i>Innovation in Aging</i> , 2018, 2, 537-537.	0.0	1
57	FACTORS INFLUENCING AUTONOMY OF NURSING HOME RESIDENTS WITH DEMENTIA: THE PERCEPTION OF FAMILY CAREGIVERS. <i>Innovation in Aging</i> , 2018, 2, 722-722.	0.0	1
58	INDEXQUAL: A CONCEPTUAL MODEL OF INDIVIDUALLY EXPERIENCED QUALITY OF LONG-TERM CARE. <i>Innovation in Aging</i> , 2018, 2, 723-724.	0.0	1
59	The Physical Environment of Nursing Homes for People with Dementia: Traditional Nursing Homes, Small-Scale Living Facilities, and Green Care Farms. <i>Healthcare (Switzerland)</i> , 2018, 6, 137.	1.0	50
60	The use of involuntary treatment among older adults with cognitive impairment receiving nursing care at home: A cross-sectional study. <i>International Journal of Nursing Studies</i> , 2018, 88, 135-142.	2.5	22
61	Working in small-scale, homelike dementia care: effects on staff burnout symptoms and job characteristics. A quasi-experimental, longitudinal study. <i>Journal of Research in Nursing</i> , 2018, 23, 174498711875783.	0.3	5
62	Guidelines for multiple imputations in repeated measurements with time-dependent covariates: a case study. <i>Journal of Clinical Epidemiology</i> , 2018, 102, 107-114.	2.4	24
63	Rethinking the Staff-Quality Relationship in Nursing Homes. <i>Journal of Nutrition, Health and Aging</i> , 2018, 22, 634-638.	1.5	13
64	Green Care Farms as Innovative Nursing Homes, Promoting Activities and Social Interaction for People With Dementia. <i>Journal of the American Medical Directors Association</i> , 2017, 18, 40-46.	1.2	75
65	Rethinking Dementia Care: The Value of Green Care Farming. <i>Journal of the American Medical Directors Association</i> , 2017, 18, 200-203.	1.2	24
66	Relationship between the presence of baccalaureate-educated RNs and quality of care: a cross-sectional study in Dutch long-term care facilities. <i>BMC Health Services Research</i> , 2017, 17, 53.	0.9	19
67	Architectural factors influencing the sense of home in nursing homes: An operationalization for practice. <i>Frontiers of Architectural Research</i> , 2017, 6, 111-122.	1.3	62
68	The Impact of Organizational Innovations in Nursing Homes on Staff Perceptions: A Secondary Data Analysis. <i>Journal of Nursing Scholarship</i> , 2017, 49, 54-62.	1.1	16
69	Work environment characteristics associated with quality of care in Dutch nursing homes: A cross-sectional study. <i>International Journal of Nursing Studies</i> , 2017, 66, 15-22.	2.5	39
70	Social health and dementia: a European consensus on the operationalization of the concept and directions for research and practice. <i>Aging and Mental Health</i> , 2017, 21, 4-17.	1.5	143
71	THE PHYSICAL ENVIRONMENT OF GREEN CARE FARMS: A COMPARISON WITH EXISTING NURSING HOMES. <i>Innovation in Aging</i> , 2017, 1, 1311-1311.	0.0	0
72	Quality of care and quality of life of people with dementia living at green care farms: a cross-sectional study. <i>BMC Geriatrics</i> , 2017, 17, 155.	1.1	41

#	ARTICLE	IF	CITATIONS
73	BACCALAUREATE-EDUCATED REGISTERED NURSES IN NURSING HOMES: POSITIONING AND ROLE IMPLEMENTATION. <i>Innovation in Aging</i> , 2017, 1, 563-563.	0.0	0
74	GREEN CARE FARMS AS NURSING HOMES: QUALITY OF LIFE AND SOCIAL INTERACTIONS. <i>Innovation in Aging</i> , 2017, 1, 1013-1013.	0.0	0
75	The Factors Influencing the Sense of Home in Nursing Homes: A Systematic Review from the Perspective of Residents. <i>Journal of Aging Research</i> , 2016, 2016, 1-16.	0.4	97
76	Daily lives of residents with dementia in nursing homes: development of the Maastricht electronic daily life observation tool. <i>International Psychogeriatrics</i> , 2016, 28, 1333-1343.	0.6	24
77	Depressive symptomatology and associated factors in dementia in Europe: home care versus long-term care. <i>International Psychogeriatrics</i> , 2016, 28, 621-630.	0.6	16
78	“There's No Place Like Home”: A Scoping Review on the Impact of Homelike Residential Care Models on Resident-, Family-, and Staff-Related Outcomes. <i>Journal of the American Medical Directors Association</i> , 2016, 17, 685-693.	1.2	64
79	What Makes Institutional Long-Term Care the Most Appropriate Setting for People With Dementia? Exploring the Influence of Client Characteristics, Decision-Maker Attributes, and Country in 8 European Nations. <i>Journal of the American Medical Directors Association</i> , 2016, 17, 465.e9-465.e15.	1.2	11
80	Behind Closed Doors: Involuntary Treatment in Care of Persons with Cognitive Impairment at Home in the Netherlands. <i>Journal of the American Geriatrics Society</i> , 2016, 64, 354-358.	1.3	32
81	A three perspective study of the sense of home of nursing home residents: the views of residents, care professionals and relatives. <i>BMC Geriatrics</i> , 2016, 16, 169.	1.1	61
82	The association between aspects of daily life and quality of life of people with dementia living in long-term care facilities: a momentary assessment study. <i>International Psychogeriatrics</i> , 2016, 28, 1323-1331.	0.6	41
83	Professional care providers in dementia care in eight European countries; their training and involvement in early dementia stage and in home care. <i>Dementia</i> , 2016, 15, 931-957.	1.0	35
84	Improving the mix of institutional and community care for older people with dementia: an application of the balance of care approach in eight European countries. <i>Aging and Mental Health</i> , 2016, 20, 1327-1338.	1.5	14
85	Living at the farm, innovative nursing home care for people with dementia “ study protocol of an observational longitudinal study. <i>BMC Geriatrics</i> , 2015, 15, 144.	1.1	36
86	Future distinguishing competencies of baccalaureate-educated registered nurses in nursing homes. <i>Geriatric Nursing</i> , 2015, 36, 438-444.	0.9	27
87	Non-pharmacological interventions as a best practice strategy in people with dementia living in nursing homes. A systematic review. <i>European Geriatric Medicine</i> , 2015, 6, 134-150.	1.2	61
88	The association between physical dependency and the presence of neuropsychiatric symptoms, with the admission of people with dementia to a long-term care institution: A prospective observational cohort study. This paper was submitted as an entry for the European Academy of Nursing Science's Rosemary Crow award, sponsored by the International Journal of Nursing Studies. The award is open to current doctoral students or recent graduates of the academy's programme. <i>International Journal of Nursing Studies</i> , 2015, 52, 980-987.	2.5	28
89	Needs of informal caregivers during transition from home towards institutional care in dementia: a systematic review of qualitative studies. <i>International Psychogeriatrics</i> , 2015, 27, 891-902.	0.6	77
90	Predicting institutional long-term care admission in dementia: a mixed methods study of informal caregivers' reports. <i>Journal of Advanced Nursing</i> , 2015, 71, 1351-1362.	1.5	17

#	ARTICLE	IF	CITATIONS
91	Older persons with dementia at risk for institutionalization in eight European countries: a cross-sectional study on the perceptions of informal caregivers and healthcare professionals. <i>Journal of Advanced Nursing</i> , 2015, 71, 1392-1404.	1.5	20
92	Most appropriate placement for people with dementia: individual experts' vs. expert groups' decisions in eight European countries. <i>Journal of Advanced Nursing</i> , 2015, 71, 1363-1377.	1.5	13
93	Change in quality of life of people with dementia recently admitted to long-term care facilities. <i>Journal of Advanced Nursing</i> , 2015, 71, 1435-1447.	1.5	37
94	Inter-country exploration of factors associated with admission to long-term institutional dementia care: evidence from the RightTimePlaceCare study. <i>Journal of Advanced Nursing</i> , 2015, 71, 1338-1350.	1.5	48
95	Deterioration of basic activities of daily living and their impact on quality of life across different cognitive stages of dementia: a European study. <i>International Psychogeriatrics</i> , 2014, 26, 1283-1293.	0.6	89
96	Effects of small-scale, home-like facilities in dementia care on residents' behavior, and use of physical restraints and psychotropic drugs: a quasi-experimental study. <i>International Psychogeriatrics</i> , 2014, 26, 657-668.	0.6	57
97	How to measure quality of life in shared-housing arrangements? A comparison of dementia-specific instruments. <i>Quality of Life Research</i> , 2014, 23, 549-559.	1.5	27
98	Reasons for Institutionalization of People With Dementia: Informal Caregiver Reports From 8 European Countries. <i>Journal of the American Medical Directors Association</i> , 2014, 15, 108-116.	1.2	168
99	Nurse Staffing Impact on Quality of Care in Nursing Homes: A Systematic Review of Longitudinal Studies. <i>Journal of the American Medical Directors Association</i> , 2014, 15, 383-393.	1.2	140
100	Keys to Successfully Embedding Scientific Research in Nursing Homes: A Win-Win Perspective. <i>Journal of the American Medical Directors Association</i> , 2013, 14, 855-857.	1.2	24
101	Factors associated with quality of life of people with dementia in long-term care facilities: A systematic review. <i>International Journal of Nursing Studies</i> , 2013, 50, 1259-1270.	2.5	160
102	Debat over kleinschaligheid. <i>Denkbeeld</i> , 2012, 24, 10-11.	0.0	0
103	Small-scale, homelike facilities in dementia care: A process evaluation into the experiences of family caregivers and nursing staff. <i>International Journal of Nursing Studies</i> , 2012, 49, 21-29.	2.5	56
104	A European study investigating patterns of transition from home care towards institutional dementia care: the protocol of a RightTimePlaceCare study. <i>BMC Public Health</i> , 2012, 12, 68.	1.2	101
105	Small-scale, homelike facilities versus regular psychogeriatric nursing home wards: a cross-sectional study into residents' characteristics. <i>BMC Health Services Research</i> , 2010, 10, 30.	0.9	38
106	Dementia Care Redesigned: Effects of Small-Scale Living Facilities on Residents, Their Family Caregivers, and Staff. <i>Journal of the American Medical Directors Association</i> , 2010, 11, 662-670.	1.2	109
107	Small, homelike care environments for older people with dementia: a literature review. <i>International Psychogeriatrics</i> , 2009, 21, 252.	0.6	184
108	The effects of small-scale, homelike facilities for older people with dementia on residents, family caregivers and staff: design of a longitudinal, quasi-experimental study. <i>BMC Geriatrics</i> , 2009, 9, 3.	1.1	37
