#	Paper	IF	Citations
71	Guidance on how to develop complex interventions to improve health and healthcare. <i>BMJ Open</i> , 2019 , 9, e029954	3	292
70	Taxonomy of approaches to developing interventions to improve health: a systematic methods overview. <i>Pilot and Feasibility Studies</i> , 2019 , 5, 41	1.9	162
69	Breast feeding. <i>BMJ, The</i> , 2008 , 336, 881-7	5.9	161
68	Maximising the impact of qualitative research in feasibility studies for randomised controlled trials: guidance for researchers. <i>Pilot and Feasibility Studies</i> , 2015 , 1, 32	1.9	156
67	Qualitative study of decisions about infant feeding among women in east end of London. <i>BMJ: British Medical Journal</i> , 1999 , 318, 30-4		150
66	Systematic reviews of and integrated report on the quantitative, qualitative and economic evidence base for the management of obesity in men. <i>Health Technology Assessment</i> , 2014 , 18, v-vi, xxiii-xxix, 1-424	4.4	122
65	A serial qualitative interview study of infant feeding experiences: idealism meets realism. <i>BMJ Open</i> , 2012 , 2, e000504	3	94
64	A qualitative study of women's views about how health professionals communicate about infant feeding. <i>Health Expectations</i> , 2000 , 3, 224-233	3.7	77
63	Why do interventions work in some places and not others: a breastfeeding support group trial. <i>Social Science and Medicine</i> , 2010 , 70, 769-78	5.1	76
62	Guidance for reporting intervention development studies in health research (GUIDED): an evidence-based consensus study. <i>BMJ Open</i> , 2020 , 10, e033516	3	66
61	Group interventions to improve health outcomes: a framework for their design and delivery. <i>BMC Public Health</i> , 2010 , 10, 800	4.1	57
60	One-to-one or group-based peer support for breastfeeding? Women's perceptions of a breastfeeding peer coaching intervention. <i>Birth</i> , 2006 , 33, 139-46	3.1	50
59	Should weight loss and maintenance programmes be designed differently for men? A systematic review of long-term randomised controlled trials presenting data for men and women: The ROMEO project. <i>Obesity Research and Clinical Practice</i> , 2016 , 10, 70-84	5.4	48
58	Effectiveness of policy to provide breastfeeding groups (BIG) for pregnant and breastfeeding mothers in primary care: cluster randomised controlled trial. <i>BMJ, The</i> , 2009 , 338, a3026	5.9	48
57	Benefits of Incentives for Breastfeeding and Smoking cessation in pregnancy (BIBS): a mixed-methods study to inform trial design. <i>Health Technology Assessment</i> , 2015 , 19, 1-522, vii-viii	4.4	43
56	Nobody actually tells you: a study of infant feeding. <i>British Journal of Midwifery</i> , 1999 , 7, 558-565	0.3	41
55	The FEeding Support Team (FEST) randomised, controlled feasibility trial of proactive and reactive telephone support for breastfeeding women living in disadvantaged areas. <i>BMJ Open</i> , 2012 , 2, e000652 ³		37

54	How to incorporate patient and public perspectives into the design and conduct of research. <i>F1000Research</i> , 2018 , 7, 752	3.6	37
53	Combining PPI with qualitative research to engage harder-to-reach populations: service user groups as co-applicants on a platform study for a trial. <i>Research Involvement and Engagement</i> , 2016 , 2, 7	4.4	34
52	Incentives as connectors: insights into a breastfeeding incentive intervention in a disadvantaged area of North-West England. <i>BMC Pregnancy and Childbirth</i> , 2012 , 12, 22	3.2	34
51	A review of recently published qualitative research in general practice. More methodological questions than answers?. <i>Family Practice</i> , 1997 , 14, 313-9	1.9	34
50	Significant others, situations and infant feeding behaviour change processes: a serial qualitative interview study. <i>BMC Pregnancy and Childbirth</i> , 2013 , 13, 114	3.2	33
49	Effectiveness of a breastfeeding peer coaching intervention in rural Scotland. <i>Birth</i> , 2006 , 33, 27-36	3.1	32
48	Qualitative research interviewing by general practitioners. A personal view of the opportunities and pitfalls. <i>Family Practice</i> , 1997 , 14, 307-12	1.9	30
47	A systematic review of measures assessing mothers' knowledge, attitudes, confidence and satisfaction towards breastfeeding. <i>Breastfeeding Review</i> , 2007 , 15, 17-25		30
46	Public acceptability of financial incentives for smoking cessation in pregnancy and breast feeding: a survey of the British public. <i>BMJ Open</i> , 2014 , 4, e005524	3	29
45	Incentives to promote breastfeeding: a systematic review. <i>Pediatrics</i> , 2015 , 135, e687-702	7.4	25
44	A qualitative evidence synthesis on the management of male obesity. <i>BMJ Open</i> , 2015 , 5, e008372	3	23
43	Process evaluation for the FEeding Support Team (FEST) randomised controlled feasibility trial of proactive and reactive telephone support for breastfeeding women living in disadvantaged areas. <i>BMJ Open</i> , 2012 , 2, e001039	3	22
42	Unintended consequences of incentive provision for behaviour change and maintenance around childbirth. <i>PLoS ONE</i> , 2014 , 9, e111322	3.7	20
41	Clinical Effectiveness of Weight Loss and Weight Maintenance Interventions for Men: A Systematic Review of Men-Only Randomized Controlled Trials (The ROMEO Project). <i>American Journal of Men's Health</i> , 2017 , 11, 1096-1123	2.2	19
40	Recruitment issues when primary care population clusters are used in randomised controlled clinical trials: climbing mountains or pushing boulders uphill?. <i>Contemporary Clinical Trials</i> , 2007 , 28, 232-41	2.3	19
39	Understanding successful development of complex health and healthcare interventions and its drivers from the perspective of developers and wider stakeholders: an international qualitative interview study. <i>BMJ Open</i> , 2019 , 9, e028756	3	19
38	Health professionals, implementation and outcomes: reflections on a complex intervention to improve breastfeeding rates in primary care. <i>Family Practice</i> , 2007 , 24, 84-91	1.9	18
37	The effectiveness of proactive telephone support provided to breastfeeding mothers of preterm infants: study protocol for a randomized controlled trial. <i>BMC Pediatrics</i> , 2013 , 13, 73	2.6	17

36	Adapting interventions to new contexts-the ADAPT guidance. <i>BMJ, The</i> , 2021 , 374, n1679	5.9	17
35	Attending to design when developing complex health interventions: A qualitative interview study with intervention developers and associated stakeholders. <i>PLoS ONE</i> , 2019 , 14, e0223615	3.7	16
34	Incentives for breastfeeding and for smoking cessation in pregnancy: an exploration of types and meanings. <i>Social Science and Medicine</i> , 2015 , 128, 10-7	5.1	15
33	Breakfast, lunch and dinner Attitudes to infant feeding amongst children in a Scottish primary school. A qualitative focus group study. <i>Health Education Journal</i> , 2004 , 63, 70-80	1.5	15
32	Proactive telephone support provided to breastfeeding mothers of preterm infants after discharge: a randomised controlled trial. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2018 , 107, 791-798	3.1	14
31	Breastfeeding and risk for ceasing in mothers of preterm infants-Long-term follow-up. <i>Maternal and Child Nutrition</i> , 2018 , 14, e12618	3.4	14
30	Seeing other women breastfeed: how vicarious experience relates to breastfeeding intention and behaviour. <i>Maternal and Child Nutrition</i> , 2010 , 6, 134-46	3.4	14
29	Breastfeeding peer support: Health service programmes in Scotland. <i>British Journal of Midwifery</i> , 2006 , 14, 12-19	0.3	14
28	A systematic review with meta-analyses of text message-delivered behaviour change interventions for weight loss and weight loss maintenance. <i>Obesity Reviews</i> , 2020 , 21, e12999	10.6	12
27	Developing interventions to improve health: a systematic mapping review of international practice between 2015 and 2016. <i>Pilot and Feasibility Studies</i> , 2019 , 5, 127	1.9	12
26	Women and peer supporters experiences of an assets-based peer support intervention for increasing breastfeeding initiation and continuation: A qualitative study. <i>Health Expectations</i> , 2020 , 23, 622-631	3.7	11
25	A qualitative study comparing commercial and health service weight loss groups, classes and clubs. <i>Journal of Human Nutrition and Dietetics</i> , 2011 , 24, 23-31	3.1	9
24	Routinely collected infant feeding data: Time for global action. <i>Maternal and Child Nutrition</i> , 2018 , 14, e12616	3.4	9
23	A systematic review of the cost-effectiveness of non-surgical obesity interventions in men. <i>Obesity Research and Clinical Practice</i> , 2015 , 9, 310-27	5.4	8
22	Protocol for a feasibility trial for improving breast feeding initiation and continuation: assets-based infant feeding help before and after birth (ABA). <i>BMJ Open</i> , 2018 , 8, e019142	3	8
21	Are men difficult to find? Identifying male-specific studies in MEDLINE and Embase. <i>Systematic Reviews</i> , 2014 , 3, 78	3	8
20	Breast pumps as an incentive for breastfeeding: a mixed methods study of acceptability. <i>Maternal and Child Nutrition</i> , 2016 , 12, 726-39	3.4	8
19	The ABA intervention for improving breastfeeding initiation and continuation: Feasibility study results. <i>Maternal and Child Nutrition</i> , 2020 , 16, e12907	3.4	7

18	Breastfeeding booklet and proactive phone calls for increasing exclusive breastfeeding rates: RCT protocol. <i>Maternal and Child Nutrition</i> , 2017 , 13,	3.4	6
17	How UK internet websites portray breast milk expression and breast pumps: a qualitative study of content. <i>BMC Pregnancy and Childbirth</i> , 2015 , 15, 81	3.2	6
16	The push me, pull you of financial incentives and health inequalities: a mixed methods study investigating smoking cessation in pregnancy and breastfeeding. <i>Lancet, The</i> , 2014 , 384, S37	4.0	6
15	Public acceptability of financial incentives to reward pregnant smokers who quit smoking: a United Kingdom-France comparison. <i>European Journal of Health Economics</i> , 2018 , 19, 697-708	3.6	5
14	The use of video support for infant feeding after hospital discharge: a study in remote and rural Scotland. <i>Maternal and Child Nutrition</i> , 2009 , 5, 347-357	3.4	5
13	Game of Stones: feasibility randomised controlled trial of how to engage men with obesity in text message and incentive interventions for weight loss. <i>BMJ Open</i> , 2020 , 10, e032653	3	5
12	Perspectives on financial incentives to health service providers for increasing breast feeding and smoking quit rates during pregnancy: a mixed methods study. <i>BMJ Open</i> , 2015 , 5, e008492	3	3
11	An assets-based intervention before and after birth to improve breastfeeding initiation and continuation: the ABA feasibility RCT. <i>Public Health Research</i> , 2020 , 8, 1-156	1.7	3
10	The what, why and when of adapting interventions for new contexts: A qualitative study of researchers, funders, journal editors and practitioners Understandings. <i>PLoS ONE</i> , 2021 , 16, e0254020	3.7	3
9	Incentive interventions for smoking cessation in pregnancy: a mixed methods evidence synthesis. <i>Lancet, The</i> , 2012 , 380, S48	4.0	2
8	General practice consultation rates for mothers and babies in the first year after birth according to place of birth. A descriptive study in one general practice. <i>Primary Health Care Research and Development</i> , 2002 , 3, 212-225	1.6	2
7	Text messaging and financial incentives to encourage weight loss in men with obesity: the Game of Stones feasibility RCT. <i>Public Health Research</i> , 2020 , 8, 1-224	1.7	2
6	Women's views about a free breast pump service: Online survey informing intervention development. <i>Maternal and Child Nutrition</i> , 2019 , 15, e12745	3.4	2
5	Step 10: the breastfeeding support paradox. <i>The Lancet Global Health</i> , 2016 , 4, e19	13.6	1
4	Text messaging to help women with overweight or obesity lose weight after childbirth: the intervention adaptation and SMS feasibility RCT. <i>Public Health Research</i> , 2020 , 8, 1-152	1.7	0
3	Lay support for breastfeeding. <i>British Journal of General Practice</i> , 2006 , 56, 461-2	1.6	0
2	Exploring the use and experience of an infant feeding genogram to facilitate an assets-based approach to support infant feeding. <i>BMC Pregnancy and Childbirth</i> , 2020 , 20, 569	3.2	0
1	Recruiting men from across the socioeconomic spectrum via GP registers and community outreach to a weight management feasibility randomised controlled trial. <i>BMC Medical Research Methodology</i> , 2020 , 20, 249	4.7	0
