#	Paper	IF	Citations
92	The Multimorbidity Collaborative Medication Review And Decision Making (MyComrade) study: a protocol for a cross-border pilot cluster randomised controlled trial.. <i>Pilot and Feasibility Studies</i> , <b>2022</b> , 8, 73	1.9	0
91	A Systematic Review of Measurement Tools for the Proactive Assessment of Patient Safety in General Practice. <i>Journal of Patient Safety</i> , <b>2021</b> , 17, e406-e412	1.9	9
90	A review of the quality and content of mobile apps to support lifestyle modifications following a transient ischaemic attack or minor stroke.. <i>Digital Health</i> , <b>2021</b> , 7, 20552076211065271	4	0
89	Investigating the physical activity, health, wellbeing, social and environmental effects of a new urban greenway: a natural experiment (the PARC study). <i>International Journal of Behavioral Nutrition and Physical Activity</i> , <b>2021</b> , 18, 142	8.4	0
88	Development of a Digital Lifestyle Modification Intervention for Use after Transient Ischaemic Attack or Minor Stroke: A Person-Based Approach. <i>International Journal of Environmental Research and Public Health</i> , <b>2021</b> , 18,	4.6	1
87	Provision of first contact physiotherapy in primary care across the UK: a survey of the service. <i>Physiotherapy</i> , <b>2020</b> , 108, 2-9	3	4
86	A quick reference guide for rare disease: supporting rare disease management in general practice. <i>British Journal of General Practice</i> , <b>2020</b> , 70, 260-261	1.6	6
85	Infographic. Developing home-based cardiac rehabilitation for people post-transient ischaemic attack (TIA) and ischaemic stroke. <i>British Journal of Sports Medicine</i> , <b>2020</b> , 54, 487-488	10.3	
84	Implementing community-based health promotion in socio-economically disadvantaged areas: a qualitative study. <i>Journal of Public Health</i> , <b>2020</b> , 42, 839-847	3.5	3
83	Usability and Acceptability of a Novel Secondary Prevention Initiative Targeting Physical Activity for Individuals after a Transient Ischaemic Attack or "Minor" Stroke: A Qualitative Study. <i>International Journal of Environmental Research and Public Health</i> , <b>2020</b> , 17,	4.6	2
82	Promoting physical activity among community groups of older women in socio-economically disadvantaged areas: randomised feasibility study. <i>Trials</i> , <b>2019</b> , 20, 234	2.8	5
81	Safety in primary care (SAP-C): a randomised, controlled feasibility study in two different healthcare systems. <i>BMC Family Practice</i> , <b>2019</b> , 20, 22	2.6	6
80	Peer-led walking programme to increase physical activity in inactive 60- to 70-year-olds: Walk with Me pilot RCT. <i>Public Health Research</i> , <b>2019</b> , 7, 1-124	1.7	50
79	Rehabilitation of patients after transient ischaemic attack or minor stroke: pilot feasibility randomised trial of a home-based prevention programme. <i>British Journal of General Practice</i> , <b>2019</b> , 69, e706-e714	1.6	9
78	A feasibility study of The StepSmart Challenge to promote physical activity in adolescents. <i>Pilot and Feasibility Studies</i> , <b>2019</b> , 5, 132	1.9	6
77	The association between balance and free-living physical activity in an older community-dwelling adult population: a systematic review and meta-analysis. <i>BMC Public Health</i> , <b>2018</b> , 18, 431	4.1	9
76	Walk with Me: a protocol for a pilot RCT of a peer-led walking programme to increase physical activity in inactive older adults. <i>Pilot and Feasibility Studies</i> , <b>2018</b> , 4, 117	1.9	4

75	A qualitative analysis exploring preferred methods of peer support to encourage adherence to a Mediterranean diet in a Northern European population at high risk of cardiovascular disease. <i>BMC Public Health</i> , <b>2018</b> , 18, 213	4.1	6
74	The effect of community-based interventions for cardiovascular disease secondary prevention on behavioural risk factors. <i>Preventive Medicine</i> , <b>2018</b> , 114, 24-38	4.3	10
73	Shared decision-making (SHARE-D) for healthy behaviour change: a feasibility study in general practice. <i>BJGP Open</i> , <b>2018</b> , 2, bjgpopen18X101517	3.1	4
72	Development of a peer support intervention to encourage dietary behaviour change towards a Mediterranean diet in adults at high cardiovascular risk. <i>BMC Public Health</i> , <b>2018</b> , 18, 1194	4.1	15
71	Trial to Encourage Adoption and Maintenance of a Mediterranean Diet (TEAM-MED): Protocol for a Randomised Feasibility Trial of a Peer Support Intervention for Dietary Behaviour Change in Adults at High Cardiovascular Disease Risk. <i>International Journal of Environmental Research and Public Health</i> , <b>2018</b> , 15,	4.6	4
70	Patient reported health status and all-cause mortality in patients with coronary heart disease. <i>Family Practice</i> , <b>2018</b> , 35, 172-178	1.9	3
69	Long-term cost effectiveness of cardiac secondary prevention in primary care in the Republic of Ireland and Northern Ireland. <i>European Journal of Health Economics</i> , <b>2017</b> , 18, 321-335	3.6	3
68	Frailty and cardiac rehabilitation: A call to action from the EAPC Cardiac Rehabilitation Section. <i>European Journal of Preventive Cardiology</i> , <b>2017</b> , 24, 577-590	3.9	104
67	Challenges in secondary prevention after acute myocardial infarction: A call for action. <i>European Heart Journal: Acute Cardiovascular Care</i> , <b>2017</b> , 6, 299-310	4.3	16
66	Challenges in secondary prevention after acute myocardial infarction: A call for action. <i>European Journal of Cardiovascular Nursing</i> , <b>2017</b> , 16, 369-380	3.3	9
65	Secondary prevention lifestyle interventions initiated within 90 days after TIA or minor stroke: a systematic review and meta-analysis of rehabilitation programmes. <i>British Journal of General Practice</i> , <b>2017</b> , 67, e57-e66	1.6	21
64	Stroke Prevention Rehabilitation Intervention Trial of Exercise (SPRITE) - a randomised feasibility study. <i>BMC Cardiovascular Disorders</i> , <b>2017</b> , 17, 290	2.3	20
63	The safety climate in primary care (SAP-C) study: study protocol for a randomised controlled feasibility study. <i>Pilot and Feasibility Studies</i> , <b>2016</b> , 2, 56	1.9	1
62	Routine weighing of women during pregnancy-is it time to change current practice?. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , <b>2016</b> , 123, 871-4	3.7	13
61	What to do after cardiac rehabilitation programs: the role of the general practitioner in cardiovascular prevention. <i>Monaldi Archives for Chest Disease</i> , <b>2016</b> , 86, 755	2.7	1
60	Statin prescription initiation and lifestyle behaviour: a primary care cohort study. <i>BMC Family Practice</i> , <b>2016</b> , 17, 77	2.6	6
59	Behaviour change techniques in home-based cardiac rehabilitation: a systematic review. <i>British Journal of General Practice</i> , <b>2016</b> , 66, e747-57	1.6	38
58	A comparison of medical records and patient questionnaires as sources for the estimation of costs within research studies and the implications for economic evaluation. <i>Family Practice</i> , <b>2016</b> , 33, 733-739	1.9	6

57	Challenges in secondary prevention after acute myocardial infarction: A call for action. <i>European Journal of Preventive Cardiology</i> , <b>2016</b> , 23, 1994-2006	3.9	88
56	Primary care organisational interventions for secondary prevention of ischaemic heart disease: a systematic review and meta-analysis. <i>British Journal of General Practice</i> , <b>2015</b> , 65, e460-8	1.6	13
55	Challenges in secondary prevention of cardiovascular diseases: a review of the current practice. <i>International Journal of Cardiology</i> , <b>2015</b> , 180, 114-9	3.2	34
54	Psychosocial aspects in cardiac rehabilitation: From theory to practice. A position paper from the Cardiac Rehabilitation Section of the European Association of Cardiovascular Prevention and Rehabilitation of the European Society of Cardiology. <i>European Journal of Preventive Cardiology</i> , <b>2015</b> , 22, 1290-306	3.9	147
53	Correlates of sport participation in adults with long-standing illness or disability. <i>BMJ Open Sport and Exercise Medicine</i> , <b>2015</b> , 1, e000003	3.4	2
52	"They should stay at their desk until the work is done": a qualitative study examining perceptions of sedentary behaviour in a desk-based occupational setting. <i>BMC Research Notes</i> , <b>2015</b> , 8, 683	2.3	40
51	Systematic review of the use of behaviour change techniques (BCTs) in home-based cardiac rehabilitation programmes for patients with cardiovascular disease—protocol. <i>Systematic Reviews</i> , <b>2015</b> , 4, 164	3	2
50	Systematic review of rehabilitation programmes initiated within 90 days of a transient ischaemic attack or minor stroke: a protocol. <i>BMJ Open</i> , <b>2015</b> , 5, e007849	3	6
49	From Hippocrates to the Francis Report—Reflections on empathy. <i>Ulster Medical Journal</i> , <b>2015</b> , 84, 8-12	0.4	2
48	Community-based prevention centres <b>2015</b> ,		3
47	Physical activity assessment in practice: a mixed methods study of GPPAQ use in primary care. <i>BMC Family Practice</i> , <b>2014</b> , 15, 11	2.6	26
46	Steps to a better Belfast: physical activity assessment and promotion in primary care. <i>British Journal of Sports Medicine</i> , <b>2014</b> , 48, 1558-63	10.3	12
45	Identifying solutions to increase participation in physical activity interventions within a socio-economically disadvantaged community: a qualitative study. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , <b>2014</b> , 11, 68	8.4	18
44	Exploring lay views on physical activity and their implications for public health policy. A case study from East Belfast. <i>Social Science and Medicine</i> , <b>2014</b> , 114, 73-80	5.1	9
43	Validity of the global physical activity questionnaire (GPAQ) in assessing levels and change in moderate-vigorous physical activity and sedentary behaviour. <i>BMC Public Health</i> , <b>2014</b> , 14, 1255	4.1	235
42	Using postal questionnaires to evaluate physical activity and diet behaviour change: case study exploring implications of valid responder characteristics in interpreting intervention outcomes. <i>BMC Research Notes</i> , <b>2014</b> , 7, 725	2.3	3
41	Secondary prevention in the clinical management of patients with cardiovascular diseases. Core components, standards and outcome measures for referral and delivery: a policy statement from the cardiac rehabilitation section of the European Association for Cardiovascular Prevention & Rehabilitation. Endorsed by the Committee for Practice Guidelines of the European Society of Cardiology. <i>European Journal of Preventive Cardiology</i> , <b>2014</b> , 11, 654-53	3.9	365
40	The health profile of football/soccer players in Northern Ireland - a review of the ufa pre-participation medical screening procedure. <i>BMC Sports Science, Medicine and Rehabilitation</i> , <b>2014</b> , 6, 5	2.4	2

39	Translating policy into practice: a case study in the secondary prevention of coronary heart disease. <i>Health Expectations</i> , <b>2014</b> , 17, 291-301	3.7	5
38	Physical activity and the rejuvenation of Connswater (PARC study): protocol for a natural experiment investigating the impact of urban regeneration on public health. <i>BMC Public Health</i> , <b>2013</b> , 13, 774	4.1	24
37	Do practitioners and friends support patients with coronary heart disease in lifestyle change? a qualitative study. <i>BMC Family Practice</i> , <b>2013</b> , 14, 126	2.6	24
36	A randomised control trial of experiential learning to promote physical activity. <i>Education for Primary Care</i> , <b>2013</b> , 24, 427-35	0.9	15
35	Built environment interventions for increasing physical activity in adults and children. <i>The Cochrane Library</i> , <b>2013</b> ,	5.2	4
34	Modelling coronary heart disease mortality in Northern Ireland between 1987 and 2007: broader lessons for prevention. <i>European Journal of Preventive Cardiology</i> , <b>2013</b> , 20, 310-21	3.9	26
33	The effectiveness of physical activity interventions in socio-economically disadvantaged communities: a systematic review. <i>Preventive Medicine</i> , <b>2012</b> , 54, 371-80	4.3	84
32	Relative cost effectiveness of the SPHERE intervention in selected patient subgroups with existing coronary heart disease. <i>European Journal of Health Economics</i> , <b>2012</b> , 13, 429-43	3.6	7
31	Improving healthcare access for people with visual impairment and blindness. <i>BMJ, The</i> , <b>2012</b> , 344, e5425.9		35
30	Help needed in medication self-management for people with visual impairment: case-control study. <i>British Journal of General Practice</i> , <b>2012</b> , 62, e530-7	1.6	31
29	UNISTEP (university students exercise and physical activity) study: a pilot study of the effects of accumulating 10,000 steps on health and fitness among university students. <i>Journal of Physical Activity and Health</i> , <b>2011</b> , 8, 663-7	2.5	18
28	A RCT of peer-mentoring for first-time mothers in socially disadvantaged areas (the MOMENTS Study). <i>Archives of Disease in Childhood</i> , <b>2011</b> , 96, 252-8	2.2	39
27	Threads of life and health--a heritage of quality in practice. <i>Ulster Medical Journal</i> , <b>2011</b> , 80, 91-6	0.4	
26	The cost-effectiveness of the SPHERE intervention for the secondary prevention of coronary heart disease. <i>International Journal of Technology Assessment in Health Care</i> , <b>2010</b> , 26, 263-71	1.8	20
25	Systematic review of the effect of diet and exercise lifestyle interventions in the secondary prevention of coronary heart disease. <i>Cardiology Research and Practice</i> , <b>2010</b> , 2011, 232351	1.9	34
24	Cardiac rehabilitation uptake following myocardial infarction: cross-sectional study in primary care. <i>British Journal of General Practice</i> , <b>2010</b> , 60, 431-5	1.6	13
23	Perceptions of exercise among people who have not attended cardiac rehabilitation following myocardial infarction. <i>Journal of Health Psychology</i> , <b>2009</b> , 14, 924-32	3.1	19
22	Identifying strategies to maximise recruitment and retention of practices and patients in a multicentre randomised controlled trial of an intervention to optimise secondary prevention for coronary heart disease in primary care. <i>BMC Medical Research Methodology</i> , <b>2009</b> , 9, 40	4.7	39

21	Using the opinions of coronary heart disease patients in designing a health education booklet for use in general practice consultations. <i>Primary Health Care Research and Development</i> , <b>2009</b> , 10, 189	1.6	4
20	Peer-mentoring for first-time mothers from areas of socio-economic disadvantage: a qualitative study within a randomised controlled trial. <i>BMC Health Services Research</i> , <b>2008</b> , 8, 46	2.9	37
19	Secondary prevention of cardiovascular disease in different primary healthcare systems with and without pay-for-performance. <i>Heart</i> , <b>2008</b> , 94, 1594-600	5.1	21
18	How effective is prevention in coronary heart disease?. <i>Heart</i> , <b>2008</b> , 94, 1370-1	5.1	3
17	Randomised controlled trial of home-based walking programmes at and below current recommended levels of exercise in sedentary adults. <i>Journal of Epidemiology and Community Health</i> , <b>2007</b> , 61, 778-83	5.1	51
16	Monitoring treatment fidelity in a randomized controlled trial of a complex intervention. <i>Journal of Advanced Nursing</i> , <b>2007</b> , 60, 343-52	3.1	72
15	The journey to concordance for patients with hypertension: a qualitative study in primary care. <i>International Journal of Clinical Pharmacy</i> , <b>2007</b> , 29, 534-40		26
14	Implementing a resuscitation policy for patients at the end of life in an acute hospital setting: qualitative study. <i>Palliative Medicine</i> , <b>2007</b> , 21, 305-12	5.5	17
13	Evaluating a community-based walking intervention for hypertensive older people in Taiwan: a randomized controlled trial. <i>Preventive Medicine</i> , <b>2007</b> , 44, 466	4.3	3
12	Questionnaire survey of PHysical activITy in General Practitioners (PHIT GP Study). <i>Ulster Medical Journal</i> , <b>2007</b> , 76, 91-7	0.4	15
11	The contribution of qualitative research in designing a complex intervention for secondary prevention of coronary heart disease in two different healthcare systems. <i>BMC Health Services Research</i> , <b>2006</b> , 6, 90	2.9	36
10	Development of a complex intervention for secondary prevention of coronary heart disease in primary care using the UK Medical Research Council framework. <i>American Journal of Managed Care</i> , <b>2006</b> , 12, 261-6	2.1	21
9	The Sphere Study: Using Psychological Theory to Inform the Development of Behaviour Change Training for Primary Care Staff to Increase Secondary Prevention of Coronary Heart Disease. <i>Irish Journal of Psychology</i> , <b>2005</b> , 26, 53-64		3
8	Brisk walking, fitness, and cardiovascular risk: a randomized controlled trial in primary care. <i>Preventive Medicine</i> , <b>2005</b> , 41, 622-8	4.3	114
7	Physical activity promotion in primary care: bridging the gap between research and practice. <i>American Journal of Preventive Medicine</i> , <b>2005</b> , 29, 242	6.1	2
6	The SPHERE Study. Secondary prevention of heart disease in general practice: protocol of a randomised controlled trial of tailored practice and patient care plans with parallel qualitative, economic and policy analyses. [ISRCTN24081411]. <i>Current Controlled Trials in Cardiovascular Medicine</i> , <b>2005</b> , 4, 1-11		22
5	The importance of validating the diagnosis of coronary heart disease when measuring secondary prevention: a cross-sectional study in general practice. <i>Pharmacoepidemiology and Drug Safety</i> , <b>2002</b> , 11, 311-7	2.6	11
4	Challenge of culture, conscience, and contract to general practitioners care of their own health: qualitative study. <i>BMJ: British Medical Journal</i> , <b>2001</b> , 323, 728-31		94

3	Improving Quality of Life for Patients with Angina Pectoris. <i>Disease Management and Health Outcomes</i> , <b>2001</b> , 9, 473-481		3
2	The effect of personal health education on the quality of life of patients with angina in general practice. <i>Health Education Journal</i> , <b>1996</b> , 55, 75-83	1.5	15
1	Measurement of markers of tobacco smoking in patients with coronary heart disease. <i>Annals of Clinical Biochemistry</i> , <b>1995</b> , 32 ( Pt 2), 201-7	2.2	8
