#	Paper	IF	Citations
305	Cognitive-behavioral stress management intervention decreases the prevalence of depression and enhances benefit finding among women under treatment for early-stage breast cancer.. <i>Health Psychology</i> , 2001 , 20, 20-32	5	710
304	The influence of bio-behavioural factors on tumour biology: pathways and mechanisms. <i>Nature Reviews Cancer</i> , 2006 , 6, 240-8	31.3	682
303	Concerns about breast cancer and relations to psychosocial well-being in a multiethnic sample of early-stage patients.. <i>Health Psychology</i> , 1999 , 18, 159-168	5	288
302	Finding benefit in breast cancer during the year after diagnosis predicts better adjustment 5 to 8 years after diagnosis. <i>Health Psychology</i> , 2004 , 23, 595-8	5	279
301	Posttraumatic stress symptoms, intrusive thoughts, loss, and immune function after Hurricane Andrew. <i>Psychosomatic Medicine</i> , 1997 , 59, 128-41	3.7	272
300	Cognitive-behavioral stress management intervention buffers distress responses and immunologic changes following notification of HIV-1 seropositivity.. <i>Journal of Consulting and Clinical Psychology</i> , 1991 , 59, 906-915	6.5	237
299	Optimistic personality and psychosocial well-being during treatment predict psychosocial well-being among long-term survivors of breast cancer. <i>Health Psychology</i> , 2005 , 24, 508-16	5	212
298	Emotional disclosure through writing or speaking modulates latent Epstein-Barr virus antibody titers.. <i>Journal of Consulting and Clinical Psychology</i> , 1994 , 62, 130-140	6.5	206
297	Social support, positive states of mind, and HIV treatment adherence in men and women living with HIV/AIDS. <i>Health Psychology</i> , 2004 , 23, 413-418	5	205
296	Cognitive-behavioral stress management reduces serum cortisol by enhancing benefit finding among women being treated for early stage breast cancer. <i>Psychosomatic Medicine</i> , 2000 , 62, 304-8	3.7	205
295	How stress management improves quality of life after treatment for breast cancer.. <i>Journal of Consulting and Clinical Psychology</i> , 2006 , 74, 1143-1152	6.5	200
294	Cognitive-behavioral stress management increases benefit finding and immune function among women with early-stage breast cancer. <i>Journal of Psychosomatic Research</i> , 2004 , 56, 1-8	4.1	196
293	Coping and distress among women under treatment for early stage breast cancer: comparing African Americans, Hispanics and non-Hispanic Whites. <i>Psycho-Oncology</i> , 2002 , 11, 495-504	3.9	185
292	Changes in cognitive coping skills and social support during cognitive behavioral stress management intervention and distress outcomes in symptomatic human immunodeficiency virus (HIV)-seropositive gay men. <i>Psychosomatic Medicine</i> , 1998 , 60, 204-14	3.7	180
291	Finding benefit in breast cancer: Relations with personality, coping, and concurrent well-being. <i>Psychology and Health</i> , 2005 , 20, 175-192	2.9	179
290	Do sociodemographic and disease-related variables influence benefit-finding in cancer patients?. <i>Psycho-Oncology</i> , 2003 , 12, 491-9	3.9	173
289	A randomized clinical trial of group-based cognitive-behavioral stress management in localized prostate cancer: development of stress management skills improves quality of life and benefit finding. <i>Annals of Behavioral Medicine</i> , 2006 , 31, 261-70	4.5	172

288	Perceived partner reactions to diagnosis and treatment of breast cancer: impact on psychosocial and psychosexual adjustment. <i>Journal of Consulting and Clinical Psychology</i> , 2005 , 73, 300-11	6.5	168
287	Reduction of cancer-specific thought intrusions and anxiety symptoms with a stress management intervention among women undergoing treatment for breast cancer. <i>American Journal of Psychiatry</i> , 2006 , 163, 1791-7	11.9	165
286	Cognitive behavioral stress management effects on psychosocial and physiological adaptation in women undergoing treatment for breast cancer. <i>Brain, Behavior, and Immunity</i> , 2009 , 23, 580-91	16.6	164
285	Cognitive-behavioral stress management reverses anxiety-related leukocyte transcriptional dynamics. <i>Biological Psychiatry</i> , 2012 , 71, 366-72	7.9	162
284	Effects of guided imagery and music (GIM) therapy on mood and cortisol in healthy adults.. <i>Health Psychology</i> , 1997 , 16, 390-400	5	158
283	Host factors and cancer progression: biobehavioral signaling pathways and interventions. <i>Journal of Clinical Oncology</i> , 2010 , 28, 4094-9	2.2	157
282	Psychological intervention and health outcomes among women treated for breast cancer: a review of stress pathways and biological mediators. <i>Brain, Behavior, and Immunity</i> , 2009 , 23, 159-66	16.6	149
281	Curvilinear associations between benefit finding and psychosocial adjustment to breast cancer. <i>Journal of Consulting and Clinical Psychology</i> , 2006 , 74, 828-40	6.5	143
280	Quality of life among long-term survivors of breast cancer: Different types of antecedents predict different classes of outcomes. <i>Psycho-Oncology</i> , 2006 , 15, 749-58	3.9	130
279	Cognitive behavioral stress management intervention effects on anxiety, 24-hr urinary norepinephrine output, and T-cytotoxic/suppressor cells over time among symptomatic HIV-infected gay men.. <i>Journal of Consulting and Clinical Psychology</i> , 2000 , 68, 31-45	6.5	129
278	An exploratory study of social support, distress, and life disruption among low-income hispanic women under treatment for early stage breast cancer.. <i>Health Psychology</i> , 2001 , 20, 41-46	5	127
277	Exercise intervention attenuates emotional distress and natural killer cell decrements following notification of positive serologic status for HIV-1. <i>Biofeedback and Self-regulation</i> , 1990 , 15, 229-42		127
276	Religiosity is associated with affective and immune status in symptomatic HIV-infected gay men. <i>Journal of Psychosomatic Research</i> , 1999 , 46, 165-76	4.1	125
275	Distress, denial, and low adherence to behavioral interventions predict faster disease progression in gay men infected with human immunodeficiency virus. <i>International Journal of Behavioral Medicine</i> , 1994 , 1, 90-105	2.6	125
274	How stress management improves quality of life after treatment for breast cancer. <i>Journal of Consulting and Clinical Psychology</i> , 2006 , 74, 1143-52	6.5	121
273	Cognitive behavioral stress management decreases dysphoric mood and herpes simplex virus-Type 2 antibody titers in symptomatic HIV-seropositive gay men.. <i>Journal of Consulting and Clinical Psychology</i> , 1997 , 65, 31-43	6.5	120
272	Cognitive-behavioral stress management improves stress-management skills and quality of life in men recovering from treatment of prostate carcinoma. <i>Cancer</i> , 2004 , 100, 192-200	6.4	117
271	Randomized clinical trial of cognitive behavioral stress management on human immunodeficiency virus viral load in gay men treated with highly active antiretroviral therapy. <i>Psychosomatic Medicine</i> , 2006 , 68, 143-51	3.7	116

270	A stress and coping model of medication adherence and viral load in HIV-positive men and women on highly active antiretroviral therapy (HAART). <i>Health Psychology</i> , 2005 , 24, 385-392	5	116
269	Effects of psychological interventions on neuroendocrine hormone regulation and immune status in HIV-positive persons: a review of randomized controlled trials. <i>Psychosomatic Medicine</i> , 2008 , 70, 575-84	3.7	113
268	Psychosocial intervention effects on adaptation, disease course and biobehavioral processes in cancer. <i>Brain, Behavior, and Immunity</i> , 2013 , 30 Suppl, S88-98	16.6	112
267	Physical symptoms, beliefs about medications, negative mood, and long-term HIV medication adherence. <i>Annals of Behavioral Medicine</i> , 2007 , 34, 46-55	4.5	110
266	Long-term psychological benefits of cognitive-behavioral stress management for women with breast cancer: 11-year follow-up of a randomized controlled trial. <i>Cancer</i> , 2015 , 121, 1873-81	6.4	106
265	Cognitive-behavioral stress management reduces distress and 24-hour urinary free cortisol output among symptomatic HIV-infected gay men. <i>Annals of Behavioral Medicine</i> , 2000 , 22, 29-37	4.5	105
264	Insulin resistance, obesity, inflammation, and depression in polycystic ovary syndrome: biobehavioral mechanisms and interventions. <i>Fertility and Sterility</i> , 2010 , 94, 1565-74	4.8	100
263	Stress management effects on psychological, endocrinological, and immune functioning in men with HIV infection: empirical support for a psychoneuroimmunological model. <i>Stress</i> , 2003 , 6, 173-88	3	96
262	Physical symptoms of chronic fatigue syndrome are exacerbated by the stress of Hurricane Andrew. <i>Psychosomatic Medicine</i> , 1995 , 57, 310-23	3.7	96
261	Reductions in depressed mood and denial coping during cognitive behavioral stress management with HIV-Positive gay men treated with HAART. <i>Annals of Behavioral Medicine</i> , 2006 , 31, 155-64	4.5	89
260	Psychoneuroimmunology and HIV-1.. <i>Journal of Consulting and Clinical Psychology</i> , 1990 , 58, 38-49	6.5	89
259	Health psychology: psychosocial and biobehavioral aspects of chronic disease management. <i>Annual Review of Psychology</i> , 2001 , 52, 555-80	26.1	88
258	Cognitive-behavioral stress management buffers decreases in dehydroepiandrosterone sulfate (DHEA-S) and increases in the cortisol/DHEA-S ratio and reduces mood disturbance and perceived stress among HIV-seropositive men. <i>Psychoneuroendocrinology</i> , 1999 , 24, 537-49	5	88
257	Dysregulated expression of tumor necrosis factor in chronic fatigue syndrome: interrelations with cellular sources and patterns of soluble immune mediator expression. <i>Clinical Infectious Diseases</i> , 1994 , 18 Suppl 1, S147-53	11.6	88
256	Stress management intervention reduces serum cortisol and increases relaxation during treatment for nonmetastatic breast cancer. <i>Psychosomatic Medicine</i> , 2008 , 70, 1044-9	3.7	87
255	Host moderator variables in the promotion of cervical neoplasia--I. Personality facets. <i>Journal of Psychosomatic Research</i> , 1988 , 32, 327-38	4.1	87
254	Stress and hopelessness in the promotion of cervical intraepithelial neoplasia to invasive squamous cell carcinoma of the cervix. <i>Journal of Psychosomatic Research</i> , 1986 , 30, 67-76	4.1	87
253	The impact of psychosocial stress and stress management on immune responses in patients with cancer. <i>Cancer</i> , 2019 , 125, 1417-1431	6.4	84

252	Participation in cancer clinical trials: why are patients not participating?. <i>Medical Decision Making</i> , 2014 , 34, 116-26	2.5	82
251	Stress management and immune system reconstitution in symptomatic HIV-infected gay men over time: effects on transitional naive T cells (CD4+)CD45RA(+)CD29(+). <i>American Journal of Psychiatry</i> , 2002 , 159, 143-5	11.9	79
250	A path model of the effects of spirituality on depressive symptoms and 24-h urinary-free cortisol in HIV-positive persons. <i>Journal of Psychosomatic Research</i> , 2006 , 61, 51-8	4.1	78
249	Cognitive-behavioral interventions improve quality of life in women with AIDS. <i>Journal of Psychosomatic Research</i> , 2003 , 54, 253-61	4.1	78
248	Biomarkers in chronic fatigue syndrome: evaluation of natural killer cell function and dipeptidyl peptidase IV/CD26. <i>PLoS ONE</i> , 2010 , 5, e10817	3.7	77
247	Reductions in herpes simplex virus type 2 antibody titers after cognitive behavioral stress management and relationships with neuroendocrine function, relaxation skills, and social support in HIV-positive men. <i>Psychosomatic Medicine</i> , 2000 , 62, 828-37	3.7	76
246	Religiosity, Religious Coping, and Distress: A Prospective Study of Catholic and Evangelical Hispanic Women in Treatment for Early-stage Breast Cancer. <i>Journal of Health Psychology</i> , 1999 , 4, 343-56	3.1	76
245	Cognitive behavioral stress management effects on injury and illness among competitive athletes: a randomized clinical trial. <i>Annals of Behavioral Medicine</i> , 2003 , 25, 66-73	4.5	75
244	Effectiveness of a short-term group psychotherapy program on endocrine and immune function in breast cancer patients: an exploratory study. <i>Journal of Psychosomatic Research</i> , 1997 , 42, 453-66	4.1	74
243	Stressful events, pessimism, natural killer cell cytotoxicity, and cytotoxic/suppressor T cells in HIV+ black women at risk for cervical cancer. <i>Psychosomatic Medicine</i> , 1998 , 60, 714-22	3.7	74
242	Coping self-efficacy buffers psychological and physiological disturbances in HIV-infected men following a natural disaster.. <i>Health Psychology</i> , 1997 , 16, 248-255	5	73
241	Dispositional pessimism predicts illness-related disruption of social and recreational activities among breast cancer patients. <i>Journal of Personality and Social Psychology</i> , 2003 , 84, 813-21	6.5	73
240	Cytokine and other immunologic markers in chronic fatigue syndrome and their relation to neuropsychological factors. <i>Applied Neuropsychology</i> , 2001 , 8, 51-64		73
239	Elevated basal cortisol levels and attenuated ACTH and cortisol responses to a behavioral challenge in women with metastatic breast cancer. <i>Psychoneuroendocrinology</i> , 1996 , 21, 361-74	5	73
238	Randomized Controlled Trial of Group-Based Culturally Specific Cognitive Behavioral Therapy Among African American Smokers. <i>Nicotine and Tobacco Research</i> , 2017 , 19, 333-341	4.9	73
237	How Important is the Perception of Personal Control? Studies of Early Stage Breast Cancer Patients. <i>Personality and Social Psychology Bulletin</i> , 2000 , 26, 139-149	4.1	71
236	Cognitive behavioral stress management intervention improves quality of life in Spanish monolingual hispanic men treated for localized prostate cancer: results of a randomized controlled trial. <i>International Journal of Behavioral Medicine</i> , 2007 , 14, 164-72	2.6	69
235	Increases in a marker of immune system reconstitution are predated by decreases in 24-h urinary cortisol output and depressed mood during a 10-week stress management intervention in symptomatic HIV-infected men. <i>Journal of Psychosomatic Research</i> , 2005 , 58, 3-13	4.1	68

234	A randomized controlled trial of cognitive-behavioral stress management in breast cancer: survival and recurrence at 11-year follow-up. <i>Breast Cancer Research and Treatment</i> , 2015 , 154, 319-28	4.4	67
233	Coping among african-american, hispanic, and non-hispanic white women recently treated for early stage breast cancer. <i>Psychology and Health</i> , 2004 , 19, 157-166	2.9	67
232	Stress management intervention for women with breast cancer. 2003 ,		66
231	Promoting recovery of sexual functioning after radical prostatectomy with group-based stress management: the role of interpersonal sensitivity. <i>Journal of Psychosomatic Research</i> , 2008 , 64, 527-36	4.1	65
230	Changes in cognitive coping strategies predict EBV-antibody titre change following a stressor disclosure induction. <i>Journal of Psychosomatic Research</i> , 1994 , 38, 63-78	4.1	65
229	Reductions in salivary cortisol are associated with mood improvement during relaxation training among HIV-seropositive men. <i>Journal of Behavioral Medicine</i> , 2000 , 23, 107-22	3.6	64
228	Psychosocial and sociodemographic correlates of benefit-finding in men treated for localized prostate cancer. <i>Psycho-Oncology</i> , 2006 , 15, 954-61	3.9	59
227	Intimacy and sexual behavior among HIV-positive men-who-have-sex-with-men in primary relationships. <i>AIDS and Behavior</i> , 2004 , 8, 321-31	4.3	59
226	Influencing medication adherence among women with AIDS. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2003 , 15, 463-74	2.2	58
225	Culturally specific versus standard group cognitive behavioral therapy for smoking cessation among African Americans: an RCT protocol. <i>BMC Psychology</i> , 2013 , 1, 15	2.8	57
224	Illness perceptions and emotional well-being in men treated for localized prostate cancer. <i>Journal of Psychosomatic Research</i> , 2009 , 67, 389-97	4.1	57
223	Distress and Internalized Homophobia Among Lesbian Women Treated for Early Stage Breast Cancer. <i>Psychology of Women Quarterly</i> , 2001 , 25, 1-9	3.2	57
222	Web-based collaborative care intervention to manage cancer-related symptoms in the palliative care setting. <i>Cancer</i> , 2016 , 122, 1270-82	6.4	55
221	Brief cognitive-behavioral and relaxation training interventions for breast cancer: A randomized controlled trial. <i>Journal of Consulting and Clinical Psychology</i> , 2015 , 83, 677-688	6.5	54
220	Changes in Mood and Depressive Symptoms and Related Change Processes During Cognitive Behavioral Stress Management in HIV-Infected Men. <i>Cognitive Therapy and Research</i> , 2002 , 26, 373-392	2.7	52
219	Preservation of immune function in cervical cancer patients during chemoradiation using a novel integrative approach. <i>Brain, Behavior, and Immunity</i> , 2010 , 24, 1231-40	16.6	51
218	Cognitive Behavioral stress management increases free testosterone and decreases psychological distress in HIV-seropositive men.. <i>Health Psychology</i> , 2000 , 19, 12-20	5	51
217	A measurement model of medication adherence to highly active antiretroviral therapy and its relation to viral load in HIV-positive adults. <i>AIDS Patient Care and STDs</i> , 2006 , 20, 701-11	5.8	49

216	Psychosocial responses to treatment for breast cancer among lesbian and heterosexual women. <i>Women and Health</i> , 2006 , 44, 81-102	1.7	49
215	Sexual functioning and quality of life after prostate cancer treatment: considering sexual desire. <i>Urology</i> , 2004 , 63, 273-7	1.6	49
214	Psychosocial adaptation and cellular immunity in breast cancer patients in the weeks after surgery: An exploratory study. <i>Journal of Psychosomatic Research</i> , 2009 , 67, 369-76	4.1	48
213	The impact of improved self-efficacy on HIV viral load and distress in culturally diverse women living with AIDS: the SMART/EST Women's Project. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2005 , 17, 222-36	2.2	48
212	Decreased depression up to one year following CBSM+ intervention in depressed women with AIDS: the smart/EST women's project. <i>Journal of Health Psychology</i> , 2005 , 10, 223-31	3.1	47
211	Stress management, leukocyte transcriptional changes and breast cancer recurrence in a randomized trial: An exploratory analysis. <i>Psychoneuroendocrinology</i> , 2016 , 74, 269-277	5	47
210	Perceived partner support and psychosexual adjustment to breast cancer. <i>Psychology and Health</i> , 2011 , 26, 1571-88	2.9	46
209	Sleep disturbance mediates the association between psychological distress and immune status among HIV-positive men and women on combination antiretroviral therapy. <i>Journal of Psychosomatic Research</i> , 2003 , 54, 185-9	4.1	46
208	Ethnicity and determinants of quality of life after prostate cancer treatment. <i>Urology</i> , 2006 , 67, 1022-7	1.6	45
207	Emotional support and gender in people living with HIV: effects on psychological well-being. <i>Journal of Behavioral Medicine</i> , 2009 , 32, 523-31	3.6	44
206	Sleep duration is associated with survival in advanced cancer patients. <i>Sleep Medicine</i> , 2017 , 32, 208-212	4.6	43
205	Sleep quality and fatigue after a stress management intervention for women with early-stage breast cancer in southern Florida. <i>International Journal of Behavioral Medicine</i> , 2014 , 21, 971-81	2.6	43
204	Psychosocial correlates of illness burden in chronic fatigue syndrome. <i>Clinical Infectious Diseases</i> , 1994 , 18 Suppl 1, S73-8	11.6	43
203	Longitudinal effects of social support and adaptive coping on the emotional well-being of survivors of localized prostate cancer. <i>The Journal of Supportive Oncology</i> , 2010 , 8, 196-201		42
202	Psychosomatic medicine: the scientific foundation of the biopsychosocial model. <i>Academic Psychiatry</i> , 2007 , 31, 388-401	1.1	42
201	Investment in Body Image and Psychosocial Well-Being Among Women Treated for Early Stage Breast Cancer: Partial Replication and Extension. <i>Psychology and Health</i> , 2003 , 18, 1-13	2.9	42
200	A pilot study of cognitive behavioral stress management effects on stress, quality of life, and symptoms in persons with chronic fatigue syndrome. <i>Journal of Psychosomatic Research</i> , 2011 , 70, 328-34	4.1	41
199	Life stress and cervical squamous intraepithelial lesions in women with human papillomavirus and human immunodeficiency virus. <i>Psychosomatic Medicine</i> , 2003 , 65, 427-34	3.7	41

198	Cognitive behavioral stress management effects on mood, social support, and a marker of antiviral immunity are maintained up to 1 year in HIV-infected gay men. <i>International Journal of Behavioral Medicine</i> , 2005 , 12, 218-26	2.6	41
197	Host moderator variables in the promotion of cervical neoplasia--II. Dimensions of life stress. <i>Journal of Psychosomatic Research</i> , 1989 , 33, 457-67	4.1	41
196	Poor sleep quality is associated with greater circulating pro-inflammatory cytokines and severity and frequency of chronic fatigue syndrome/myalgic encephalomyelitis (CFS/ME) symptoms in women. <i>Journal of Neuroimmunology</i> , 2017 , 303, 43-50	3.5	40
195	Perceived stress mediates the effects of coping on the quality of life of HIV-positive women on highly active antiretroviral therapy. <i>AIDS and Behavior</i> , 2004 , 8, 175-83	4.3	39
194	Neuroendocrine influences in psychoimmunology and neoplasia: A review. <i>Psychology and Health</i> , 1987 , 1, 3-24	2.9	39
193	Perceived stress mediates the effects of social support on health-related quality of life among men treated for localized prostate cancer. <i>Journal of Psychosomatic Research</i> , 2010 , 69, 587-90	4.1	38
192	Stress management and psychoneuroimmunology in HIV infection. <i>CNS Spectrums</i> , 2003 , 8, 40-51	1.8	38
191	Responsiveness to threats and incentives, expectancy of recurrence, and distress and disengagement: Moderator effects in women with early stage breast cancer.. <i>Journal of Consulting and Clinical Psychology</i> , 2000 , 68, 965-975	6.5	38
190	Religiosity is Associated with Affective Status in Symptomatic HIV-infected African-American Women. <i>Journal of Health Psychology</i> , 1999 , 4, 317-26	3.1	38
189	Psychosocial counseling to improve quality of life in HIV infection. <i>Patient Education and Counseling</i> , 1994 , 24, 217-35	3.1	38
188	Prevalence of self-reported memory problems in adult cancer survivors: a national cross-sectional study. <i>Journal of Oncology Practice</i> , 2012 , 8, 30-4	3.1	37
187	Emotional and Cognitive Processing in a Trauma Disclosure Paradigm. <i>Cognitive Therapy and Research</i> , 1999 , 23, 423-440	2.7	37
186	Impaired natural immunity, cognitive dysfunction, and physical symptoms in patients with chronic fatigue syndrome: preliminary evidence for a subgroup?. <i>Journal of Psychosomatic Research</i> , 2006 , 60, 559-66	4.1	36
185	Avoidance as a predictor of the biological course of HIV infection over a 7-year period in gay men.. <i>Health Psychology</i> , 1999 , 18, 107-113	5	36
184	Plasma neuropeptide Y: a biomarker for symptom severity in chronic fatigue syndrome. <i>Behavioral and Brain Functions</i> , 2010 , 6, 76	4.1	35
183	Cancer-related symptom clusters, eosinophils, and survival in hepatobiliary cancer: an exploratory study. <i>Journal of Pain and Symptom Management</i> , 2010 , 39, 859-71	4.8	35
182	Stress management effects on perceived stress and cervical neoplasia in low-income HIV-infected women. <i>Journal of Psychosomatic Research</i> , 2008 , 65, 389-401	4.1	35
181	Social Support Mediates Loneliness and Human Herpesvirus Type 6 (HHV-6) Antibody Titers. <i>Journal of Applied Social Psychology</i> , 2006 , 31, 1111-1132	2.1	35

180	Disparities in psychological, neuroendocrine, and immunologic patterns in asymptomatic HIV-1 seropositive and seronegative gay men. <i>Biological Psychiatry</i> , 1991 , 29, 1023-41	7.9	35
179	Postsurgical Depressive Symptoms and Proinflammatory Cytokine Elevations in Women Undergoing Primary Treatment for Breast Cancer. <i>Psychosomatic Medicine</i> , 2016 , 78, 26-37	3.7	35
178	Self-reported sleep disturbance is associated with lower CD4 count and 24-h urinary dopamine levels in ethnic minority women living with HIV. <i>Psychoneuroendocrinology</i> , 2013 , 38, 2647-53	5	34
177	Coping and psychological distress among symptomatic HIV+ men who have sex with men. <i>Annals of Behavioral Medicine</i> , 2003 , 25, 203-13	4.5	34
176	Adjustment to breast cancer: the psychobiological effects of psychosocial interventions. <i>Patient Education and Counseling</i> , 1996 , 28, 209-19	3.1	34
