#	ARTICLE	IF	CITATIONS
1	Present status and future directions " Managing discoloured teeth. International Endodontic Journal, 2022, 55, 922-950.	2.3	11
2	Regenerative endodontic procedures for two traumatized mature anterior teeth with transverse root fractures. BMC Oral Health, 2022, 22, 124.	0.8	0
3	Multiple assessment methodologies in determining the antibiofilm actions of sodium hypochlorite mixed with clodronate or etidronate in endodontic irrigation. Journal of Microbiological Methods, 2021, 180, 106107.	0.7	5
4	Ingrowth of Mineralized Tissue into the Root Canal of Immature Permanent Teeth after a Traumatic Injury: A Report of 3 Cases. Journal of Endodontics, 2021, 47, 1507-1514.	1.4	3
5	Clinical cell-based versus cell-free regenerative endodontics: clarification of concept and term. International Endodontic Journal, 2021, 54, 887-901.	2.3	40
6	From an assessment of multiple chelators, clodronate has potential for use in continuous chelation. International Endodontic Journal, 2020, 53, 122-134.	2.3	18
7	Organic Tissue Dissolution in Clodronate and Etidronate Mixtures with Sodium Hypochlorite. Journal of Endodontics, 2020, 46, 289-294.	1.4	11
8	Modified Apexification Procedure for Immature Permanent Teeth with a Necrotic Pulp/Apical Periodontitis: A Case Series. Journal of Endodontics, 2020, 46, 116-123.	1.4	22
9	Vital pulp therapy of mature permanent teeth with irreversible pulpitis from the perspective of pulp biology. Australian Endodontic Journal, 2020, 46, 154-166.	0.6	74
10	Resistance to compressive force in continuous chelation. Australian Endodontic Journal, 2020, 47, 150-156.	0.6	1
11	Regenerative Endodontic Procedures for Traumatized Immature Permanent Teeth with Severe External Root Resorption and Root Perforation. Journal of Endodontics, 2020, 46, 1610-1615.	1.4	16
12	International Association of Dental Traumatology guidelines for the management of traumatic dental injuries: 1. Fractures and luxations. Dental Traumatology, 2020, 36, 314-330.	0.8	278
13	International Association of Dental Traumatology guidelines for the management of traumatic dental injuries: 3. Injuries in the primary dentition. Dental Traumatology, 2020, 36, 343-359.	0.8	166
14	International Association of Dental Traumatology guidelines for the management of traumatic dental injuries: 2. Avulsion of permanent teeth. Dental Traumatology, 2020, 36, 331-342.	0.8	252
15	The effect of temperature on the stability of sodium hypochlorite in a continuous chelation mixture containing the chelator clodronate. Australian Endodontic Journal, 2020, 46, 244-248.	0.6	3
16	The Effect of Heating to Intracanal Temperature on the Stability of Sodium Hypochlorite Admixed with Etidronate or EDTA for Continuous Chelation. Journal of Endodontics, 2019, 45, 57-61.	1.4	19
17	Limited Evidence Suggests Benefits of Single Visit Revascularization Endodontic Procedures - A Systematic Review. Brazilian Dental Journal, 2019, 30, 527-535.	0.5	14
18	Continued root maturation despite persistent apical periodontitis of immature permanent teeth after failed regenerative endodontic therapy. Australian Endodontic Journal, 2018, 44, 292-299.	0.6	23

#	ARTICLE	IF	CITATIONS
19	The Effect of Long-term Dressing with Calcium Hydroxide on the Fracture Susceptibility of Teeth. <i>Journal of Endodontics</i> , 2018, 44, 464-469.	1.4	37
20	Revascularization-associated Intracanal Calcification: A Case Report with an 8-year Review. <i>Journal of Endodontics</i> , 2018, 44, 1792-1795.	1.4	14
21	Regenerative endodontics: a comprehensive review. <i>International Endodontic Journal</i> , 2018, 51, 1367-1388.	2.3	243
22	An Evidence-based Review of the Efficacy of Treatment Approaches for Immature Permanent Teeth with Pulp Necrosis. <i>Journal of Endodontics</i> , 2017, 43, 1052-1057.	1.4	58
23	Endodontic Treatment Outcomes. <i>Dental Clinics of North America</i> , 2017, 61, 59-80.	0.8	56
24	Mineral Trioxide Aggregate—A Review of Properties and Testing Methodologies. <i>Materials</i> , 2017, 10, 1261.	1.3	40
25	Alkaline Material Effects on Roots of Teeth. <i>Materials</i> , 2017, 10, 1412.	1.3	7
26	Rheological Characterization as an Alternative Method to Indentation for Determining the Setting Time of Restorative and Endodontic Cements. <i>Materials</i> , 2017, 10, 1451.	1.3	7
27	Alkaline Sodium Hypochlorite Irrigant and Its Chemical Interactions. <i>Materials</i> , 2017, 10, 1147.	1.3	35
28	Alkaline Materials and Regenerative Endodontics: A Review. <i>Materials</i> , 2017, 10, 1389.	1.3	19
29	A REVIEW OF REGENERATIVE ENDODONTICS: CURRENT PROTOCOLS AND FUTURE DIRECTIONS. <i>Journal of Istanbul University Faculty of Dentistry</i> , 2017, 51, S41-S51.	0.2	27
30	Dental Material Choices for Pulp Therapy in Paediatric Dentistry. <i>European Endodontic Journal</i> , 2017, 2, 1-1.	0.4	6
31	Classification and Nomenclature of Commercial Hygroscopic Dental Cements. <i>European Endodontic Journal</i> , 2017, 2, 27-27.	0.4	9
32	Methodologies for measuring the setting times of mineral trioxide aggregate and Portland cement products used in dentistry. <i>Acta Biomaterialia Odontologica Scandinavica</i> , 2016, 2, 25-30.	4.0	19
33	Deconvolution of the particle size distribution of ProRoot MTA and MTA Angelus. <i>Acta Biomaterialia Odontologica Scandinavica</i> , 2016, 2, 7-11.	4.0	16
34	Current Developments in Regenerative Endodontics. <i>Current Oral Health Reports</i> , 2016, 3, 293-301.	0.5	8
35	Regenerative Endodontic Procedures for Traumatized Teeth after Horizontal Root Fracture, Avulsion, and Perforating Root Resorption. <i>Journal of Endodontics</i> , 2016, 42, 1476-1482.	1.4	50
36	A survey of various endodontic procedures related to mineral trioxide aggregate usage by members of the Australian Society of Endodontology. <i>Australian Endodontic Journal</i> , 2016, 42, 132-138.	0.6	22

#	ARTICLE	IF	CITATIONS
37	The influence of particle size and curing conditions on testing mineral trioxide aggregate cement. <i>Acta Biomaterialia Odontologica Scandinavica</i> , 2016, 2, 130-137.	4.0	9
38	Splinting of teeth following trauma: a review and a new splinting recommendation. <i>Australian Dental Journal</i> , 2016, 61, 59-73.	0.6	74
39	A Review of Tooth Discoloration after Regenerative Endodontic Therapy. <i>Journal of Endodontics</i> , 2016, 42, 563-569.	1.4	107
40	Diagnosis of acute dental trauma: the importance of standardized documentation: a review. <i>Dental Traumatology</i> , 2015, 31, 340-349.	0.8	31
41	Pulpal Response after Acute Dental Injury in the Permanent Dentition: Clinical Implicationsâ€”A Review. <i>Journal of Endodontics</i> , 2015, 41, 299-308.	1.4	89
42	Healing of a Cyst-like Lesion Involving an Implant with Nonsurgical Management. <i>Journal of Endodontics</i> , 2015, 41, 749-752.	1.4	5
43	D90: The Strongest Contributor to Setting Time in Mineral Trioxide Aggregate and Portland Cement. <i>Journal of Endodontics</i> , 2015, 41, 1146-1150.	1.4	27
44	Particle Size Changes in Unsealed Mineral Trioxide Aggregate Powder. <i>Journal of Endodontics</i> , 2014, 40, 423-426.	1.4	14
45	Revascularization Outcomes: A Prospective Analysis of 16 Consecutive Cases. <i>Journal of Endodontics</i> , 2014, 40, 333-338.	1.4	132
46	Healing responses following transverse root fracture: a historical review and case reports showing healing with (a) calcified tissue and (b) dense fibrous connective tissue. <i>Dental Traumatology</i> , 2013, 29, 253-265.	0.8	24
47	Tooth discolouration: Staining effects of various sealers and medicaments. <i>Australian Endodontic Journal</i> , 2012, 38, 2-9.	0.6	31
48	Microsurgical endodontic retreatment of a maxillary molar with a separated file: a case report. <i>Australian Dental Journal</i> , 2011, 56, 76-81.	0.6	5
49	Traumatic bone cyst suggestive of a chronic periapical abscess: A case report. <i>Australian Endodontic Journal</i> , 2011, 37, 73-75.	0.6	4
50	Endodontic retreatment of maxillary incisors previously treated with a conventional apexification protocol: A case report. <i>Australian Endodontic Journal</i> , 2011, 37, 31-35.	0.6	1
51	Microsurgical endodontic retreatment of post restored posterior teeth: A case series. <i>Australian Endodontic Journal</i> , 2010, 36, 114-121.	0.6	7
52	Regenerative endodontics â€” biologically based treatment for immature permanent teeth: a case report and review of the literature. <i>Australian Dental Journal</i> , 2010, 55, 446-452.	0.6	96
53	Comparison of an analytical expression of resin composite curing stresses with in vitro observations of marginal cracking. <i>American Journal of Dentistry</i> , 2010, 23, 357-64.	0.1	6
54	Aspects of wear and tear of tooth structure. <i>Annals of the Royal Australasian College of Dental Surgeons</i> , 2010, 20, 59-63.	0.0	0

#	ARTICLE	IF	CITATIONS
55	The cervical wedge-shaped lesion in teeth: a light and electron microscopic study. Australian Dental Journal, 2009, 54, 212-219.	0.6	19
56	On the design of dental resin-based composites: A micromechanical approach. Acta Biomaterialia, 2008, 4, 165-172.	4.1	26
57	An evidence-based appraisal of splinting luxated, avulsed and root-fractured teeth. Dental Traumatology, 2008, 24, 2-10.	0.8	61
58	Sequelae to trauma to immature maxillary central incisors: a case report. Dental Traumatology, 2008, 24, e85-90.	0.8	3
59	On material choice and fracture susceptibility of restored teeth: An asymptotic stress analysis approach. Dental Materials, 2006, 22, 1109-1114.	1.6	12
60	Effect of material properties on stresses at the restoration-dentin interface of composite restorations during polymerization. Dental Materials, 2006, 22, 942-947.	1.6	23
61	Fracture-toughening mechanisms responsible for differences in work to fracture of hydrated and dehydrated dentine. Journal of Biomechanics, 2003, 36, 229-237.	0.9	131
62	Diagnosis and management of teeth with vertical root fractures. Australian Dental Journal, 1999, 44, 75-87.	0.6	112
63	How far have we come? A historic scoping review of dental traumatology literature. Dental Traumatology, 0, , .	0.8	0
