#	ARTICLE	IF	CITATIONS
1	Accuracy of a Proactive Case Detection Tool for Internalizing and Externalizing Problems Among Children and Adolescents. <i>Journal of Adolescent Health</i> , 2023, 72, S88-S95.	1.2	9
2	Increasing Data and Understanding of Adolescent Mental Health Worldwide: UNICEF's Measurement of Mental Health Among Adolescents at the Population Level Initiative. <i>Journal of Adolescent Health</i> , 2023, 72, S12-S14.	1.2	19
3	Adolescent depression beyond DSM definition: a network analysis. <i>European Child and Adolescent Psychiatry</i> , 2023, 32, 881-892.	2.8	13
4	Measurement of Mental Health Among Adolescents at the Population Level: A Multicountry Protocol for Adaptation and Validation of Mental Health Measures. <i>Journal of Adolescent Health</i> , 2023, 72, S27-S33.	1.2	9
5	Psychological and contextual risk factors for first-onset depression among adolescents and young people around the globe: A systematic review and meta-analysis. <i>Microbial Biotechnology</i> , 2023, 17, 5-20.	0.9	6
6	Syndemic effects in complex humanitarian emergencies: A framework for understanding political violence and improving multi-morbidity health outcomes. <i>Social Science and Medicine</i> , 2022, 295, 113378.	1.8	20
7	Tension and Other Idioms of Distress Among Slum Dwelling Young Men: A Qualitative Study of Depression in Urban Bangladesh. <i>Culture, Medicine and Psychiatry</i> , 2022, 46, 531-563.	0.7	11
8	The History of Coordinated Specialty Care for Early Intervention in Psychosis in the United States: A Review of Effectiveness, Implementation, and Fidelity. <i>Community Mental Health Journal</i> , 2022, 58, 835-846.	1.1	17
9	Longitudinal associations between adolescents' individualised risk for depression and inflammation in a UK cohort study. <i>Brain, Behavior, and Immunity</i> , 2022, 101, 78-83.	2.0	11
10	Could Anti-inflammatory Interventions Earlier in Development Confer Primary Prevention of Psychiatric Disorders?. <i>Harvard Review of Psychiatry</i> , 2022, 30, 4-7.	0.9	2
11	Stigma against mental health disorders in Nepal conceptualised with a "what matters most" framework: a scoping review. <i>Epidemiology and Psychiatric Sciences</i> , 2022, 31, e11.	1.8	12
12	Detection of risk for future depression among adolescents: Stakeholder views of acceptability and feasibility in the United Kingdom. <i>Microbial Biotechnology</i> , 2022, , .	0.9	2
13	Treatment Preferences for Pharmacological versus Psychological Interventions among Primary Care Providers in Nepal: Mixed Methods Analysis of a Pilot Cluster Randomized Controlled Trial. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 2149.	1.2	3
14	The experience of receiving a diagnosis of depression in adolescence: A pilot qualitative study in Brazil. <i>Clinical Child Psychology and Psychiatry</i> , 2022, 27, 598-612.	0.8	2
15	Physical activity and depressive symptoms among adolescents in a school-based sample. <i>Revista Brasileira De Psiquiatria</i> , 2022, 44, 313-316.	0.9	1
16	Handling missing data in rest-activity time series measured by actimetry. <i>Chronobiology International</i> , 2022, 39, 964-975.	0.9	5
17	Defining culturally compelling mental health interventions: A qualitative study of perspectives on adolescent depression in Lagos, Nigeria. <i>SSM Mental Health</i> , 2022, 2, 100093.	0.9	3
18	Time for united action on depression: a Lancet World Psychiatric Association Commission. <i>Lancet</i> , The, 2022, 399, 957-1022.	6.3	292

#	ARTICLE	IF	CITATIONS
19	Strengthening public mental health during and after the acute phase of the COVID-19 pandemic. <i>Lancet</i> , 2022, 399, 1851-1852.	6.3	13
20	Mental health stigma at primary health care centres in Lebanon: qualitative study. <i>International Journal of Mental Health Systems</i> , 2022, 16, 23.	1.1	7
21	Mental health stigma and discrimination in Ethiopia: evidence synthesis to inform stigma reduction interventions. <i>International Journal of Mental Health Systems</i> , 2022, 16, .	1.1	9
22	Implementation strategy in collaboration with people with lived experience of mental illness to reduce stigma among primary care providers in Nepal (RESHAPE): protocol for a type 3 hybrid implementation effectiveness cluster randomized controlled trial. <i>Implementation Science</i> , 2022, 17, .	2.5	3
23	Adolescent perspectives on depression as a disease of loneliness: a qualitative study with youth and other stakeholders in urban Nepal. <i>Child and Adolescent Psychiatry and Mental Health</i> , 2022, 16, .	1.2	3
24	Evaluation of competency-driven training for facilitators delivering a psychological intervention for children in Lebanon: a proof-of-concept study. <i>Epidemiology and Psychiatric Sciences</i> , 2022, 31, .	1.8	7
25	Using participatory action research to pilot a model of service user and caregiver involvement in mental health system strengthening in Ethiopian primary healthcare: a case study. <i>International Journal of Mental Health Systems</i> , 2022, 16, .	1.1	3
26	Empowerment training to support service user involvement in mental health system strengthening in rural Ethiopia: a mixed-methods pilot study. <i>BMC Health Services Research</i> , 2022, 22, .	0.9	4
27	EMPOWER: Toward the Global Dissemination of Psychosocial Interventions. <i>Focus (American J Psychiatry)</i> 10.1176/appi.focus.2022.19.01.10000000	0.4	13
28	“Now, I have my baby so I don’t go anywhere”: A mixed method approach to the “everyday” and young motherhood integrating qualitative interviews and passive digital data from mobile devices. <i>PLoS ONE</i> , 2022, 17, e0269443.	1.1	1
29	Assessing stigma in low- and middle-income countries: A systematic review of scales used with children and adolescents. <i>Social Science and Medicine</i> , 2022, 307, 115121.	1.8	2
30	Telomere length analysis from minimally-invasively collected samples: Methods development and meta-analysis of the validity of different sampling techniques. <i>American Journal of Human Biology</i> , 2021, 33, e23410.	0.8	11
31	Predicting the risk of depression among adolescents in Nepal using a model developed in Brazil: the IDEA Project. <i>European Child and Adolescent Psychiatry</i> , 2021, 30, 213-223.	2.8	22
32	Traditional Healers and Mental Health in Nepal: A Scoping Review. <i>Culture, Medicine and Psychiatry</i> , 2021, 45, 97-140.	0.7	9
33	Identifying Adolescents at Risk for Depression: Prediction Score Performance in Cohorts Based in Different Continents. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2021, 60, 262-273.	0.3	43
34	Identifying risk factors and detection strategies for adolescent depression in diverse global settings: A Delphi consensus study. <i>Journal of Affective Disorders</i> , 2021, 279, 66-74.	2.0	26
35	Systematic review of interventions to reduce mental health stigma in India. <i>Asian Journal of Psychiatry</i> , 2021, 55, 102466.	0.9	24
36	COVID-19 mental health impact and responses in low-income and middle-income countries: reimagining global mental health. <i>Lancet Psychiatry</i> , 2021, 8, 535-550.	3.7	455

#	ARTICLE	IF	CITATIONS
37	A cross-cultural interpersonal model of adolescent depression: A qualitative study in rural Nepal. <i>Social Science and Medicine</i> , 2021, 270, 113623.	1.8	15
38	Reassessing the Mental Health Treatment Gap: What Happens if We Include the Impact of Traditional Healing on Mental Illness?. <i>Community Mental Health Journal</i> , 2021, 57, 777-791.	1.1	9
39	Perception of healthcare workers on mobile app-based clinical guideline for the detection and treatment of mental health problems in primary care: a qualitative study in Nepal. <i>BMC Medical Informatics and Decision Making</i> , 2021, 21, 21.	1.5	21
40	Development of the mental health cultural adaptation and contextualization for implementation (mhCACI) procedure: a systematic framework to prepare evidence-based psychological interventions for scaling. <i>Global Mental Health (Cambridge, England)</i> , 2021, 8, e6.	1.0	27
41	Traditional and biomedical care pathways for mental well-being in rural Nepal. <i>International Journal of Mental Health Systems</i> , 2021, 15, 4.	1.1	7
42	Augmentation therapy with minocycline in treatment-resistant depression patients with low-grade peripheral inflammation: results from a double-blind randomised clinical trial. <i>Neuropsychopharmacology</i> , 2021, 46, 939-948.	2.8	125
43	Assessment of service provider competency for child and adolescent psychological treatments and psychosocial services in global mental health: evaluation of feasibility and reliability of the WeACT tool in Gaza, Palestine. <i>Global Mental Health (Cambridge, England)</i> , 2021, 8, e7.	1.0	11
44	Historical Origins of Global Mental Health. , 2021, , 17-30.		0
45	Impact of Service User Video Presentations on Explicit and Implicit Stigma toward Mental Illness among Medical Students in Nepal: A Randomized Controlled Trial. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 2143.	1.2	37
46	“Like a doctor, like a brother”: Achieving competence amongst lay health workers delivering community-based rehabilitation for people with schizophrenia in Ethiopia. <i>PLoS ONE</i> , 2021, 16, e0246158.	1.1	43
47	What Does Social Support Sound Like? Challenges and Opportunities for Using Passive Episodic Audio Collection to Assess the Social Environment. <i>Frontiers in Public Health</i> , 2021, 9, 633606.	1.3	6
48	Drawing open the curtain on home-based interventions. <i>MHealth</i> , 2021, 7, 18-18.	0.9	0
49	Peripheral immune markers and antipsychotic non-response in psychosis. <i>Schizophrenia Research</i> , 2021, 230, 1-8.	1.1	29
50	Cross-cultural adaptation of motivational interviewing for use in rural Nepal. <i>BMC Psychology</i> , 2021, 9, 52.	0.9	1
51	Passive sensing on mobile devices to improve mental health services with adolescent and young mothers in low-resource settings: the role of families in feasibility and acceptability. <i>BMC Medical Informatics and Decision Making</i> , 2021, 21, 117.	1.5	20
52	Mind the brain gap: The worldwide distribution of neuroimaging research on adolescent depression. <i>NeuroImage</i> , 2021, 231, 117865.	2.1	6
53	Implementation and Effectiveness of Nonspecialist-Delivered Interventions for Perinatal Mental Health in High-Income Countries. <i>JAMA Psychiatry</i> , 2021, 78, 498.	6.0	44
54	A systematic review of the association between biological markers and environmental stress risk factors for adolescent depression. <i>Journal of Psychiatric Research</i> , 2021, 138, 163-175.	1.5	27

#	ARTICLE	IF	CITATIONS
55	Effectiveness of Group Problem Management Plus, a brief psychological intervention for adults affected by humanitarian disasters in Nepal: A cluster randomized controlled trial. <i>PLoS Medicine</i> , 2021, 18, e1003621.	3.9	38
56	The Identifying Depression Early in Adolescence Risk Stratified Cohort (IDEA-RiSCo): Rationale, Methods, and Baseline Characteristics. <i>Frontiers in Psychiatry</i> , 2021, 12, 697144.	1.3	16
57	Childhood exposure to ambient air pollution and predicting individual risk of depression onset in UK adolescents. <i>Journal of Psychiatric Research</i> , 2021, 138, 60-67.	1.5	24
58	A distress-continuum, disorder-threshold model of depression: a mixed-methods, latent class analysis study of slum-dwelling young men in Bangladesh. <i>BMC Psychiatry</i> , 2021, 21, 291.	1.1	7
59	Adaptation of the World Health Organization Electronic Mental Health Gap Action Programme Intervention Guide App for Mobile Devices in Nepal and Nigeria: Protocol for a Feasibility Cluster Randomized Controlled Trial. <i>JMIR Research Protocols</i> , 2021, 10, e24115.	0.5	4
60	COVID-19 and global mental health. <i>Lancet Psychiatry</i> , 2021, 8, 456.	3.7	5
61	COVID-19 and global mental health – Authors' reply. <i>Lancet Psychiatry</i> , 2021, 8, 459-460.	3.7	0
62	Culture and Social Structure in Comprehensive Case Formulation. <i>Journal of Nervous and Mental Disease</i> , 2021, 209, 465-466.	0.5	13
63	The WHO EQUIP Foundational Helping Skills Trainer's Curriculum. <i>World Psychiatry</i> , 2021, 20, 449-450.	4.8	10
64	Measuring mental health in humanitarian crises: a practitioner's guide to validity. <i>Conflict and Health</i> , 2021, 15, 72.	1.0	19
65	Perception and Use of Primary Healthcare Services Among People With Cardiometabolic Diseases in Two Resource-Limited Areas in Nepal: A Mixed Methods Study. <i>Frontiers in Public Health</i> , 2021, 9, 698030.	1.3	5
66	Social isolation as a core feature of adolescent depression: a qualitative study in Porto Alegre, Brazil. <i>International Journal of Qualitative Studies on Health and Well-being</i> , 2021, 16, 1978374.	0.6	15
67	Feasibility of implementing a culturally adapted Prolonged Grief Disorder scale in the mental healthcare system in Nepal. <i>Global Mental Health (Cambridge, England)</i> , 2021, 8, e36.	1.0	1
68	Evidence-based approaches for promoting gender equity in global mental health research: Study protocol for social network analysis of researchers in Nepal. <i>SSM Mental Health</i> , 2021, 1, 100032.	0.9	3
69	Proactive detection of people in need of mental healthcare: accuracy of the community case detection tool among children, adolescents and families in Sri Lanka. <i>Child and Adolescent Psychiatry and Mental Health</i> , 2021, 15, 57.	1.2	2
70	The path to global equity in mental health care in the context of COVID-19. <i>Lancet, The</i> , 2021, 398, 1670-1672.	6.3	6
71	Perspectives of healthcare providers, service users, and family members about mental illness stigma in primary care settings: A multi-site qualitative study of seven countries in Africa, Asia, and Europe. <i>PLoS ONE</i> , 2021, 16, e0258729.	1.1	18
72	Collaboration With People With Lived Experience of Mental Illness to Reduce Stigma and Improve Primary Care Services. <i>JAMA Network Open</i> , 2021, 4, e2131475.	2.8	24

#	ARTICLE	IF	CITATIONS
73	Reporting Cultural Adaptation in Psychological Trials – The RECAPT criteria. <i>Clinical Psychology in Europe</i> , 2021, 3, .	0.5	22
74	Exploring the role of immune pathways in the risk and development of depression in adolescence: Research protocol of the IDEA-FLAME study. <i>Brain, Behavior, & Immunity - Health</i> , 2021, 18, 100396.	1.3	1
75	Developing the Group Facilitation Assessment of Competencies Tool for Group-Based Mental Health and Psychosocial Support Interventions in Humanitarian and Low-Resource Settings. <i>Journal on Education in Emergencies</i> , 2021, 7, 334.	0.1	4
76	Gender inequality in the global mental health research workforce: a research authorship scoping review and qualitative study in Nepal. <i>BMJ Global Health</i> , 2021, 6, e006146.	2.0	6
77	Reducing mental health-related stigma in primary health care settings in low- and middle-income countries: a systematic review. <i>Epidemiology and Psychiatric Sciences</i> , 2020, 29, e3.	1.8	41
78	Reducing mental health-related stigma among medical and nursing students in low- and middle-income countries: a systematic review. <i>Epidemiology and Psychiatric Sciences</i> , 2020, 29, e28.	1.8	48
79	Mental health and psychosocial support needs among people displaced by Boko Haram in Nigeria. <i>Global Public Health</i> , 2020, 15, 358-371.	1.0	14
80	Reducing mental health-related stigma in primary health care settings in low- and middle-income countries: a systematic review – CORRIGENDUM. <i>Epidemiology and Psychiatric Sciences</i> , 2020, 29, .	1.8	3
81	In-Home Passive Sensor Data Collection and Its Implications for Social Media Research: Perspectives of Community Women in Rural South Africa. <i>Journal of Empirical Research on Human Research Ethics</i> , 2020, 15, 97-107.	0.6	7
82	Stigma reduction interventions for children and adolescents in low- and middle-income countries: Systematic review of intervention strategies. <i>Social Science and Medicine</i> , 2020, 246, 112749.	1.8	60
83	Use of role plays to assess therapist competency and its association with client outcomes in psychological interventions: A scoping review and competency research agenda. <i>Behaviour Research and Therapy</i> , 2020, 130, 103531.	1.6	28
84	Childhood trauma, HPA axis activity and antidepressant response in patients with depression. <i>Brain, Behavior, and Immunity</i> , 2020, 87, 229-237.	2.0	70
85	Peripheral Blood Cell – Stratified Subgroups of Inflamed Depression. <i>Biological Psychiatry</i> , 2020, 88, 185-196.	0.7	89
86	Social Neuroscience in Global Mental Health. , 2020, , 438-449.		0
87	Predicting the risk of future depression among school-attending adolescents in Nigeria using a model developed in Brazil.. <i>Psychiatry Research</i> , 2020, 294, 113511.	1.7	17
88	Common factors in psychological treatments delivered by non-specialists in low- and middle-income countries: Manual review of competencies. <i>Journal of Behavioral and Cognitive Therapy</i> , 2020, 30, 165-186.	0.7	20
89	Syndemics of HIV with mental illness and other noncommunicable diseases. <i>Current Opinion in HIV and AIDS</i> , 2020, Publish Ahead of Print, 226-231.	1.5	11
90	Detection of risk for depression among adolescents in diverse global settings: protocol for the IDEA qualitative study in Brazil, Nepal, Nigeria and the UK. <i>BMJ Open</i> , 2020, 10, e034335.	0.8	11

#	ARTICLE	IF	CITATIONS
91	Developing a Theory of Change model of service user and caregiver involvement in mental health system strengthening in primary health care in rural Ethiopia. <i>International Journal of Mental Health Systems</i> , 2020, 14, 51.	1.1	46
92	Culturally and developmentally adapting group interpersonal therapy for adolescents with depression in rural Nepal. <i>BMC Psychology</i> , 2020, 8, 83.	0.9	16
