

# Chih-Hao Shen

## List of Publications by Citations

**Source:** <https://exaly.com/author-pdf/4267801/chih-hao-shen-publications-by-citations.pdf>

**Version:** 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

33  
papers

205

| #  | Paper                                                                                                                                                                                                    | IF  | Citations |
|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 33 | Association Between Tuberculosis and Parkinson Disease: A Nationwide, Population-Based Cohort Study. <i>Medicine (United States)</i> , <b>2016</b> , 95, e2883                                           | 1.8 | 22        |
| 32 | Inverse Association of Parkinson Disease With Systemic Lupus Erythematosus: A Nationwide Population-based Study. <i>Medicine (United States)</i> , <b>2015</b> , 94, e2097                               | 1.8 | 20        |
| 31 | Localization of nonpalpable pulmonary nodules using CT-guided needle puncture. <i>World Journal of Surgical Oncology</i> , <b>2015</b> , 13, 248                                                         | 3.4 | 17        |
| 30 | Association Between Inflammatory Bowel Disease and Erectile Dysfunction: A Nationwide Population-Based Study. <i>Inflammatory Bowel Diseases</i> , <b>2016</b> , 22, 1065-70                             | 4.5 | 16        |
| 29 | Bidirectional association between tuberculosis and sarcoidosis. <i>Respirology</i> , <b>2019</b> , 24, 467-474                                                                                           | 3.6 | 13        |
| 28 | Inhibition of NKCC1 Modulates Alveolar Fluid Clearance and Inflammation in Ischemia-Reperfusion Lung Injury via TRAF6-Mediated Pathways. <i>Frontiers in Immunology</i> , <b>2018</b> , 9, 2049          | 8.4 | 13        |
| 27 | Pneumoconiosis increases the risk of peripheral arterial disease: a nationwide population-based study. <i>Medicine (United States)</i> , <b>2015</b> , 94, e911                                          | 1.8 | 12        |
| 26 | Primary extranodal NK/T-cell lymphoma of the lung: Mimicking bronchogenic carcinoma. <i>Thoracic Cancer</i> , <b>2014</b> , 5, 93-6                                                                      | 3.2 | 10        |
| 25 | Risk of dementia after charcoal-burning suicide attempts: a nationwide cohort study in Taiwan. <i>Journal of Investigative Medicine</i> , <b>2018</b> , 66, 1070-1082                                    | 2.9 | 9         |
| 24 | Gas6/Axl signaling attenuates alveolar inflammation in ischemia-reperfusion-induced acute lung injury by up-regulating SOCS3-mediated pathway. <i>PLoS ONE</i> , <b>2019</b> , 14, e0219788              | 3.7 | 9         |
| 23 | Predicting poor outcome in patients with intentional carbon monoxide poisoning and acute respiratory failure: A retrospective study. <i>Journal of Medical Sciences (Taiwan)</i> , <b>2015</b> , 35, 105 | 0.2 | 8         |
| 22 | Prognostic factors of carbon monoxide poisoning in Taiwan: a retrospective observational study. <i>BMJ Open</i> , <b>2019</b> , 9, e031135                                                               | 3   | 8         |
| 21 | Risk of Parkinson disease in Sjögren syndrome administered ineffective immunosuppressant therapies: A nationwide population-based study. <i>Medicine (United States)</i> , <b>2019</b> , 98, e14984      | 1.8 | 8         |
| 20 | Predicting duration of mechanical ventilation in patients with carbon monoxide poisoning: a retrospective study. <i>Journal of Critical Care</i> , <b>2015</b> , 30, 19-24                               | 4   | 7         |
| 19 | Tuberculosis increases the risk of peripheral arterial disease: A nationwide population-based study. <i>Respirology</i> , <b>2017</b> , 22, 1670-1676                                                    | 3.6 | 7         |
| 18 | Association between spinal curvature disorders and injury: a nationwide population-based retrospective cohort study. <i>BMJ Open</i> , <b>2019</b> , 9, e023604                                          | 3   | 4         |
| 17 | Gas-forming parotid abscess in a diabetic patient: an unusual complication of Salmonella enteritidis bacteremia. <i>American Journal of the Medical Sciences</i> , <b>2008</b> , 336, 504-7              | 2.2 | 3         |

|    |                                                                                                                                                                                                                                           |      |   |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|---|
| 16 | Association between pneumoconiosis and pulmonary emboli. A Nationwide Population-Based Study in Taiwan. <i>Thrombosis and Haemostasis</i> , <b>2015</b> , 113, 952-7                                                                      | 7    | 2 |
| 15 | Platelet-lowering therapy with anagrelide as an adjuvant therapy for treatment of primary pulmonary neoplasm-associated extreme thrombocytosis. <i>Japanese Journal of Clinical Oncology</i> , <b>2012</b> , 42, 761-3                    | 2.8  | 2 |
| 14 | Dried salted plum consumption ameliorates hyperbaric oxygen therapy-induced otalgia severity at the first chamber session: a prospective randomized controlled study. <i>Undersea and Hyperbaric Medicine</i> , <b>2017</b> , 44, 551-557 | 0.9  | 2 |
| 13 | Epstein-Barr Virus Infection Mimicking Drug-Induced Hepatitis in a Critically ill Patient During Antituberculosis Therapy. <i>Hepatitis Monthly</i> , <b>2014</b> , 14, e18865                                                            | 1.8  | 2 |
| 12 | Chronic obstructive pulmonary disease combined with vertebral compression fracture increases the risk of temporomandibular disorder: A population-based cohort study. <i>Medicine (United States)</i> , <b>2019</b> , 98, e17162          | 1.8  | 2 |
| 11 | Osteoporosis and the risk of temporomandibular disorder in chronic obstructive pulmonary disease. <i>Journal of Bone and Mineral Metabolism</i> , <b>2021</b> , 39, 201-211                                                               | 2.9  | 2 |
| 10 | SPAK-p38 MAPK signal pathway modulates claudin-18 and barrier function of alveolar epithelium after hyperoxic exposure. <i>BMC Pulmonary Medicine</i> , <b>2021</b> , 21, 58                                                              | 3.5  | 2 |
| 9  | Hepatic portal venous gas in a patient with pneumatosis intestinalis. <i>New Zealand Medical Journal</i> , <b>2007</b> , 120, U2610                                                                                                       | 0.8  | 2 |
| 8  | Varicella-zoster virus-induced rhabdomyolysis: A case report and literature review. <i>Journal of Medical Sciences (Taiwan)</i> , <b>2020</b> , 40, 141                                                                                   | 0.2  | 1 |
| 7  | Sonographic septation: a useful diagnostic predictor of complicated parapneumonic effusion. <i>Journal of Investigative Medicine</i> , <b>2021</b> , 69, 1447-1452                                                                        | 2.9  | 1 |
| 6  | Increased risk of acute pancreatitis in patients with sjögren syndrome: A nationwide population-based cohort study. <i>Journal of Medical Sciences (Taiwan)</i> , <b>2020</b> , 40, 8                                                     | 0.2  | 0 |
| 5  | Echogenic swirling pattern, carcinoembryonic antigen, and lactate dehydrogenase in the diagnosis of malignant pleural effusion.. <i>Scientific Reports</i> , <b>2022</b> , 12, 4077                                                       | 4.9  | 0 |
| 4  | A ball inside the abdomen?. <i>Gastroenterology</i> , <b>2013</b> , 145, e6-7                                                                                                                                                             | 13.3 |   |
| 3  | Early Klebsiella pneumoniae Liver Abscesses Associated with Pylephlebitis Mimic Hepatocellular Carcinoma. <i>Chirurgische Gastroenterologie Interdisziplinär</i> , <b>2008</b> , 24, 243-245                                              |      |   |
| 2  | Acquired Palmoplantar Keratoderma in Poorly Differentiated Lung Adenocarcinoma. <i>Internal Medicine</i> , <b>2016</b> , 55, 1039                                                                                                         | 1.1  |   |
| 1  | Surviving Sepsis Campaign guidelines for a diver with DCI: case report. <i>Undersea and Hyperbaric Medicine</i> , <b>2018</b> , 45, 473-479                                                                                               | 0.9  |   |
