

Alexander Heazell

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/4456354/alexander-heazell-publications-by-year.pdf>

Version: 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
252	Investigation of the critical factors required to improve the disclosure and discussion of harm with affected women and families: a study protocol for a qualitative, realist study in NHS maternity services (the DISCERN study).. <i>BMJ Open</i> , 2022 , 12, e048285	3	0
251	Protocol for the development of a core outcome set for stillbirth care research (iCHOOSE Study).. <i>BMJ Open</i> , 2022 , 12, e056629	3	0
250	Development of dynamic image analysis methods to measure vascularisation and syncytial nuclear aggregates in human placenta.. <i>Placenta</i> , 2022 , 120, 65-72	3.4	0
249	Awareness of fetal movements and care package to reduce fetal mortality (AFFIRM): a trial-based and model-based cost-effectiveness analysis from a stepped wedge, cluster-randomised trial.. <i>BMC Pregnancy and Childbirth</i> , 2022 , 22, 235	3.2	0
248	Understanding pregnancy as a teachable moment for behaviour change: a comparison of the COM-B and teachable moments models.. <i>Health Psychology and Behavioral Medicine</i> , 2022 , 10, 41-59	2.2	1
247	Research Priority Setting Partnership for placental pathology.. <i>Placenta</i> , 2021 , 117, 154-155	3.4	0
246	A better understanding of the association between maternal perception of foetal movements and late stillbirth-findings from an individual participant data meta-analysis. <i>BMC Medicine</i> , 2021 , 19, 267	11.4	1
245	Sexually dimorphic patterns in maternal circulating microRNAs in pregnancies complicated by fetal growth restriction. <i>Biology of Sex Differences</i> , 2021 , 12, 61	9.3	0
244	'Fetal side' of the placenta: anatomical mis-annotation of carbon particle 'transfer' across the human placenta. <i>Nature Communications</i> , 2021 , 12, 7049	17.4	0
243	A prospective cohort study providing insights for markers of adverse pregnancy outcome in older mothers. <i>BMC Pregnancy and Childbirth</i> , 2021 , 21, 706	3.2	0
242	Immunomodulatory Therapy Reduces the Severity of Placental Lesions in Chronic Histiocytic Intervillositis. <i>Frontiers in Medicine</i> , 2021 , 8, 753220	4.9	3
241	Parents' Active Role and ENGagement in The review of their Stillbirth/perinatal death 2 (PARENTS 2) study: a mixed-methods study of implementation. <i>BMJ Open</i> , 2021 , 11, e044563	3	1
240	Parents' experiences of care offered after stillbirth: An international online survey of high and middle-income countries. <i>Birth</i> , 2021 , 48, 366-374	3.1	2
239	Stillbirth rates, service outcomes and costs of implementing NHS England's Saving Babies' Lives care bundle in maternity units in England: A cohort study. <i>PLoS ONE</i> , 2021 , 16, e0250150	3.7	2
238	The CErebro Placental RAtio as indicator for delivery following perception of reduced fetal movements, protocol for an international cluster randomised clinical trial; the CEPRA study. <i>BMC Pregnancy and Childbirth</i> , 2021 , 21, 285	3.2	1
237	Evolving pattern of fetal movements throughout a healthy pregnancy. <i>BMJ Case Reports</i> , 2021 , 14,	0.9	
236	Fetal umbilical artery Doppler as a tool for universal third trimester screening: A systematic review and meta-analysis of diagnostic test accuracy. <i>Placenta</i> , 2021 , 108, 47-54	3.4	2

235	Kynurenine Relaxes Arteries of Normotensive Women and Those With Preeclampsia. <i>Circulation Research</i> , 2021 , 128, 1679-1693	15.7	5
234	Factors influencing health behaviour change during pregnancy: a systematic review and meta-synthesis. <i>Health Psychology Review</i> , 2021 , 15, 613-632	7.1	7
233	Placental Morphology and Cellular Characteristics in Stillbirths in Women With Diabetes and Unexplained Stillbirths. <i>Archives of Pathology and Laboratory Medicine</i> , 2021 , 145, 82-89	5	3
232	Associations between consumption of coffee and caffeinated soft drinks and late stillbirth-Findings from the Midland and North of England stillbirth case-control study. <i>European Journal of Obstetrics, Gynecology and Reproductive Biology</i> , 2021 , 256, 471-477	2.4	1
231	Chronic histiocytic intervillitis: A breakdown in immune tolerance comparable to allograft rejection?. <i>American Journal of Reproductive Immunology</i> , 2021 , 85, e13373	3.8	3
230	Investigation of the outcome of pregnancies complicated by increased fetal movements and their relation to underlying causes - A prospective cohort study. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2021 , 100, 91-100	3.8	1
229	Prediction of stillbirth: an umbrella review of evaluation of prognostic variables. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2021 , 128, 238-250	3.7	8
228	Care in pregnancies subsequent to stillbirth or perinatal death. <i>The Obstetrician and Gynaecologist</i> , 2021 , 23, 48-59	0.9	2
227	Associations between social and behavioural factors and the risk of late stillbirth - findings from the Midland and North of England Stillbirth case-control study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2021 , 128, 704-713	3.7	8
226	Can risk prediction models help us individualise stillbirth prevention? A systematic review and critical appraisal of published risk models. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2021 , 128, 214-224	3.7	5
225	Universal late pregnancy ultrasound screening to predict adverse outcomes in nulliparous women: a systematic review and cost-effectiveness analysis. <i>Health Technology Assessment</i> , 2021 , 25, 1-190	4.4	1
224	Can information regarding the index stillbirth determine risk of adverse outcome in a subsequent pregnancy? Findings from a single-center cohort study. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2021 , 100, 1326-1335	3.8	3
223	The potential role of the E SRRG pathway in placental dysfunction. <i>Reproduction</i> , 2021 , 161, R45-R60	3.8	1
222	Hypoxia and oxidative stress induce sterile placental inflammation in vitro. <i>Scientific Reports</i> , 2021 , 11, 7281	4.9	5
221	Determinants of eclampsia in women with severe preeclampsia at Mpilo Central Hospital, Bulawayo, Zimbabwe. <i>Pregnancy Hypertension</i> , 2021 , 25, 235-239	2.6	0
220	Identification of factors associated with stillbirth in Zimbabwe - a cross sectional study. <i>BMC Pregnancy and Childbirth</i> , 2021 , 21, 662	3.2	0
219	Pandemic stress and SARS-CoV-2 infection are associated with pathological changes at the maternal-fetal interface. <i>Placenta</i> , 2021 , 115, 37-44	3.4	3
218	Development of a core outcome set (COS) for studies relating to awareness and clinical management of reduced fetal movement: study protocol. <i>Trials</i> , 2021 , 22, 894	2.8	0

217	Measures of anxiety, depression and stress in the antenatal and perinatal period following a stillbirth or neonatal death: a multicentre cohort study. <i>BMC Pregnancy and Childbirth</i> , 2021 , 21, 818	3.2	0
216	Cause of intrauterine and neonatal death in twin pregnancies (CoDiT): development of a novel classification system. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2020 , 127, 1507-1515	3.7	3
215	Increased placental macrophages and a pro-inflammatory profile in placentas and maternal serum in infants with a decreased growth rate in the third trimester of pregnancy. <i>American Journal of Reproductive Immunology</i> , 2020 , 84, e13267	3.8	8
214	The predictive value of signs and symptoms in predicting adverse maternal and perinatal outcomes in severe preeclampsia in a low-resource setting, findings from a cross-sectional study at Mpilo Central Hospital, Bulawayo, Zimbabwe. <i>Pregnancy Hypertension</i> , 2020 , 21, 77-83	2.6	4
213	A missense mutation of ErbB2 produces a novel mouse model of stillbirth associated with a cardiac abnormality but lacking abnormalities of placental structure. <i>PLoS ONE</i> , 2020 , 15, e0233007	3.7	1
212	Adverse pregnancy outcomes and subsequent development of connective tissue disease in the UK: an epidemiological study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2020 , 127, 941-949	2.7	3
211	Verification of placental growth factor and soluble-fms-like tyrosine kinase 1 assay performance in late pregnancy and their diagnostic test accuracy in women with reduced fetal movement. <i>Annals of Clinical Biochemistry</i> , 2020 , 57, 223-233	2.2	1
210	Associations between symptoms of sleep-disordered breathing and maternal sleep patterns with late stillbirth: Findings from an individual participant data meta-analysis. <i>PLoS ONE</i> , 2020 , 15, e0230861	3.7	6
209	The role of maternal awareness of reduced fetal movements to reduce perinatal mortality remains unclear. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2020 , 127, 838	3.7	2
208	Standard care informed by the result of a placental growth factor blood test versus standard care alone in women with reduced fetal movement at or after 36 weeks' gestation: a pilot randomised controlled trial. <i>Pilot and Feasibility Studies</i> , 2020 , 6, 23	1.9	2
207	Intra-placental arterial Doppler: A marker of fetoplacental vascularity in late-onset placental disease?. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2020 , 99, 865-874	3.8	2
206	The ability of late pregnancy maternal tests to predict adverse pregnancy outcomes associated with placental dysfunction (specifically fetal growth restriction and pre-eclampsia): a protocol for a systematic review and meta-analysis of prognostic accuracy studies. <i>Systematic Reviews</i> , 2020 , 9, 78	3	2
205	A systematic scoping review to identify the design and assess the performance of devices for antenatal continuous fetal monitoring. <i>PLoS ONE</i> , 2020 , 15, e0242983	3.7	1
204	Need to ensure that improvements in stillbirth rates are also achieved in high-risk groups. <i>Paediatric and Perinatal Epidemiology</i> , 2020 , 34, 1-2	2.7	
203	Prospective Evaluation of Maternal Sleep Position Through 30 Weeks of Gestation and Adverse Pregnancy Outcomes. <i>Obstetrics and Gynecology</i> , 2020 , 135, 218	4.9	1
202	When the Fetus Goes Still and the Birth Is Tragic: The Role of the Placenta in Stillbirths. <i>Obstetrics and Gynecology Clinics of North America</i> , 2020 , 47, 183-196	3.3	2
201	Umbilical cord characteristics and their association with adverse pregnancy outcomes: A systematic review and meta-analysis. <i>PLoS ONE</i> , 2020 , 15, e0239630	3.7	9
200	A structured review of placental morphology and histopathological lesions associated with SARS-CoV-2 infection. <i>Placenta</i> , 2020 , 101, 13-29	3.4	69

199	Universal third-trimester ultrasonic screening using fetal macrosomia in the prediction of adverse perinatal outcome: A systematic review and meta-analysis of diagnostic test accuracy. <i>PLoS Medicine</i> , 2020 , 17, e1003190	11.6	11
198	The PLANES study: a protocol for a randomised controlled feasibility study of the placental growth factor (PlGF) blood test-informed care versus standard care alone for women with a small for gestational age fetus at or after 32 + 0 weeks' gestation. <i>Pilot and Feasibility Studies</i> , 2020 , 6, 179	1.9	0
197	Assessment of the quality, content and perceived utility of local maternity guidelines in hospitals in England implementing the saving babies' lives care bundle to reduce stillbirth. <i>BMJ Open Quality</i> , 2020 , 9,	1.9	4
196	Evaluating the accuracy and precision of sonographic fetal weight estimation models in extremely early-onset fetal growth restriction. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2020 , 99, 364-373	3.8	2
195	The problem with counting fetal movements. <i>Women and Birth</i> , 2020 , 33, e309	3.3	1
194	Evaluating improvement interventions using routine data to support a learning health system: research design, data access, analysis and reporting. <i>BMJ Quality and Safety</i> , 2020 , 29, 696-700	5.4	0
193	Universal third-trimester ultrasonic screening using fetal macrosomia in the prediction of adverse perinatal outcome: A systematic review and meta-analysis of diagnostic test accuracy 2020 , 17, e1003190		
192	Universal third-trimester ultrasonic screening using fetal macrosomia in the prediction of adverse perinatal outcome: A systematic review and meta-analysis of diagnostic test accuracy 2020 , 17, e1003190		
191	Universal third-trimester ultrasonic screening using fetal macrosomia in the prediction of adverse perinatal outcome: A systematic review and meta-analysis of diagnostic test accuracy 2020 , 17, e1003190		
190	Universal third-trimester ultrasonic screening using fetal macrosomia in the prediction of adverse perinatal outcome: A systematic review and meta-analysis of diagnostic test accuracy 2020 , 17, e1003190		
189	Universal third-trimester ultrasonic screening using fetal macrosomia in the prediction of adverse perinatal outcome: A systematic review and meta-analysis of diagnostic test accuracy 2020 , 17, e1003190		
188	Associations between symptoms of sleep-disordered breathing and maternal sleep patterns with late stillbirth: Findings from an individual participant data meta-analysis 2020 , 15, e0230861		
187	Associations between symptoms of sleep-disordered breathing and maternal sleep patterns with late stillbirth: Findings from an individual participant data meta-analysis 2020 , 15, e0230861		
186	Associations between symptoms of sleep-disordered breathing and maternal sleep patterns with late stillbirth: Findings from an individual participant data meta-analysis 2020 , 15, e0230861		
185	Associations between symptoms of sleep-disordered breathing and maternal sleep patterns with late stillbirth: Findings from an individual participant data meta-analysis 2020 , 15, e0230861		
184	A systematic scoping review to identify the design and assess the performance of devices for antenatal continuous fetal monitoring 2020 , 15, e0242983		
183	A systematic scoping review to identify the design and assess the performance of devices for antenatal continuous fetal monitoring 2020 , 15, e0242983		
182	A systematic scoping review to identify the design and assess the performance of devices for antenatal continuous fetal monitoring 2020 , 15, e0242983		

181	A systematic scoping review to identify the design and assess the performance of devices for antenatal continuous fetal monitoring 2020 , 15, e0242983		
180	A systematic scoping review to identify the design and assess the performance of devices for antenatal continuous fetal monitoring 2020 , 15, e0242983		
179	A systematic scoping review to identify the design and assess the performance of devices for antenatal continuous fetal monitoring 2020 , 15, e0242983		
178	Umbilical cord characteristics and their association with adverse pregnancy outcomes: A systematic review and meta-analysis 2020 , 15, e0239630		
177	Umbilical cord characteristics and their association with adverse pregnancy outcomes: A systematic review and meta-analysis 2020 , 15, e0239630		
176	Umbilical cord characteristics and their association with adverse pregnancy outcomes: A systematic review and meta-analysis 2020 , 15, e0239630		
175	Umbilical cord characteristics and their association with adverse pregnancy outcomes: A systematic review and meta-analysis 2020 , 15, e0239630		
174	The effect of high glucose on lipid metabolism in the human placenta. <i>Scientific Reports</i> , 2019 , 9, 14114	4.9	13
173	Association of Supine Going-to-Sleep Position in Late Pregnancy With Reduced Birth Weight: A Secondary Analysis of an Individual Participant Data Meta-analysis. <i>JAMA Network Open</i> , 2019 , 2, e1912614	10.4	8
172	Real experiences which increase empathy: A preliminary exploration of the utility of an audio archive describing parents' and clinicians' experiences of stillbirth. <i>Bereavement Care</i> , 2019 , 38, 33-41	0.4	
171	Maternal sleep practices and stillbirth: Findings from an international case-control study. <i>Birth</i> , 2019 , 46, 344-354	3.1	14
170	Research priorities and potential methodologies to inform care in subsequent pregnancies following stillbirth: a web-based survey of healthcare professionals, researchers and advocates. <i>BMJ Open</i> , 2019 , 9, e028735	3	6
169	Effects of hydroxychloroquine on the human placenta-Findings from in vitro experimental data and a systematic review. <i>Reproductive Toxicology</i> , 2019 , 87, 50-59	3.4	7
168	The kynurenine pathway; A new target for treating maternal features of preeclampsia?. <i>Placenta</i> , 2019 , 84, 44-49	3.4	10
167	Breech presentation is associated with lower adolescent tibial bone strength. <i>Osteoporosis International</i> , 2019 , 30, 1423-1432	5.3	0
166	Gestational diabetes and the risk of late stillbirth: a case-control study from England, UK. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2019 , 126, 973-982	3.7	24
165	Professionals' Practices and Views regarding Neonatal Postmortem: Can We Improve Consent Rates by Improving Training?. <i>Neonatology</i> , 2019 , 115, 341-345	4	1
164	An Individual Participant Data Meta-analysis of Maternal Going-to-Sleep Position, Interactions with Fetal Vulnerability, and the Risk of Late Stillbirth. <i>EClinicalMedicine</i> , 2019 , 10, 49-57	11.3	27

163	Comments: Influence of the prone position on a stretcher for pregnant women on maternal and fetal hemodynamic parameters and comfort in pregnancy. <i>Clinics</i> , 2019 , 74, e878	2.3	2
162	Interventions in Pregnancy to Reduce Risk of Stillbirth 2019 , 48-60		
161	Constellations of Pathology in the Placenta and How They Relate to Clinical Conditions 2019 , 361-369		
160	Biochemical tests of placental function versus ultrasound assessment of fetal size for stillbirth and small-for-gestational-age infants. <i>The Cochrane Library</i> , 2019 , 5, CD012245	5.2	12
159	Early onset severe preeclampsia and eclampsia in a low-resource setting, Mpilo Central Hospital, Bulawayo, Zimbabwe. <i>BMC Research Notes</i> , 2019 , 12, 822	2.3	3
158	PARENTS 2 Study: a qualitative study of the views of healthcare professionals and stakeholders on parental engagement in the perinatal mortality review-from 'bottom of the pile' to joint learning. <i>BMJ Open</i> , 2019 , 8, e023792	3	6
157	Care of pregnant women with decreased fetal movements: Update of a clinical practice guideline for Australia and New Zealand. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2018 , 58, 463-468	1.7	20
156	Excessive fetal movements are a sign of fetal compromise which merits further examination. <i>Medical Hypotheses</i> , 2018 , 111, 19-23	3.8	10
155	Making stillbirths visible: a systematic review of globally reported causes of stillbirth. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2018 , 125, 212-224	3.7	80
154	PARENTS 2 study protocol: pilot of Parents' Active Role and ENGagement in the review of Their Stillbirth/perinatal death. <i>BMJ Open</i> , 2018 , 8, e020164	3	12
153	'Just an extra pair of hands'? A qualitative study of obstetric service users' and professionals' views towards 24/7 consultant presence on a single UK tertiary maternity unit. <i>BMJ Open</i> , 2018 , 8, e019977	3	3
152	The Collaborative IPD of Sleep and Stillbirth (Cribss): is maternal going-to-sleep position a risk factor for late stillbirth and does maternal sleep position interact with fetal vulnerability? An individual participant data meta-analysis study protocol. <i>BMJ Open</i> , 2018 , 8, e020323	3	4
151	"They told me all mothers have worries", stillborn mother's experiences of having a 'gut instinct' that something is wrong in pregnancy: Findings from an international case-control study. <i>Midwifery</i> , 2018 , 62, 171-176	2.8	4
150	Identification of the functional pathways altered by placental cell exposure to high glucose: lessons from the transcript and metabolite interactome. <i>Scientific Reports</i> , 2018 , 8, 5270	4.9	11
149	Improved management of stillbirth using a care pathway. <i>International Journal of Health Governance</i> , 2018 , 23, 18-37	0.9	2
148	Care in subsequent pregnancies following stillbirth: an international survey of parents. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2018 , 125, 193-201	3.7	28
147	Understanding the associations and significance of fetal movements in overweight or obese pregnant women: a systematic review. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2018 , 97, 13-24	3.8	13
146	Healthcare and wider societal implications of stillbirth: a population-based cost-of-illness study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2018 , 125, 108-117	3.7	17

145	Saving babies' lives project impact and results evaluation (SPiRE): a mixed methodology study. <i>BMC Pregnancy and Childbirth</i> , 2018 , 18, 43	3.2	20
144	A mixed-methods evaluation of continuous electronic fetal monitoring for an extended period. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2018 , 97, 1515-1523	3.8	5
143	The structure and utility of the placental pathology report. <i>Apmis</i> , 2018 , 126, 638-646	3.4	13
142	Women's experiences of being invited to participate in a case-control study of stillbirth - findings from the Midlands and North of England Stillbirth Study. <i>BMC Pregnancy and Childbirth</i> , 2018 , 18, 317	3.2	2
141	Alterations in maternally perceived fetal movement and their association with late stillbirth: findings from the Midland and North of England stillbirth case-control study. <i>BMJ Open</i> , 2018 , 8, e020037	3.1	28
140	Association between maternal sleep practices and late stillbirth - findings from a stillbirth case-control study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2018 , 125, 254-262	3.7	54
139	No. 369-Management of Pregnancy Subsequent to Stillbirth. <i>Journal of Obstetrics and Gynaecology Canada</i> , 2018 , 40, 1669-1683	1.3	13
138	N 369 - Prise en charge de la grossesse après une mortinaissance. <i>Journal of Obstetrics and Gynaecology Canada</i> , 2018 , 40, 1684-1700	1.3	
137	Care prior to and during subsequent pregnancies following stillbirth for improving outcomes. <i>The Cochrane Library</i> , 2018 , 12, CD012203	5.2	10
136	Antenatal placental assessment in the prediction of adverse pregnancy outcome after reduced fetal movement. <i>PLoS ONE</i> , 2018 , 13, e0206533	3.7	13
135	Reduced fetal movement intervention Trial-2 (ReMIT-2): protocol for a pilot randomised controlled trial of standard care informed by the result of a placental growth factor (PlGF) blood test versus standard care alone in women presenting with reduced fetal movement at or after 36 weeks gestation. <i>Trials</i> , 2018 , 19, 531	2.8	7
134	Awareness of fetal movements and care package to reduce fetal mortality (AFFIRM): a stepped wedge, cluster-randomised trial. <i>Lancet, The</i> , 2018 , 392, 1629-1638	4.0	81
133	Persistent inaccuracies in completion of medical certificates of stillbirth: A cross-sectional study. <i>Paediatric and Perinatal Epidemiology</i> , 2018 , 32, 474-481	2.7	5
132	The effect of Ramadan fasting during pregnancy on perinatal outcomes: a systematic review and meta-analysis. <i>BMC Pregnancy and Childbirth</i> , 2018 , 18, 421	3.2	27
131	Breech presentation is associated with lower bone mass and area: findings from the Southampton Women's Survey. <i>Osteoporosis International</i> , 2018 , 29, 2275-2281	5.3	7
130	Placental dysfunction is associated with altered microRNA expression in pregnant women with low folate status. <i>Molecular Nutrition and Food Research</i> , 2017 , 61, 1600646	5.9	21
129	The effect of senior obstetric presence on maternal and neonatal outcomes in UK NHS maternity units: a systematic review and meta-analysis. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2017 , 124, 1321-1330	3.7	8
128	Advanced maternal age and adverse pregnancy outcomes: A systematic review and meta-analysis. <i>PLoS ONE</i> , 2017 , 12, e0186287	3.7	229

127	The use of cold cots following perinatal death. <i>European Journal of Obstetrics, Gynecology and Reproductive Biology</i> , 2017 , 217, 179-180	2.4	3
126	Women's experiences of continuous fetal monitoring - a mixed-methods systematic review. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2017 , 96, 1404-1413	3.8	5
125	Placental Dysfunction Underlies Increased Risk of Fetal Growth Restriction and Stillbirth in Advanced Maternal Age Women. <i>Scientific Reports</i> , 2017 , 7, 9677	4.9	48
124	Assessing the quality of bereavement care after perinatal death: development and piloting of a questionnaire to assess parents' experiences. <i>Journal of Obstetrics and Gynaecology</i> , 2017 , 37, 931-936	1.3	12
123	A novel in vitro model of villitis of unknown etiology demonstrates altered placental hormone and cytokine profile. <i>American Journal of Reproductive Immunology</i> , 2017 , 78, e12725	3.8	5
122	Can promoting awareness of fetal movements and focusing interventions reduce fetal mortality? A stepped-wedge cluster randomised trial (AFFIRM). <i>BMJ Open</i> , 2017 , 7, e014813	3	17
121	Authors' reply re: The effect of senior obstetric presence on maternal and neonatal outcomes in UK NHS maternity units: a systematic review and meta-analysis. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2017 , 124, 1910-1911	3.7
