

Colin A. Graham

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/4493565/colin-a-graham-publications-by-year.pdf>

Version: 2024-04-24

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
281	Migraine in the Emergency Department: A Prospective Multinational Study of Patient Characteristics, Management, and Outcomes.. <i>Neuroepidemiology</i> , 2022 , 1-9	5.4	0
280	Return to work after injury in Hong Kong: prospective multi-center cohort study.. <i>European Journal of Trauma and Emergency Surgery</i> , 2022 , 1	2.3	
279	Role of Community Health Volunteers Since the 2015 Nepal Earthquakes: A Qualitative Study.. <i>Disaster Medicine and Public Health Preparedness</i> , 2022 , 1-7	2.8	0
278	Major trauma care in Hong Kong and Germany: a trauma registry data benchmark study. <i>European Journal of Trauma and Emergency Surgery</i> , 2021 , 47, 1581-1590	2.3	2
277	The Headache in Emergency Departments study: Opioid prescribing in patients presenting with headache. A multicenter, cross-sectional, observational study. <i>Headache</i> , 2021 , 61, 1387-1402	4.2	0
276	Health Workforce Development in Health Emergency and Disaster Risk Management: The Need for Evidence-Based Recommendations. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	8
275	RISC II is superior to TRISS in predicting 30-day mortality in blunt major trauma patients in Hong Kong. <i>European Journal of Trauma and Emergency Surgery</i> , 2021 , 1	2.3	2
274	Understanding what matters most to patients in acute care in seven countries, using the flash mob study design. <i>BMC Health Services Research</i> , 2021 , 21, 474	2.9	1
273	Nationwide study on trends in unplanned hospital attendance and deaths during the 7 weeks after the onset of the COVID-19 pandemic in Denmark. <i>BMJ Quality and Safety</i> , 2021 , 30, 986-995	5.4	4
272	CCOUC Ethnic Minority Health Project: A Case Study for Health EDRM Initiatives to Improve Disaster Preparedness in a Rural Chinese Population. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	1
271	Seven-year excess mortality, functional outcome and health status after trauma in Hong Kong. <i>European Journal of Trauma and Emergency Surgery</i> , 2021 , 1	2.3	2
270	Cardiopulmonary resuscitation training in secondary education: A prospective cross-sectional survey of 110 Hong Kong secondary schools. <i>Hong Kong Journal of Emergency Medicine</i> , 2021 , 28, 30-36	0.4	0
269	Epidemiology, treatment and outcome of patients with lower respiratory tract infection presenting to emergency departments with dyspnoea (AANZDEM and EuroDEM studies). <i>EMA - Emergency Medicine Australasia</i> , 2021 , 33, 58-66	1.5	
268	Epidemiology and outcome of older patients presenting with dyspnoea to emergency departments. <i>Age and Ageing</i> , 2021 , 50, 252-257	3	2
267	Good Samaritan Law and bystander cardiopulmonary resuscitation: Cross-sectional study of 1223 first-aid learners in Hong Kong. <i>Hong Kong Journal of Emergency Medicine</i> , 2021 , 28, 22-29	0.4	1
266	Intramuscular midazolam, olanzapine, or haloperidol for the management of acute agitation: A multi-centre, double-blind, randomised clinical trial. <i>EClinicalMedicine</i> , 2021 , 32, 100751	11.3	5
265	The impact of SARS and COVID-19 on major trauma in Hong Kong. <i>American Journal of Emergency Medicine</i> , 2021 , 46, 10-15	2.9	3

264	A red herring: An unusual case of pneumothorax. <i>World Journal of Emergency Medicine</i> , 2021 , 12, 160-161.	9	
263	Study design: A research primer for low- and middle-income countries. <i>African Journal of Emergency Medicine</i> , 2020 , 10, S115-S119	1.3	
262	COVID-19: emergency medicine perspectives from Hong Kong. <i>European Journal of Emergency Medicine</i> , 2020 , 27, 163-164	2.3	6
261	NEWS and qSIRS superior to qSOFA in the prediction of 30-day mortality in emergency department patients in Hong Kong. <i>Annals of Medicine</i> , 2020 , 52, 403-412	1.5	5
260	Analysing the literature: A research primer for low- and middle-income countries. <i>African Journal of Emergency Medicine</i> , 2020 , 10, S100-S105	1.3	
259	Can qSOFA Perform Better If Combined With Frailty Measures in Elderly Patients?. <i>Chest</i> , 2020 , 157, 231	5.3	1
258	A new risk stratification score for patients with suspected cardiac chest pain in emergency departments, based on machine learning. <i>Chinese Medical Journal</i> , 2020 , 133, 879-880	2.9	1
257	Health Service Utilization in Hong Kong During the COVID-19 Pandemic - A Cross-sectional Public Survey. <i>International Journal of Health Policy and Management</i> , 2020 ,	2.5	10
256	Gender differences in mortality and quality of life after septic shock: A post-hoc analysis of the ARISE study. <i>Journal of Critical Care</i> , 2020 , 55, 177-183	4	8
255	Early lessons from COVID-19 that may reduce future emergency department crowding. <i>EMA - Emergency Medicine Australasia</i> , 2020 , 32, 1077-1079	1.5	7
254	Hong Kong emergency department attendance plummets during COVID-19. <i>EMA - Emergency Medicine Australasia</i> , 2020 , 32, 1093-1094	1.5	3
253	Chronic disease management in emergency department patients presenting with dyspnoea. <i>EMA - Emergency Medicine Australasia</i> , 2020 , 32, 1067-1070	1.5	
252	Clinical, laboratory, and radiological features indicative of novel coronavirus disease (COVID-19) in emergency departments - a multicentre case-control study in Hong Kong. <i>Journal of the American College of Emergency Physicians Open</i> , 2020 , 1, 597	1.6	5
251	Get with the guidelines: management of chronic obstructive pulmonary disease in emergency departments in Europe and Australasia is sub-optimal. <i>Internal Medicine Journal</i> , 2020 , 50, 200-208	1.6	5
250	An Integrated Approach of Machine Learning and Systems Thinking for Waiting Time Prediction in an Emergency Department. <i>International Journal of Medical Informatics</i> , 2020 , 139, 104143	5.3	16
249	qSOFA is a Poor Predictor of Short-Term Mortality in All Patients: A Systematic Review of 410,000 Patients. <i>Journal of Clinical Medicine</i> , 2019 , 8,	5.1	26
248	Incidence, Patient Characteristics, Mode of Drug Delivery, and Outcomes of Septic Shock Patients Treated With Vasopressors in the Arise Trial. <i>Shock</i> , 2019 , 52, 400-407	3.4	10
247	39th International Symposium on Intensive Care and Emergency Medicine : Brussels, Belgium, 19-22 March 2019. <i>Critical Care</i> , 2019 , 23, 72	10.8	7

246	Trajectory of functional outcome and health status after moderate-to-major trauma in Hong Kong: A prospective 5 year cohort study. <i>Injury</i> , 2019 , 50, 1111-1117	2.5	5
245	Agreement between capillary and venous lactate in emergency department patients: prospective observational study. <i>BMJ Open</i> , 2019 , 9, e026109	3	5
244	Treatment and outcome of adult patients with acute asthma in emergency departments in Australasia, South East Asia and Europe: Are guidelines followed? AANZDEM/EuroDEM study. <i>EMA - Emergency Medicine Australasia</i> , 2019 , 31, 756-762	1.5	3
243	Trauma team activation criteria and outcomes of geriatric trauma: 10 year single centre cohort study. <i>American Journal of Emergency Medicine</i> , 2019 , 37, 450-456	2.9	8
242	Use of tear gas for crowd control in Hong Kong. <i>Lancet, The</i> , 2019 , 394, 1517-1518	40	9
241	Emergency nurse practitioners use of a modified Edinburgh red eye diagnostic algorithm: Prospective observational study. <i>Hong Kong Journal of Emergency Medicine</i> , 2019 , 102490791988256	0.4	
240	My mother is looking blue. <i>World Journal of Emergency Medicine</i> , 2019 , 10, 251-252	1.9	5
239	Quality of Life and 1-Year Survival in Patients With Early Septic Shock: Long-Term Follow-Up of the Australasian Resuscitation in Sepsis Evaluation Trial. <i>Critical Care Medicine</i> , 2019 , 47, 765-773	1.4	10
238	Epidemiology of patients presenting with dyspnea to emergency departments in Europe and the Asia-Pacific region. <i>European Journal of Emergency Medicine</i> , 2019 , 26, 345-349	2.3	25
237	Analysis of the citation of articles published in the European Journal of Emergency Medicine since its foundation. <i>European Journal of Emergency Medicine</i> , 2019 , 26, 65-70	2.3	4
236	Asthma among adult patients presenting with dyspnea to the emergency department: An observational study. <i>Clinical Respiratory Journal</i> , 2018 , 12, 2117-2125	1.7	3
235	Epidemiology, treatment, disposition and outcome of patients with acute exacerbation of COPD presenting to emergency departments in Australia and South East Asia: An AANZDEM study. <i>Respirology</i> , 2018 , 23, 681-686	3.6	13
234	Out-of-Hospital Cardiac Arrest in the Pediatric Population in Hong Kong: A 10-Year Review at a University Hospital. <i>Pediatric Emergency Care</i> , 2018 , 34, 179-184	1.4	6
233	Comparison of outcomes in emergency department patients with suspected cardiac chest pain: two-centre prospective observational study in Southern China. <i>BMC Cardiovascular Disorders</i> , 2018 , 18, 95	2.3	
232	The PARIS score can reliably predict 7-day all-cause mortality for both acute medical and surgical patients: an international validation study. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2018 , 111, 721-725	2.7	3
231	Using simulation to assess the impacts of the adoption of a fast-track system for hospital emergency services. <i>Journal of Advanced Mechanical Design, Systems and Manufacturing</i> , 2018 , 12, JAMDSM0073-JAMDSM0075	0.6	5
230	BET 2: Blood biomarkers as an alternative to imaging in diagnosing acute ischaemic stroke. <i>Emergency Medicine Journal</i> , 2018 , 35, 336-338	1.5	3
229	Performance of automated external defibrillators under conditions of in-flight turbulence. <i>Resuscitation</i> , 2018 , 130, 41-43	4	1

228	Oral paracetamol and/or ibuprofen for treating pain after soft tissue injuries: Single centre double-blind, randomised controlled clinical trial. <i>PLoS ONE</i> , 2018 , 13, e0192043	3.7	14
227	An integrated stroke system in Hong Kong. <i>Hong Kong Medical Journal</i> , 2018 , 24, 318	0.7	
226	Cross-sectional study on emergency department management of sepsis. <i>Hong Kong Medical Journal</i> , 2018 , 24, 571-578	0.7	1
225	Gestalt for shock and mortality in the emergency department: A prospective study. <i>American Journal of Emergency Medicine</i> , 2018 , 36, 988-992	2.9	1
224	The role of the hotel industry in the response to emerging epidemics: a case study of SARS in 2003 and H1N1 swine flu in 2009 in Hong Kong. <i>Globalization and Health</i> , 2018 , 14, 117	10	53
223	6 Prognostic Value of qSOFA, SIRS and News in the Emergency Department for Predicting 7-Day Mortality: A Prospective Study. <i>Annals of Emergency Medicine</i> , 2018 , 72, S3	2.1	2
222	Does an assessment aid improve Glasgow Coma Scale scoring by helicopter rescuers in Hong Kong: A randomised controlled trial. <i>Australasian Emergency Care</i> , 2018 , 21, 105-110	1.8	
221	Acute appendicitis in adults: Diagnostic accuracy of emergency doctors in a university hospital in Hong Kong. <i>EMA - Emergency Medicine Australasia</i> , 2017 , 29, 48-55	1.5	6
220	Circulating human leucine-rich α 2-glycoprotein 1 mRNA and protein levels to detect acute appendicitis in patients with acute abdominal pain. <i>Clinical Biochemistry</i> , 2017 , 50, 485-490	3.5	10
219	Mid-arm circumference can be used to estimate weight of adult and adolescent patients. <i>Emergency Medicine Journal</i> , 2017 , 34, 231-236	1.5	18
218	Analysis of h-index and other bibliometric markers of productivity and repercussion of a selected sample of worldwide emergency medicine researchers. <i>Emergency Medicine Journal</i> , 2017 , 34, 175-181	1.5	6
217	37th International Symposium on Intensive Care and Emergency Medicine (part 1 of 3). <i>Critical Care</i> , 2017 , 21,	10.8	78
216	Heart failure in patients presenting with dyspnoea to the emergency department in the Asia Pacific region: an observational study. <i>BMJ Open</i> , 2017 , 7, e013812	3	6
215	The normal ranges of cardiovascular parameters measured using the ultrasonic cardiac output monitor. <i>Physiological Reports</i> , 2017 , 5, e13195	2.6	46
214	Improvement of blood loss volume estimation by paramedics using a pictorial nomogram: A developmental study. <i>Injury</i> , 2017 , 48, 2693-2698	2.5	7
213	Early Exclusion of Major Adverse Cardiac Events in Emergency Department Chest Pain Patients: A Prospective Observational Study. <i>Journal of Emergency Medicine</i> , 2017 , 53, 287-294	1.5	5
212	An Observational Study of Dyspnea in Emergency Departments: The Asia, Australia, and New Zealand Dyspnea in Emergency Departments Study (AANZDEM). <i>Academic Emergency Medicine</i> , 2017 , 24, 328-336	3.4	44
211	Prompt diagnosis of ST-elevation myocardial infarction with papillary muscle rupture by point-of-care ultrasound in the emergency department. <i>Clinical and Experimental Emergency Medicine</i> , 2017 , 4, 178-181	1.7	1

210	Improving the efficiency of a hospital emergency department: a simulation study with indirectly imputed service-time distributions. <i>Flexible Services and Manufacturing Journal</i> , 2016 , 28, 120-147	1.8	41
209	Validation of the qSOFA score for identification of septic patients: A retrospective study. <i>European Journal of Internal Medicine</i> , 2016 , 36, e35-e36	3.9	20
208	Oral Prednisolone in the Treatment of Acute Gout: A Pragmatic, Multicenter, Double-Blind, Randomized Trial. <i>Annals of Internal Medicine</i> , 2016 , 164, 464-71	8	43
207	Epidemiology, prehospital care and outcomes of patients arriving by ambulance with dyspnoea: an observational study. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2016 , 24, 113	3.6	15
206	Prognostic values of 4 risk scores in Chinese patients with chest pain: Prospective 2-centre cohort study. <i>Medicine (United States)</i> , 2016 , 95, e4778	1.8	11
205	Add-on tests for improving risk-stratification in emergency department patients with chest pain who are at low to moderate risk of 30-day major adverse cardiac events. <i>International Journal of Cardiology</i> , 2016 , 220, 299-306	3.2	5
204	Haemodynamic changes in emergency department patients with poorly controlled hypertension. <i>Hong Kong Medical Journal</i> , 2016 , 22, 116-23	0.7	3
203	How Do Missing Patients Aggravate Emergency Department Overcrowding? A Real Case and a Simulation Study. <i>Springer Proceedings in Mathematics and Statistics</i> , 2016 , 167-177	0.2	1
202	A Comparison of the Performance of Different Age-Based Paediatric Weight Estimation Formulae in Hong Kong Children. <i>Hong Kong Journal of Emergency Medicine</i> , 2016 , 23, 3-12	0.4	1
201	STEMI Outcomes in Guangzhou and Hong Kong: Two-Centre Retrospective Interregional Study. <i>PLoS ONE</i> , 2016 , 11, e0149981	3.7	2
200	Emergency medicine: this is what we do. <i>European Journal of Emergency Medicine</i> , 2016 , 23, 1	2.3	0
199	Plasma miR-124-3p and miR-16 concentrations as prognostic markers in acute stroke. <i>Clinical Biochemistry</i> , 2016 , 49, 663-668	3.5	25
198	Hypertension in the Emergency Department. <i>Current Hypertension Reports</i> , 2016 , 18, 37	4.7	4
197	Finger counting method is more accurate than age-based weight estimation formulae in estimating the weight of Hong Kong children presenting to the emergency department. <i>EMA - Emergency Medicine Australasia</i> , 2016 , 28, 691-697	1.5	4
196	Pre-travel health preparation for malaria prevention among Hong Kong travellers. <i>Postgraduate Medical Journal</i> , 2015 , 91, 127-31	2	2
195	Learning profiles for noninvasive transcutaneous Doppler ultrasound. <i>European Journal of Emergency Medicine</i> , 2015 , 22, 128-34	2.3	3
194	Asia, Australia and New Zealand Dyspnoea in Emergency Departments (AANZDEM) study: Rationale, design and analysis. <i>EMA - Emergency Medicine Australasia</i> , 2015 , 27, 187-91	1.5	11
193	Embracing Big Data for Simulation Modelling of Emergency Department Processes and Activities 2015 ,		2

192	Using Simulation to Examine the Effect of Physician Heterogeneity on the Operational Efficiency of an Overcrowded Hospital Emergency Department. <i>Journal of Physics: Conference Series</i> , 2015 , 616, 012017	0.3	2
191	Patient Flow Evaluation with System Dynamic Model in an Emergency Department: Data Analytics on Daily Hospital Records 2015 ,		5
190	Relationship between category size and journals' impact factor: implications for emergency medicine journals and researchers. <i>European Journal of Emergency Medicine</i> , 2015 , 22, 355-62	2.3	5
189	Outcome after Implementation of Sepsis Guideline in the Emergency Department of a University Hospital in Hong Kong. <i>Hong Kong Journal of Emergency Medicine</i> , 2015 , 22, 163-171	0.4	3
188	Is the Modified Early Warning Score able to enhance clinical observation to detect deteriorating patients earlier in an Accident & Emergency Department?. <i>Australasian Emergency Nursing Journal</i> , 2015 , 18, 24-32		9
187	Strategies and solutions to alleviate access block and overcrowding in emergency departments. <i>Hong Kong Medical Journal</i> , 2015 , 21, 345-52	0.7	28
186	Effects of an elevated position on time to tracheal intubation by novice intubators using Macintosh laryngoscopy or videolaryngoscopy: randomized crossover trial. <i>Clinical and Experimental Emergency Medicine</i> , 2015 , 2, 174-178	1.7	3
185	Hemodynamic measurements for evaluating vasovagal syncope in the emergency department. <i>Clinical and Experimental Emergency Medicine</i> , 2015 , 2, 59-62	1.7	1
184	Temporary pelvic stabilization after trauma. <i>New England Journal of Medicine</i> , 2014 , 370, 388-9	59.2	
183	Assessment of quality of life and functional outcome in patients sustaining moderate and major trauma: a multicentre, prospective cohort study. <i>Injury</i> , 2014 , 45, 902-9	2.5	33
182	Validating a pragmatic definition of shock in adult patients presenting to the ED. <i>American Journal of Emergency Medicine</i> , 2014 , 32, 1345-50	2.9	4
181	Prospective validation of Thrombolysis in Myocardial Infarction and front door Thrombolysis in Myocardial Infarction risk scores in Chinese patients presenting to the ED with chest pain. <i>American Journal of Emergency Medicine</i> , 2014 , 32, 1339-44	2.9	11
180	ORAL PREDNISOLONE IN THE TREATMENT OF ACUTE GOUT: A PRAGMATIC, MULTI-CENTRE, DOUBLE-BLIND, RANDOMIZED, EQUIVALENCE TRIAL. <i>Emergency Medicine Journal</i> , 2014 , 31, 781.1-781	1.5	1
179	Goal-directed resuscitation for patients with early septic shock. <i>New England Journal of Medicine</i> , 2014 , 371, 1496-506	59.2	1211
178	Effects of prehospital adrenaline administration on out-of-hospital cardiac arrest outcomes: a systematic review and meta-analysis. <i>Critical Care</i> , 2014 , 18, 463	10.8	39
177	THERM: the Resuscitation Management score. A prognostic tool to identify critically ill patients in the emergency department. <i>Emergency Medicine Journal</i> , 2014 , 31, 803-7	1.5	9
176	Evaluating the role of USCOM for assessing shock in adult patients presenting to the emergency department. <i>Resuscitation</i> , 2014 , 85, S114-S115	4	
175	ViEWS in the emergency department. <i>Resuscitation</i> , 2014 , 85, e17	4	

174	Comparison of miR-124-3p and miR-16 for early diagnosis of hemorrhagic and ischemic stroke. <i>Clinica Chimica Acta</i> , 2014 , 433, 139-44	6.2	51
173	Could C-Reactive Protein be a Potential Biomarker of Complicated Acute Appendicitis?. <i>Hong Kong Journal of Emergency Medicine</i> , 2014 , 21, 354-360	0.4	1
172	Too tall for the tape: the weight of schoolchildren who do not fit the Broselow tape. <i>Emergency Medicine Journal</i> , 2014 , 31, 541-544	1.5	18
171	Age-specific non-invasive transcutaneous Doppler ultrasound derived haemodynamic reference ranges in elderly Chinese adults. <i>BBA Clinical</i> , 2014 , 2, 48-55		3
170	Using Simulation to Analyze Patient Flows in a Hospital Emergency Department in Hong Kong. <i>Springer Proceedings in Mathematics and Statistics</i> , 2014 , 289-301	0.2	10
169	Travel health risk perceptions and preparations among travelers at Hong Kong International Airport. <i>Journal of Travel Medicine</i> , 2014 , 21, 288-91	12.9	13
168	A comparison of functional outcome in patients sustaining major trauma: a multicentre, prospective, international study. <i>PLoS ONE</i> , 2014 , 9, e103396	3.7	15
167	Evaluation of the Recognition of Stroke in the Emergency Room (ROSIER) scale in Chinese patients in Hong Kong. <i>PLoS ONE</i> , 2014 , 9, e109762	3.7	15
166	Pediatric weight estimation. <i>Annals of Emergency Medicine</i> , 2013 , 62, 101	2.1	1
165	Factors associated with survival after in-hospital cardiac arrest in Hong Kong. <i>American Journal of Emergency Medicine</i> , 2013 , 31, 883-5	2.9	10
164	Validation of the TIMI risk score in Chinese patients presenting to the emergency department with chest pain. <i>International Journal of Cardiology</i> , 2013 , 168, 597-8	3.2	4
163	Nurse initiated reinsertion of nasogastric tubes in the emergency department: a randomised controlled trial. <i>Australasian Emergency Nursing Journal</i> , 2013 , 16, 136-43		2
162	Utility of S100B in head injury care. <i>Annals of Emergency Medicine</i> , 2013 , 61, 120-1	2.1	
161	Early time-dependent dynamic changes of TBET and GATA3 mRNA expressions in patients with acute coronary syndrome. <i>Disease Markers</i> , 2013 , 35, 419-29	3.2	3
160	Noninvasive transcutaneous Doppler ultrasound-derived hemodynamic reference ranges in Chinese adolescents. <i>Pediatric Critical Care Medicine</i> , 2013 , 14, e225-32	3	5
159	Transvaginal ultrasound probe contamination by the human papillomavirus in the emergency department. <i>Emergency Medicine Journal</i> , 2013 , 30, 472-5	1.5	38
158	The effectiveness of a specially designed shoulder chair for closed reduction of acute shoulder dislocation in the emergency department: a randomised control trial. <i>Emergency Medicine Journal</i> , 2013 , 30, 795-800	1.5	10
157	Australasian Resuscitation In Sepsis Evaluation trial statistical analysis plan. <i>EMA - Emergency Medicine Australasia</i> , 2013 , 25, 406-15	1.5	2

156	Disease pattern and chronic illness in rural China: the Hong Kong Red Cross basic health clinic after 2008 Sichuan earthquake. <i>EMA - Emergency Medicine Australasia</i> , 2013 , 25, 252-9	1.5	17
155	Influence of different positions on hemodynamics derived from noninvasive transcutaneous Doppler ultrasound. <i>Physiological Reports</i> , 2013 , 1, e00062	2.6	1
154	Children's Discomfort during Noninvasive Cardiac Output Monitoring by Suprasternal Ultrasonographic Transducer. <i>Hong Kong Journal of Emergency Medicine</i> , 2013 , 20, 3-8	0.4	2
153	Emergency Physicians' Preparedness for CBRNE Incidents in Hong Kong. <i>Hong Kong Journal of Emergency Medicine</i> , 2013 , 20, 90-97	0.4	3
152	Medical volunteers in commercial flight medical diversions. <i>Aviation, Space, and Environmental Medicine</i> , 2013 , 84, 491-7		11
151	First-line treatment for hypertension. <i>Journal of Clinical Hypertension</i> , 2012 , 14, 68	2.3	1
150	Matrix metalloproteinase 9 mRNA: an early prognostic marker for patients with acute stroke. <i>Clinical Biochemistry</i> , 2012 , 45, 352-5	3.5	24
149	Multiple atherosclerosis-related biomarkers associated with short- and long-term mortality after stroke. <i>Clinical Biochemistry</i> , 2012 , 45, 1308-15	3.5	17
148	Epidemiology of injuries due to tropical cyclones in Hong Kong: a retrospective observational study. <i>Injury</i> , 2012 , 43, 2055-9	2.5	12
147	Occult pneumothoraces in Chinese patients with significant blunt chest trauma: radiological classification and proposed clinical significance. <i>Injury</i> , 2012 , 43, 2105-8	2.5	12
146	Knowledge of radiation exposure in common radiological investigations: a comparison between radiologists and non-radiologists. <i>Emergency Medicine Journal</i> , 2012 , 29, 306-8	1.5	48
145	Simulation with data scarcity: Developing a simulation model of a hospital emergency department 2012 ,		12
144	What is the relationship between the Glasgow coma scale and airway protective reflexes in the Chinese population?. <i>Resuscitation</i> , 2012 , 83, 86-9	4	14
143	Noninvasive Doppler ultrasound cardiac output monitor for the differential diagnosis of shock. <i>American Journal of Emergency Medicine</i> , 2012 , 30, 629-30	2.9	3
