#	Paper	IF	Citations
135	Oral manifestations and blood profile in patients with iron deficiency anemia. <i>Journal of the Formosan Medical Association</i> , 2014 , 113, 83-7	3.2	86
134	Significant association of deficiencies of hemoglobin, iron, vitamin B12, and folic acid and high homocysteine level with recurrent aphthous stomatitis. <i>Journal of Oral Pathology and Medicine</i> , 2015 , 44, 300-5	3.3	79
133	Significantly higher frequencies of presence of serum autoantibodies in Chinese patients with oral lichen planus. <i>Journal of Oral Pathology and Medicine</i> , 2009 , 38, 48-54	3.3	75
132	Significant association of deficiencies of hemoglobin, iron, folic acid, and vitamin B12 and high homocysteine level with oral lichen planus. <i>Journal of the Formosan Medical Association</i> , 2015 , 114, 124-9 ^{3.2}	3.2	74
131	Central ossifying fibroma: a clinicopathologic study of 28 cases. <i>Journal of the Formosan Medical Association</i> , 2008 , 107, 288-94	3.2	63
130	Oral lichen planus - Differential diagnoses, serum autoantibodies, hematitic deficiencies, and management. <i>Journal of the Formosan Medical Association</i> , 2018 , 117, 756-765	3.2	61
129	High frequencies of vitamin B12 and folic acid deficiencies and gastric parietal cell antibody positivity in oral submucous fibrosis patients. <i>Journal of the Formosan Medical Association</i> , 2015 , 114, 813-9	3.2	55
128	Oral manifestations and blood profile in patients with thalassemia trait. <i>Journal of the Formosan Medical Association</i> , 2013 , 112, 761-5	3.2	53
127	Hematitic deficiencies and pernicious anemia in oral mucosal disease patients with macrocytosis. <i>Journal of the Formosan Medical Association</i> , 2015 , 114, 736-41	3.2	51
126	Type 1 fibroblast growth factor receptor in cranial neural crest cell-derived mesenchyme is required for palatogenesis. <i>Journal of Biological Chemistry</i> , 2013 , 288, 22174-83	5.4	48
125	Hematitic deficiencies and anemia statuses in antigastric parietal cell antibody-positive erosive oral lichen planus patients with desquamative gingivitis. <i>Journal of the Formosan Medical Association</i> , 2016 , 115, 860-866	3.2	46
124	Hematitic deficiencies and anemia statuses in recurrent aphthous stomatitis patients with or without atrophic glossitis. <i>Journal of the Formosan Medical Association</i> , 2016 , 115, 1061-1068	3.2	45
123	Antigastric parietal cell and antithyroid autoantibodies in patients with recurrent aphthous stomatitis. <i>Journal of the Formosan Medical Association</i> , 2017 , 116, 4-9	3.2	44
122	Antigastric parietal cell and antithyroid autoantibodies in patients with desquamative gingivitis. <i>Journal of Oral Pathology and Medicine</i> , 2017 , 46, 307-312	3.3	44
121	Localized juvenile spongiotic gingival hyperplasia. <i>Oral Surgery Oral Medicine Oral Pathology Oral Radiology and Endodontics</i> , 2008 , 106, 411-8		42
120	Hematitic deficiencies and anemia statuses in oral mucosal disease patients with folic acid deficiency. <i>Journal of the Formosan Medical Association</i> , 2015 , 114, 806-12	3.2	41
119	Bi-layer scaffold of chitosan/PCL-nanofibrous mat and PLLA-microporous disc for skin tissue engineering. <i>Journal of Biomedical Nanotechnology</i> , 2014 , 10, 1105-13	4	41

118	Recurrent aphthous stomatitis - Etiology, serum autoantibodies, anemia, hematinic deficiencies, and management. <i>Journal of the Formosan Medical Association</i> , 2019 , 118, 1279-1289	3.2	41
117	Anemia and hematinic deficiencies in anti-gastric parietal cell antibody-positive or all autoantibodies-negative recurrent aphthous stomatitis patients. <i>Journal of the Formosan Medical Association</i> , 2017 , 116, 99-106	3.2	39
116	Effective vitamin B12 treatment can reduce serum antigastric parietal cell antibody titer in patients with oral mucosal disease. <i>Journal of the Formosan Medical Association</i> , 2016 , 115, 837-844	3.2	39
115	Hematinic deficiencies and anemia statuses in anti-gastric parietal cell antibody-positive or all autoantibodies-negative erosive oral lichen planus patients. <i>Journal of the Formosan Medical Association</i> , 2018 , 117, 227-234	3.2	38
114	Cessation of epithelial Bmp signaling switches the differentiation of crown epithelia to the root lineage in a β catenin-dependent manner. <i>Molecular and Cellular Biology</i> , 2013 , 33, 4732-44	4.8	38
113	Anemia and hematinic deficiencies in anti-gastric parietal cell antibody-positive and -negative recurrent aphthous stomatitis patients with anti-thyroid antibody positivity. <i>Journal of the Formosan Medical Association</i> , 2017 , 116, 145-152	3.2	36
112	Anemia and hematinic deficiencies in gastric parietal cell antibody-positive and -negative oral mucosal disease patients with microcytosis. <i>Journal of the Formosan Medical Association</i> , 2017 , 116, 613-619	3.2	36
111	Blood profile of oral mucosal disease patients with both vitamin B12 and iron deficiencies. <i>Journal of the Formosan Medical Association</i> , 2015 , 114, 532-8	3.2	36
110	Perineural invasion and expression of nerve growth factor can predict the progression and prognosis of oral tongue squamous cell carcinoma. <i>Journal of Oral Pathology and Medicine</i> , 2014 , 43, 258-64	3.3	36
109	High-Risk Human Papillomaviruses May Have an Important Role in Non-Oral Habits-Associated Oral Squamous Cell Carcinomas in Taiwan. <i>American Journal of Clinical Pathology</i> , 2003 , 120, 909-916	1.9	34
108	Significantly higher frequencies of anemia, hematinic deficiencies, hyperhomocysteinemia, and serum gastric parietal cell antibody positivity in atrophic glossitis patients. <i>Journal of the Formosan Medical Association</i> , 2018 , 117, 1065-1071	3.2	33
107	Examination of circulating serum autoantibodies and hematinics is important for treatment of oral lichen planus. <i>Journal of the Formosan Medical Association</i> , 2017 , 116, 569-570	3.2	32
106	Retrospective survey of biopsied oral lesions in pediatric patients. <i>Journal of the Formosan Medical Association</i> , 2009 , 108, 862-71	3.2	32
105	Masson trichrome stain helps differentiate myofibroma from smooth muscle lesions in the head and neck region. <i>Journal of the Formosan Medical Association</i> , 2008 , 107, 767-73	3.2	32
104	Blood examination is necessary for oral mucosal disease patients. <i>Journal of the Formosan Medical Association</i> , 2016 , 115, 1-2	3.2	31
103	Self-renewal and multilineage differentiation of mouse dental epithelial stem cells. <i>Stem Cell Research</i> , 2013 , 11, 990-1002	1.6	30
102	Significantly higher frequencies of hemoglobin, iron, vitamin B12, and folic acid deficiencies and of hyperhomocysteinemia in patients with Behcet's disease. <i>Journal of the Formosan Medical Association</i> , 2018 , 117, 932-938	3.2	29
101	Hamsters chewing betel quid or areca nut directly show a decrease in body weight and survival rates with concomitant epithelial hyperplasia of cheek pouch. <i>Oral Oncology</i> , 2004 , 40, 720-7	4.4	29

100	Gastric parietal cell and thyroid autoantibodies in patients with Behcet's disease. <i>Journal of the Formosan Medical Association</i> , 2018 , 117, 505-511	3.2	28
99	Examination of serum hematinics and autoantibodies is important for treatment of recurrent aphthous stomatitis. <i>Journal of the Formosan Medical Association</i> , 2018 , 117, 258-260	3.2	27
98	Increased expression of MCM5 is significantly associated with aggressive progression and poor prognosis of oral squamous cell carcinoma. <i>Journal of Oral Pathology and Medicine</i> , 2014 , 43, 344-9	3.3	27
97	Hemoglobin, iron, vitamin B12, and folic acid deficiencies and hyperhomocysteinemia in Behcet's disease patients with atrophic glossitis. <i>Journal of the Formosan Medical Association</i> , 2018 , 117, 559-565	3.2	26
96	Hematinic deficiencies and anemia in gastric parietal cell antibody-positive and -negative oral submucous fibrosis patients. <i>Journal of Dental Sciences</i> , 2018 , 13, 68-74	2.5	26
95	Hematinic deficiencies and hyperhomocysteinemia in gastric parietal cell antibody-positive or gastric and thyroid autoantibodies-negative Behcet's disease patients. <i>Journal of the Formosan Medical Association</i> , 2019 , 118, 347-353	3.2	24
94	Oral traumatic ulcerative granuloma with stromal eosinophilia: A clinicopathological study of 34 cases. <i>Journal of the Formosan Medical Association</i> , 2015 , 114, 881-5	3.2	23
93	Gastric parietal cell and thyroid autoantibodies in Behcet's disease patients with or without atrophic glossitis. <i>Journal of the Formosan Medical Association</i> , 2018 , 117, 691-696	3.2	23
92	A simple material model to generate epidermal and dermal layers in vitro for skin regeneration. <i>Journal of Materials Chemistry B</i> , 2014 , 2, 5256-5264	7.3	23
91	Langerhans cells in odontogenic epithelia of odontogenic fibromas. <i>Journal of the Formosan Medical Association</i> , 2013 , 112, 756-60	3.2	23
90	Gastric parietal cell and thyroid autoantibodies in patients with atrophic glossitis. <i>Journal of the Formosan Medical Association</i> , 2019 , 118, 973-978	3.2	22
89	Anemia, hematinic deficiencies, and hyperhomocysteinemia in gastric parietal cell antibody-positive and -negative atrophic glossitis patients. <i>Journal of the Formosan Medical Association</i> , 2019 , 118, 565-571	3.2	22
88	Serum thyroid autoantibodies are not associated with anemia, hematinic deficiencies, and hyperhomocysteinemia in patients with Behcet's disease. <i>Journal of Dental Sciences</i> , 2018 , 13, 256-262	2.5	21
87	Langerhans cells in the lining epithelia of odontogenic cysts. <i>Journal of the Formosan Medical Association</i> , 2013 , 112, 725-7	3.2	19
86	Fibroblast growth factor signaling is essential for self-renewal of dental epithelial stem cells. <i>Journal of Biological Chemistry</i> , 2013 , 288, 28952-61	5.4	18
85	Noncalcifying variant of calcifying epithelial odontogenic tumor with Langerhans cells. <i>Journal of the Formosan Medical Association</i> , 2015 , 114, 781-2	3.2	17
84	Decreased expression of Ep-CAM protein is significantly associated with the progression and prognosis of oral squamous cell carcinomas in Taiwan. <i>Journal of Oral Pathology and Medicine</i> , 2009 , 38, 87-93	3.3	17
83	Odontoma: a clinicopathologic study of 81 cases. <i>Journal of the Formosan Medical Association</i> , 2003 , 102, 876-82	3.2	17

82	Hematinic deficiencies and hyperhomocysteinemia in gastric parietal cell antibody-positive or gastric and thyroid autoantibodies-negative atrophic glossitis patients. <i>Journal of the Formosan Medical Association</i> , 2019 , 118, 1114-1121	3.2	16
81	Langerhans cells in lining epithelia of epidermoid cysts. <i>Journal of Dental Sciences</i> , 2013 , 8, 448-450	2.5	16
80	Non-calcifying and Langerhans cell-rich variant of calcifying epithelial odontogenic tumor. <i>Journal of Dental Sciences</i> , 2016 , 11, 117-122	2.5	16
79	Dentist manpower development and geographical distribution of dentists in Taiwan. <i>Journal of Dental Sciences</i> , 2020 , 15, 121-131	2.5	15
78	Langerhans cells in keratoacanthoma. <i>Journal of the Formosan Medical Association</i> , 2015 , 114, 475-6	3.2	15
77	Anemia, hematinic deficiencies, hyperhomocysteinemia, and serum gastric parietal cell antibody positivity in 884 patients with burning mouth syndrome. <i>Journal of the Formosan Medical Association</i> , 2020 , 119, 813-820	3.2	15
76	Blood profile of atrophic glossitis patients with thyroglobulin antibody/thyroid microsomal antibody positivity but without gastric parietal cell antibody positivity. <i>Journal of the Formosan Medical Association</i> , 2019 , 118, 1218-1224	3.2	13
75	Salivary Sialadenoma Papilliferum Consists of Two Morphologically, Immunophenotypically, and Genetically Distinct Subtypes. <i>Head and Neck Pathology</i> , 2020 , 14, 489-496	3.3	13
74	Langerhans cells in plexiform ameloblastoma. <i>Journal of Dental Sciences</i> , 2017 , 12, 195-197	2.5	12
73	Signal transduction pathways involved in epithelial-mesenchymal transition in oral cancer compared with other cancers. <i>Cells Tissues Organs</i> , 2007 , 185, 40-7	2.1	12
72	Comparison of learning effectiveness between physical classroom and online learning for dental education during the COVID-19 pandemic. <i>Journal of Dental Sciences</i> , 2021 , 16, 1281-1289	2.5	11
71	Langerhans cell counts in oral epithelial dysplasia and their correlation to clinicopathological parameters. <i>Journal of the Formosan Medical Association</i> , 2017 , 116, 457-463	3.2	10
70	Langerhans cells in granular cell ameloblastoma. <i>Journal of the Formosan Medical Association</i> , 2017 , 116, 642-644	3.2	10
69	Genetic Susceptibility and Protein Expression of Extracellular Matrix Turnover-Related Genes in Oral Submucous Fibrosis. <i>International Journal of Molecular Sciences</i> , 2020 , 21,	6.3	10
68	Anemia, hematinic deficiencies, hyperhomocysteinemia, and gastric parietal cell antibody positivity in burning mouth syndrome patients with vitamin B12 deficiency. <i>Journal of Dental Sciences</i> , 2020 , 15, 34-41	2.5	10
67	Atrophic glossitis: Etiology, serum autoantibodies, anemia, hematinic deficiencies, hyperhomocysteinemia, and management. <i>Journal of the Formosan Medical Association</i> , 2020 , 119, 774-780	3.2	10
66	Anemia, hematinic deficiencies, hyperhomocysteinemia, and serum gastric parietal cell antibody positivity in atrophic glossitis patients with or without microcytosis. <i>Journal of the Formosan Medical Association</i> , 2019 , 118, 1401-1407	3.2	9
65	Anemia, hematinic deficiencies, hyperhomocysteinemia, and gastric parietal cell antibody positivity in burning mouth syndrome patients with iron deficiency. <i>Journal of Dental Sciences</i> , 2020 , 15, 42-49	2.5	9

64	Imbalance in the geographical distribution of practicing dentists in postgraduate dental training institutions in Taiwan. <i>Journal of Dental Sciences</i> , 2020 , 15, 249-256	2.5	9
63	Anemia, hematinic deficiencies, and hyperhomocysteinemia in gastric parietal cell antibody-positive and -negative burning mouth syndrome patients. <i>Journal of the Formosan Medical Association</i> , 2021 , 120, 819-826	3.2	9
62	Pyostomatitis vegetans: An oral manifestation of inflammatory bowel disease. <i>Journal of the Formosan Medical Association</i> , 2015 , 114, 672-3	3.2	8
61	Anemia, hematinic deficiencies, hyperhomocysteinemia, and gastric parietal cell antibody positivity in burning mouth syndrome patients with or without microcytosis. <i>Journal of Dental Sciences</i> , 2021 , 16, 608-613	2.5	8
60	Langerhans cells in a dermoid cyst epithelium lining. <i>Journal of the Formosan Medical Association</i> , 2016 , 115, 57-8	3.2	8
59	Intravascular papillary endothelial hyperplasia in the lower labial mucosa mimicking a mucocele. <i>Journal of Dental Sciences</i> , 2018 , 13, 408-410	2.5	8
58	Majority of oral mucosal disease patients with thyroid autoantibodies have euthyroid and only minority of them have either hypothyroidism or hyperthyroidism. <i>Journal of the Formosan Medical Association</i> , 2019 , 118, 1383-1384	3.2	7
57	Current practice patterns and training project of oral pathology specialists in Taiwan. <i>Journal of Dental Sciences</i> , 2020 , 15, 168-175	2.5	7
56	High-risk human papillomaviruses may have an important role in non-oral habits-associated oral squamous cell carcinomas in Taiwan. <i>American Journal of Clinical Pathology</i> , 2003 , 120, 909-16	1.9	7
55	The status of hospital dentistry in Taiwan in October 2019. <i>Journal of Dental Sciences</i> , 2020 , 15, 505-512	2.5	7
54	The changes of the number and regional distribution of dentists and dental institutions 9 years after the implementation of postgraduate year training program for dentists in Taiwan. <i>Journal of Dental Sciences</i> , 2021 , 16, 437-444	2.5	7
53	Does postgraduate year training program for dentists worsen the imbalance of geographical distribution of dentists in Taiwan?. <i>Journal of Dental Sciences</i> , 2020 , 15, 542-549	2.5	6
52	Oral plexiform neurofibroma. <i>Journal of Dental Sciences</i> , 2016 , 11, 468-469	2.5	6
51	Poly-L-lactic acid injection-induced delayed-onset foreign body granuloma. <i>Journal of the Formosan Medical Association</i> , 2017 , 116, 402-403	3.2	5
50	Gastric parietal cell and thyroid autoantibodies in patients with burning mouth syndrome. <i>Journal of the Formosan Medical Association</i> , 2020 , 119, 1758-1763	3.2	5
49	Hyaluronic acid injection-induced delayed-onset foreign body granuloma. <i>Journal of Dental Sciences</i> , 2015 , 10, 341-343	2.5	5
48	Anemia, hematinic deficiencies, and gastric parietal cell antibody positivity in atrophic glossitis patients with or without hyperhomocysteinemia. <i>Journal of the Formosan Medical Association</i> , 2020 , 119, 544-552	3.2	5
47	Anemia, hematinic deficiencies, hyperhomocysteinemia, and gastric parietal cell antibody positivity in atrophic glossitis patients with vitamin B12 deficiency. <i>Journal of the Formosan Medical Association</i> , 2020 , 119, 720-727	3.2	4

46	Granular cell tumor: Case report. <i>Journal of Dental Sciences</i> , 2021 , 16, 1018-1019	2.5	4
45	Distribution of students admitted to dental schools of general universities in Taiwan in 2020. <i>Journal of Dental Sciences</i> , 2021 , 16, 567-579	2.5	4
44	Regional distributions of overall dentists and institutional dentists in Taiwan in 2019. <i>Journal of Dental Sciences</i> , 2021 , 16, 682-690	2.5	4
43	Comparison of virtual microscopy and real microscopy for learning oral pathology laboratory course among dental students. <i>Journal of Dental Sciences</i> , 2021 , 16, 840-845	2.5	4
42	Does serum gastric parietal cell antibody titer have influence on anemia and vitamin B12 deficiency in atrophic glossitis patients?. <i>Journal of the Formosan Medical Association</i> , 2020 , 119, 377-383	3.2	3
41	Glandular odontogenic cyst in the anterior mandible. <i>Journal of Dental Sciences</i> , 2018 , 13, 405-407	2.5	3
40	Anemia, hematinic deficiencies, and hyperhomocysteinemia in serum gastric parietal cell antibody-positive burning mouth syndrome patients without serum thyroid autoantibodies. <i>Journal of Dental Sciences</i> , 2021 , 16, 1110-1116	2.5	3
39	Anemia and hematinic deficiencies in oral mucosal disease patients with microcytosis. <i>Journal of the Formosan Medical Association</i> , 2017 , 116, 505-511	3.2	2
38	Oral tuberculosis. <i>Journal of the Formosan Medical Association</i> , 2017 , 116, 64-65	3.2	2
37	Stafne bone defect of the molar region of the mandible. <i>Journal of Dental Sciences</i> , 2019 , 14, 378-382	2.5	2
36	Unilateral nasopalatine duct cyst. <i>Journal of the Formosan Medical Association</i> , 2015 , 114, 1142-4	3.2	2
35	Hematinic deficiencies, hyperhomocysteinemia, and gastric parietal cell antibody positivity in atrophic glossitis patients with macrocytosis. <i>Journal of the Formosan Medical Association</i> , 2019 , 118, 1515-1521	3.2	2
34	Expression of astrocyte elevated gene-1 protein in ameloblastomas, keratocystic odontogenic tumors, and dentigerous cysts. <i>Journal of Oral Pathology and Medicine</i> , 2017 , 46, 121-126	3.3	2
33	Upper lip nodule. <i>Oral Surgery Oral Medicine Oral Pathology Oral Radiology and Endodontics</i> , 2008 , 105, 549-53		2
32	NOR-1 immunostain is a good method to confirm the diagnosis of an oral acinic cell carcinoma. <i>Journal of Dental Sciences</i> , 2021 , 16, 1030-1032	2.5	2
31	Anemia, hematinic deficiencies, hyperhomocysteinemia, and gastric parietal cell antibody positivity in atrophic glossitis patients with iron deficiency. <i>Journal of the Formosan Medical Association</i> , 2020 , 119, 587-594	3.2	2
30	Sialadenoma Papilliferum. <i>Surgical Pathology Clinics</i> , 2021 , 14, 43-51	3.9	2
29	Metastatic lung carcinoma in the right maxilla. <i>Journal of the Formosan Medical Association</i> , 2018 , 117, 1130-1132	3.2	2

28	Anemia, hematinic deficiencies, hyperhomocysteinemia, and gastric parietal cell antibody positivity in burning mouth syndrome patients with macrocytosis. <i>Journal of Dental Sciences</i> , 2021 , 16, 1133-1139	2.5	2
27	Smart link of chronic atrophic gastritis with atrophic glossitis, gastric parietal cell antibody positivity, vitamin B12 deficiency, and hyperhomocysteinemia. <i>Journal of the Formosan Medical Association</i> , 2020 , 119, 1006-1007	3.2	1
26	Keratin debris-filled ruptured salivary duct cyst. <i>Journal of the Formosan Medical Association</i> , 2015 , 114, 1291-2	3.2	1
25	Contemporary Molecular Analyses of Malignant Tumors for Precision Treatment and the Implication in Oral Squamous Cell Carcinoma.. <i>Journal of Personalized Medicine</i> , 2021 , 12,	3.6	1
24	Pindborg tumor: Not all Congo red-positive amyloid-like areas show apple-green birefringence under polarizing microscope. <i>Journal of Dental Sciences</i> , 2021 , 16, 1027-1029	2.5	1
23	Palisaded encapsulated neuroma of the upper labial mucosa: Case report. <i>Journal of Dental Sciences</i> , 2021 , 16, 1041-1043	2.5	1
22	Hematinic deficiencies, hyperhomocysteinemia, and gastric parietal cell antibody positivity in atrophic glossitis patients with normocytosis. <i>Journal of the Formosan Medical Association</i> , 2020 , 119, 1109-1115	3.2	1
21	Bee propolis-induced erythema multiforme. <i>Journal of the Formosan Medical Association</i> , 2021 , 120, 1653-1654	3.2	1
20	Kimura disease of the upper lip: Case report. <i>Journal of Dental Sciences</i> , 2021 , 16, 1325-1327	2.5	1
19	Necrotizing myositis - Case report. <i>Journal of Dental Sciences</i> , 2020 , 15, 551-553	2.5	0
18	FoxP3CD4, IFN- γ CD4, and IFN- γ CD8 cell levels in erosive and non-erosive types of oral lichen planus patients. <i>Journal of Dental Sciences</i> , 2021 , 16, 751-756	2.5	0
17	Anemia, hematinic deficiencies, and hyperhomocysteinemia in burning mouth syndrome patients with thyroglobulin antibody/thyroid microsomal antibody positivity but without gastric parietal cell antibody positivity.. <i>Journal of Dental Sciences</i> , 2022 , 17, 106-112	2.5	0
16	Gastric parietal cell and thyroid autoantibodies in recurrent aphthous stomatitis patients with concomitant oral lichen planus. <i>Journal of the Formosan Medical Association</i> , 2018 , 117, 987-993	3.2	0
15	Dental manpower and treated dental diseases in department of dentistry, Taipei Hospital (the predecessor of National Taiwan University Hospital) in 1923.. <i>Journal of Dental Sciences</i> , 2022 , 17, 170-175	2.5	0
14	Distributions of dentists and physicians in Taiwan during the Japanese colonial period from 1923 to 1924.. <i>Journal of Dental Sciences</i> , 2022 , 17, 135-144	2.5	0
13	Higher gastric parietal cell antibody titer significantly increases the frequencies of macrocytosis, serum vitamin B12 deficiency, and hyperhomocysteinemia in patients with burning mouth syndrome.. <i>Journal of Dental Sciences</i> , 2022 , 17, 57-62	2.5	0
12	Mucus retention cyst with oncocytic metaplasia of the epithelial lining.. <i>Journal of Dental Sciences</i> , 2022 , 17, 615-617	2.5	0
11	Cosmetic materials-induced foreign body granuloma at the lower lip.. <i>Journal of Dental Sciences</i> , 2022 , 17, 586-588	2.5	0

10	Anemia, hematinic deficiencies, hyperhomocysteinemia, and gastric parietal cell antibody positivity in burning mouth syndrome patients with normocytosis.. <i>Journal of Dental Sciences</i> , 2022 , 17, 35-41	2.5	0
9	The training effectiveness of dental trainees in postgraduate year training program for dentists.. <i>Journal of Dental Sciences</i> , 2022 , 17, 316-323	2.5	0
8	Views of young dentists on choosing oral pathology specialist as their lifelong career. <i>Journal of Dental Sciences</i> , 2021 , 16, 1102-1109	2.5	0
