#	ARTICLE	IF	CITATIONS
1	ART initiation among women newly diagnosed with HIV in a contraceptive trial in sub-Saharan Africa. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2022, 34, 478-485.	1.2	3
2	Gender, Power, and Health: Measuring and Assessing Sexual Relationship Power Equity Among Young Sub-Saharan African Women and Men, a Systematic Review. <i>Trauma, Violence, and Abuse</i> , 2022, 23, 920-937.	6.2	7
3	Contraceptive method preference and reasons for contraceptive discontinuation among women randomized to intramuscular depot medroxyprogesterone acetate, a copper intrauterine device or a levonorgestrel implant: Findings from Durban, South Africa. <i>Contraception</i> , 2022, 108, 37-43.	1.5	4
4	Daily Oral Pre-exposure Prophylaxis (PrEP) Continuation Among Women from Durban, South Africa, Who Initiated PrEP as Standard of Care for HIV Prevention in a Clinical Trial. <i>AIDS and Behavior</i> , 2022, 26, 2623-2631.	2.7	7
5	What are we learning about HIV testing in informal settlements in KwaZulu-Natal, South Africa? Results from a randomized controlled trial. <i>PLoS ONE</i> , 2022, 17, e0257033.	2.5	1
6	Color, Scent and Size: Exploring Women's Preferences Around Design Characteristics of Drug-Releasing Vaginal Rings. <i>AIDS and Behavior</i> , 2022, , 1.	2.7	0
7	Genital inflammatory status and the innate immune response to contraceptive initiation. <i>American Journal of Reproductive Immunology</i> , 2022, 88, .	1.2	4
8	“I feel like it is asking if he is a stalker” but I also feel like it is asking if he cares” exploring young South African women and men’s perceptions of the Sexual Relationship Power Scale. <i>BMC Public Health</i> , 2022, 22, .	2.9	5
9	Acceptability of the menstrual cup among students in further education institutions in KwaZulu-Natal, South Africa. <i>European Journal of Contraception and Reproductive Health Care</i> , 2021, 26, 11-16.	1.5	8
10	Sexually transmitted infections among women randomised to depot medroxyprogesterone acetate, a copper intrauterine device or a levonorgestrel implant. <i>Sexually Transmitted Infections</i> , 2021, 97, 249-255.	1.9	17
11	Exploring the Use of Oral Pre-exposure Prophylaxis (PrEP) Among Women from Durban, South Africa as Part of the HIV Prevention Package in a Clinical Trial. <i>AIDS and Behavior</i> , 2021, 25, 1112-1119.	2.7	20
12	Food insecurity and depression: a cross-sectional study of a multi-site urban youth cohort in Durban and Soweto, South Africa. <i>Tropical Medicine and International Health</i> , 2021, 26, 687-700.	2.3	11
13	Weight change among women using intramuscular depot medroxyprogesterone acetate, a copper intrauterine device, or a levonorgestrel implant for contraception: Findings from a randomised, multicentre, open-label trial. <i>EClinicalMedicine</i> , 2021, 34, 100800.	7.1	12
14	Fertility desires of people living with HIV: does the implementation of a sexual and reproductive health and HIV integration model change healthcare providers’ attitudes and clients’ desires?. <i>BMC Health Services Research</i> , 2021, 21, 509.	2.2	4
15	Uptake of Contraception Among Adolescent Girls and Young Women PrEP Clients: Leveraging the Opportunity to Strengthen HIV and Sexual and Reproductive Health Integration. <i>Frontiers in Reproductive Health</i> , 2021, 3, .	1.9	4
16	Incorporating oral PrEP into standard prevention services for South African women: a nested interrupted time-series study. <i>Lancet HIV</i> , 2021, 8, e495-e501.	4.7	16
17	How is Clinical Trial Reimbursement Money Spent? South African Trial Participants’ Reported Reimbursement Spending Patterns and Perceptions of Appropriate Reimbursement Amounts. <i>AIDS and Behavior</i> , 2021, , 1.	2.7	0
18	High cellphone use associated with greater risk of depression among young women aged 15–24 years in Soweto and Durban, South Africa. <i>Global Health Action</i> , 2021, 14, 1936792.	1.9	7

#	ARTICLE	IF	CITATIONS
19	The use of objective adherence measures targeting four placebo microbicide delivery forms in the Quatro Clinical Crossover Study. <i>Clinical and Translational Discovery</i> , 2021, 1, e13.	0.5	0
20	Women's contraceptive choice following the use of Implanon NXT: Findings from a study in Durban, South Africa. <i>African Journal of Reproductive Health</i> , 2021, 25, 41-48.	1.1	2
21	Efficacy is Not Everything: Eliciting Women's Preferences for a Vaginal HIV Prevention Product Using a Discrete-Choice Experiment. <i>AIDS and Behavior</i> , 2020, 24, 1443-1451.	2.7	22
22	Male and female condoms: Their key role in pregnancy and STI/HIV prevention. <i>Best Practice and Research in Clinical Obstetrics and Gynaecology</i> , 2020, 66, 55-67.	2.8	32
23	Perceived male partner attitudes toward the female condom predict female university students' use of the female condom. <i>International Journal of STD and AIDS</i> , 2020, 31, 753-762.	1.1	4
24	Integrating oral PrEP delivery among African women in a large HIV endpoint-driven clinical trial. <i>Journal of the International AIDS Society</i> , 2020, 23, e25491.	3.0	18
25	Lessons from the evaluation of the South African National Female Condom Programme. <i>PLoS ONE</i> , 2020, 15, e0236984.	2.5	7
26	Performance of Male Condoms When Used With and Without a Silicone Placebo Vaginal Ring: A Randomized, Crossover Trial. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2020, 85, 51-57.	2.1	0
27	Pubic hair grooming practices in KwaZulu-Natal, South Africa: prevalence, side effects and association with sexually transmitted infections. <i>International Journal of STD and AIDS</i> , 2020, 31, 1034-1039.	1.1	5
28	Performance and Acceptability of the FC2 Female Condom When Used With and Without a Silicone Placebo Vaginal Ring: A Randomized, Crossover Trial. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2020, 85, 58-65.	2.1	2
29	Effects of Depot Medroxyprogesterone Acetate, Copper Intrauterine Devices, and Levonorgestrel Implants on Early HIV Disease Progression. <i>AIDS Research and Human Retroviruses</i> , 2020, 36, 632-640.	1.1	1
30	Partner notification and treatment outcomes among South African adolescents and young adults diagnosed with a sexually transmitted infection via laboratory-based screening. <i>International Journal of STD and AIDS</i> , 2020, 31, 627-636.	1.1	16
31	Lubrication and Vaginal Sex: Lubricant Use and Preferences in General Population Women and Women at Risk of HIV. <i>Archives of Sexual Behavior</i> , 2020, 49, 2103-2116.	1.9	4
32	Lessons from the evaluation of the South African National Female Condom Programme. , 2020, 15, e0236984.		0
33	Lessons from the evaluation of the South African National Female Condom Programme. , 2020, 15, e0236984.		0
34	Lessons from the evaluation of the South African National Female Condom Programme. , 2020, 15, e0236984.		0
35	Lessons from the evaluation of the South African National Female Condom Programme. , 2020, 15, e0236984.		0
36	Implementation of a sexual and reproductive health service integration model: South African providers' reports. <i>Cogent Medicine</i> , 2019, 6, 1592740.	0.7	4

#	ARTICLE	IF	CITATIONS
37	Functional performance study of an adapted design of the woman's condom: a crossover, noninferiority, randomized clinical trial. <i>European Journal of Contraception and Reproductive Health Care</i> , 2019, 24, 233-239.	1.5	3
38	The party condom: a pilot study of the function and acceptability of an alternative female condom design. <i>International Journal of STD and AIDS</i> , 2019, 30, 1080-1086.	1.1	4
39	Offering choice in female condoms: The South African experience. <i>International Journal of STD and AIDS</i> , 2019, 30, 985-990.	1.1	2
40	Measuring sexual relationship power equity among young women and young men South Africa: Implications for gender-transformative programming. <i>PLoS ONE</i> , 2019, 14, e0221554.	2.5	22
41	Acceptability and performance of a nonwoven device for vaginal drug delivery among women and their male partners in KwaZulu-Natal, South Africa. <i>European Journal of Contraception and Reproductive Health Care</i> , 2019, 24, 390-398.	1.5	2
42	End-user preference for and choice of four vaginally delivered <sc>HIV</sc> prevention methods among young women in South Africa and Zimbabwe: the Quatro Clinical Crossover Study. <i>Journal of the International AIDS Society</i> , 2019, 22, e25283.	3.0	46
43	Male partner influence on family planning and contraceptive use: perspectives from community members and healthcare providers in KwaZulu-Natal, South Africa. <i>Reproductive Health</i> , 2019, 16, 89.	3.1	110
44	HIV incidence among women using intramuscular depot medroxyprogesterone acetate, a copper intrauterine device, or a levonorgestrel implant for contraception: a randomised, multicentre, open-label trial. <i>Lancet, The</i> , 2019, 394, 303-313.	13.7	230
45	P176...HIV acquisition and antiretroviral therapy initiation in a youth cohort in Soweto and Durban, South Africa. , 2019, , .		0
46	Sexual Self-Efficacy and Gender: A Review of Condom Use and Sexual Negotiation Among Young Men and Women in Sub-Saharan Africa. <i>Journal of Sex Research</i> , 2018, 55, 522-539.	2.5	50
47	Bone mineral density in midlife long-term users of hormonal contraception in South Africa: relationship with obesity and menopausal status. <i>Women's Midlife Health</i> , 2018, 4, 6.	1.5	5
48	A Randomized Crossover Study Evaluating the Use and Acceptability of the SILCS Diaphragm Compared to Vaginal Applicators for Vaginal Gel Delivery. <i>AIDS and Behavior</i> , 2018, 22, 127-132.	2.7	10
49	Developing a model for integrating sexual and reproductive health services with HIV prevention and care in KwaZulu-Natal, South Africa. <i>Reproductive Health</i> , 2018, 15, 189.	3.1	15
50	A high burden of asymptomatic genital tract infections undermines the syndromic management approach among adolescents and young adults in South Africa: implications for HIV prevention efforts. <i>BMC Infectious Diseases</i> , 2018, 18, 499.	2.9	61
51	Provider understandings of and attitudes towards integration: Implementing an HIV and sexual and reproductive health service integration model, South Africa. <i>African Journal of AIDS Research</i> , 2018, 17, 183-192.	0.9	9
52	Effect of a "diagonal" intervention on uptake of <sc>HIV</sc> and reproductive health services by female sex workers in three sub-Saharan African cities. <i>Tropical Medicine and International Health</i> , 2018, 23, 774-784.	2.3	17
53	Sexual and reproductive health risk behaviours among South African university students: results from a representative campus-wide survey. <i>African Journal of AIDS Research</i> , 2017, 16, 1-10.	0.9	14
54	Sexual and reproductive health services utilization by female sex workers is context-specific: results from a cross-sectional survey in India, Kenya, Mozambique and South Africa. <i>Reproductive Health</i> , 2017, 14, 13.	3.1	29

#	ARTICLE	IF	CITATIONS
55	Barriers to HIV and sexual and reproductive health care for female sex workers in Tete, Mozambique: results from a cross-sectional survey and focus group discussions. <i>BMC Public Health</i> , 2016, 16, 608.	2.9	37
56	Inequity in costs of seeking sexual and reproductive health services in India and Kenya. <i>International Journal for Equity in Health</i> , 2015, 14, 84.	3.5	11
57	Better menstrual management options for adolescents needed in South Africa: What about the menstrual cup?. <i>South African Medical Journal</i> , 2015, 105, 331.	0.6	7
58	Knowledge, attitudes, practices and behaviors associated with female condoms in developing countries: a scoping review. <i>Open Access Journal of Contraception</i> , 2015, 6, 125.	1.4	30
59	A randomized noninferiority crossover controlled trial of the functional performance and safety of new female condoms: an evaluation of the Velvet, Cupid2, and FC2. <i>Contraception</i> , 2015, 92, 261-267.	1.5	11
60	The female condom learning curve: patterns of female condom failure over 20 uses. <i>Contraception</i> , 2015, 91, 85-90.	1.5	14
61	“œI Would Say it Does Concern Me and on the Other Hand it Doesn't.” Perceptions of South African Learners' Experiences with Sex, Pregnancy, and HIV. <i>AIDS Research and Human Retroviruses</i> , 2014, 30, A62-A62.	1.1	1
62	Introduction of the SILCS Diaphragm as a Multipurpose Technology in South Africa: Potential Users, Perceived Benefits, and Barriers to Use. <i>AIDS Research and Human Retroviruses</i> , 2014, 30, A67-A67.	1.1	3
63	New female condoms in the pipeline. <i>Reproductive Health Matters</i> , 2012, 20, 188-196.	1.2	24
64	Practice makes perfect: reduction in female condom failures and user problems with short-term experience in a randomized trial. <i>Contraception</i> , 2012, 86, 127-131.	1.5	22
65	Female condom technology: new products and regulatory issues. <i>Contraception</i> , 2011, 83, 316-321.	1.5	33
66	Three new female condoms: which do South-African women prefer?. <i>Contraception</i> , 2011, 83, 248-254.	1.5	44
67	Short-term acceptability of a single-size diaphragm among couples in South Africa and Thailand. <i>Journal of Family Planning and Reproductive Health Care</i> , 2008, 34, 233-236.	0.8	16
68	Standardized definitions of failure modes for female condoms. <i>Contraception</i> , 2007, 75, 251-255.	1.5	26
69	Performance of the Reality® polyurethane female condom and a synthetic latex prototype: a randomized crossover trial among South African women. <i>Contraception</i> , 2006, 73, 386-393.	1.5	43
70	A review of female-condom effectiveness: patterns of use and impact on protected sex acts and STI incidence. <i>International Journal of STD and AIDS</i> , 2006, 17, 652-659.	1.1	95
