#	ARTICLE	IF	CITATIONS
1	Clinical outcomes for women who had continuity of care experiences with midwifery students. <i>Women and Birth</i> , 2022, 35, 184-192.	2.0	3
2	Midwives must, obstetricians may: An ethnographic exploration of how policy documents organise intrapartum fetal monitoring practice. <i>Women and Birth</i> , 2022, 35, e188-e197.	2.0	1
3	“I’m not doing what I should be doing as a midwife” An ethnographic exploration of central fetal monitoring and perceptions of clinical safety. <i>Women and Birth</i> , 2022, 35, 193-200.	2.0	4
4	Learning to be a midwife: Midwifery students’ experiences of an extended placement within a midwifery group practice. <i>Women and Birth</i> , 2022, 35, e19-e27.	2.0	6
5	Evaluation of the Midwifery Student Evaluation of Practice (MidSTEP) tool using Rasch analysis. <i>Nurse Education Today</i> , 2022, 108, 105174.	3.3	2
6	Development of a tool to assess students’ perceptions of respectful maternity care. <i>Midwifery</i> , 2022, 105, 103228.	2.3	5
7	Effective Communication About Pregnancy, Birth, Lactation, Breastfeeding and Newborn Care: The Importance of Sexed Language. <i>Frontiers in Global Women’s Health</i> , 2022, 3, 818856.	2.3	31
8	Rural Australian Doctors’ Views About Midwifery and Midwifery Models of Care: A Qualitative Study. <i>International Journal of Childbirth</i> , 2022, 12, 34-43.	0.3	1
9	Educational interventions to promote respectful maternity care: A mixed-methods systematic review. <i>Nurse Education in Practice</i> , 2022, 60, 103317.	2.6	9
10	Development of a co-designed, evidence-based, multi-pronged strategy to support normal birth.. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2022, 62, 790-794.	1.0	1
11	Effectiveness of an online education intervention to enhance student perceptions of Respectful Maternity Care: A quasi-experimental study. <i>Nurse Education Today</i> , 2022, 114, 105405.	3.3	6
12	The STress-And-Coping support Intervention (START) for Chinese Women Undergoing Abortion: A Randomized Controlled Trial Protocol. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 6611.	2.6	0
13	Critiquing the evolution of maternity care preferences research: A systematic mixed studies review. <i>Midwifery</i> , 2022, 111, 103386.	2.3	1
14	Midwifery and nursing students’ perceptions of respectful maternity care and witnessing of disrespect and abuse: A comparative study from Nepal and Jordan. <i>Midwifery</i> , 2022, 112, 103426.	2.3	1
15	The use of eportfolios in pre-registration health professional clinical education: An integrative review. <i>Nurse Education Today</i> , 2022, 117, 105476.	3.3	3
16	The future of the Australian midwifery workforce – impacts of ageing and workforce exit on the number of registered midwives. <i>Women and Birth</i> , 2021, 34, 56-60.	2.0	25
17	Midwives’ self-reported knowledge and skills to assess and promote maternal health literacy: A national cross-sectional survey. <i>Women and Birth</i> , 2021, 34, e188-e195.	2.0	9
18	Hospital accreditation: Driving best outcomes through continuity of midwifery care? A scoping review. <i>Women and Birth</i> , 2021, 34, 113-121.	2.0	6

#	ARTICLE	IF	CITATIONS
19	Identifying the priorities for midwifery education across Australia and New Zealand: A Delphi study. <i>Women and Birth</i> , 2021, 34, 136-144.	2.0	5
20	Quality of measures on respectful and disrespectful maternity care: A systematic review. <i>Australian Journal of Cancer Nursing</i> , 2021, 23, 29-39.	1.6	10
21	Differential access to continuity of midwifery care in Queensland, Australia. <i>Australian Health Review</i> , 2021, 45, 28.	1.1	5
22	Core Outcome Sets Relevant to Maternity Service Users: A Scoping Review. <i>Journal of Midwifery and Women's Health</i> , 2021, 66, 185-202.	1.3	3
23	Postnatal Major Depressive Disorder in Australia: Inequalities and Costs of Healthcare to Individuals, Governments and Insurers. <i>Pharmacoeconomics</i> , 2021, 39, 731-739.	3.3	8
24	Informative title: Effects of social support, parenting stress and self-efficacy on postpartum depression among adolescent mothers in Jordan. <i>Journal of Clinical Nursing</i> , 2021, 30, 3456-3465.	3.0	8
25	Cost-effectiveness of public caseload midwifery compared to standard care in an Australian setting: a pragmatic analysis to inform service delivery. <i>International Journal for Quality in Health Care</i> , 2021, 33, .	1.8	6
26	Feasibility of a novel framework to routinely survey women online about their continuity of care experiences with midwifery students. <i>Nurse Education in Practice</i> , 2021, 55, 103176.	2.6	3
27	“My whole room went into chaos because of that thing in the corner” Unintended consequences of a central fetal monitoring system. <i>Midwifery</i> , 2021, 102, 103074.	2.3	4
28	Women’s reports of satisfaction and respect with continuity of care experiences by students: Findings from a routine, online survey. <i>Women and Birth</i> , 2021, 34, e592-e598.	2.0	9
29	Acknowledging the primacy of continuity of care experiences in midwifery education. <i>Women and Birth</i> , 2020, 33, 111-118.	2.0	27
30	Intrapartum cardiotocograph monitoring and perinatal outcomes for women at risk: Literature review. <i>Women and Birth</i> , 2020, 33, 411-418.	2.0	19
31	Midwifery Student Evaluation of Practice: The MidSTEP tool – Perceptions of clinical learning experiences. <i>Women and Birth</i> , 2020, 33, 440-447.	2.0	19
32	Reducing caesarean delivery: An economic evaluation of routine induction of labour at 39 weeks in low-risk nulliparous women. <i>Paediatric and Perinatal Epidemiology</i> , 2020, 34, 3-11.	1.7	9
33	Impact of traumatic birth on Australian obstetricians: A pilot feasibility study. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2020, 60, 555-560.	1.0	8
34	Simulated employment interviews: A collaborative approach to gaining understanding of the graduate midwife employment process. <i>Women and Birth</i> , 2020, 33, 455-463.	2.0	9
35	Nonpharmacological interventions to improve the psychological well-being of women accessing abortion services and their satisfaction with care: A systematic review. <i>Australian Journal of Cancer Nursing</i> , 2020, 22, 854-867.	1.6	4
36	Single Item Measure of Social Supports: Evaluation of construct validity during pregnancy. <i>Journal of Affective Disorders</i> , 2020, 272, 91-97.	4.1	11
