| # | ARTICLE | IF | CITATIONS |
|----|--|------|-----------|
| 1 | Assessing respectful maternity care in a fragile, conflict-affected context: Observations from a 2016 national assessment in Afghanistan. <i>Health Care for Women International</i> , 2024, 45, 169-189. | 1.1 | 6 |
| 2 | Quality of pre-service midwifery education in public and private midwifery schools in Afghanistan: a cross sectional survey. <i>BMC Medical Education</i> , 2022, 22, 39. | 2.4 | 5 |
| 3 | Editorial: Maternal Health in Conflict Settings. <i>Frontiers in Global Women S Health</i> , 2022, 3, 807257. | 2.3 | 3 |
| 4 | Implementation of maternal and perinatal death surveillance and response (MPDSR) in humanitarian settings: insights and experiences of humanitarian health practitioners and global technical expert meeting attendees. <i>Conflict and Health</i> , 2022, 16, 23. | 2.7 | 7 |
| 5 | Self-care interventions for sexual and reproductive health in humanitarian and fragile settings: a scoping review. <i>BMC Health Services Research</i> , 2022, 22, . | 2.2 | 2 |
| 6 | Primary Healthcare Quality in Conflict and Fragility: a subnational analysis of disparities using Population Health surveys. <i>Conflict and Health</i> , 2022, 16, . | 2.7 | 3 |
| 7 | Delivering health interventions to women, children, and adolescents in conflict settings: what have we learned from ten country case studies?. <i>Lancet, The</i> , 2021, 397, 533-542. | 13.7 | 51 |
| 8 | Neonatal mortality burden and trends in UNHCR refugee camps, 2006â€“2017: a retrospective analysis. <i>BMC Public Health</i> , 2021, 21, 390. | 2.9 | 7 |
| 9 | Quality of Maternal Death Documentation in Afghanistan: A Retrospective Health Facility Record Review. <i>Frontiers in Global Women S Health</i> , 2021, 2, 610578. | 2.3 | 1 |
| 10 | Providing care under extreme adversity: The impact of the Yemen conflict on the personal and professional lives of health workers. <i>Social Science and Medicine</i> , 2021, 272, 113751. | 3.8 | 29 |
| 11 | Sexual and reproductive health self-care in humanitarian and fragile settings: where should we start?. <i>Conflict and Health</i> , 2021, 15, 22. | 2.7 | 5 |
| 12 | Facility-level determinants of quality routine intrapartum care in Afghanistan. <i>BMC Pregnancy and Childbirth</i> , 2021, 21, 438. | 2.4 | 6 |
| 13 | Health facility capacity to provide postabortion care in Afghanistan: a cross-sectional study. <i>Reproductive Health</i> , 2021, 18, 160. | 3.1 | 5 |
| 14 | Associations between caesarean births and breastfeeding in the Middle East: a scoping review. <i>Eastern Mediterranean Health Journal</i> , 2021, 27, 931-940. | 0.8 | 9 |
| 15 | Travel time, availability of emergency obstetric care, and perceived quality of care associated with maternal healthcare utilisation in Afghanistan: A multilevel analysis. <i>Global Public Health</i> , 2021, , 1-18. | 2.0 | 1 |
| 16 | Access to primary healthcare Services in Conflict-Affected Fragile States: a subnational descriptive analysis of educational and wealth disparities in Cameroon, Democratic Republic of Congo, Mali, and Nigeria. <i>International Journal for Equity in Health</i> , 2021, 20, 253. | 3.5 | 6 |
| 17 | Readiness of emergency obstetric and newborn care in public health facilities in Afghanistan between 2010 and 2016. <i>International Journal of Gynecology and Obstetrics</i> , 2020, 148, 361-368. | 2.3 | 2 |
| 18 | Integrated Family Planning and Immunization Service Delivery at Health Facility and Community Sites in Dowa and Ntchisi Districts of Malawi: A Mixed Methods Process Evaluation. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 4530. | 2.6 | 17 |

| # | ARTICLE | IF | CITATIONS |
|----|--|------|-----------|
| 19 | National and subnational estimates of coverage and travel time to emergency obstetric care in Afghanistan: Modeling of spatial accessibility. <i>Health and Place</i> , 2020, 66, 102452. | 3.3 | 9 |
| 20 | Quality of care in prevention, detection and management of postpartum hemorrhage in hospitals in Afghanistan: an observational assessment. <i>BMC Health Services Research</i> , 2020, 20, 484. | 2.2 | 4 |
| 21 | Reproductive, maternal, newborn and child health service delivery during conflict in Yemen: a case study. <i>Conflict and Health</i> , 2020, 14, 30. | 2.7 | 22 |
| 22 | Health services for women, children and adolescents in conflict affected settings: experience from North and South Kivu, Democratic Republic of Congo. <i>Conflict and Health</i> , 2020, 14, 31. | 2.7 | 22 |
| 23 | Maternal and child health service delivery in conflict-affected settings: a case study example from Upper Nile and Unity states, South Sudan. <i>Conflict and Health</i> , 2020, 14, 34. | 2.7 | 18 |
| 24 | Investigating the delivery of health and nutrition interventions for women and children in conflict settings: a collection of case studies from the BRANCH Consortium. <i>Conflict and Health</i> , 2020, 14, 29. | 2.7 | 18 |
| 25 | Not a luxury: a call to maintain sexual and reproductive health in humanitarian and fragile settings during the COVID-19 pandemic. <i>The Lancet Global Health</i> , 2020, 8, e760-e761. | 6.3 | 43 |
| 26 | Quality of care in early detection and management of pre-eclampsia/eclampsia in health facilities in Afghanistan. <i>BMC Pregnancy and Childbirth</i> , 2019, 19, 36. | 2.4 | 12 |
| 27 | Costs and cost-effectiveness of three point-of-use water treatment technologies added to community-based treatment of severe acute malnutrition in Sindh Province, Pakistan. <i>Global Health Action</i> , 2019, 12, 1568827. | 1.9 | 10 |
| 28 | Armed conflicts and national trends in reproductive, maternal, newborn and child health in sub-Saharan Africa: what can national health surveys tell us?. <i>BMJ Global Health</i> , 2019, 4, e001300. | 4.7 | 28 |
| 29 | Quality of essential newborn care and neonatal resuscitation at health facilities in Afghanistan: a cross-sectional assessment. <i>BMJ Open</i> , 2019, 9, e030496. | 1.9 | 8 |
| 30 | Operationalizing Integrated Immunization and Family Planning Services in Rural Liberia: Lessons Learned From Evaluating Service Quality and Utilization. <i>Global Health, Science and Practice</i> , 2019, 7, 418-434. | 1.7 | 24 |
| 31 | “It builds your confidence you’ve done well” Healthcare workers’ experiences of participating in a low-dose, high-frequency training to improve newborn survival on the day of birth in Ghana. <i>Gates Open Research</i> , 2019, 3, 1470. | 1.1 | 6 |
| 32 | Characteristics of successful integrated family planning and maternal and child health services: Findings from a mixed-method, descriptive evaluation. <i>F1000Research</i> , 2019, 8, 229. | 1.6 | 8 |
| 33 | Countdown to 2030: tracking progress towards universal coverage for reproductive, maternal, newborn, and child health. <i>Lancet, The</i> , 2018, 391, 1538-1548. | 13.7 | 309 |
| 34 | The effectiveness and value for money of cash-based humanitarian assistance: a systematic review. <i>Journal of Development Effectiveness</i> , 2018, 10, 121-144. | 0.8 | 26 |
| 35 | Accelerating newborn survival in Ghana through a low-dose, high-frequency health worker training approach: a cluster randomized trial. <i>BMC Pregnancy and Childbirth</i> , 2018, 18, 72. | 2.4 | 43 |
| 36 | Point-of-use water treatment improves recovery rates among children with severe acute malnutrition in Pakistan: results from a site-randomized trial. <i>Public Health Nutrition</i> , 2018, 21, 3080-3090. | 2.2 | 12 |

| # | ARTICLE | IF | CITATIONS |
|----|--|-----|-----------|
| 37 | Emergency Food Assistance in Northern Syria: An Evaluation of Transfer Programs in Idleb Governorate. Food and Nutrition Bulletin, 2017, 38, 240-259. | 1.4 | 10 |
| 38 | Progress and inequities in maternal mortality in Afghanistan (RAMOS-II): a retrospective observational study. The Lancet Global Health, 2017, 5, e545-e555. | 6.3 | 26 |
| 39 | Maternal Health Care Utilization Among Syrian Refugees in Lebanon and Jordan. Maternal and Child Health Journal, 2017, 21, 1798-1807. | 1.5 | 31 |
| 40 | Maximizing Opportunities: Family Planning and Maternal, Infant, and Young Child Nutrition Integration in Bondo Sub-County, Kenya. Maternal and Child Health Journal, 2017, 21, 1880-1889. | 1.5 | 11 |
| 41 | The <i>2018 Inter-agency field manual on reproductive health in humanitarian settings</i>: revising the global standards. Reproductive Health Matters, 2017, 25, 18-24. | 1.2 | 38 |
| 42 | Cash-based approaches in humanitarian emergencies: a systematic review. Campbell Systematic Reviews, 2017, 13, 1-200. | 3.0 | 40 |
| 43 | Maternal and Child Health of Internally Displaced Persons in Ukraine: A Qualitative Study. International Journal of Environmental Research and Public Health, 2017, 14, 54. | 2.6 | 29 |
| 44 | The timing of antenatal care initiation and the content of care in Sindh, Pakistan. BMC Pregnancy and Childbirth, 2016, 16, 190. | 2.4 | 54 |
| 45 | Bypassing Primary Care Facilities for Childbirth: Findings from a Multilevel Analysis of Skilled Birth Attendance Determinants in Afghanistan. Journal of Midwifery and Women's Health, 2016, 61, 185-195. | 1.3 | 23 |
| 46 | Are cash-based interventions a feasible approach for expanding humanitarian assistance in Syria?. Journal of International Humanitarian Action, 2016, 1, . | 1.4 | 5 |
| 47 | Context matters: Successes and challenges of intrapartum care scale-up in four districts of Afghanistan. Global Public Health, 2016, 11, 387-406. | 2.0 | 11 |
