#	ARTICLE	IF	CITATIONS
1	Investigating the impact of brief training in decision-making on treatment escalation to intensive care using objective structured clinical examination-style scenarios. <i>Journal of the Intensive Care Society</i> , 2023, 24, 53-61.	2.2	0
2	Lactic acid gel versus metronidazole for recurrent bacterial vaginosis in women aged 16 years and over: the VITA RCT. <i>Health Technology Assessment</i> , 2022, 26, 1-170.	2.8	11
3	Caring in the silences: why physicians and surgeons do not discuss emergency care and treatment planning with their patients – an analysis of hospital-based ethnographic case studies in England. <i>BMJ Open</i> , 2022, 12, e046189.	1.9	6
4	Supportive supervision from a roving nurse mentor in a community health worker programme: a process evaluation in South Africa. <i>BMC Health Services Research</i> , 2022, 22, 323.	2.2	4
5	Evaluating interventions to improve ethical decision making in clinical practice: a review of the literature and reflections on the challenges posed. <i>Journal of Medical Ethics</i> , 2022, , medethics-2021-107966.	1.8	3
6	Remote Consulting in Primary Health Care in Low- and Middle-Income Countries: Feasibility Study of an Online Training Program to Support Care Delivery During the COVID-19 Pandemic. <i>JMIR Formative Research</i> , 2022, 6, e32964.	1.4	8
7	Perspective on digital communication with health professions from close supporters of young people with long-term health conditions (The LYNC Study). <i>Digital Health</i> , 2022, 8, 205520762210925.	1.8	1
8	Spontaneously generated online patient experience data - how and why is it being used in health research: an umbrella scoping review. <i>BMC Medical Research Methodology</i> , 2022, 22, 139.	3.1	3
9	Assessing the Utility of a Quality-of-Care Assessment Tool Used in Assessing Comprehensive Care Services Provided by Community Health Workers in South Africa. <i>Frontiers in Public Health</i> , 2022, 10, .	2.7	2
10	Factors associated with accessing and utilisation of healthcare and provision of health services for residents of slums in low and middle-income countries: a scoping review of recent literature. <i>BMJ Open</i> , 2022, 12, e055415.	1.9	3
11	Understanding the Security and Privacy Concerns About the Use of Identifiable Health Data in the Context of the COVID-19 Pandemic: Survey Study of Public Attitudes Toward COVID-19 and Data-Sharing. <i>JMIR Formative Research</i> , 2022, 6, e29337.	1.4	3
12	Systematic review of educational interventions to improve the menstrual health of young adolescent girls. <i>BMJ Open</i> , 2022, 12, e057204.	1.9	8
13	Custodians of Information: Patient and Physician Views on Sharing Medical Records in the Acute Care Setting. <i>Health Communication</i> , 2021, 36, 1879-1888.	3.1	2
14	A qualitative study exploring the experience of viewing three-dimensional medical images during an orthopaedic outpatient consultation from the perspective of patients, health care professionals, and lay representatives. <i>Journal of Evaluation in Clinical Practice</i> , 2021, 27, 333-343.	1.8	3
15	Decision-making around admission to intensive care in the UK pre-COVID-19: a multicentre ethnographic study. <i>Anaesthesia</i> , 2021, 76, 489-499.	3.8	15
16	Comparing the use of direct observation, standardized patients and exit interviews in low- and middle-income countries: a systematic review of methods of assessing quality of primary care. <i>Health Policy and Planning</i> , 2021, 36, 341-356.	2.7	14
17	Evidence generated from a realist synthesis of trials on educational weight loss interventions in type 2 diabetes mellitus. <i>Diabetic Medicine</i> , 2021, 38, e14394.	2.3	6
18	Spontaneously Generated Online Patient Experience of Modafinil: A Qualitative and NLP Analysis. <i>Frontiers in Digital Health</i> , 2021, 3, 598431.	2.8	3

#	ARTICLE	IF	CITATIONS
19	Conversations about FGM in primary care: a realist review on how, why and under what circumstances FGM is discussed in general practice consultations. <i>BMJ Open</i> , 2021, 11, e039809.	1.9	12
20	UK consultants' experiences of the decision-making process around referral to intensive care: an interview study. <i>BMJ Open</i> , 2021, 11, e044752.	1.9	0
21	Analysis of OpenStreetMap Data Quality at Different Stages of a Participatory Mapping Process: Evidence from Slums in Africa and Asia. <i>ISPRS International Journal of Geo-Information</i> , 2021, 10, 265.	2.9	21
22	Why, when and how do secondary-care clinicians have emergency care and treatment planning conversations? Qualitative findings from the ReSPECT Evaluation study. <i>Resuscitation</i> , 2021, 162, 343-350.	3.0	13
23	Bayesian belief network modelling of household food security in rural South Africa. <i>BMC Public Health</i> , 2021, 21, 935.	2.9	0
24	Community health workers' efforts to build health system trust in marginalised communities: a qualitative study from South Africa. <i>BMJ Open</i> , 2021, 11, e044065.	1.9	12
25	Sharing a written medical summary with patients on the <scp>post-admission</scp> ward round: A qualitative study of clinician and patient experience. <i>Journal of Evaluation in Clinical Practice</i> , 2021, 27, 1235-1242.	1.8	3
26	Evaluation of a self-help intervention to promote the health and wellbeing of marginalised people including those living with leprosy in Nepal: a prospective, observational, cluster-based, cohort study with controls. <i>BMC Public Health</i> , 2021, 21, 873.	2.9	2
27	Measuring health-related quality of life in chronic headache: A comparative evaluation of the Chronic Headache Quality of Life Questionnaire and Headache Impact Test (HIT-6). <i>Cephalalgia</i> , 2021, 41, 1100-1123.	3.9	13
28	General practitioners' experiences of emergency care and treatment planning in England: a focus group study. <i>BMC Family Practice</i> , 2021, 22, 128.	2.9	7
29	Treating patients with ReSPECT during a pandemic: Resuscitation decisions during COVID-19. <i>Resuscitation</i> , 2021, 164, 147-148.	3.0	1
30	Assessing the quality of ReSPECT documentation using an accountability for reasonableness framework. <i>Resuscitation Plus</i> , 2021, 7, 100145.	1.7	8
31	Ethical conflicts during the process of deciding about ICU admission: an empirically driven ethical analysis. <i>Journal of Medical Ethics</i> , 2021, 47, e87-e87.	1.8	5
32	Mobile consulting as an option for delivering healthcare services in low-resource settings in low- and middle-income countries: A mixed-methods study. <i>Digital Health</i> , 2021, 7, 205520762110334.	1.8	9
33	Systematic review of lay consultation in symptoms and illness experiences in informal urban settlements of low-income and middle-income countries. <i>BMJ Open</i> , 2021, 11, e050766.	1.9	1
34	Implementing an intervention to improve decision making around referral and admission to intensive care: Results of feasibility testing in three NHS hospitals. <i>Journal of Evaluation in Clinical Practice</i> , 2020, 26, 56-65.	1.8	9
35	The experiences of health care professionals, patients, and families of the process of referral and admission to intensive care: A systematic literature review. <i>Journal of the Intensive Care Society</i> , 2020, 21, 79-86.	2.2	8
36	Educational weight loss interventions in obese and overweight adults with type 2 diabetes: a systematic review and meta-analysis of randomized controlled trials. <i>Diabetic Medicine</i> , 2020, 37, 623-635.	2.3	19

#	ARTICLE	IF	CITATIONS
37	How does the use of digital consulting change the meaning of being a patient and/or a health professional? Lessons from the Long-term Conditions Young People Networked Communication study. <i>Digital Health</i> , 2020, 6, 205520762094235.	1.8	3
38	Household coverage, quality and costs of care provided by community health worker teams and the determining factors: findings from a mixed methods study in South Africa. <i>BMJ Open</i> , 2020, 10, e035578.	1.9	12
39	Secondary care consultant clinicians's experiences of conducting emergency care and treatment planning conversations in England: an interview-based analysis. <i>BMJ Open</i> , 2020, 10, e031633.	1.9	14
40	Impact of the societal response to COVID-19 on access to healthcare for non-COVID-19 health issues in slum communities of Bangladesh, Kenya, Nigeria and Pakistan: results of pre-COVID and COVID-19 lockdown stakeholder engagements. <i>BMJ Global Health</i> , 2020, 5, e003042.	4.7	215
41	Identifying and overcoming barriers to automated external defibrillator use by GoodSAM volunteer first responders in out-of-hospital cardiac arrest using the Theoretical Domains Framework and Behaviour Change Wheel: a qualitative study. <i>BMJ Open</i> , 2020, 10, e034908.	1.9	13
42	The impact of digital communication on adolescent to adult mental health service transitions. <i>Journal of Research in Nursing</i> , 2020, 25, 277-288.	0.9	4
43	A qualitative exploration of the experiences of community health animation on malaria control in rural Malawi. <i>Globalization and Health</i> , 2020, 16, 25.	4.9	3
44	Mobile consulting (mConsulting) and its potential for providing access to quality healthcare for populations living in low-resource settings of low- and middle-income countries. <i>Digital Health</i> , 2020, 6, 205520762091959.	1.8	14
45	Usual care and a self-management support programme versus usual care and a relaxation programme for people living with chronic headache disorders: a randomised controlled trial protocol (CHESS). <i>BMJ Open</i> , 2020, 10, e033520.	1.9	12
46	Health workers' perceptions and experiences of using mHealth technologies to deliver primary healthcare services: a qualitative evidence synthesis. <i>The Cochrane Library</i> , 2020, 3, CD011942.	2.8	145
47	Perceptions and Experiences of Internet-Based Testing for Sexually Transmitted Infections: Systematic Review and Synthesis of Qualitative Research. <i>Journal of Medical Internet Research</i> , 2020, 22, e17667.	4.3	12
48	Exploring patients' and clinicians' experiences of video consultations in primary care: a systematic scoping review. <i>BJGP Open</i> , 2020, 4, bjgpopen20X101020.	1.8	119
49	Using patient experience data to support improvements in inpatient mental health care: the EURIPIDES multimethod study. <i>Health Services and Delivery Research</i> , 2020, 8, 1-338.	1.4	6
50	Conveying troublesome concepts: Using an open-space learning activity to teach mixed-methods research in the health sciences. <i>Methodological Innovations</i> , 2019, 12, 205979911986327.	1.2	2
51	Case study of a method of development of a selection process for community health workers in sub-Saharan Africa. <i>Human Resources for Health</i> , 2019, 17, 75.	3.1	7
52	Acceptability of and treatment preferences for recurrent bacterial vaginosis: Topical lactic acid gel or oral metronidazole antibiotic: Qualitative findings from the VITA trial. <i>PLoS ONE</i> , 2019, 14, e0224964.	2.5	14
53	The CHESS trial: protocol for the process evaluation of a randomised trial of an education and self-management intervention for people with chronic headache. <i>Trials</i> , 2019, 20, 323.	1.6	6
54	Internet videoconferencing for patient-clinician consultations in long-term conditions: A review of reviews and applications in line with guidelines and recommendations. <i>Digital Health</i> , 2019, 5, 205520761984583.	1.8	120

#	ARTICLE	IF	CITATIONS
55	Improving the content validity of the mixed methods appraisal tool: a modified e-Delphi study. <i>Journal of Clinical Epidemiology</i> , 2019, 111, 49-59.e1.	5.0	441
56	Experiences of in-patient mental health services: systematic review. <i>British Journal of Psychiatry</i> , 2019, 214, 329-338.	2.8	79
57	Development and validation of a telephone classification interview for common chronic headache disorders. <i>Journal of Headache and Pain</i> , 2019, 20, 2.	6.0	12
58	Development of a tool for assessing quality of comprehensive care provided by community health workers in a community-based care programme in South Africa. <i>BMJ Open</i> , 2019, 9, e030677.	1.9	7
59	Integrating community health workers into the formal health system to improve performance: a qualitative study on the role of on-site supervision in the South African programme. <i>BMJ Open</i> , 2019, 9, e022186.	1.9	41
60	Metronidazole versus lactic acid for treating bacterial vaginosis (VITA): protocol for a randomised controlled trial to assess the clinical and cost effectiveness of topical lactic acid gel for treating second and subsequent episodes of bacterial vaginosis. <i>Trials</i> , 2019, 20, 648.	1.6	8
61	U.K. Intensivists' Preferences for Patient Admission to ICU: Evidence From a Choice Experiment. <i>Critical Care Medicine</i> , 2019, 47, 1522-1530.	0.9	23
62	Developing an intervention around referral and admissions to intensive care: a mixed-methods study. <i>Health Services and Delivery Research</i> , 2019, 7, 1-284.	1.4	12
63	Patient engagement or information overload: patient and physician views on sharing the medical record in the acute setting. <i>Clinical Medicine</i> , 2019, 19, 386-391.	1.9	8
64	Mobile phone use among patients and health workers to enhance primary healthcare: A qualitative study in rural South Africa. <i>Social Science and Medicine</i> , 2018, 198, 139-147.	3.8	127
65	mHealth text and voice communication for monitoring people with chronic diseases in low-resource settings: a realist review. <i>BMJ Global Health</i> , 2018, 3, e000543.	4.7	34
66	The role of experiential knowledge within attitudes towards genetic carrier screening: A comparison of people with and without experience of spinal muscular atrophy. <i>Health Expectations</i> , 2018, 21, 201-211.	2.6	17
67	Development of a prognostic model for predicting depression severity in adult primary patients with depressive symptoms using the diamond longitudinal study. <i>Journal of Affective Disorders</i> , 2018, 227, 854-860.	4.1	13
68	Impairment Experiences, Identity and Attitudes Towards Genetic Screening: the Views of People with Spinal Muscular Atrophy. <i>Journal of Genetic Counseling</i> , 2018, 27, 69-84.	1.6	16
69	A Consideration of both Means and Ends: Values-Based Medicine and the Problem of Changing Values. <i>Philosophy, Psychiatry and Psychology</i> , 2018, 25, 33-43.	0.4	0
70	Working Together to Understand Why Infants Die: A Qualitative Study of Professionals' Experiences of Joint Agency Investigation of Sudden Unexpected Death in Infancy. <i>Child Abuse Review</i> , 2018, 27, 429-445.	0.8	4
71	Preferences for portable ultrasound devices: a discrete choice experiment among abdominal aortic aneurysm surveillance patients and general ultrasound patients in England. <i>BMJ Open</i> , 2018, 8, e025428.	1.9	2
72	The predictive validity of the Living Goods selection tools for community health workers in Kenya: cohort study. <i>BMC Health Services Research</i> , 2018, 18, 803.	2.2	5

#	ARTICLE	IF	CITATIONS
73	The Mixed Methods Appraisal Tool (MMAT) version 2018 for information professionals and researchers. <i>Education for Information</i> , 2018, 34, 285-291.	0.5	1,312
74	Exploring comorbid depression and physical health trajectories: A case-based computational modelling approach. <i>Journal of Evaluation in Clinical Practice</i> , 2018, 24, 1293-1309.	1.8	6
75	Better Outcomes for Older people with Spinal Trouble (BOOST) Trial: a randomised controlled trial of a combined physical and psychological intervention for older adults with neurogenic claudication, a protocol. <i>BMJ Open</i> , 2018, 8, e022205.	1.9	16
76	Effectiveness and impact of networked communication interventions in young people with mental health conditions: A rapid review. <i>Digital Health</i> , 2018, 4, 205520761876220.	1.8	4
77	Ethical implications of digital communication for the patient-clinician relationship: analysis of interviews with clinicians and young adults with long term conditions (the LYNC study). <i>BMC Medical Ethics</i> , 2018, 19, 11.	2.4	24
78	Modelling fertility in rural South Africa with combined nonlinear parametric and semi-parametric methods. <i>Emerging Themes in Epidemiology</i> , 2018, 15, 5.	2.7	1
79	Realist Evaluation of the Use of Patient Experience Data to Improve the Quality of Inpatient Mental Health Care (EURIPIDES) in England: study protocol. <i>BMJ Open</i> , 2018, 8, e021013.	1.9	3
80	Digital Clinical Communication for Families and Caregivers of Children or Young People With Short- or Long-Term Conditions: Rapid Review. <i>Journal of Medical Internet Research</i> , 2018, 20, e5.	4.3	31
81	Eliciting the Impact of Digital Consulting for Young People Living With Long-Term Conditions (LYNC) Tj ETQq1 1 0.784314 rgBT /Over Measures. <i>Journal of Medical Internet Research</i> , 2018, 20, e268.	4.3	5
82	Benefits and Costs of Digital Consulting in Clinics Serving Young People With Long-Term Conditions: Mixed-Methods Approach. <i>JMIR Medical Informatics</i> , 2018, 6, e48.	2.6	4
83	The role of digital communication in patient-clinician communication for NHS providers of specialist clinical services for young people [the Long-term conditions Young people Networked Communication (LYNC) study]: a mixed-methods study. <i>Health Services and Delivery Research</i> , 2018, 6, 1-270.	1.4	10
84	Aerobic and strength training exercise programme for cognitive impairment in people with mild to moderate dementia: the DAPA RCT. <i>Health Technology Assessment</i> , 2018, 22, 1-202.	2.8	37
85	A qualitative study of older people's experience of living with neurogenic claudication to inform the development of a physiotherapy intervention. <i>Disability and Rehabilitation</i> , 2017, 39, 1009-1017.	1.8	13
86	Seeing the Baby, Doing Family: Commercial Ultrasound as Family Practice?. <i>Sociology</i> , 2017, 51, 527-542.	2.5	8
87	Do medical images aid understanding and recall of medical information? An experimental study comparing the experience of viewing no image, a 2D medical image and a 3D medical image alongside a diagnosis. <i>Patient Education and Counseling</i> , 2017, 100, 1120-1127.	2.2	18
88	Newborn screening for spinal muscular atrophy: The views of affected families and adults. <i>American Journal of Medical Genetics, Part A</i> , 2017, 173, 1546-1561.	1.2	17
89	Randomised controlled trial and economic evaluation of the 'Families for Health' programme to reduce obesity in children. <i>Archives of Disease in Childhood</i> , 2017, 102, 416-426.	1.9	20
90	Ultrasound as a technology of reassurance? How pregnant women and health care professionals articulate ultrasound reassurance and its limitations. <i>Sociology of Health and Illness</i> , 2017, 39, 893-907.	2.1	15

#	ARTICLE	IF	CITATIONS
91	Affordability of comprehensive community health worker programmes in rural sub-Saharan Africa. <i>BMJ Global Health</i> , 2017, 2, e000391.	4.7	30
92	Spreading of components of mood in adolescent social networks. <i>Royal Society Open Science</i> , 2017, 4, 170336.	2.4	10
93	Rigour and Rapport: a qualitative study of parents's™ and professionals's™ experiences of joint agency infant death investigation. <i>BMC Pediatrics</i> , 2017, 17, 48.	1.7	18
94	Population screening for spinal muscular atrophy: A mixed methods study of the views of affected families. <i>American Journal of Medical Genetics, Part A</i> , 2017, 173, 421-434.	1.2	34
95	The lived experience of chronic headache: a systematic review and synthesis of the qualitative literature. <i>BMJ Open</i> , 2017, 7, e019929.	1.9	42
96	Resuscitation policy should focus on the patient, not the decision. <i>BMJ: British Medical Journal</i> , 2017, 356, j813.	2.3	116
97	Exploring professionals' understanding, interpretation and implementation of the 'appropriate medical treatment test'™ in the 2007 amendment of the Mental Health Act 1983. <i>BJPsych Open</i> , 2017, 3, 57-63.	0.7	1
98	Timely Digital Patient-Clinician Communication in Specialist Clinical Services for Young People: A Mixed-Methods Study (The LYNC Study). <i>Journal of Medical Internet Research</i> , 2017, 19, e102.	4.3	53
99	Randomised controlled trial evaluating the effectiveness and cost-effectiveness of 'Families for Health'™, a family-based childhood obesity treatment intervention delivered in a community setting for ages 6 to 11 years. <i>Health Technology Assessment</i> , 2017, 21, 1-180.	2.8	30
100	Facet joint injections for people with persistent non-specific low back pain (Facet Injection Study): a feasibility study for a randomised controlled trial. <i>Health Technology Assessment</i> , 2017, 21, 1-184.	2.8	9
101	Building the capacity to solve complex health challenges in sub-Saharan Africa: CARTA's™ multidisciplinary PhD training. <i>Canadian Journal of Public Health</i> , 2016, 107, e381-e386.	2.3	23
102	Cases, clusters, densities: Modeling the nonlinear dynamics of complex health trajectories. <i>Complexity</i> , 2016, 21, 160-180.	1.6	10
103	Parental understanding and self-blame following sudden infant death: a mixed-methods study of bereaved parents' and professionals' experiences. <i>BMJ Open</i> , 2016, 6, e011323.	1.9	13
104	Qualitative critical incident study of patients's™ experiences leading to emergency hospital admission with advanced respiratory illness. <i>BMJ Open</i> , 2016, 6, e009030.	1.9	14
105	An evaluation of three methods of in-hospital cardiac arrest educational debriefing: The cardiopulmonary resuscitation debriefing study. <i>Resuscitation</i> , 2016, 105, 130-137.	3.0	24
106	Unintentional asphyxia, SIDS, and medically explained deaths: a descriptive study of outcomes of child death review (CDR) investigations following sudden unexpected death in infancy. <i>Forensic Science, Medicine, and Pathology</i> , 2016, 12, 407-415.	1.4	28
107	A process evaluation of the WHiTE Two trial comparing total hip arthroplasty with and without dual mobility component in the treatment of displaced intracapsular fractures of the proximal femur. <i>Bone and Joint Research</i> , 2016, 5, 444-452.	3.6	15
108	Dementia and Physical Activity (DAPA) - an exercise intervention to improve cognition in people with mild to moderate dementia: study protocol for a randomized controlled trial. <i>Trials</i> , 2016, 17, 165.	1.6	19
