#	Paper	IF	Citations
98	The CARE Burn Scale-Adult Form: Identifying the Responsiveness and Minimal Important Difference (MID) Values of a Patient Reported Outcome Measure (PROM) to Assess Quality of Life for Adults with a Burn Injury. <i>European Journal of Burn Care</i> , 2022 , 3, 211-233	0	0
97	Factors associated with patient activation in inflammatory arthritis: a multisite cross-sectional study. <i>Rheumatology Advances in Practice</i> , 2021 , 5, ii35-ii44	1.1	0
96	Testing the Responsiveness of and Defining Minimal Important Difference (MID) Values for the CARE Burn Scales: Patient-Reported Outcome Measures to Assess Quality of Life for Children and Young People Affected by Burn Injuries, and Their Parents/Caregivers. <i>European Journal of Burn Care</i> , 2021 , 3, 211-233	0	1
95	"Have We Done Enough?" A Cross-condition Exploration of the Experiences of Parents Caring for A Child with an Appearance-affecting Condition or Injury. <i>Developmental Neurorehabilitation</i> , 2021 , 24, 418-428	1.8	2
94	Rheumatology patients' perceptions of patient activation and the Patient Activation Measure: A qualitative interview study. <i>Musculoskeletal Care</i> , 2021 ,	1.6	1
93	They were aware of who I was as a person: Patients' and health professionals' experiences of using the PEGASUS intervention to facilitate decision-making around breast reconstruction. <i>European Journal of Cancer Care</i> , 2021 , 30, e13464	2.4	1
92	PEGASUS: the Design of an Intervention to Facilitate Shared Decision-making in Breast Reconstruction. <i>Journal of Cancer Education</i> , 2021 , 36, 508-518	1.8	6
91	Body Image Concerns and Psychological Wellbeing among Injured Combat Veterans with Scars and Limb Loss: A Review of the Literature. <i>Military Behavioral Health</i> , 2021 , 9, 1-10	0.6	2
90	Everybody's Different: The Appearance Game: A randomised controlled trial evaluating an appearance-related board game intervention with children aged 9-11 years. <i>Body Image</i> , 2021 , 36, 34-44	7.4	3
89	Challenges and reflections from a multi-centre trial of a psycho-oncology intervention to support shared decision-making in breast reconstruction. <i>European Journal of Cancer Care</i> , 2021 , 30, e13384	2.4	1
88	The development and validation of the CARE Burn Scale: Child Form: a parent-proxy-reported outcome measure assessing quality of life for children aged 8 years and under living with a burn injury. <i>Quality of Life Research</i> , 2021 , 30, 239-250	3.7	1
87	Associations between body dissatisfaction, importance of appearance, and aging anxiety with depression, and appearance-related behaviors in women in mid-life. <i>Journal of Women and Aging</i> , 2021 , 33, 70-83	1.4	8
86	My face in someone else's hands: a qualitative study of medical tattooing in women with hair loss. <i>Psychology, Health and Medicine</i> , 2021 , 1-12	2.1	0
85	The CARE Burn Scale-Adult Form: Translation and linguistic validation into Finnish. <i>Burns</i> , 2021 , 47, 1922-1928	1928	1
84	The role of body image in treatment decision-making and post-treatment regret following prostatectomy. <i>British Journal of Nursing</i> , 2020 , 29, S8-S16	0.7	0
83	www.SupportingChildrenWithBurns.co.uk: A website developed with parents and professionals for the psychosocial support of parents of burn-injured children. <i>Burns</i> , 2020 , 46, 1232-1233	2.3	0
82	Contralateral Prophylactic Mastectomy (CPM) and the clinical consultation: A snapshot of UK healthcare professionals' views and experiences. <i>Journal of Plastic, Reconstructive and Aesthetic Surgery</i> , 2020 , 73, 865-869	1.7	2

81	The experience of persistent pain in adult cancer survivors: A qualitative evidence synthesis. <i>European Journal of Cancer Care</i> , 2020 , 29, e13192	2.4	3
80	Psychological and sociocultural influences on body image among midlife women with and without a history of breast cancer: Testing the Tripartite Influence Model of Body Image. <i>Body Image</i> , 2020 , 35, 114-125	7.4	4
79	Exploring the Experiences of Adults With Microtia: A Qualitative Study. <i>Cleft Palate-Craniofacial Journal</i> , 2020 , 57, 1230-1237	1.9	5
78	Body image issues and attitudes towards exercise amongst men undergoing androgen deprivation therapy (ADT) following diagnosis of prostate cancer. <i>Psycho-Oncology</i> , 2019 , 28, 1647-1653	3.9	10
77	The effectiveness of interventions aiming to promote positive body image in adults: A systematic review. <i>Body Image</i> , 2019 , 30, 10-25	7.4	40
76	"It felt like unfinished business, it feels like that's finished now": Women's experiences of decision making around contralateral prophylactic mastectomy (CPM). <i>Psycho-Oncology</i> , 2019 , 28, 1328-1334	3.9	4
75	The Development and Validation of the CARE Burn Scale-Adult Form: A Patient-Reported Outcome Measure (PROM) to Assess Quality of Life for Adults Living with a Burn Injury. <i>Journal of Burn Care and Research</i> , 2019 , 40, 312-326	0.8	9
74	Supporting children with burns: Developing a UK parent-focused peer-informed website to support families of burn-injured children. <i>Patient Education and Counseling</i> , 2019 , 102, 1730-1735	3.1	5
73	Using Photo-Elicitation to Explore Families' Experiences of Burn Camp. <i>Journal of Family Nursing</i> , 2019 , 25, 81-108	2.2	3
72	Women's initial experiences of their appearance after mastectomy and/or breast reconstruction: A qualitative study. <i>Psycho-Oncology</i> , 2019 , 28, 2076-2082	3.9	7
71	A Web-Based Self-Help Psychosocial Intervention for Adolescents Distressed by Appearance-Affecting Conditions and Injuries (Young Persons' Face IT): Feasibility Study for a Parallel Randomized Controlled Trial. <i>JMIR Mental Health</i> , 2019 , 6, e14776	6	9
70	The provision of specialist psychosocial support for people with visible differences: A European survey. <i>Body Image</i> , 2018 , 25, 35-39	7.4	15
69	Factor structure and convergent validity of the Derriford Appearance Scale-24 using standard scoring versus treating 'not applicable' responses as missing data: a Scleroderma Patient-centered Intervention Network (SPIN) cohort study. <i>BMJ Open</i> , 2018 , 8, e018641	3	2
68	A qualitative study of health professionals' views on using iPads to facilitate distraction during paediatric burn dressing changes. <i>Scars, Burns & Healing</i> , 2018 , 4, 2059513118764878	2.2	2
67	A qualitative exploration of psychosocial specialists' experiences of providing support in UK burn care services. <i>Scars, Burns & Healing</i> , 2018 , 4, 2059513118764881	2.2	11
66	Assessing the effectiveness of interventions to support patient decision making about breast reconstruction: A systematic review. <i>Breast</i> , 2018 , 40, 97-105	3.6	17
65	A pilot study of a body image intervention for breast cancer survivors. <i>Body Image</i> , 2018 , 27, 21-31	7.4	24
64	Opportunities and priorities for breast surgical research. <i>Lancet Oncology</i> , 2018 , 19, e521-e533	21.7	25

63	Efficacy of psychosocial and physical activity-based interventions to improve body image among women treated for breast cancer: A systematic review. <i>Psycho-Oncology</i> , 2018 , 27, 2687-2699	3.9	25
62	Supporting patients with body dissatisfaction: A survey of the experiences and training needs of European multi-disciplinary healthcare professionals. <i>NursingPlus Open</i> , 2018 , 4, 8-13		8
61	Parent-perceived isolation and barriers to psychosocial support: a qualitative study to investigate how peer support might help parents of burn-injured children. <i>Scars, Burns & Healing</i> , 2018 , 4, 2059513118763801	2.2	11
60	"It's just more personal": Using multiple methods of qualitative data collection to facilitate participation in research focusing on sensitive subjects. <i>Applied Nursing Research</i> , 2018 , 43, 30-35	1.8	23
59	Response to "Older Adults' Experiences of Living With Cleft Lip and Palate: A Qualitative Study Exploring Ageing and Appearance". <i>Cleft Palate-Craniofacial Journal</i> , 2017 , 54, 368	1.9	1
58	The experiences of older adults living with an appearance altering burn injury: An exploratory qualitative study. <i>Journal of Health Psychology</i> , 2017 , 22, 364-374	3.1	9
57	Using online blogs to explore positive outcomes after burn injuries. <i>Journal of Health Psychology</i> , 2017 , 22, 1755-1766	3.1	5
56	The psychosocial experiences of breast cancer amongst Black, South Asian and White survivors: do differences exist between ethnic groups?. <i>Psycho-Oncology</i> , 2017 , 26, 515-522	3.9	13
55	Validation of the Body Concealment Scale for Scleroderma (BCSS): Replication in the Scleroderma Patient-centered Intervention Network (SPIN) Cohort. <i>Body Image</i> , 2017 , 20, 99-106	7.4	3
54	Qualitatively understanding patients' and health professionals' experiences of the BRECONDA breast reconstruction decision aid. <i>Psycho-Oncology</i> , 2017 , 26, 1618-1624	3.9	13
53	Recruiting young people with a visible difference to the YP Face IT feasibility trial: a qualitative exploration of primary care staff experiences. <i>Primary Health Care Research and Development</i> , 2017 , 18, 541-548	1.6	4
52	A study protocol of the effectiveness of PEGASUS: a multi-centred study comparing an intervention to promote shared decision making about breast reconstruction with treatment as usual. <i>BMC Medical Informatics and Decision Making</i> , 2017 , 17, 143	3.6	10
51	Facilitating shared decision-making with breast augmentation patients: Acceptability of the PEGASUS intervention. <i>Journal of Plastic, Reconstructive and Aesthetic Surgery</i> , 2017 , 70, 203-208	1.7	2
50	A Systematic Review of Patient-Reported Outcome Measures Used in Adult Burn Research. <i>Journal of Burn Care and Research</i> , 2017 , 38, e521-e545	0.8	27
49	Parents' experiences of caring for a young person with neurofibromatosis type 1 (NF1): a qualitative study. <i>Journal of Community Genetics</i> , 2016 , 7, 33-9	2.5	12
48	The acceptability of PEGASUS: an intervention to facilitate shared decision-making with women contemplating breast reconstruction. <i>Psychology, Health and Medicine</i> , 2016 , 21, 248-53	2.1	11
47	Study protocol of the YP Face IT feasibility study: comparing an online psychosocial intervention versus treatment as usual for adolescents distressed by appearance-altering conditions/injuries. <i>BMJ Open</i> , 2016 , 6, e012423	3	16
46	Development and Validation of the Body Concealment Scale for Scleroderma. <i>Arthritis Care and Research</i> , 2016 , 68, 1158-65	4.7	8

45	Looking age-appropriate while growing old gracefully: A qualitative study of ageing and body image among older adults. <i>Journal of Health Psychology</i> , 2016 , 21, 550-61	3.1	53
44	A survey of burn professionals regarding the mental health services available to burn survivors in the United States and United Kingdom. <i>Burns</i> , 2016 , 42, 745-53	2.3	13
43	Reducing Decisional Conflict and Enhancing Satisfaction with Information among Women Considering Breast Reconstruction following Mastectomy: Results from the BRECONDA Randomized Controlled Trial. <i>Plastic and Reconstructive Surgery</i> , 2016 , 138, 592e-602e	2.7	34
42	Response to Letter to the Editor: The Burn Outcome Questionnaires: Patient and Family Reported Outcome Metrics for Children of All Ages <i>Burns</i> , 2016 , 42, 1145-1147	2.3	1
41	The Role of Appearance in Adolescents' Experiences of Neurofibromatosis Type 1: A Survey of Young People and Parents. <i>Journal of Genetic Counseling</i> , 2016 , 25, 1054-62	2.5	5
40	A systematic review of interventions on body image and disordered eating outcomes among women in midlife. <i>International Journal of Eating Disorders</i> , 2016 , 49, 5-18	6.3	27
39	Examination of the association of sex and race/ethnicity with appearance concerns: a Scleroderma Patient-centered Intervention Network (SPIN) Cohort study. <i>Clinical and Experimental Rheumatology</i> , 2016 , 34 Suppl 100, 92-99	2.2	2
38	Developing young person's Face IT: Online psychosocial support for adolescents struggling with conditions or injuries affecting their appearance. <i>Health Psychology Open</i> , 2015 , 2, 2055102915619092	1.9	22
37	Older adults' experiences of living with cleft lip and palate: a qualitative study exploring aging and appearance. <i>Cleft Palate-Craniofacial Journal</i> , 2015 , 52, e32-40	1.9	27
36	Exploring the lived experience of breast cancer diagnosis and treatment amongst Gujarati speaking Indian women. <i>Diversity and Equality in Health and Care</i> , 2015 , 12,	2	4
35	A systematic review of patient reported outcome measures (PROMs) used in child and adolescent burn research. <i>Burns</i> , 2015 , 41, 212-24	2.3	31
34	Appearance concerns and psychosocial adjustment following head and neck cancer: A cross-sectional study and nine-month follow-up. <i>Psychology, Health and Medicine</i> , 2014 , 19, 505-18	2.1	29
33	Dating and intimate relationships of women with below-knee amputation: an exploratory study. <i>Disability and Rehabilitation</i> , 2014 , 36, 395-402	2.4	14
32	BRECONDA: development and acceptability of an interactive decisional support tool for women considering breast reconstruction. <i>Psycho-Oncology</i> , 2014 , 23, 835-8	3.9	24
31	It's like a bag of pick and mix--you don't know what you are going to get: young people's experience of neurofibromatosis Type 1. <i>Journal of Advanced Nursing</i> , 2014 , 70, 1594-603	3.1	9
30	Happy Being Me in the UK: a controlled evaluation of a school-based body image intervention with pre-adolescent children. <i>Body Image</i> , 2013 , 10, 326-34	7.4	63
29	Looking the same: experiences of women who have had corrective surgery for breast asymmetry. <i>Journal of Health Psychology</i> , 2013 , 18, 488-96	3.1	4
28	Men's experiences of gynaecomastia and corrective surgery: a qualitative report. <i>Breast</i> , 2012 , 21, 108	3.6	0

27	The shifting nature of women's experiences and perceptions of ductal carcinoma in situ. <i>Journal of Advanced Nursing</i> , 2012 , 68, 856-67	3.1	15
26	Patient satisfaction in relation to nipple reconstruction: the importance of information provision. <i>Journal of Plastic, Reconstructive and Aesthetic Surgery</i> , 2011 , 64, 494-9	1.7	26
25	Patients' experiences of appearance changes following allogeneic bone marrow transplantation. <i>Cancer Nursing</i> , 2011 , 34, 315-21	2.6	11
24	Assessment of cosmesis after breast reconstruction surgery: a systematic review. <i>Annals of Surgical Oncology</i> , 2011 , 18, 813-23	3.1	27
23	Body dissatisfaction: can a short media literacy message reduce negative media exposure effects amongst adolescent girls?. <i>British Journal of Health Psychology</i> , 2011 , 16, 396-403	8.3	63
22	A qualitative study of the experiences of people who identify themselves as having adjusted positively to a visible difference. <i>Journal of Health Psychology</i> , 2011 , 16, 739-49	3.1	61
21	Incorporating user perspectives in the design of an online intervention tool for people with visible differences: face IT. <i>Behavioural and Cognitive Psychotherapy</i> , 2010 , 38, 577-96	2.1	14
20	Adolescents' and parents' experiences of managing the psychosocial impact of appearance change during cancer treatment. <i>Journal of Pediatric Oncology Nursing</i> , 2010 , 27, 168-75	2	61
19	The psychosocial impact of ductal carcinoma in situ (DCIS): a longitudinal prospective study. <i>Breast</i> , 2010 , 19, 382-7	3.6	29
18	Perceptions of ductal carcinoma in situ (DCIS) among UK health professionals. <i>Breast</i> , 2009 , 18, 89-93	3.6	21
17	Evaluation of the current knowledge limitations in breast cancer research: a gap analysis. <i>Breast Cancer Research</i> , 2008 , 10, R26	8.3	66
16	The challenge of being diagnosed and treated for ductal carcinoma in situ (DCIS). <i>European Journal of Oncology Nursing</i> , 2008 , 12, 103-11	2.8	23
15	Women's experiences of an altered appearance during chemotherapy: an indication of cancer status. <i>Journal of Health Psychology</i> , 2008 , 13, 597-606	3.1	40
14	Managing appearance changes resulting from cancer treatment: resilience in adolescent females. <i>Psycho-Oncology</i> , 2007 , 16, 1019-27	3.9	77
13	Using photographs to capture women's experiences of chemotherapy: reflecting on the method. <i>Qualitative Health Research</i> , 2007 , 17, 1340-50	3.9	131
12	Visible difference amongst children and adolescents: issues and interventions. <i>Developmental Neurorehabilitation</i> , 2007 , 10, 113-23	1.8	91
11	Anticipating an altered appearance: women undergoing chemotherapy treatment for breast cancer. <i>European Journal of Oncology Nursing</i> , 2007 , 11, 385-91	2.8	66
10	Oncoplastic breast surgery--a guide to good practice. <i>European Journal of Surgical Oncology</i> , 2007 , 33 Suppl 1, S1-23	3.6	54

9	Adjustment to appearance changes resulting from meningococcal septicaemia during adolescence: a qualitative study. <i>Developmental Neurorehabilitation</i> , 2007 , 10, 125-32	1.8	7
8	Patients' experience of the diagnosis and treatment of skin cancer. <i>Journal of Advanced Nursing</i> , 2004 , 48, 226-33	3.1	21
7	Mastectomy patients' decision-making for or against immediate breast reconstruction. <i>Psycho-Oncology</i> , 2004 , 13, 106-15	3.9	55
6	Body image and disfigurement: issues and interventions. <i>Body Image</i> , 2004 , 1, 83-97	7.4	357
5	The psychological effect of mastectomy with or without breast reconstruction: a prospective, multicenter study. <i>Plastic and Reconstructive Surgery</i> , 2003 , 111, 1060-8	2.7	220
4	Psychological aspects of breast reconstruction: a review of the literature. <i>Journal of Advanced Nursing</i> , 2001 , 35, 477-87	3.1	88
3	Specialist nurse counsellor interventions at the time of diagnosis of breast cancer: comparing advocacy with a conventional approach. <i>Journal of Advanced Nursing</i> , 1999 , 29, 445-53	3.1	50
2	Early discharge after surgery for breast cancer. Self selection probably occurred among patients studied. <i>BMJ: British Medical Journal</i> , 1999 , 318, 1146		1
1	Body image and psychosocial well-being among UK military personnel and veterans who sustained appearance-altering conflict injuries. <i>Military Psychology</i> , 1-15	0.9	0
