#	ARTICLE	IF	CITATIONS
1	Family experiences and perceptions of intensive care unit care and communication during the COVID-19 pandemic. <i>Australian Critical Care</i> , 2023, 36, 350-360.	0.6	18
2	Factors associated with readmission in chronic kidney disease: Systematic review and meta-analysis. <i>Journal of Renal Care</i> , 2023, 49, 229-242.	0.6	0
3	Transition from a renal paediatric clinic to an adult clinic: Perspectives of adolescents and young adults, parents and health professionals. <i>Journal of Child Health Care</i> , 2022, 26, 531-547.	0.7	14
4	Associations between inappropriate medication use and (instrumental) activities of daily living in geriatric rehabilitation inpatients: RESORT study. <i>Aging Clinical and Experimental Research</i> , 2022, 34, 445-454.	1.4	2
5	Intensive care patients receiving vasoactive medications: A retrospective cohort study. <i>Australian Critical Care</i> , 2022, 35, 499-505.	0.6	5
6	Understanding nurses' perceptions of barriers and enablers to use of a new electronic medical record system in Australia: A qualitative study. <i>International Journal of Medical Informatics</i> , 2022, 158, 104654.	1.6	4
7	The impact of covid-19 on psychosocial well-being and learning for Australian nursing and midwifery undergraduate students: a cross-sectional survey. <i>Nurse Education in Practice</i> , 2022, 58, 103275.	1.0	28
8	Delirium screening tools in the post-anaesthetic care unit: a systematic review and meta-analysis. <i>Aging Clinical and Experimental Research</i> , 2022, 34, 1225-1235.	1.4	8
9	The influence of contextual factors on children's communication of pain during pediatric Haematopoietic Stem Cell Transplantation: A qualitative case study. <i>Journal of Pediatric Nursing</i> , 2022, 64, e119-e129.	0.7	3
10	Development of a Complex Intervention for Effective Management of Type 2 Diabetes in a Developing Country. <i>Journal of Clinical Medicine</i> , 2022, 11, 1149.	1.0	4
11	Associations between hyper-polypharmacy and potentially inappropriate prescribing with clinical and functional outcomes in older adults. <i>Expert Opinion on Drug Safety</i> , 2022, 21, 985-994.	1.0	2
12	How safe is virtual healthcare?. <i>International Journal for Quality in Health Care</i> , 2022, 34, .	0.9	2
13	Engaging with ethnic minority consumers to improve safety in cancer services: A national stakeholder analysis. <i>Patient Education and Counseling</i> , 2022, 105, 2778-2784.	1.0	4
14	Change in nurses' psychosocial characteristics pre- and post-electronic medical record system implementation coinciding with the SARS-CoV-2 pandemic: pre- and post-cross-sectional surveys. <i>International Journal of Medical Informatics</i> , 2022, 163, 104783.	1.6	7
15	Creating opportunities for patient participation in managing medications across transitions of care through formal and informal modes of communication. <i>Health Expectations</i> , 2022, 25, 1807-1820.	1.1	5
16	Older patient and family discharge medication communication: A mixed methods study. <i>Journal of Evaluation in Clinical Practice</i> , 2021, 27, 898-906.	0.9	11
17	A systematic review of older patients' experiences and perceptions of communication about managing medication across transitions of care. <i>Research in Social and Administrative Pharmacy</i> , 2021, 17, 273-291.	1.5	43
18	Nurse role and contribution to antimicrobial stewardship: An integrative review. <i>International Journal of Nursing Studies</i> , 2021, 117, 103787.	2.5	36

#	ARTICLE	IF	CITATIONS
19	Enabling sustained communication with patients for safe and effective management of oral chemotherapy: A longitudinal ethnography. <i>Journal of Advanced Nursing</i> , 2021, 77, 899-909.	1.5	4
20	Inappropriate medications and physical function: a systematic review. <i>Therapeutic Advances in Drug Safety</i> , 2021, 12, 204209862110303.	1.0	10
21	The design and evaluation of a pre-procedure checklist specific to the cardiac catheterisation laboratory. <i>Australian Critical Care</i> , 2021, 34, 350-357.	0.6	1
22	Hospital pharmacists's experiences of participating in a partnered pharmacist medication charting credentialing program: a qualitative study. <i>BMC Health Services Research</i> , 2021, 21, 251.	0.9	3
23	Nurse Motivation, Engagement and Well-Being before an Electronic Medical Record System Implementation: A Mixed Methods Study. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 2726.	1.2	17
24	Impact of clinical pharmacy interventions on health and economic outcomes in type 2 diabetes: A systematic review and meta-analysis. <i>Diabetic Medicine</i> , 2021, 38, e14526.	1.2	13
25	Patient perspectives and experiences of sexual health conversations and cardiovascular disease: A qualitative study. <i>Journal of Clinical Nursing</i> , 2021, 30, 3194-3204.	1.4	8
26	Interprofessional and Intraprofessional Communication about Older People's Medications across Transitions of Care. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 3925.	1.2	3
27	Potentially inappropriate prescribing and its associations with health-related and system-related outcomes in hospitalised older adults: A systematic review and meta-analysis. <i>British Journal of Clinical Pharmacology</i> , 2021, 87, 4150-4172.	1.1	62
28	Older patients' engagement in hospital medication safety behaviours. <i>Aging Clinical and Experimental Research</i> , 2021, 33, 3353-3361.	1.4	2
29	Paediatric nurses', children's and parents' adherence to infection prevention and control and knowledge of antimicrobial stewardship: A systematic review. <i>American Journal of Infection Control</i> , 2021, 49, 622-639.	1.1	10
30	Resident and family engagement in medication management in aged care facilities: a systematic review. <i>Expert Opinion on Drug Safety</i> , 2021, 20, 1391-1409.	1.0	5
31	Factors associated with the decision to prescribe and administer antipsychotics for older people with delirium: a qualitative descriptive study. <i>BMJ Open</i> , 2021, 11, e047247.	0.8	4
32	How do health services engage culturally and linguistically diverse consumers? An analysis of consumer engagement frameworks in Australia. <i>Health Expectations</i> , 2021, 24, 1747-1762.	1.1	20
33	Codesigning consumer engagement strategies with ethnic minority consumers in Australian cancer services: the CanEngage Project protocol. <i>BMJ Open</i> , 2021, 11, e048389.	0.8	8
34	Do patient engagement interventions work for all patients? A systematic review and realist synthesis of interventions to enhance patient safety. <i>Health Expectations</i> , 2021, 24, 1905-1923.	1.1	26
35	What influences rural women's choices in maternity care: A qualitative exploratory study. <i>Australian Journal of Cancer Nursing</i> , 2021, 23, 825-833.	0.8	3
36	An evaluation of interventions to improve outcomes for hospitalized patients in isolation: A systematic review.. <i>American Journal of Infection Control</i> , 2021, , .	1.1	2

#	ARTICLE	IF	CITATIONS
37	Associations of person-related, environment-related and communication-related factors on medication errors in public and private hospitals: a retrospective clinical audit. <i>BMC Health Services Research</i> , 2021, 21, 1025.	0.9	17
38	What Drives Patients'™ Complaints About Adverse Events in Their Hospital Care? A Data Linkage Study of Australian Adults 45 Years and Older. <i>Journal of Patient Safety</i> , 2021, Publish Ahead of Print, e1622-e1632.	0.7	2
39	Antimicrobial stewardship in Australia: the role of qualitative research in programme development. <i>JAC-Antimicrobial Resistance</i> , 2021, 3, dlab166.	0.9	8
40	Knowledge and Power Relations in Older Patients'™ Communication About Medications Across Transitions of Care. <i>Qualitative Health Research</i> , 2021, 31, 104973232110434.	1.0	4
41	How does implementation of an electronic medical record system impact nurses'™ work motivation, engagement, satisfaction and well-being? A realist review protocol. <i>BMJ Open</i> , 2021, 11, e055847.	0.8	0
42	Written communication about the use of medications in medical records in a Brazilian hospital. <i>International Journal of Clinical Practice</i> , 2021, , e14990.	0.8	1
43	Communication related to medication incidents'™A concept analysis and literature review. <i>Scandinavian Journal of Caring Sciences</i> , 2021, , .	1.0	1
44	Depression, anxiety and stress among Australian nursing and midwifery undergraduate students during the COVID-19 pandemic: a cross-sectional study. <i>International Journal of Nursing Education Scholarship</i> , 2021, 18, .	0.4	12
45	A Mixed-Methods Study of the Experiences and Beliefs of Older People With Complex Health Care Needs About Medication Adherence. <i>Journal of Nursing Care Quality</i> , 2021, 36, 369-375.	0.5	0
46	Towards patient'™centred communication in the management of older patients' medications across transitions of care: A focused ethnographic study. <i>Journal of Clinical Nursing</i> , 2021, , .	1.4	3
47	How do cognitive and functional impairment relate to the use of anticholinergic medications in hospitalised patients aged 65'™years and over?. <i>Aging Clinical and Experimental Research</i> , 2020, 32, 423-431.	1.4	6
48	Transitioning adolescents to adult nephrology care: a systematic review of the experiences of adolescents, parents, and health professionals. <i>Pediatric Nephrology</i> , 2020, 35, 555-567.	0.9	24
49	Beyond translation: Engaging with culturally and linguistically diverse consumers. <i>Health Expectations</i> , 2020, 23, 159-168.	1.1	60
50	Nurse management of vasoactive medications in intensive care: A systematic review. <i>Journal of Clinical Nursing</i> , 2020, 29, 381-392.	1.4	8
51	Patient and family engagement in communicating with electronic medical records in hospitals: A systematic review. <i>International Journal of Medical Informatics</i> , 2020, 134, 104036.	1.6	10
52	Evaluating the totality of an intervention using qualitative and quantitative methods: The case of the IMAKT study. <i>Research in Social and Administrative Pharmacy</i> , 2020, 16, 851-853.	1.5	0
53	Author's Reply. <i>Value in Health</i> , 2020, 23, 407-408.	0.1	0
54	Capturing domain expert perspectives in devising a rating scale for a health specific writing test: How close can we get?. <i>Assessing Writing</i> , 2020, 46, 100489.	1.7	0

#	ARTICLE	IF	CITATIONS
55	Medication-based Refill Adherence Among Pregnant Women Living With HIV in Nigeria. <i>Clinical Therapeutics</i> , 2020, 42, e209-e219.	1.1	1
56	“I will go to my grave fighting for grammar”: Exploring the ability of language-trained raters to implement a professionally-relevant rating scale for writing. <i>Assessing Writing</i> , 2020, 46, 100488.	1.7	3
57	Cultivating a universal understanding of ART adherence: Comments on “A meta-analysis of effectiveness of interventions to improve adherence in pregnant women receiving antiretroviral therapy in sub-Saharan Africa”. <i>International Journal of Infectious Diseases</i> , 2020, 100, 50-52.	1.5	0
58	Clinicians’ experience of providing care: a rapid review. <i>BMC Health Services Research</i> , 2020, 20, 952.	0.9	4
59	Medicines Use Evaluation guideline. <i>Journal of Pharmacy Practice and Research</i> , 2020, 50, 166-179.	0.5	3
60	Perspectives of pregnant women, family members and health professionals on medication adherence in Nigeria. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2020, 32, 1295-1303.	0.6	1
61	Availability, Accessibility, Acceptability, and Quality of Interpreting Services to Refugee Women in New Zealand. <i>Qualitative Health Research</i> , 2020, 30, 1697-1709.	1.0	21
62	Accessibility and acceptability of health promotion services in New Zealand for minority refugee women. <i>Health Promotion International</i> , 2020, 35, 1484-1494.	0.9	9
63	Comprehensive identification of medication-related problems occurring prior to, during and after emergency department presentation: An Australian multicentre, prospective, observational study. <i>EMA - Emergency Medicine Australasia</i> , 2020, 32, 457-465.	0.5	7
64	The safety of health care for ethnic minority patients: a systematic review. <i>International Journal for Equity in Health</i> , 2020, 19, 118.	1.5	99
65	Incidence and risk factors for acute delirium in older patients with a hip fracture: A retrospective cohort study. <i>Australian Journal of Cancer Nursing</i> , 2020, 22, 958-966.	0.8	7
66	Can feedback approaches reduce unwarranted clinical variation? A systematic rapid evidence synthesis. <i>BMC Health Services Research</i> , 2020, 20, 40.	0.9	18
67	Interventions to reduce medication errors in adult medical and surgical settings: a systematic review. <i>Therapeutic Advances in Drug Safety</i> , 2020, 11, 204209862096830.	1.0	42
68	Interventions Supporting Consumers to Achieve the Best from Medicines and Tests. , 2020, , 59-81.		0
69	Disclosure of adverse events: a data linkage study reporting patient experiences among Australian adults aged ≥45 years. <i>Australian Health Review</i> , 2019, 43, 268.	0.5	5
70	Addressing unwarranted clinical variation: A rapid review of current evidence. <i>Journal of Evaluation in Clinical Practice</i> , 2019, 25, 53-65.	0.9	40
71	Overseas Qualified Nurses’ (OQNs) perspectives and experiences of intraprofessional and nurse-patient communication through a Community of Practice lens. <i>Collegian</i> , 2019, 26, 86-94.	0.6	16
72	Nurses’ decision-making, practices and perceptions of patient involvement in medication administration in an acute hospital setting. <i>Journal of Advanced Nursing</i> , 2019, 75, 1316-1327.	1.5	26

#	ARTICLE	IF	CITATIONS
73	Improving medication adherence in adult kidney transplantation (IMAKT): A pilot randomised controlled trial. <i>Scientific Reports</i> , 2019, 9, 7734.	1.6	20
74	Exploring patient preferences for involvement in medication management in hospitals. <i>Journal of Advanced Nursing</i> , 2019, 75, 2189-2199.	1.5	14
75	Overseas qualified nursesâ€™ communication with other nurses and health professionals: An observational study. <i>Journal of Clinical Nursing</i> , 2019, 28, 3505-3521.	1.4	16
76	Communicating with patients, families and health professionals about managing medications in intensive care: A qualitative observational study. <i>Intensive and Critical Care Nursing</i> , 2019, 54, 15-22.	1.4	5
77	Patient engagement in admission and discharge medication communication: A systematic mixed studies review. <i>International Journal of Nursing Studies</i> , 2019, 95, 87-102.	2.5	31
78	A cluster randomised controlled feasibility study of nurse-initiated behavioural strategies to manage interruptions during medication administration. <i>International Journal for Quality in Health Care</i> , 2019, 31, G67-G73.	0.9	3
79	Post Option B+ implementation programme in Nigeria: Determinants of adherence of antiretroviral therapy among pregnant women with HIV. <i>International Journal of Infectious Diseases</i> , 2019, 81, 225-230.	1.5	12
80	<p>Open disclosure of adverse events: exploring the implications of service and policy structures on practice<p>. <i>Risk Management and Healthcare Policy</i> , 2019, Volume 12, 5-12.	1.2	13
81	Family involvement in managing medications of older patients across transitions of care: a systematic review. <i>BMC Geriatrics</i> , 2019, 19, 95.	1.1	45
82	P308â€¦Timing of initiation of HIV treatment and level of adherence among pregnant women under option b+ programme in nigeria. , 2019, , .		0
83	What is the role of cultural competence in ethnic minority consumer engagement? An analysis in community healthcare. <i>International Journal for Equity in Health</i> , 2019, 18, 191.	1.5	25
84	Factors Associated With Success in Reducing HIV Mother-to-child Transmission in Sub-Saharan Africa: Interviews With Key Stakeholders. <i>Clinical Therapeutics</i> , 2019, 41, 2102-2110.e1.	1.1	3
85	Medication error trends and effects of personâ€™related, environmentâ€™related and communicationâ€™related factors on medication errors in a paediatric hospital. <i>Journal of Paediatrics and Child Health</i> , 2019, 55, 320-326.	0.4	34
86	A patient-centred care and engagement program in intensive care reduces adverse events and improves patient and care partner satisfaction. <i>Australian Critical Care</i> , 2019, 32, 179-181.	0.6	2
87	From telling to sharing to silence: A longitudinal ethnography of professionalâ€™patient communication about oral chemotherapy for colorectal cancer. <i>Psycho-Oncology</i> , 2019, 28, 336-342.	1.0	2
88	Inappropriate medication use in hospitalised oldest old patients across transitions of care. <i>Aging Clinical and Experimental Research</i> , 2019, 31, 1661-1673.	1.4	12
89	Methods for Measuring Multiple Medication Adherence: A Systematic Reviewâ€™Report of the ISPOR Medication Adherence and Persistence Special Interest Group. <i>Value in Health</i> , 2019, 22, 139-156.	0.1	76
90	Culturally sensitive communication in healthcare: A concept analysis. <i>Collegian</i> , 2019, 26, 383-391.	0.6	64

#	ARTICLE	IF	CITATIONS
91	Culturally sensitive communication at the end-of-life in the intensive care unit: A systematic review. <i>Australian Critical Care</i> , 2019, 32, 516-523.	0.6	39
92	Use of Technology-Based Tools to Support Adolescents and Young Adults With Chronic Disease: Systematic Review and Meta-Analysis. <i>JMIR MHealth and UHealth</i> , 2019, 7, e12042.	1.8	30
93	Hospitalization from the patient perspective: a data linkage study of adults in Australia. <i>International Journal for Quality in Health Care</i> , 2018, 30, 358-365.	0.9	15
94	Age-dependent physiological changes, medicines and sex-influenced types of falls. <i>Experimental Aging Research</i> , 2018, 44, 221-231.	0.6	6
95	Effects of interdisciplinary collaboration in hospitals on medication errors: an integrative review. <i>Expert Opinion on Drug Safety</i> , 2018, 17, 259-275.	1.0	24
96	Using electronic medical records to create big data and to communicate with patients—Is there room for both?. <i>Collegian</i> , 2018, 25, 467-469.	0.6	3
97	Interdisciplinary medication decision making by pharmacists in pediatric hospital settings: An ethnographic study. <i>Research in Social and Administrative Pharmacy</i> , 2018, 14, 269-278.	1.5	15
98	Predictability of Interruptions During Medication Administration With Related Behavioral Management Strategies. <i>Journal of Nursing Care Quality</i> , 2018, 33, E1-E9.	0.5	6
99	Self-management of medication during hospitalisation: Healthcare providers' and patients' perspectives. <i>Journal of Clinical Nursing</i> , 2018, 27, 753-768.	1.4	23
100	A qualitative study of nurses' perceptions of a behavioural strategies e-learning program to reduce interruptions during medication administration. <i>Nurse Education Today</i> , 2018, 69, 41-47.	1.4	9
101	Quantifying the medication burden of kidney transplant recipients in the first year post-transplantation. <i>International Journal of Clinical Pharmacy</i> , 2018, 40, 1242-1249.	1.0	7
102	Medication adherence in pregnant women with human immunodeficiency virus receiving antiretroviral therapy in sub-Saharan Africa: a systematic review. <i>BMC Public Health</i> , 2018, 18, 805.	1.2	60
103	A meta-analysis of effectiveness of interventions to improve adherence in pregnant women receiving antiretroviral therapy in sub-Saharan Africa. <i>International Journal of Infectious Diseases</i> , 2018, 74, 71-82.	1.5	22
104	Incidence of complications in men undergoing transurethral resection of the prostate. <i>Collegian</i> , 2017, 24, 3-9.	0.6	8
105	Stressors and coping resources of Australian kidney transplant recipients related to medication taking: a qualitative study. <i>Journal of Clinical Nursing</i> , 2017, 26, 1495-1507.	1.4	18
106	Patient-, medication- and environment-related factors affecting medication discrepancies in older patients. <i>Collegian</i> , 2017, 24, 571-577.	0.6	4
107	The impact of interruptions on medication errors in hospitals: an observational study of nurses. <i>Journal of Nursing Management</i> , 2017, 25, 498-507.	1.4	64
108	Patient and family engagement with hospital electronic systems: Juggling for co-existence. <i>International Journal of Nursing Studies</i> , 2017, 68, A1-A3.	2.5	2

#	ARTICLE	IF	CITATIONS
109	Patients' reports of adverse events: a data linkage study of Australian adults aged 45 years and over. <i>BMJ Quality and Safety</i> , 2017, 26, 743-750.	1.8	31
110	Assisting intensive care nurse engagement in difficult conversations: an online learning resource. <i>Australian Critical Care</i> , 2017, 30, 125.	0.6	0
111	Effectiveness of Primary Health Care Services in Addressing Mental Health Needs of Minority Refugee Population in New Zealand. <i>Issues in Mental Health Nursing</i> , 2017, 38, 290-300.	0.6	16
112	Patients' experiences in Australian hospitals: a systematic review of evidence. <i>Australian Health Review</i> , 2017, 41, 419.	0.5	18
113	Healthcare professionals can assist patients with managing post-kidney transplant expectations. <i>Research in Social and Administrative Pharmacy</i> , 2017, 13, 1204-1207.	1.5	11
114	Communication and Decision-Making About End-of-Life Care in the Intensive Care Unit. <i>American Journal of Critical Care</i> , 2017, 26, 336-341.	0.8	38
115	The functions and roles of questioning during nursing handovers in specialty settings: an ethnographic study. <i>Contemporary Nurse</i> , 2017, 53, 182-195.	0.4	7
116	Pain assessment and management in paediatric oncology: a cross-sectional audit. <i>Journal of Clinical Nursing</i> , 2017, 26, 2995-3006.	1.4	13
117	Medication communication between nurses and doctors for paediatric acute care: An ethnographic study. <i>Journal of Clinical Nursing</i> , 2017, 26, 1978-1992.	1.4	21
118	Barriers, enablers and challenges to initiating end-of-life care in an Australian intensive care unit context. <i>Australian Critical Care</i> , 2017, 30, 161-166.	0.6	49
119	Shining a light on the "hidden figures": What does the literature tell us about the role of nurses in antimicrobial stewardship (AMS)? <i>Infection, Disease and Health</i> , 2017, 22, S15-S16.	0.5	0
120	Medication Use and Fall-Related Hospital Admissions from Long-Term Care Facilities: A Hospital-Based Case-Control Study. <i>Drugs and Aging</i> , 2017, 34, 625-633.	1.3	16
121	The transplant team's support of kidney transplant recipients to take their prescribed medications: a collective responsibility. <i>Journal of Clinical Nursing</i> , 2016, 25, 2251-2261.	1.4	18
122	A compilation of consumers' stories: the development of a video to enhance medication adherence in newly transplanted kidney recipients. <i>Journal of Advanced Nursing</i> , 2016, 72, 813-824.	1.5	14
123	Communicating about the management of medications as patients move across transition points of care: an observation and interview study. <i>Journal of Evaluation in Clinical Practice</i> , 2016, 22, 635-643.	0.9	27
124	Difficulties with assessment and management of an infant's distress in the postoperative period: Optimising opportunities for interdisciplinary information-sharing. <i>SAGE Open Medical Case Reports</i> , 2016, 4, 2050313X1668362.	0.2	1
125	Comparison of medication policies to guide nursing practice across seven Victorian health services. <i>Australian Health Review</i> , 2016, 40, 526.	0.5	5
126	Patient Engagement: To Support Medication Adherence in Kidney Transplantation. <i>Value in Health</i> , 2016, 19, A847.	0.1	0

#	ARTICLE	IF	CITATIONS
127	Inter-hospital "patient expectation" calls of clinical handovers for expected patients transferred from rural to metropolitan hospitals: A retrospective clinical audit. <i>Collegian</i> , 2016, 23, 373-382.	0.6	5
128	Creating opportunities for interdisciplinary collaboration and patient-centred care: how nurses, doctors, pharmacists and patients use communication strategies when managing medications in an acute hospital setting. <i>Journal of Clinical Nursing</i> , 2016, 25, 2943-2957.	1.4	31
129	Perspectives of clinical handover processes: a multi-site survey across different health professionals. <i>Journal of Clinical Nursing</i> , 2016, 25, 80-91.	1.4	49
130	Impact of automated dispensing cabinets on medication selection and preparation error rates in an emergency department: a prospective and direct observational before-and-after study. <i>Journal of Evaluation in Clinical Practice</i> , 2016, 22, 156-163.	0.9	40
131	Trials and tribulations with electronic medication adherence monitoring in kidney transplantation. <i>Research in Social and Administrative Pharmacy</i> , 2016, 12, 794-800.	1.5	14
132	Standard setting in specific-purpose language testing: What can a qualitative study add?. <i>Language Testing</i> , 2016, 33, 235-249.	1.7	10
133	Corticosteroid-induced psychiatric disturbances: It is time for pharmacists to take notice. <i>Research in Social and Administrative Pharmacy</i> , 2016, 12, 355-360.	1.5	14
