#	ARTICLE	IF	CITATIONS
1	Thai Patients' Drug Safety Knowledge and Perceptions Relating to Different Forms of Written Medicine Information: A Comparative Study. Patient Preference and Adherence, 2022, Volume 16, 1141-1152.	0.8	5
2	Patients' Experiences and Perspectives of Receiving Written Medicine Information About Medicines: A Qualitative Study. Patient Preference and Adherence, 2021, Volume 15, 569-580.	0.8	5
3	Provision and Need for Medicine Information in Asia and Africa: A Scoping Review of the Literature. Drug Safety, 2021, 44, 421-437.	1.4	10
4	NHS Health Check programme: a protocol for a realist review. BMJ Open, 2021, 11, e048937.	0.8	13
5	Development and psychometric validation for evaluating written medicine information in Thailand: The Consumer Information Rating Form. BMJ Open, 2021, 11, e053740.	0.8	2
6	The Effectiveness and Value of Written Medicine Information Across Asia and Africa: Systematic Review. Drug Safety, 2021, 44, 1283-1295.	1.4	4
7	Experiences and Views of Medicine Information Among the General Public in Thailand. Patient Preference and Adherence, 2020, Volume 14, 1073-1082.	0.8	6
8	Cross-Cultural Adaptation and Reliability Testing of Chinese Version of the Living with Medicines Questionnaire in Elderly Patients with Chronic Diseases. Patient Preference and Adherence, 2020, Volume 14, 2477-2487.	0.8	5
9	Views and experiences of care home staff on managing behaviours that challenge in dementia: a national survey in England. Aging and Mental Health, 2019, 23, 698-705.	1.5	7
10	Making medicines safer: analysis of patient reports to the UK's Yellow Card Scheme. Expert Opinion on Drug Safety, 2019, 18, 1237-1243.	1.0	8
11	Development and evaluation of user-tested Thai patient information leaflets for non-steroidal anti-inflammatory drugs: Effect on patients' knowledge. PLoS ONE, 2019, 14, e0210395.	1.1	13
12	Development and preliminary validation of an instrument to enable laypersons to assess suspected side effects from medicines. Pharmacoepidemiology and Drug Safety, 2019, 28, 1023-1031.	0.9	3
13	Practices of healthcare professionals in communicating with nonsteroidal anti-inflammatory drug users in Thailand: a qualitative study. International Journal of Pharmacy Practice, 2019, 27, 362-369.	0.3	3
14	Complexity of Medicine Regimens and Patient Perception of Medicine Burden. Pharmacy (Basel), 2019, 10, 19.	0.6	19
15	Use of information sources regarding medicine side effects among the general population: a cross-sectional survey. Primary Health Care Research and Development, 2019, 20, e153.	0.5	7
16	Exploring Medicines Burden Among Adults in New Zealand: A Cross-Sectional Survey. Patient Preference and Adherence, 2019, Volume 13, 2171-2184.	0.8	11
17	Consistency and replicability of a pharmacist-led intervention for asthma patients: Italian Medicines Use Review (I-MUR). Primary Health Care Research and Development, 2019, 20, e10.	0.5	3
18	You feel like you haven't got any control: A qualitative study of side effects from medicines. Journal of Patient Safety and Risk Management, 2019, 24, 13-24.	0.4	5

#	ARTICLE	IF	CITATIONS
19	Identifying enablers and barriers to individually tailored prescribing: a survey of healthcare professionals in the UK. <i>BMC Family Practice</i> , 2018, 19, 17.	2.9	20
20	The impact of cardiovascular medication use on patients' daily lives: a cross-sectional study. <i>International Journal of Clinical Pharmacy</i> , 2018, 40, 412-420.	1.0	14
21	Evaluation of community pharmacists' roles in screening and communication of risks about non-steroidal anti-inflammatory drugs in Thailand. <i>Primary Health Care Research and Development</i> , 2018, 19, 598-604.	0.5	9
22	Cross-sectional survey of patients' need for information and support with medicines after discharge from hospital. <i>International Journal of Pharmacy Practice</i> , 2018, 26, 433-441.	0.3	9
23	Development and validation of a revised instrument to measure burden of long-term medicines use: the Living with Medicines Questionnaire version 3. <i>Patient Related Outcome Measures</i> , 2018, Volume 9, 155-168.	0.7	29
24	Patient experiences of the burden of using medicines for long-term conditions and factors affecting burden: A cross-sectional survey. <i>Health and Social Care in the Community</i> , 2018, 26, 946-959.	0.7	27
25	Pharmacists' and patients' views and feedback on Italian Medicines Use Review (I-MUR). <i>European Journal for Person Centered Healthcare</i> , 2018, 6, 286.	0.3	2
26	A cluster randomised control trial to evaluate the effectiveness and cost-effectiveness of the Italian medicines use review (I-MUR) for asthma patients. <i>BMC Health Services Research</i> , 2017, 17, 300.	0.9	51
27	Physicians' communication of risks from non-steroidal anti-inflammatory drugs and attitude towards providing adverse drug reaction information to patients. <i>Journal of Evaluation in Clinical Practice</i> , 2017, 23, 1387-1394.	0.9	14
28	Prescribing and Research in Medicines Management, 28th Annual Scientific Meeting, 27 January 2017, London. <i>European Journal of Hospital Pharmacy</i> , 2017, 24, 246-247.	0.5	0
29	Public confidence in ADR identification and their views on ADR reporting: mixed methods study. <i>European Journal of Clinical Pharmacology</i> , 2017, 73, 223-231.	0.8	14
30	Person-centred medicines optimisation policy in England: an agenda for research on polypharmacy. <i>Primary Health Care Research and Development</i> , 2017, 18, 24-34.	0.5	17
31	A cross-sectional study using freedom of information requests to evaluate variation in local authority commissioning of community pharmacy public health services in England. <i>BMJ Open</i> , 2017, 7, e015511.	0.8	14
32	Validation of an instrument to measure patients' experiences of medicine use: the Living with Medicines Questionnaire. <i>Patient Preference and Adherence</i> , 2017, Volume 11, 671-679.	0.8	42
33	Medicine-related services in community pharmacy: public preferences for pharmacy attributes and promotional methods and comparison with pharmacists'; perceptions. <i>Patient Preference and Adherence</i> , 2016, Volume 10, 2297-2307.	0.8	14
34	Measuring medicine-related experiences from the patient perspective: a systematic review. <i>Patient Related Outcome Measures</i> , 2016, Volume 7, 157-171.	0.7	34
35	Comparison of pharmacist and public views and experiences of community pharmacy medicines-related services in England. <i>Patient Preference and Adherence</i> , 2016, Volume 10, 1749-1758.	0.8	41
36	Knowledge and perceptions of the risks of non-steroidal anti-inflammatory drugs among orthopaedic patients in Thailand. <i>International Journal of Clinical Pharmacy</i> , 2016, 38, 1269-1276.	1.0	15

#	ARTICLE	IF	CITATIONS
37	Methodological and economic evaluations of seven survey modes applied to health service research. <i>Journal of Pharmaceutical Health Services Research</i> , 2016, 7, 43-52.	0.3	3
38	Initial development and testing of an instrument for patient self-assessment of adverse drug reactions. <i>Pharmacoepidemiology and Drug Safety</i> , 2016, 25, 54-63.	0.9	7
39	Introduction to drug utilization research. , 2016, , 1-12.		20
40	Prescriber perspectives. , 2016, , 336-346.		0
41	Patient perspectives. , 2016, , 347-354.		0
42	Views of practice managers and general practitioners on implementing NHS Health Checks. <i>Primary Health Care Research and Development</i> , 2016, 17, 198-205.	0.5	15
43	Implementation of NHS Health Checks in general practice: variation in delivery between practices and practitioners. <i>Primary Health Care Research and Development</i> , 2016, 17, 385-392.	0.5	10
44	Delays and interruptions in the acute medical unit clerking process: an observational study. <i>JRSM Open</i> , 2016, 7, 205427041561932.	0.2	7
45	Experiences of and attitudes towards receiving information about non-steroidal anti-inflammatory drugs: a cross-sectional survey of patients in Thailand. <i>Expert Opinion on Drug Safety</i> , 2016, 15, 417-426.	1.0	18
46	Experiences relating to adverse drug reactions in the community: a cross-sectional survey among patients and the general public in Thailand. <i>Expert Opinion on Drug Safety</i> , 2016, 15, 287-295.	1.0	17
47	Medicine information leaflets for non-steroidal anti-inflammatory drugs in Thailand. <i>International Journal of Clinical Pharmacy</i> , 2016, 38, 25-29.	1.0	17
48	Views of English Pharmacists on Providing Public Health Services. <i>Pharmacy (Basel, Switzerland)</i> , 2015, 3, 154-168.	0.6	9
49	Solutions to problematic polypharmacy: learning from the expertise of patients. <i>British Journal of General Practice</i> , 2015, 65, 319-320.	0.7	66
50	Randomised evaluation of the Italian medicines use review provided by community pharmacists using asthma as a model (RE I-MUR). <i>BMC Health Services Research</i> , 2015, 15, 171.	0.9	9
51	Survey of patients's experiences and their certainty of suspected adverse drug reactions. <i>International Journal of Clinical Pharmacy</i> , 2015, 37, 168-174.	1.0	19
52	Management for improving patients' knowledge and understanding about drug allergy. <i>Pharmacy Practice</i> , 2015, 13, 513.	0.8	15
53	Hospital pharmacists' roles and attitudes in providing information on the safety of non-steroidal anti-inflammatory drugs in Thailand. <i>International Journal of Clinical Pharmacy</i> , 2014, 36, 1205-1212.	1.0	15
54	A qualitative study to explore how patients identify and assess symptoms as adverse drug reactions. <i>European Journal of Clinical Pharmacology</i> , 2014, 70, 607-615.	0.8	29

#	ARTICLE	IF	CITATIONS
55	Measuring the impact of long-term medicines use from the patient perspective. <i>International Journal of Clinical Pharmacy</i> , 2014, 36, 675-678.	1.0	24
56	How to enhance public health service utilization in community pharmacy?: General public and health providers' perspectives. <i>Research in Social and Administrative Pharmacy</i> , 2014, 10, 272-284.	1.5	98
57	Views of British community pharmacists on direct patient reporting of adverse drug reactions (ADRs). <i>Pharmacoepidemiology and Drug Safety</i> , 2013, 22, 1130-1133.	0.9	4
58	Patients' Use of Information about Medicine Side Effects in Relation to Experiences of Suspected Adverse Drug Reactions: A Cross-Sectional Survey in Medical In-Patients. <i>Drug Safety</i> , 2013, 36, 673-680.	1.4	31
59	Issues potentially affecting quality of life arising from long-term medicines use: a qualitative study. <i>International Journal of Clinical Pharmacy</i> , 2013, 35, 1161-1169.	1.0	46
60	Informing patients about medicines – A hospital in-patient survey in England. <i>Patient Education and Counseling</i> , 2013, 90, 276-278.	1.0	13
61	Evaluation of welfare advice in primary care: effect on practice workload and prescribing for mental health. <i>Primary Health Care Research and Development</i> , 2013, 14, 307-314.	0.5	17
62	A community pharmacy-based cardiovascular screening service: views of service users and the public. <i>International Journal of Pharmacy Practice</i> , 2012, 20, 277-284.	0.3	45
63	Patient reporting of suspected adverse drug reactions to antiepileptic drugs: Factors affecting attribution accuracy. <i>Epilepsy and Behavior</i> , 2012, 24, 102-106.	0.9	13
64	Implementing a statin switching programme in primary care: patients' views and experiences. <i>British Journal of Clinical Pharmacology</i> , 2012, 74, 147-153.	1.1	8
65	How Patient Reporters Identify Adverse Drug Reactions. <i>Drug Safety</i> , 2011, 34, 429-436.	1.4	27
66	Effect of incentives on recruitment and response rate in a community-based pharmacy practice study. <i>International Journal of Pharmacy Practice</i> , 2011, 7, 80-85.	0.3	5
67	Pharmaceutical needs assessment in general practice. <i>International Journal of Pharmacy Practice</i> , 2011, 8, 265-274.	0.3	5
68	A classification system for issues identified in pharmaceutical care practice. <i>International Journal of Pharmacy Practice</i> , 2011, 10, 91-100.	0.3	24
69	The importance of direct patient reporting of suspected adverse drug reactions: a patient perspective. <i>British Journal of Clinical Pharmacology</i> , 2011, 72, 806-822.	1.1	72
70	An audit of responding to symptoms in community pharmacy. <i>International Journal of Pharmacy Practice</i> , 2011, 4, 129-135.	0.3	13
71	Patient views and experiences of making adverse drug reaction reports to the Yellow Card Scheme in the UK. <i>Pharmacoepidemiology and Drug Safety</i> , 2011, 20, 523-531.	0.9	34
72	Medicine safety: experiences and perceptions of the general public in Liverpool. <i>Pharmacoepidemiology and Drug Safety</i> , 2011, 20, 1098-1103.	0.9	25
