

Valerie B Duffy

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/4419232/valerie-b-duffy-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

78
papers

5,546
citations

#	Paper	IF	Citations
78	International consensus statement on allergy and rhinology: Olfaction.. <i>International Forum of Allergy and Rhinology</i> , 2022 , 12, 327-680	6.3	3
77	A Feasibility and Pilot Study of a Personalized Nutrition Intervention in Mobile Food Pantry Users in Northeastern Connecticut. <i>Nutrients</i> , 2021 , 13, 2939	6.7	2
76	A Simple Liking Survey Captures Behaviors Associated with Weight Loss in a Worksite Program among Women at Risk of Type 2 Diabetes. <i>Nutrients</i> , 2021 , 13,	6.7	2
75	Associations between chronic cigarette smoking and taste function: Results from the 2013-2014 national health and nutrition examination survey. <i>Physiology and Behavior</i> , 2021 , 240, 113554	3.5	1
74	Online Behavioral Screener with Tailored Obesity Prevention Messages: Application to a Pediatric Clinical Setting. <i>Nutrients</i> , 2021 , 13,	6.7	1
73	Food Liking-Based Diet Quality Indexes (DQI) Generated by Conceptual and Machine Learning Explained Variability in Cardiometabolic Risk Factors in Young Adults. <i>Nutrients</i> , 2020 , 12,	6.7	6
72	Interactions between retronasal olfaction and taste influence vegetable liking and consumption: A psychophysical investigation. <i>Journal of Agriculture and Food Research</i> , 2020 , 2, 100044	2.6	7
71	Biological Basis and Functional Assessment of Oral Sensation 2020 , 157-181		
70	Causes of Smell, Taste, and Oral Somatosensory Disorders Affecting Eating and Drinking 2020 , 1281-1320		1
69	Biological Basis and Functional Assessment of Oral Sensation 2020 , 1-25		1
68	Causes of Smell, Taste, and Oral Somatosensory Disorders Affecting Eating and Drinking 2020 , 1-40		1
67	Causes of Smell, Taste, and Oral Somatosensory Disorders Affecting Eating and Drinking 2020 , 1-40		
66	Associations of olfactory dysfunction with anthropometric and cardiometabolic measures: Findings from the 2013-2014 national health and nutrition examination survey (NHANES). <i>Physiology and Behavior</i> , 2020 , 215, 112702	3.5	15
65	NIH Workshop Report: sensory nutrition and disease. <i>American Journal of Clinical Nutrition</i> , 2020 ,	7	8
64	Associations of Measured Smell Function with Adiposity and Cardiometabolic Measures: Results from the 2013-2014 National Health and Nutrition Examination Survey (NHANES) (OR22-02-19). <i>Current Developments in Nutrition</i> , 2019 , 3,	0.4	78
63	Associations between Weight Loss, Food Likes, Dietary Behaviors, and Chemosensory Function in Bariatric Surgery: A Case-Control Analysis in Women. <i>Nutrients</i> , 2019 , 11,	6.7	14
62	Modeling Associations between Chemosensation, Liking for Fats and Sweets, Dietary Behaviors and Body Mass Index in Chronic Smokers. <i>Nutrients</i> , 2019 , 11,	6.7	3

61	Evaluating Taste Preferences and Dietary Quality with a Simple Liking Survey: Application in Bariatric Treatment Settings. <i>Bariatric Surgical Patient Care</i> , 2019 , 14, 41-48	0.4	8
60	Pediatric Adapted Liking Survey: A Novel, Feasible and Reliable Dietary Screening in Clinical Practice. <i>Caries Research</i> , 2019 , 53, 153-159	4.2	6
59	Pediatric-Adapted Liking Survey (PALS): A Diet and Activity Screener in Pediatric Care. <i>Nutrients</i> , 2019 , 11,	6.7	5
58	Heightened olfactory dysfunction and oral irritation among chronic smokers and heightened propylthiouracil (PROP) bitterness among menthol smokers. <i>Physiology and Behavior</i> , 2019 , 201, 111-122	3.5	16
57	E-cigarette palatability in smokers as a function of flavorings, nicotine content and propylthiouracil (PROP) taster phenotype. <i>Addictive Behaviors</i> , 2019 , 91, 37-44	4.2	18
56	Chronic Cigarette Smoking Associates Directly and Indirectly with Self-Reported Olfactory Alterations: Analysis of the 2011-2014 National Health and Nutrition Examination Survey. <i>Nicotine and Tobacco Research</i> , 2019 , 21, 818-827	4.9	64
55	Taste phenotype associates with cardiovascular disease risk factors via diet quality in multivariate modeling. <i>Physiology and Behavior</i> , 2018 , 194, 103-112	3.5	24
54	Structural equation modeling of associations among taste-related risk factors, taste functioning, and adiposity. <i>Obesity</i> , 2017 , 25, 781-787	8	17
53	Anosmia-A Clinical Review. <i>Chemical Senses</i> , 2017 , 42, 513-523	4.8	166
52	Taste: Vertebrates Psychophysics ? 2017 ,		1
51	Prevalence and Risk Factors of Self-Reported Smell and Taste Alterations: Results from the 2011-2012 US National Health and Nutrition Examination Survey (NHANES). <i>Chemical Senses</i> , 2016 , 41, 69-76	4.8	99
50	Characterizing and improving the sensory and hedonic responses to polyphenol-rich aronia berry juice. <i>Appetite</i> , 2016 , 107, 116-125	4.5	29
49	New chemosensory component in the U.S. National Health and Nutrition Examination Survey (NHANES): first-year results for measured olfactory dysfunction. <i>Reviews in Endocrine and Metabolic Disorders</i> , 2016 , 17, 221-40	10.5	118
48	Dietary behaviors of adults born prematurely may explain future risk for cardiovascular disease. <i>Appetite</i> , 2016 , 99, 157-167	4.5	20
47	Cigarette smoking and electronic cigarette vaping patterns as a function of e-cigarette flavourings. <i>Tobacco Control</i> , 2016 , 25, ii67-ii72	5.3	48
46	Genetic Vulnerability to Menthol Cigarette Preference in Women. <i>Nicotine and Tobacco Research</i> , 2015 , 17, 1416-20	4.9	26
45	Food Preference Patterns in a UK Twin Cohort. <i>Twin Research and Human Genetics</i> , 2015 , 18, 793-805	2.2	47
44	The Taste and Smell Protocol in the 2011-2014 US National Health and Nutrition Examination Survey (NHANES): Test-Retest Reliability and Validity Testing. <i>Chemosensory Perception</i> , 2015 , 8, 138-148	1.2	73

43	Preschool-Adapted Liking Survey (PALS): A Brief and Valid Method To Assess Dietary Quality of Preschoolers. <i>Childhood Obesity</i> , 2015 , 11, 530-40	2.5	25
42	Sensitivity and Specificity of Self-Reported Olfactory Function in a Home-Based Study of Independent-Living, Healthy Older Women. <i>Chemosensory Perception</i> , 2014 , 7, 108-116	1.2	29
41	Masking Vegetable Bitterness to Improve Palatability Depends on Vegetable Type and Taste Phenotype. <i>Chemosensory Perception</i> , 2013 , 6, 8-19	1.2	68
40	Do polymorphisms in the TAS1R1 gene contribute to broader differences in human taste intensity?. <i>Chemical Senses</i> , 2013 , 38, 719-28	4.8	18
39	Gustation assessment using the NIH Toolbox. <i>Neurology</i> , 2013 , 80, S20-4	6.5	135
38	A food liking survey to assess n-3 PUFA status in healthy postmenopausal women. <i>FASEB Journal</i> , 2013 , 27, 616.1	0.9	
37	Otitis media exposure associates with dietary preference and adiposity: a community-based observational study of at-risk preschoolers. <i>Physiology and Behavior</i> , 2012 , 106, 264-71	3.5	31
36	Worksite Weight Loss Intervention for Employees in Stressful Workplaces: A Pilot Study and Baseline Survey Indicators of Success. <i>Journal of Obesity & Weight Loss Therapy</i> , 2012 , 02,	0	2
35	Allelic variation in TAS2R bitter receptor genes associates with variation in sensations from and ingestive behaviors toward common bitter beverages in adults. <i>Chemical Senses</i> , 2011 , 36, 311-9	4.8	187
34	Explaining variability in sodium intake through oral sensory phenotype, salt sensation and liking. <i>Physiology and Behavior</i> , 2010 , 100, 369-80	3.5	159
33	Vegetable Intake in College-Aged Adults Is Explained by Oral Sensory Phenotypes and TAS2R38 Genotype. <i>Chemosensory Perception</i> , 2010 , 3, 137-148	1.2	147
32	Number of aberrant crypt foci associated with adiposity and IGF1 bioavailability. <i>Cancer Causes and Control</i> , 2009 , 20, 653-61	2.8	13
31	Surveying food and beverage liking: a tool for epidemiological studies to connect chemosensation with health outcomes. <i>Annals of the New York Academy of Sciences</i> , 2009 , 1170, 558-68	6.5	105
30	Oral sensory phenotype identifies level of sugar and fat required for maximal liking. <i>Physiology and Behavior</i> , 2008 , 95, 77-87	3.5	118
29	Supertasting and PROP bitterness depends on more than the TAS2R38 gene. <i>Chemical Senses</i> , 2008 , 33, 255-65	4.8	222
28	We Are What We Eat, but Why? Relationships between Oral Sensation, Genetics, Pathology, and Diet. <i>ACS Symposium Series</i> , 2008 , 258-284	0.4	3
27	Dietary calcium intake and renin angiotensin system polymorphisms alter the blood pressure response to aerobic exercise: a randomized control design. <i>Nutrition and Metabolism</i> , 2007 , 4, 1	4.6	53
26	Food preference questionnaire as a screening tool for assessing dietary risk of cardiovascular disease within health risk appraisals. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 237-45		72

25	Revisiting sugar-fat mixtures: sweetness and creaminess vary with phenotypic markers of oral sensation. <i>Chemical Senses</i> , 2007 , 32, 225-36	4.8	137
24	Variation in oral sensation: implications for diet and health. <i>Current Opinion in Gastroenterology</i> , 2007 , 23, 171-7	3	124
23	Psychophysics of sweet and fat perception in obesity: problems, solutions and new perspectives. <i>Philosophical Transactions of the Royal Society B: Biological Sciences</i> , 2006 , 361, 1137-48	5.8	257
22	Bitter taste markers explain variability in vegetable sweetness, bitterness, and intake. <i>Physiology and Behavior</i> , 2006 , 87, 304-13	3.5	292
21	Sweet and bitter tastes of alcoholic beverages mediate alcohol intake in of-age undergraduates. <i>Physiology and Behavior</i> , 2005 , 83, 821-31	3.5	130
20	Association between 6-n-propylthiouracil (PROP) bitterness and colonic neoplasms. <i>Digestive Diseases and Sciences</i> , 2005 , 50, 483-9	4	72
19	Taste damage: previously unsuspected consequences. <i>Chemical Senses</i> , 2005 , 30 Suppl 1, i218-9	4.8	84
18	Bitter receptor gene (TAS2R38), 6-n-propylthiouracil (PROP) bitterness and alcohol intake. <i>Alcoholism: Clinical and Experimental Research</i> , 2004 , 28, 1629-37	3.7	276
17	From psychophysics to the clinic: missteps and advances. <i>Food Quality and Preference</i> , 2004 , 15, 617-632	5.8	56
16	Associations between taste genetics, oral sensation and alcohol intake. <i>Physiology and Behavior</i> , 2004 , 82, 435-45	3.5	149
15	Associations between oral sensation, dietary behaviors and risk of cardiovascular disease (CVD). <i>Appetite</i> , 2004 , 43, 5-9	4.5	58
14	Tube Feeding May Improve Adherence to Radiation Treatment Schedule in Head and Neck Cancer. <i>Topics in Clinical Nutrition</i> , 2004 , 19, 95-106	0.4	19
13	Genetic and Environmental Variation in Taste. <i>Topics in Clinical Nutrition</i> , 2003 , 18, 209-220	0.4	46
12	Oral Sensation: Genetic and Pathological Sources of Variation. <i>Perspectives on Swallowing and Swallowing Disorders (Dysphagia)</i> , 2003 , 12, 3-9		1
11	New Psychophysical Insights in Evaluating Genetic Variation in Taste 2002 , 391-407		3
10	Food acceptance and genetic variation in taste. <i>Journal of the American Dietetic Association</i> , 2000 , 100, 647-55		213
9	Bitter taste perception and severe vomiting in pregnancy. <i>Physiology and Behavior</i> , 2000 , 69, 259-67	3.5	44
8	ADA positions: science-based consumer messages. Association Positions Committee. <i>Journal of the American Dietetic Association</i> , 1999 , 99, 231-3		3

7	PROP (6-n-propylthiouracil) supertasters and the saltiness of NaCl. <i>Annals of the New York Academy of Sciences</i> , 1998 , 855, 793-6	6.5	95
6	Taste changes across pregnancy. <i>Annals of the New York Academy of Sciences</i> , 1998 , 855, 805-9	6.5	67
5	Geriatric oral health and its impact on eating. <i>Journal of the American Geriatrics Society</i> , 1996 , 44, 456-64	5.6	61
4	Oral capsaicin provides temporary relief for oral mucositis pain secondary to chemotherapy/radiation therapy. <i>Journal of Pain and Symptom Management</i> , 1995 , 10, 243-8	4.8	73
3	Olfactory dysfunction and related nutritional risk in free-living, elderly women. <i>Journal of the American Dietetic Association</i> , 1995 , 95, 879-84; quiz 885-6		193
2	PTC/PROP tasting: anatomy, psychophysics, and sex effects. <i>Physiology and Behavior</i> , 1994 , 56, 1165-71	3.5	603
1	Effect of olfactory deficits on nutritional status. Does age predict persons at risk?. <i>Annals of the New York Academy of Sciences</i> , 1989 , 561, 113-23	6.5	78
