

Antonios Likourezos

List of Publications by Citations

Source: <https://exaly.com/author-pdf/4241447/antonios-likourezos-publications-by-citations.pdf>

Version: 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
37	Physician and nurse satisfaction with an Electronic Medical Record system. <i>Journal of Emergency Medicine</i> , 2004 , 27, 419-24	1.5	115
36	Intravenous Subdissociative-Dose Ketamine Versus Morphine for Analgesia in the Emergency Department: A Randomized Controlled Trial. <i>Annals of Emergency Medicine</i> , 2015 , 66, 222-229.e1	2.1	83
35	Comparison of Intravenous Ketorolac at Three Single-Dose Regimens for Treating Acute Pain in the Emergency Department: A Randomized Controlled Trial. <i>Annals of Emergency Medicine</i> , 2017 , 70, 177-184 ^{2,1}	2.1	57
34	A prospective randomized, double-dummy trial comparing IV push low dose ketamine to short infusion of low dose ketamine for treatment of pain in the ED. <i>American Journal of Emergency Medicine</i> , 2017 , 35, 1095-1100	2.9	44
33	Diltiazem vs. Metoprolol in the Management of Atrial Fibrillation or Flutter with Rapid Ventricular Rate in the Emergency Department. <i>Journal of Emergency Medicine</i> , 2015 , 49, 175-82	1.5	42
32	A Prospective Analysis of Patients Presenting for Medical Attention at a Large Electronic Dance Music Festival. <i>Prehospital and Disaster Medicine</i> , 2017 , 32, 78-82	0.8	22
31	Intravenous subdissociative-dose ketamine versus morphine for acute geriatric pain in the Emergency Department: A randomized controlled trial. <i>American Journal of Emergency Medicine</i> , 2019 , 37, 220-227	2.9	21
30	Comparison of Oral Ibuprofen at Three Single-Dose Regimens for Treating Acute Pain in the Emergency Department: A Randomized Controlled Trial. <i>Annals of Emergency Medicine</i> , 2019 , 74, 530-537 ^{2,1}	2.1	17
29	Ultrasound-guided nerve blocks for intracapsular and extracapsular hip fractures. <i>American Journal of Emergency Medicine</i> , 2016 , 34, 586-9	2.9	17
28	A Targeted Mindfulness Curriculum for Medical Students During Their Emergency Medicine Clerkship Experience. <i>Western Journal of Emergency Medicine</i> , 2018 , 19, 762-766	3.3	15
27	Extension of the Thoracic Spine Sign: A New Sonographic Marker of Pleural Effusion. <i>Journal of Ultrasound in Medicine</i> , 2015 , 34, 1555-61	2.9	12
26	Sub-dissociative dose ketamine administration for managing pain in the emergency department. <i>World Journal of Emergency Medicine</i> , 2018 , 9, 249-255	1.9	11
25	Comparison of intravenous lidocaine/ketorolac combination to either analgesic alone for suspected renal colic pain in the ED. <i>American Journal of Emergency Medicine</i> , 2020 , 38, 165-172	2.9	11
24	Continuous Intravenous Sub-Dissociative Dose Ketamine Infusion for Managing Pain in the Emergency Department. <i>Western Journal of Emergency Medicine</i> , 2018 , 19, 559-566	3.3	11
23	The usefulness of procalcitonin in the diagnosis of appendicitis in children: a pilot study. <i>Emergency Medicine International</i> , 2012 , 2012, 317504	1.4	9
22	Patterns of Ketorolac dosing by emergency physicians. <i>World Journal of Emergency Medicine</i> , 2017 , 8, 43-46	1.9	8
21	Analgesic Administration for Patients with Renal Colic in the Emergency Department Before and After Implementation of an Opioid Reduction Initiative. <i>Western Journal of Emergency Medicine</i> , 2018 , 19, 1028-1035	3.3	8

20	The use of point of care ultrasound in the evaluation of pediatric soft tissue neck masses. <i>American Journal of Emergency Medicine</i> , 2019 , 37, 1466-1469	2.9	6
19	Administration of Nebulized Ketamine for Managing Acute Pain in the Emergency Department: A Case Series. <i>Clinical Practice and Cases in Emergency Medicine</i> , 2020 , 4, 16-20	0.9	5
18	The treatment of tuberculous aortic pseudoaneurysm. <i>Journal of Cardiac Surgery</i> , 2018 , 33, 840-852	1.3	5
17	Interscalene brachial plexus nerve block in the emergency department: an effective and practice-changing workshop. <i>Ultrasound Journal</i> , 2019 , 11, 15	4.1	4
16	Association of ultrasound-related interruption during cardiopulmonary resuscitation with adult cardiac arrest outcomes: A video-reviewed retrospective study. <i>Resuscitation</i> , 2020 , 149, 74-80	4	3
15	Comparison of Oral Ibuprofen and Acetaminophen with Either Analgesic Alone for Pediatric Emergency Department Patients with Acute Pain. <i>Journal of Emergency Medicine</i> , 2020 , 58, 725-732	1.5	3
14	Pain management of renal colic in the emergency department with intravenous lidocaine. <i>American Journal of Emergency Medicine</i> , 2018 , 36, 1862-1864	2.9	3
13	Isolated non-cardiogenic pulmonary edema - A rare complication of MDMA toxicity. <i>American Journal of Emergency Medicine</i> , 2017 , 35, 1385.e3-1385.e6	2.9	3
12	Post-traumatic Stress Disorder in Family-witnessed Resuscitation of Emergency Department Patients. <i>Western Journal of Emergency Medicine</i> , 2020 , 21, 1182-1187	3.3	3
11	Does oral radiocontrast affect image quality of abdominal sonography?. <i>American Journal of Emergency Medicine</i> , 2018 , 36, 684-686	2.9	2
10	Focused Teaching Improves Medical Student Professionalism and Data Gathering Skills in the Emergency Department. <i>Cureus</i> , 2019 , 11, e5765	1.2	2
9	Analgesic efficacy of morphine sulfate immediate release vs. oxycodone/acetaminophen for acute pain in the emergency department. <i>American Journal of Emergency Medicine</i> , 2021 , 46, 579-584	2.9	2
8	Comparison of Nebulized Ketamine at Three Different Dosing Regimens for Treating Painful Conditions in the Emergency Department: A Prospective, Randomized, Double-Blind Clinical Trial. <i>Annals of Emergency Medicine</i> , 2021 , 78, 779-787	2.1	2
7	Relocation of blood gas laboratory to the emergency department helps decrease lactic acid values. <i>American Journal of Emergency Medicine</i> , 2018 , 36, 2035-2037	2.9	1
6	An ultrasound training program's effect on central venous catheter locations and complications. <i>American Journal of Emergency Medicine</i> , 2014 , 32, 1290-3	2.9	1
5	Language Barriers and Timely Analgesia for Long Bone Fractures in a Pediatric Emergency Department. <i>Western Journal of Emergency Medicine</i> , 2021 , 22, 225-231	3.3	1
4	Does Orally-Administered Radiocontrast Impair Ultrasound Image Quality in Pediatric Patients?. <i>Western Journal of Emergency Medicine</i> , 2020 , 21, 359-364	3.3	0
3	Diagnostic Accuracy of Point-Of-Care Ultrasound for Intussusception Performed by Pediatric Emergency Medicine Physicians. <i>Journal of Emergency Medicine</i> , 2021 , 60, 626-632	1.5	0

- 2 In reply. *Annals of Emergency Medicine*, **2018**, 71, 267-268 2.1
- 1 Emergency physician bedside echocardiographic identification of left ventricular diastolic dysfunction. *American Journal of Emergency Medicine*, **2021**, 44, 20-25 2.9
