#	ARTICLE	IF	CITATIONS
1	Countdown to 2030: tracking progress towards universal coverage for reproductive, maternal, newborn, and child health. <i>Lancet, The</i> , 2018, 391, 1538-1548.	13.7	309
2	The timing of antenatal care initiation and the content of care in Sindh, Pakistan. <i>BMC Pregnancy and Childbirth</i> , 2016, 16, 190.	2.4	54
3	Delivering health interventions to women, children, and adolescents in conflict settings: what have we learned from ten country case studies?. <i>Lancet, The</i> , 2021, 397, 533-542.	13.7	51
4	Accelerating newborn survival in Ghana through a low-dose, high-frequency health worker training approach: a cluster randomized trial. <i>BMC Pregnancy and Childbirth</i> , 2018, 18, 72.	2.4	43
5	Not a luxury: a call to maintain sexual and reproductive health in humanitarian and fragile settings during the COVID-19 pandemic. <i>The Lancet Global Health</i> , 2020, 8, e760-e761.	6.3	43
6	Effectiveness of Interventions, Programs and Strategies for Gender-based Violence Prevention in Refugee Populations: An Integrative Review. <i>PLOS Currents</i> , 2016, 8, .	1.4	41
7	Cash-based approaches in humanitarian emergencies: a systematic review. <i>Campbell Systematic Reviews</i> , 2017, 13, 1-200.	3.0	40
8	The <i>2018 Inter-agency field manual on reproductive health in humanitarian settings</i>: revising the global standards. <i>Reproductive Health Matters</i> , 2017, 25, 18-24.	1.2	38
9	Assessing the capacity for newborn resuscitation and factors associated with providersâ€™ knowledge and skills: a cross-sectional study in Afghanistan. <i>BMC Pediatrics</i> , 2013, 13, 140.	1.7	36
10	Job satisfaction and retention of health-care providers in Afghanistan and Malawi. <i>Human Resources for Health</i> , 2014, 12, 11.	3.1	35
11	Availability and quality of emergency obstetric and neonatal care services in Afghanistan. <i>International Journal of Gynecology and Obstetrics</i> , 2012, 116, 192-196.	2.3	33
12	Maternal Health Care Utilization Among Syrian Refugees in Lebanon and Jordan. <i>Maternal and Child Health Journal</i> , 2017, 21, 1798-1807.	1.5	31
13	Maternal and Child Health of Internally Displaced Persons in Ukraine: A Qualitative Study. <i>International Journal of Environmental Research and Public Health</i> , 2017, 14, 54.	2.6	29
14	Providing care under extreme adversity: The impact of the Yemen conflict on the personal and professional lives of health workers. <i>Social Science and Medicine</i> , 2021, 272, 113751.	3.8	29
15	Armed conflicts and national trends in reproductive, maternal, newborn and child health in sub-Saharan Africa: what can national health surveys tell us?. <i>BMJ Global Health</i> , 2019, 4, e001300.	4.7	28
16	Progress and inequities in maternal mortality in Afghanistan (RAMOS-II): a retrospective observational study. <i>The Lancet Global Health</i> , 2017, 5, e545-e555.	6.3	26
17	The effectiveness and value for money of cash-based humanitarian assistance: a systematic review. <i>Journal of Development Effectiveness</i> , 2018, 10, 121-144.	0.8	26
18	Quality of caesarean delivery services and documentation in first-line referral facilities in Afghanistan: a chart review. <i>BMC Pregnancy and Childbirth</i> , 2012, 12, 14.	2.4	24

#	ARTICLE	IF	CITATIONS
19	Operationalizing Integrated Immunization and Family Planning Services in Rural Liberia: Lessons Learned From Evaluating Service Quality and Utilization. <i>Global Health, Science and Practice</i> , 2019, 7, 418-434.	1.7	24
20	Bypassing Primary Care Facilities for Childbirth: Findings from a Multilevel Analysis of Skilled Birth Attendance Determinants in Afghanistan. <i>Journal of Midwifery and Women's Health</i> , 2016, 61, 185-195.	1.3	23
21	Reproductive, maternal, newborn and child health service delivery during conflict in Yemen: a case study. <i>Conflict and Health</i> , 2020, 14, 30.	2.7	22
22	Health services for women, children and adolescents in conflict affected settings: experience from North and South Kivu, Democratic Republic of Congo. <i>Conflict and Health</i> , 2020, 14, 31.	2.7	22
23	Prevention and management of severe pre-eclampsia/eclampsia in Afghanistan. <i>BMC Pregnancy and Childbirth</i> , 2013, 13, 186.	2.4	20
24	Domestic Violence Among Iraqi Refugees in Syria. <i>Health Care for Women International</i> , 2012, 33, 285-297.	1.1	18
25	Maternal and child health service delivery in conflict-affected settings: a case study example from Upper Nile and Unity states, South Sudan. <i>Conflict and Health</i> , 2020, 14, 34.	2.7	18
26	Investigating the delivery of health and nutrition interventions for women and children in conflict settings: a collection of case studies from the BRANCH Consortium. <i>Conflict and Health</i> , 2020, 14, 29.	2.7	18
27	Utilization of outpatient services in refugee settlement health facilities: a comparison by age, gender, and refugee versus host national status. <i>Conflict and Health</i> , 2011, 5, 19.	2.7	17
28	Integrated Family Planning and Immunization Service Delivery at Health Facility and Community Sites in Dowa and Ntchisi Districts of Malawi: A Mixed Methods Process Evaluation. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 4530.	2.6	17
29	The Role of Quality Health Services and Discussion about Birth Spacing in Postpartum Contraceptive Use in Sindh, Pakistan: A Multilevel Analysis. <i>PLoS ONE</i> , 2015, 10, e0139628.	2.5	16
30	Assessing post-abortion care in health facilities in Afghanistan: a cross-sectional study. <i>BMC Pregnancy and Childbirth</i> , 2015, 15, 6.	2.4	12
31	Availability and distribution of human resources for provision of comprehensive emergency obstetric and newborn care in Afghanistan: a cross-sectional study. <i>Conflict and Health</i> , 2015, 9, 9.	2.7	12
32	Misoprostol for Prevention of Postpartum Hemorrhage at Home Birth in Afghanistan: Program Expansion Experience. <i>Journal of Midwifery and Women's Health</i> , 2016, 61, 196-202.	1.3	12
33	Point-of-use water treatment improves recovery rates among children with severe acute malnutrition in Pakistan: results from a site-randomized trial. <i>Public Health Nutrition</i> , 2018, 21, 3080-3090.	2.2	12
34	Quality of care in early detection and management of pre-eclampsia/eclampsia in health facilities in Afghanistan. <i>BMC Pregnancy and Childbirth</i> , 2019, 19, 36.	2.4	12
35	Context matters: Successes and challenges of intrapartum care scale-up in four districts of Afghanistan. <i>Global Public Health</i> , 2016, 11, 387-406.	2.0	11
36	Maximizing Opportunities: Family Planning and Maternal, Infant, and Young Child Nutrition Integration in Bondo Sub-County, Kenya. <i>Maternal and Child Health Journal</i> , 2017, 21, 1880-1889.	1.5	11

#	ARTICLE	IF	CITATIONS
37	Performance of UNHCR nutrition programs in post-emergency refugee camps. <i>Conflict and Health</i> , 2011, 5, 23.	2.7	10
38	United Nations High Commissioner for Refugees Feeding Program Performance in Kenya and Tanzania: A Retrospective Analysis of Routine Health Information System Data. <i>Food and Nutrition Bulletin</i> , 2012, 33, 150-160.	1.4	10
39	Emergency Food Assistance in Northern Syria: An Evaluation of Transfer Programs in Idleb Governorate. <i>Food and Nutrition Bulletin</i> , 2017, 38, 240-259.	1.4	10
40	Costs and cost-effectiveness of three point-of-use water treatment technologies added to community-based treatment of severe acute malnutrition in Sindh Province, Pakistan. <i>Global Health Action</i> , 2019, 12, 1568827.	1.9	10
41	Using Young Mothers's™ Clubs to Improve Knowledge of Postpartum Hemorrhage and Family Planning in Informal Settlements in Nairobi, Kenya. <i>Journal of Community Health</i> , 2015, 40, 692-698.	3.8	9
42	National and subnational estimates of coverage and travel time to emergency obstetric care in Afghanistan: Modeling of spatial accessibility. <i>Health and Place</i> , 2020, 66, 102452.	3.3	9
43	Associations between caesarean births and breastfeeding in the Middle East: a scoping review. <i>Eastern Mediterranean Health Journal</i> , 2021, 27, 931-940.	0.8	9
44	Quality of essential newborn care and neonatal resuscitation at health facilities in Afghanistan: a cross-sectional assessment. <i>BMJ Open</i> , 2019, 9, e030496.	1.9	8
45	Refugee site health service utilization: More needs to be done. <i>American Journal of Disaster Medicine</i> , 2011, 6, 231-242.	0.3	8
46	Characteristics of successful integrated family planning and maternal and child health services: Findings from a mixed-method, descriptive evaluation. <i>F1000Research</i> , 2019, 8, 229.	1.6	8
47	Food security and development in South Sudan: a call to action. <i>Public Health Nutrition</i> , 2013, 16, 1631-1636.	2.2	7
48	Neonatal mortality burden and trends in UNHCR refugee camps, 2006–2017: a retrospective analysis. <i>BMC Public Health</i> , 2021, 21, 390.	2.9	7
49	Implementation of maternal and perinatal death surveillance and response (MPDSR) in humanitarian settings: insights and experiences of humanitarian health practitioners and global technical expert meeting attendees. <i>Conflict and Health</i> , 2022, 16, 23.	2.7	7
50	Facility-level determinants of quality routine intrapartum care in Afghanistan. <i>BMC Pregnancy and Childbirth</i> , 2021, 21, 438.	2.4	6
51	Assessing respectful maternity care in a fragile, conflict-affected context: Observations from a 2016 national assessment in Afghanistan. <i>Health Care for Women International</i> , 2024, 45, 169-189.	1.1	6
52	“It builds your confidence you’ve done well”. Healthcare workers’s™ experiences of participating in a low-dose, high-frequency training to improve newborn survival on the day of birth in Ghana. <i>Gates Open Research</i> , 2019, 3, 1470.	1.1	6
53	Access to primary healthcare Services in Conflict-Affected Fragile States: a subnational descriptive analysis of educational and wealth disparities in Cameroon, Democratic Republic of Congo, Mali, and Nigeria. <i>International Journal for Equity in Health</i> , 2021, 20, 253.	3.5	6
54	Using direct clinical observation to assess the quality of cesarean delivery in Afghanistan: an exploratory study. <i>BMC Pregnancy and Childbirth</i> , 2014, 14, 176.	2.4	5

#	ARTICLE	IF	CITATIONS
55	Are cash-based interventions a feasible approach for expanding humanitarian assistance in Syria?. <i>Journal of International Humanitarian Action</i> , 2016, 1, .	1.4	5
56	Sexual and reproductive health self-care in humanitarian and fragile settings: where should we start?. <i>Conflict and Health</i> , 2021, 15, 22.	2.7	5
57	Health facility capacity to provide postabortion care in Afghanistan: a cross-sectional study. <i>Reproductive Health</i> , 2021, 18, 160.	3.1	5
58	Preventing Malnutrition in Post-conflict, Food Insecure Settings: A Case Study from South Sudan. <i>PLOS Currents</i> , 2014, 6, .	1.4	5
59	Quality of pre-service midwifery education in public and private midwifery schools in Afghanistan: a cross sectional survey. <i>BMC Medical Education</i> , 2022, 22, 39.	2.4	5
60	Quality of care in prevention, detection and management of postpartum hemorrhage in hospitals in Afghanistan: an observational assessment. <i>BMC Health Services Research</i> , 2020, 20, 484.	2.2	4
61	Characteristics of successful integrated family planning and maternal and child health services: Findings from a mixed-method, descriptive evaluation. <i>F1000Research</i> , 0, 8, 229.	1.6	4
62	Editorial: Maternal Health in Conflict Settings. <i>Frontiers in Global Women S Health</i> , 2022, 3, 807257.	2.3	3
63	Primary Healthcare Quality in Conflict and Fragility: a subnational analysis of disparities using Population Health surveys. <i>Conflict and Health</i> , 2022, 16, .	2.7	3
64	PROTOCOL: The effectiveness and efficiency of cash-based approaches in emergencies: A Systematic Review. <i>Campbell Systematic Reviews</i> , 2015, 11, 1-45.	3.0	2
65	Readiness of emergency obstetric and newborn care in public health facilities in Afghanistan between 2010 and 2016. <i>International Journal of Gynecology and Obstetrics</i> , 2020, 148, 361-368.	2.3	2
66	Preventing Malnutrition in Children under Two (PM2A): A Case Study in the Food Insecure Context of South Sudan. <i>World Health & Population</i> , 2013, 14, 12-22.	0.2	2
