

Jessica L Thomson

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/4193701/jessica-l-thomson-publications-by-year.pdf>

Version: 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

52 papers	412 citations	11 h-index	17 g-index
60 ext. papers	503 ext. citations	2.8 avg, IF	3.82 L-index

#	Paper	IF	Citations
52	Patterns of physical activity parenting practices among parent-adolescent dyads who participated in a cross-sectional internet-based study. <i>BMC Public Health</i> , 2021 , 21, 1265	4.1	1
51	Moderation by Neighborhood Food Outlets on Relationships between Meal Sources and Diet. <i>American Journal of Health Behavior</i> , 2021 , 45, 290-308	1.9	
50	Food Environment in the Lower Mississippi Delta: Food Deserts, Food Swamps and Hot Spots. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	5
49	Measurement of Nutrition Environments in Grocery Stores, Convenience Stores, and Restaurants in the Lower Mississippi Delta. <i>Preventing Chronic Disease</i> , 2020 , 17, E24	3.7	8
48	Diet quality of children in the United States by body mass index and sociodemographic characteristics. <i>Obesity Science and Practice</i> , 2020 , 6, 84-98	2.6	4
47	Three datasets for nutrition environment measures of food outlets located in the Lower Mississippi Delta region of the United States. <i>F1000Research</i> , 2020 , 9, 1307	3.6	
46	Predictors of engagement and outcome achievement in a behavioural intervention targeting sugar-sweetened beverage intake among rural adults. <i>Public Health Nutrition</i> , 2020 , 23, 554-563	3.3	0
45	Patterns of food parenting practices regarding junk food and sugary drinks among parent-child dyads. <i>Nutrition Journal</i> , 2020 , 19, 91	4.3	1
44	Three datasets for nutrition environment measures of food outlets located in the Lower Mississippi Delta region of the United States. <i>F1000Research</i> , 2020 , 9, 1307	3.6	
43	Assessment of Town and Park Characteristics Related to Physical Activity in the Lower Mississippi Delta. <i>Preventing Chronic Disease</i> , 2019 , 16, E35	3.7	0
42	Enhanced vs Standard Parents as Teacher Curriculum on Factors Related to Infant Feeding among African American Women. <i>Southern Medical Journal</i> , 2019 , 112, 512-519	0.6	2
41	Assessment of neighborhood street characteristics related to physical activity in the Lower Mississippi Delta. <i>Health Promotion Perspectives</i> , 2019 , 9, 24-30	3.1	5
40	Diet quality in a nationally representative sample of American children by sociodemographic characteristics. <i>American Journal of Clinical Nutrition</i> , 2019 , 109, 127-138	7	48
39	No Improvements in Postnatal Dietary Outcomes Were Observed in a Two-Arm, Randomized, Controlled, Comparative Impact Trial among Rural, Southern, African-American Women. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2018 , 118, 1196-1207	3.9	5
38	Feasibility of Online Nutrition Education in the Workplace: Working Toward Healthy Lifestyles. <i>Journal of Nutrition Education and Behavior</i> , 2018 , 50, 868-875	2	5
37	Infant activity and sleep behaviors in a maternal and infant home visiting project among rural, southern, African American women. <i>Maternal Health, Neonatology and Perinatology</i> , 2018 , 4, 10	3.4	
36	Prospective Analysis of Vegetable Amount and Variety on the Risk of All-Cause and Cause-Specific Mortality among US Adults, 1999-2011. <i>Nutrients</i> , 2018 , 10,	6.7	6

35	Infant growth outcomes from birth to 12 months of age: findings from the Delta Healthy Sprouts randomized comparative impact trial. <i>Obesity Science and Practice</i> , 2018 , 4, 299-307	2.6	5
34	Enhanced Curriculum Intervention Did Not Result in Increased Postnatal Physical Activity in Rural, Southern, Primarily African American Women. <i>American Journal of Health Promotion</i> , 2018 , 32, 464-472	2.5	6
33	Maternal weight in the postpartum: results from the Delta healthy sprouts trial. <i>Maternal Health, Neonatology and Perinatology</i> , 2017 , 3, 20	3.4	5
32	Mississippi Communities for Healthy Living. <i>Health Education and Behavior</i> , 2017 , 44, 316-325	4.2	4
31	Physical Activity Changes during Pregnancy in a Comparative Impact Trial. <i>American Journal of Health Behavior</i> , 2016 , 40, 685-696	1.9	8
30	Low rate of initiation and short duration of breastfeeding in a maternal and infant home visiting project targeting rural, Southern, African American women. <i>International Breastfeeding Journal</i> , 2016 , 12, 15	3.8	9
29	Moderators of intervention dose effects on diet quality and physical activity changes in a church-based, multicomponent, lifestyle study: Delta Body and Soul III. <i>Health Education Research</i> , 2016 , 31, 339-49	1.8	1
28	Psychosocial constructs were not mediators of intervention effects for dietary and physical activity outcomes in a church-based lifestyle intervention: Delta Body and Soul III. <i>Public Health Nutrition</i> , 2016 , 19, 2060-9	3.3	2
27	Gestational Weight Gain: Results from the Delta Healthy Sprouts Comparative Impact Trial. <i>Journal of Pregnancy</i> , 2016 , 2016, 5703607	2.5	9
26	Maternal diet quality and nutrient intake in the gestational period: results from the delta healthy sprouts comparative impact trial. <i>Maternal Health, Neonatology and Perinatology</i> , 2016 , 2, 8	3.4	9
25	Baseline Demographic, Anthropometric, Psychosocial, and Behavioral Characteristics of Rural, Southern Women in Early Pregnancy. <i>Maternal and Child Health Journal</i> , 2016 , 20, 1980-8	2.4	8
24	Engagement indicators predict health changes in a lifestyle intervention. <i>American Journal of Health Behavior</i> , 2015 , 39, 409-20	1.9	5
23	Mississippi Communities for Healthy Living: Implementing a nutrition intervention effectiveness study in a rural health disparate region. <i>Contemporary Clinical Trials</i> , 2015 , 42, 196-203	2.3	6
22	Participant adherence indicators predict changes in blood pressure, anthropometric measures, and self-reported physical activity in a lifestyle intervention: HUB city steps. <i>Health Education and Behavior</i> , 2015 , 42, 84-91	4.2	4
21	A church-based pilot study designed to improve dietary quality for rural, lower Mississippi Delta, African American adults. <i>Journal of Religion and Health</i> , 2015 , 54, 455-69	2.6	9
20	Psychosocial constructs and postintervention changes in physical activity and dietary outcomes in a lifestyle intervention, HUB City Steps, 2010. <i>Preventing Chronic Disease</i> , 2015 , 12, E79	3.7	6
19	A randomized trial using motivational interviewing for maintenance of blood pressure improvements in a community-engaged lifestyle intervention: HUB city steps. <i>Health Education Research</i> , 2015 , 30, 910-22	1.8	5
18	Diet Quality and Physical Activity Outcome Improvements Resulting From a Church-Based Diet and Supervised Physical Activity Intervention for Rural, Southern, African American Adults: Delta Body and Soul III. <i>Health Promotion Practice</i> , 2015 , 16, 677-88	1.8	12

17	Delta Healthy Sprouts: a randomized comparative effectiveness trial to promote maternal weight control and reduce childhood obesity in the Mississippi Delta. <i>Contemporary Clinical Trials</i> , 2014 , 38, 82-91	3.3	27
16	HUB city steps: a 6-month lifestyle intervention improves blood pressure among a primarily African-American community. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2014 , 114, 603-12	3.9	20
15	Improvements in blood pressure among undiagnosed hypertensive participants in a community-based lifestyle intervention, Mississippi, 2010. <i>Preventing Chronic Disease</i> , 2014 , 11, E53	3.7	4
14	A church-based diet and physical activity intervention for rural, lower Mississippi Delta African American adults: Delta Body and Soul effectiveness study, 2010-2011. <i>Preventing Chronic Disease</i> , 2013 , 10, E92	3.7	36
13	African American community members sustain favorable blood pressure outcomes through 12-month telephone motivational interviewing (MI) maintenance. <i>FASEB Journal</i> , 2013 , 27, 36.7	0.9	
12	Several steps/day indicators predict changes in anthropometric outcomes: HUB City Steps. <i>BMC Public Health</i> , 2012 , 12, 983	4.1	13
11	Associations among school characteristics and foodservice practices in a nationally representative sample of United States schools. <i>Journal of Nutrition Education and Behavior</i> , 2012 , 44, 423-31	2	7
10	A School-Based Fruit and Vegetable Snacking Pilot Intervention for Lower Mississippi Delta Children. <i>ICAN: Infant, Child, & Adolescent Nutrition</i> , 2012 , 4, 340-347		2
9	Food and beverage choices contributing to dietary guidelines adherence in the Lower Mississippi Delta. <i>Public Health Nutrition</i> , 2011 , 14, 2099-109	3.3	17
8	A simulation study of the potential effects of healthy food and beverage substitutions on diet quality and total energy intake in Lower Mississippi Delta adults. <i>Journal of Nutrition</i> , 2011 , 141, 2191-7	4.1	17
7	Simulated reductions in consumption of sugar-sweetened beverages improves diet quality in Lower Mississippi Delta adults. <i>Food and Nutrition Research</i> , 2011 , 55,	3.1	8
6	Children in school cafeterias select foods containing more saturated fat and energy than the Institute of Medicine recommendations. <i>Journal of Nutrition</i> , 2010 , 140, 1653-60	4.1	25
5	Development and evaluation of WillTry. An instrument for measuring children's willingness to try fruits and vegetables. <i>Appetite</i> , 2010 , 54, 465-72	4.5	14
4	Impact of weather on off-flavour episodes at a Louisiana commercial catfish farm. <i>Aquaculture Research</i> , 2009 , 40, 566-574	1.9	3
3	Modeling disease progression of Camellia twig blight using a recurrent event model. <i>Phytopathology</i> , 2009 , 99, 378-84	3.8	1
2	Survival Analysis to Determine the Length of the Incubation Period of Camellia Twig Blight Caused by Colletotrichum gloeosporioides. <i>Plant Disease</i> , 2008 , 92, 1177-1182	1.5	14
1	FarmersMarket versus Grocery Store Produce: Results of the Delta Produce Sources Study. <i>Journal of Hunger and Environmental Nutrition</i> , 1-14	1.5
