#	Paper	IF	Citations
104	Conceptualizations of frailty in relation to older adults. <i>Journal of Advanced Nursing</i> , 2003 , 44, 58-68	3.1	246
103	Designing, Implementing, and Evaluating Mobile Health Technologies for Managing Chronic Conditions in Older Adults: A Scoping Review. <i>JMIR MHealth and UHealth</i> , 2016 , 4, e29	5.5	180
102	The effectiveness and efficiency of home-based nursing health promotion for older people: a review of the literature. <i>Medical Care Research and Review</i> , 2006 , 63, 531-69	3.7	99
101	Health promotion for frail older home care clients. <i>Journal of Advanced Nursing</i> , 2006 , 54, 381-95	3.1	85
100	Physical activity programs for persons with dementia. <i>Cochrane Database of Systematic Reviews</i> , 2008 , CD006489		84
99	Managing multiple chronic conditions in the community: a Canadian qualitative study of the experiences of older adults, family caregivers and healthcare providers. <i>BMC Geriatrics</i> , 2017 , 17, 40	4.1	80
98	Web-Based Interventions to Improve Mental Health, General Caregiving Outcomes, and General Health for Informal Caregivers of Adults With Chronic Conditions Living in the Community: Rapid Evidence Review. <i>Journal of Medical Internet Research</i> , 2017 , 19, e263	7.6	62
97	Nurse-led health promotion interventions improve quality of life in frail older home care clients: lessons learned from three randomized trials in Ontario, Canada. <i>Journal of Evaluation in Clinical Practice</i> , 2013 , 19, 118-31	2.5	55
96	Impact of Internet-Based Interventions on Caregiver Mental Health: Systematic Review and Meta-Analysis. <i>Journal of Medical Internet Research</i> , 2018 , 20, e10668	7.6	54
95	Interprofessional stroke rehabilitation for stroke survivors using home care. <i>Canadian Journal of Neurological Sciences</i> , 2011 , 38, 317-34	1	49
94	Integrative review of the social determinants of health in older adults with multimorbidity. <i>Journal of Advanced Nursing</i> , 2018 , 74, 45-60	3.1	49
93	The effects and costs of a multifactorial and interdisciplinary team approach to falls prevention for older home care clients at risk for falling: a randomized controlled trial. <i>Canadian Journal on Aging</i> , 2010 , 29, 139-61	1.6	48
92	Understanding interprofessional collaboration in the context of chronic disease management for older adults living in communities: a concept analysis. <i>Journal of Advanced Nursing</i> , 2017 , 73, 71-84	3.1	47
91	Comorbidity Burden and Health Services Use in Community-Living Older Adults with Diabetes Mellitus: A Retrospective Cohort Study. <i>Canadian Journal of Diabetes</i> , 2016 , 40, 35-42	2.1	41
90	Community Program Improves Quality of Life and Self-Management in Older Adults with Diabetes Mellitus and Comorbidity. <i>Journal of the American Geriatrics Society</i> , 2018 , 66, 263-273	5.6	40
89	A Canadian qualitative study exploring the diversity of the experience of family caregivers of older adults with multiple chronic conditions using a social location perspective. <i>International Journal for Equity in Health</i> , 2016 , 15, 40	4.6	39
88	Formal care providers' perceptions of home- and community-based services: informing dementia care quality. <i>Home Health Care Services Quarterly</i> , 2009 , 28, 1-23	1.9	34

87	Patterns of health service use in community living older adults with dementia and comorbid conditions: a population-based retrospective cohort study in Ontario, Canada. <i>BMC Geriatrics</i> , 2016 , 16, 177	4.1	33
86	Comorbidity and its relationship with health service use and cost in community-living older adults with diabetes: A population-based study in Ontario, Canada. <i>Diabetes Research and Clinical Practice</i> , 2016 , 122, 113-123	7.4	32
85	Interprofessional partnerships in chronic illness care: a conceptual model for measuring partnership effectiveness. <i>International Journal of Integrated Care</i> , 2008 , 8, e08	2	32
84	Factors influencing changes in health related quality of life of caregivers of persons with multiple chronic conditions. <i>Health and Quality of Life Outcomes</i> , 2016 , 14, 81	3	32
83	An interprofessional nurse-led mental health promotion intervention for older home care clients with depressive symptoms. <i>BMC Geriatrics</i> , 2014 , 14, 62	4.1	31
82	Web-Based Intervention for Family Carers of Persons with Dementia and Multiple Chronic Conditions (My Tools 4 Care): Pragmatic Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2018 , 20, e10484	7.6	31
81	Increasing comorbidity and health services utilization in older adults with prior stroke. <i>Neurology</i> , 2016 , 87, 2091-2098	6.5	30
80	Caregiver-Focused, Web-Based Interventions: Systematic Review and Meta-Analysis (Part 2). <i>Journal of Medical Internet Research</i> , 2018 , 20, e11247	7.6	30
79	Spreading and sustaining best practices for home care of older adults: a grounded theory study. <i>Implementation Science</i> , 2014 , 9, 162	8.4	27
78	Availability and acceptability of Canadian home and community-based services: perspectives of family caregivers of persons with dementia. <i>Home Health Care Services Quarterly</i> , 2008 , 27, 75-99	1.9	27
77	A cross-sectional study of the prevalence, correlates, and costs of falls in older home care clients at risk for falling. <i>Canadian Journal on Aging</i> , 2010 , 29, 119-37	1.6	22
76	Nonsteroidal anti-inflammatory drug use and risk of acute kidney injury and hyperkalemia in older adults: a population-based study. <i>Nephrology Dialysis Transplantation</i> , 2019 , 34, 1145-1154	4.3	20
75	Explaining the use and non-use of community-based long-term care services by caregivers of persons with dementia. <i>Journal of Evaluation in Clinical Practice</i> , 2001 , 7, 271-87	2.5	20
74	An interprofessional team approach to fall prevention for older home care clients at risk of falling: health care providers share their experiences. <i>International Journal of Integrated Care</i> , 2009 , 9, e15	2	20
73	Insights on multimorbidity and associated health service use and costs from three population-based studies of older adults in Ontario with diabetes, dementia and stroke. <i>BMC Health Services Research</i> , 2019 , 19, 313	2.9	19
72	A Web-Based Intervention to Help Caregivers of Older Adults With Dementia and Multiple Chronic Conditions: Qualitative Study. <i>JMIR Aging</i> , 2018 , 1, e2	4.8	19
71	Key factors to consider when measuring multimorbidity: Results from an expert panel and online survey. <i>Journal of Comorbidity</i> , 2018 , 8, 2235042X18795306	4	19
70	Seniors at risk: the association between the six-month use of publicly funded home support services and quality of life and use of health services for older people. <i>Canadian Journal on Aging</i> , 2008 , 27, 207-24	1.6	18

69	Conceptualization and measurement of integrated human service networks for evaluation. <i>International Journal of Integrated Care</i> , 2007 , 7, e51	2	18
68	Life course pathways to prenatal maternal stress. <i>JOGNN - Journal of Obstetric, Gynecologic, and Neonatal Nursing</i> , 2012 , 41, 609-26	1.2	17
67	Collaborative leadership and the implementation of community-based fall prevention initiatives: a multiple case study of public health practice within community groups. <i>BMC Health Services Research</i> , 2017 , 17, 141	2.9	15
66	Quality of Care for Patients With Chronic Kidney Disease in the Primary Care Setting: A Retrospective Cohort Study From Ontario, Canada. <i>Canadian Journal of Kidney Health and Disease</i> , 2017 , 4, 2054358117703059	2.3	15
65	Experiences of community-dwelling older adults living with multiple chronic conditions: a qualitative study. <i>BMJ Open</i> , 2019 , 9, e023345	3	15
64	Engaging community organizations in falls prevention for older adults: Moving from research to action. <i>Canadian Journal of Public Health</i> , 2015 , 106, e189-96	3.2	15
63	A review of instruments to measure interprofessional collaboration for chronic disease management for community-living older adults. <i>Journal of Interprofessional Care</i> , 2016 , 30, 201-10	2.7	15
62	Older Adult Spouses with Multiple Chronic Conditions: Challenges, Rewards, and Coping Strategies. <i>Canadian Journal on Aging</i> , 2017 , 36, 209-222	1.6	13
61	Cost-effectiveness analysis of a multifactorial fall prevention intervention in older home care clients at risk for falling. <i>BMC Geriatrics</i> , 2017 , 17, 199	4.1	13
60	Self-Management of Multiple Chronic Conditions by Community-Dwelling Older Adults: A Concept Analysis. <i>SAGE Open Nursing</i> , 2018 , 4, 2377960817752471	1.2	13
59	The Aging, Community and Health Research Unit-Community Partnership Program for older adults with type 2 diabetes and multiple chronic conditions: a feasibility study. <i>Pilot and Feasibility Studies</i> , 2016 , 2, 24	1.9	13
58	Motoric Cognitive Risk Syndrome and Risk for Falls, Their Recurrence, and Postfall Fractures: Results From a Prospective Observational Population-Based Cohort Study. <i>Journal of the American Medical Directors Association</i> , 2019 , 20, 1268-1273	5.9	12
57	Dementia Care Knowledge Sharing within a First Nations Community. <i>Canadian Journal on Aging</i> , 2013 , 32, 360-74	1.6	12
56	Protocol for a program of research from the Aging, Community and Health Research Unit: Promoting optimal aging at home for older adults with multimorbidity. <i>Journal of Comorbidity</i> , 2018 , 8, 2235042X18789508	4	12
55	Study protocol: pragmatic randomized control trial of an internet-based intervention (My tools 4 care) for family carers. <i>BMC Geriatrics</i> , 2017 , 17, 181	4.1	11
54	Caregivers of older adults with dementia and multiple chronic conditions: Exploring their experiences with significant changes. <i>Dementia</i> , 2020 , 19, 2601-2620	3	11
53	Exploring the daily geographies of diverse men caregiving for family members with multiple chronic conditions. <i>Gender, Place, and Culture</i> , 2016 , 23, 1586-1598	1.1	9
52	A Comparison of Users and Nonusers of a Web-Based Intervention for Carers of Older Persons With Alzheimer Disease and Related Dementias: Mixed Methods Secondary Analysis. <i>Journal of Medical Internet Research</i> , 2019 , 21, e14254	7.6	9

51	Healthcare providers' experiences in supporting community-living older adults to manage multiple chronic conditions: a qualitative study. <i>BMC Geriatrics</i> , 2019 , 19, 316	4.1	9
50	Assessing the impact of a home-based stroke rehabilitation programme: a cost-effectiveness study. <i>Disability and Rehabilitation</i> , 2019 , 41, 2060-2065	2.4	9
49	An exploration of experts' perceptions on the use of interprofessional education to support collaborative practice in the care of community-living older adults. <i>Journal of Interprofessional Care</i> , 2017 , 31, 638-647	2.7	8
48	Age and mental health predict early device-specific quality of life in patients receiving prophylactic implantable defibrillators. <i>Canadian Journal of Cardiology</i> , 2012 , 28, 502-7	3.8	8
47	Reducing depression in older home care clients: design of a prospective study of a nurse-led interprofessional mental health promotion intervention. <i>BMC Geriatrics</i> , 2011 , 11, 50	4.1	8
46	An integrated hospital-to-home transitional care intervention for older adults with stroke and multimorbidity: A feasibility study. <i>Journal of Comorbidity</i> , 2020 , 10, 2235042X19900451	4	7
45	Measuring multimorbidity series. An overlooked complexity - Comparison of self-report vs. administrative data in community-living adults: Paper 3. Agreement across data sources and implications for estimating associations with health service use. <i>Journal of Clinical Epidemiology</i> , 2020 , 124, 173-182	5.7	7
44	Adjusting for Baseline Covariates in Net Benefit Regression: How You Adjust Matters. <i>Pharmacoeconomics</i> , 2015 , 33, 1083-90	4.4	6
43	Effectiveness of a community program for older adults with type 2 diabetes and multimorbidity: a pragmatic randomized controlled trial. <i>BMC Geriatrics</i> , 2020 , 20, 174	4.1	6
42	Primary care provider perceptions of enablers and barriers to following guideline-recommended laboratory tests to confirm chronic kidney disease: a qualitative descriptive study. <i>BMC Family Practice</i> , 2018 , 19, 192	2.6	6
41	The ACHRU-CPP versus usual care for older adults with type-2 diabetes and multiple chronic conditions and their family caregivers: study protocol for a randomized controlled trial. <i>Trials</i> , 2017 , 18, 55	2.8	5
40	Evaluating the feasibility and acceptability of the Namaste Care program in long-term care settings in Canada. <i>Pilot and Feasibility Studies</i> , 2020 , 6, 34	1.9	5
39	Feelings of distance and proximity: exploring the emotional geographies of men caregiving for family members with multiple chronic conditions. <i>Social and Cultural Geography</i> , 2019 , 20, 109-129	1.6	5
38	Feasibility and preliminary effects of an integrated hospital-to-home transitional care intervention for older adults with stroke and multimorbidity: A study protocol. <i>Journal of Comorbidity</i> , 2019 , 9, 2235042X19828241	4.1	4
37	Measuring multimorbidity series-an overlooked complexity comparison of self-report vs. administrative data in community-living adults: paper 2. Prevalence estimates depend on the data source. <i>Journal of Clinical Epidemiology</i> , 2020 , 124, 163-172	5.7	4
36	Understanding the Complexity of Diabetes and Urinary Incontinence in Older Adults Receiving Home Care Services: Protocol for a Mixed Methods Study. <i>International Journal of Qualitative Methods, The</i> , 2019 , 18, 160940691985200	3.3	4
35	Contextual factors influencing the implementation of innovations in community-based primary health care: the experience of 12 Canadian research teams. <i>Primary Health Care Research and Development</i> , 2019 , 20, e107	1.6	4
34	The 2-year costs and effects of a public health nursing case management intervention on mood-disordered single parents on social assistance. <i>Journal of Evaluation in Clinical Practice</i> , 2002 , 8, 45-59	2.5	4

33	The complexity of caregiving for community-living older adults with multiple chronic conditions: A qualitative study. <i>Journal of Comorbidity</i> , 2020 , 10, 2235042X20981190	4	4
32	What Factors Shape Self-Reported Health Among Community-Dwelling Older Adults? A Scoping Review. <i>Canadian Journal on Aging</i> , 2021 , 40, 177-192	1.6	4
31	Effect of socio-demographic and health factors on the association between multimorbidity and acute care service use: population-based survey linked to health administrative data. <i>BMC Health Services Research</i> , 2021 , 21, 62	2.9	4
30	Gender and sex differences in carers' health, burden and work outcomes: Canadian carers of community-dwelling older people with multiple chronic conditions. <i>International Journal of Care and Caring</i> , 2017 , 1, 331-349	0.7	3
29	Study protocol for a hospital-to-home transitional care intervention for older adults with multiple chronic conditions and depressive symptoms: a pragmatic effectiveness-implementation trial. <i>BMC Geriatrics</i> , 2020 , 20, 240	4.1	3
28	Self-management program versus usual care for community-dwelling older adults with multimorbidity: A pragmatic randomized controlled trial in Ontario, Canada. <i>Journal of Comorbidity</i> , 2020 , 10, 2235042X20963390	4	3
27	Cross-sectional Study of Prevalence and Correlates of Urinary Incontinence in Older Home-Care Clients With Type 2 Diabetes in Ontario, Canada. <i>Canadian Journal of Diabetes</i> , 2021 , 45, 47-54.e4	2.1	3
26	Measuring multimorbidity series: an overlooked complexity-comparison of self-report vs. administrative data in community-living adults-paper 1: introduction. <i>Journal of Clinical Epidemiology</i> , 2020 , 124, 160-162	5.7	2
25	An evaluation study of caregiver perceptions of the Ontario Health Links program. <i>PLoS ONE</i> , 2020 , 15, e0229579	3.7	2
24	Reducing Fall Risk for Frail Older Home-Care Clients Using a Multifactorial and Interdisciplinary Team Approach. <i>Journal of Patient Safety</i> , 2007 , 3, 149-157	1.9	2
23	Overcoming Recruitment Challenges for Securing a Survey Sample of Caregivers of Community-Dwelling Older Adults with Multiple Chronic Conditions 2017 , 1, 16-24		2
22	Burden on Caregivers of Adults with Multiple Chronic Conditions: Intersectionality of Age, Gender, Education level, Employment Status, and Impact on Social Life. <i>Canadian Journal on Aging</i> , 2020 , 39, 456-467	1.6	2
21	The Complexity of Living with Diabetes and Urinary Incontinence for Older Adults with Multiple Chronic Conditions Receiving Home Care Services: An Interpretive Description Study. <i>Global Qualitative Nursing Research</i> , 2021 , 8, 2333393621993452	0.9	2
20	Engagement of older adults with multimorbidity as patient research partners: Lessons from a patient-oriented research program. <i>Journal of Multimorbidity and Comorbidity</i> , 2021 , 11, 2633556521999508		2
19	Functional limitations in people with multimorbidity and the association with mental health conditions: Baseline data from the Canadian Longitudinal Study on Aging (CLSA). <i>PLoS ONE</i> , 2021 , 16, e0255907	3.7	2
18	Nurse-Led Interventions to Promote Optimal Aging at Home for Older Adults With Multimorbidity and Their Caregivers: Moving the Nursing Research Agenda Forward. <i>Canadian Journal of Nursing Research</i> , 2016 , 48, 4-6	1.5	1
17	Tips on overlapping confidence intervals and univariate linear models. <i>Nurse Researcher</i> , 2009 , 16, 73-83	1	1
16	Formal Health and Social Services That Directly and Indirectly Benefit Stroke Caregivers: A Scoping Review of Access and Use.. <i>Canadian Journal of Nursing Research</i> , 2022 , 8445621211019261	1.5	1

15	The Relationship Between Multimorbidity and Self-Reported Health Among Community-Dwelling Older Adults and the Factors that Shape This Relationship: A Mixed Methods Study Protocol Using CLSA Baseline Data. <i>International Journal of Qualitative Methods, The</i> , 2021 , 20, 160940692110501	3.3	1
14	Kidney Function and Potassium Monitoring After Initiation of Renin-Angiotensin-Aldosterone System Blockade Therapy and Outcomes in 2 North American Populations. <i>Circulation: Cardiovascular Quality and Outcomes</i> , 2020 , 13, e006415	5.8	1
13	Capacity development among academic trainees in community-based primary health care research: The Aging, Community and Health Research Unit Experience. <i>Primary Health Care Research and Development</i> , 2019 , 20, e139	1.6	1
12	Self-Report Tools for Assessing Physical Activity in Community-Living Older Adults with Multiple Chronic Conditions: A Systematic Review of Psychometric Properties and Feasibility. <i>Canadian Journal on Aging</i> , 2020 , 39, 12-30	1.6	1
11	Home-Care Nurses' Experiences of Caring for Older Adults With Type 2 Diabetes Mellitus and Urinary Incontinence: An Interpretive Description Study. <i>SAGE Open Nursing</i> , 2021 , 7, 23779608211020977	1.7	1
10	Effectiveness of a nurse-led hospital-to-home transitional care intervention for older adults with multimorbidity and depressive symptoms: A pragmatic randomized controlled trial. <i>PLoS ONE</i> , 2021 , 16, e0254573	3.7	1
9	Tools for assessing the scalability of innovations in health: a systematic review.. <i>Health Research Policy and Systems</i> , 2022 , 20, 34	3.7	1
8	Factors impacting the access and use of formal health and social services by caregivers of stroke survivors: an interpretive description study.. <i>BMC Health Services Research</i> , 2022 , 22, 433	2.9	1
7	Self-reported health and the well-being paradox among community-dwelling older adults: a cross-sectional study using baseline data from the Canadian Longitudinal Study on Aging (CLSA).. <i>BMC Geriatrics</i> , 2022 , 22, 112	4.1	0
6	The Aging, Community and Health Research Unit Community Partnership Program (ACHRU-CPP) for Older adults with diabetes and multiple chronic conditions: study protocol for a randomized controlled trial.. <i>BMC Geriatrics</i> , 2022 , 22, 99	4.1	0
5	The impact of multimorbidity level and functional limitations on the accuracy of using self-reported survey data compared to administrative data to measure general practitioner and specialist visits in community-living adults. <i>BMC Health Services Research</i> , 2021 , 21, 1123	2.9	0
4	The hidden complexity of measuring number of chronic conditions using administrative and self-report data: A short report. <i>Journal of Comorbidity</i> , 2020 , 10, 2235042X20931287	4	0
3	Women's Caregiving Experience of Older Persons Living With Alzheimer Disease and Related Dementias and Multiple Chronic Conditions: Using Wuest's Theory.. <i>SAGE Open Nursing</i> , 2020 , 6, 2377960820974816	1.3	0
2	Optimizing the Meaningful Engagement of Older Adults With Multimorbidity and Their Caregivers as Research Partners: A Qualitative Study. <i>Journal of Applied Gerontology</i> , 2021 , 40, 1807-1817	3.3	
1	Review: poor-quality trials suggest that some interventions for family caregivers of patients with stroke improve carer outcomes. <i>Evidence-based Nursing</i> , 2008 , 11, 85	0.3
