#	Paper	IF	Citations
116	Understanding child disability: Factors associated with child disability at the Iganga-Mayuge Health and Demographic Surveillance Site in Uganda.. <i>PLoS ONE</i> , 2022 , 17, e0267182	3.7	
115	Promised and Lottery Airtime Incentives to Improve Interactive Voice Response Survey Participation Among Adults in Bangladesh and Uganda: Randomized Controlled Trial.. <i>Journal of Medical Internet Research</i> , 2022 , 24, e36943	7.6	
114	Community health workers at the dawn of a new era: 2. Planning, coordination, and partnerships. <i>Health Research Policy and Systems</i> , 2021 , 19, 103	3.7	9
113	Curbing the Rise of Noncommunicable Diseases in Uganda: Perspectives of Policy Actors. <i>Global Health, Science and Practice</i> , 2021 , 9, 149-159	2.8	2
112	A cost study for mobile phone health surveys using interactive voice response for assessing risk factors of noncommunicable diseases. <i>Population Health Metrics</i> , 2021 , 19, 32	3	1
111	CaregiversSestimate of early childhood developmental status in rural Uganda: a cross-sectional study. <i>BMJ Open</i> , 2021 , 11, e044708	3	
110	Informed Consent for Mobile Phone Health Surveys in Colombia: A Qualitative Study. <i>Journal of Empirical Research on Human Research Ethics</i> , 2021 , 16, 24-34	1.6	2
109	Measuring child functioning: Assessing correlation and agreement between caregiver and child responses at the Iganga-Mayuge health and demographic surveillance site in Uganda. <i>Disability and Health Journal</i> , 2021 , 14, 101022	4.2	2
108	Cohort Profile: The Iganga-Mayuge Health and Demographic Surveillance Site, Uganda (IMHDSS, Uganda). <i>International Journal of Epidemiology</i> , 2020 , 49, 1082-1082g	7.8	6
107	An exploratory study on the quality of patient screening and counseling for hypertension management in Tanzania. <i>PLoS ONE</i> , 2020 , 15, e0227439	3.7	5
106	Biomedical drugs and traditional treatment in care seeking pathways for adults with epilepsy in Masindi district, Western Uganda: a household survey. <i>BMC Health Services Research</i> , 2020 , 20, 17	2.9	8
105	User Perceptions and Experiences of an Interactive Voice Response Mobile Phone Survey Pilot in Uganda: Qualitative Study. <i>JMIR Formative Research</i> , 2020 , 4, e21671	2.5	
104	Implementation of global health competencies: A scoping review on target audiences, levels, and pedagogy and assessment strategies. <i>PLoS ONE</i> , 2020 , 15, e0239917	3.7	4
103	Adaptation of a mobile phone health survey for risk factors for noncommunicable diseases in Colombia: a qualitative study. <i>Global Health Action</i> , 2020 , 13, 1809841	3	2
102	Adaptation and validation of UNICEF/Washington group child functioning module at the Iganga-Mayuge health and demographic surveillance site in Uganda. <i>BMC Public Health</i> , 2020 , 20, 1334	4.1	6
101	Implementation of global health competencies: A scoping review on target audiences, levels, and pedagogy and assessment strategies 2020 , 15, e0239917		
100	Implementation of global health competencies: A scoping review on target audiences, levels, and pedagogy and assessment strategies 2020 , 15, e0239917		

99	Implementation of global health competencies: A scoping review on target audiences, levels, and pedagogy and assessment strategies 2020 , 15, e0239917		
98	Implementation of global health competencies: A scoping review on target audiences, levels, and pedagogy and assessment strategies 2020 , 15, e0239917		
97	Implementation of global health competencies: A scoping review on target audiences, levels, and pedagogy and assessment strategies 2020 , 15, e0239917		
96	Implementation of global health competencies: A scoping review on target audiences, levels, and pedagogy and assessment strategies 2020 , 15, e0239917		
95	Integrating capacity development during digital health research: a case study from global health. <i>Global Health Action</i> , 2019 , 12, 1559268	3	5
94	Does mobile phone survey method matter? Reliability of computer-assisted telephone interviews and interactive voice response non-communicable diseases risk factor surveys in low and middle income countries. <i>PLoS ONE</i> , 2019 , 14, e0214450	3.7	13
93	Consent for mobile phone surveys of non-communicable disease risk factors in low-resource settings: an exploratory qualitative study in Uganda. <i>MHealth</i> , 2019 , 5, 26	2.2	4
92	Acceptability and Use of Interactive Voice Response Mobile Phone Surveys for Noncommunicable Disease Behavioral Risk Factor Surveillance in Rural Uganda: Qualitative Study. <i>JMIR Formative Research</i> , 2019 , 3, e15000	2.5	2
91	Effect of airtime incentives on response and cooperation rates in non-communicable disease interactive voice response surveys: randomised controlled trials in Bangladesh and Uganda. <i>BMJ Global Health</i> , 2019 , 4, e001604	6.6	12
90	Prevalence and factors associated with hypertension among adults in rural Sylhet district of Bangladesh: a cross-sectional study. <i>BMJ Open</i> , 2019 , 9, e026722	3	12
89	Perceptions on using interactive voice response surveys for non-communicable disease risk factors in Uganda: a qualitative exploration. <i>MHealth</i> , 2019 , 5, 32	2.2	2
88	Ethics of mobile phone surveys to monitor non-communicable disease risk factors in low- and middle-income countries: A global stakeholder survey. <i>Global Public Health</i> , 2019 , 14, 1167-1181	3.5	9
87	What do we know about community-based health worker programs? A systematic review of existing reviews on community health workers. <i>Human Resources for Health</i> , 2018 , 16, 39	4.6	187
86	Digital Technologies for Health Workforce Development in Low- and Middle-Income Countries: A Scoping Review. <i>Global Health, Science and Practice</i> , 2018 , 6, S41-S48	2.8	36
85	Adverse perinatal events, treatment gap, and positive family history linked to the high burden of active convulsive epilepsy in Uganda: A population-based study. <i>Epilepsia Open</i> , 2017 , 2, 188-198	4	21
84	Trends and risk factors of stillbirths and neonatal deaths in Eastern Uganda (1982-2011): a cross-sectional, population-based study. <i>Tropical Medicine and International Health</i> , 2017 , 22, 63-73	2.3	18
83	Noncommunicable Disease Risk Factors and Mobile Phones: A Proposed Research Agenda. <i>Journal of Medical Internet Research</i> , 2017 , 19, e133	7.6	27
82	Moving the Agenda on Noncommunicable Diseases: Policy Implications of Mobile Phone Surveys in Low and Middle-Income Countries. <i>Journal of Medical Internet Research</i> , 2017 , 19, e115	7.6	19

81	Ethics Considerations in Global Mobile Phone-Based Surveys of Noncommunicable Diseases: A Conceptual Exploration. <i>Journal of Medical Internet Research</i> , 2017 , 19, e110	7.6	18
80	Health Surveys Using Mobile Phones in Developing Countries: Automated Active Strata Monitoring and Other Statistical Considerations for Improving Precision and Reducing Biases. <i>Journal of Medical Internet Research</i> , 2017 , 19, e121	7.6	25
79	Building the Evidence Base for Remote Data Collection in Low- and Middle-Income Countries: Comparing Reliability and Accuracy Across Survey Modalities. <i>Journal of Medical Internet Research</i> , 2017 , 19, e140	7.6	25
78	The Development of an Interactive Voice Response Survey for Noncommunicable Disease Risk Factor Estimation: Technical Assessment and Cognitive Testing. <i>Journal of Medical Internet Research</i> , 2017 , 19, e112	7.6	7
77	Mobile Phone Surveys for Collecting Population-Level Estimates in Low- and Middle-Income Countries: A Literature Review. <i>Journal of Medical Internet Research</i> , 2017 , 19, e139	7.6	54
76	Evaluation of Mechanisms to Improve Performance of Mobile Phone Surveys in Low- and Middle-Income Countries: Research Protocol. <i>JMIR Research Protocols</i> , 2017 , 6, e81	2	17
75	Inequalities in full immunization coverage: trends in low- and middle-income countries. <i>Bulletin of the World Health Organization</i> , 2016 , 94, 794-805B	8.2	86
74	Regulatory mechanisms for absenteeism in the health sector: a systematic review of strategies and their implementation. <i>Journal of Healthcare Leadership</i> , 2016 , 8, 81-94	2.6	16
73	Missed opportunities in full immunization coverage: findings from low- and lower-middle-income countries. <i>Global Health Action</i> , 2016 , 9, 30963	3	43
72	High prevalence of antibiotic resistance in nasopharyngeal bacterial isolates from healthy children in rural Uganda: A cross-sectional study. <i>Uppsala Journal of Medical Sciences</i> , 2015 , 120, 249-56	2.8	16
71	Prevention of mother-to-child transmission of HIV in rural Uganda: modelling effectiveness and impact of scaling-up PMTCT services. <i>Global Health Action</i> , 2015 , 8, 26308	3	10
70	Effect of the Uganda Newborn Study on care-seeking and care practices: a cluster-randomised controlled trial. <i>Global Health Action</i> , 2015 , 8, 24584	3	56
69	Financial interventions and movement restrictions for managing the movement of health workers between public and private organizations in low- and middle-income countries. <i>The Cochrane Library</i> , 2014 , CD009845	5.2	5
68	Health workforce development: a needs assessment study in French speaking African countries. <i>Advances in Health Sciences Education</i> , 2013 , 18, 265-77	3.7	4
67	Increasing skilled birth attendance through midwifery workforce management. <i>International Journal of Health Planning and Management</i> , 2013 , 28, e62-71	2.2	9
66	Access, acceptability and utilization of community health workers using diagnostics for case management of fever in Ugandan children: a cross-sectional study. <i>Malaria Journal</i> , 2012 , 11, 121	3.6	58
65	The Uganda Newborn Study (UNEST): an effectiveness study on improving newborn health and survival in rural Uganda through a community-based intervention linked to health facilities - study protocol for a cluster randomized controlled trial. <i>Trials</i> , 2012 , 13, 213	2.8	37
64	Missed Opportunities: barriers to HIV testing during pregnancy from a population based cohort study in rural Uganda. <i>PLoS ONE</i> , 2012 , 7, e37590	3.7	34

63	Opt-out HIV testing during antenatal care: experiences of pregnant women in rural Uganda. <i>Health Policy and Planning</i> , 2012 , 27, 69-75	3.4	48
62	Use of community health workers for management of malaria and pneumonia in urban and rural areas in eastern Uganda. <i>American Journal of Tropical Medicine and Hygiene</i> , 2012 , 87, 30-35	3.2	33
61	Lack of pre-antiretroviral care and competition from traditional healers, crucial risk factors for very late initiation of antiretroviral therapy for HIV--a case-control study from eastern Uganda. <i>Pan African Medical Journal</i> , 2011 , 8, 40	1.2	11
60	Interventions to manage dual practice among health workers. <i>The Cochrane Library</i> , 2011 , CD008405	5.2	16
59	Can lay community health workers be trained to use diagnostics to distinguish and treat malaria and pneumonia in children? Lessons from rural Uganda. <i>Tropical Medicine and International Health</i> , 2011 , 16, 1234-42	2.3	91
58	Spatial analysis of determinants of choice of treatment provider for fever in under-five children in Iganga, Uganda. <i>Health and Place</i> , 2011 , 17, 320-6	4.6	11
57	Exploring new health markets: experiences from informal providers of transport for maternal health services in Eastern Uganda. <i>BMC International Health and Human Rights</i> , 2011 , 11 Suppl 1, S10	2.5	15
56	Increasing access to institutional deliveries using demand and supply side incentives: early results from a quasi-experimental study. <i>BMC International Health and Human Rights</i> , 2011 , 11 Suppl 1, S11	2.5	70
55	Building partnerships towards strengthening Makerere University College of Health Sciences: a stakeholder and sustainability analysis. <i>BMC International Health and Human Rights</i> , 2011 , 11 Suppl 1, S14	2.5	7
54	A grander challenge: the case of how Makerere University College of Health Sciences (MakCHS) contributes to health outcomes in Africa. <i>BMC International Health and Human Rights</i> , 2011 , 11 Suppl 1, S2	2.5	19
53	Situational analysis of teaching and learning of medicine and nursing students at Makerere University College of Health Sciences. <i>BMC International Health and Human Rights</i> , 2011 , 11 Suppl 1, S3	2.5	14
52	A single-blind randomized controlled trial to evaluate the effect of extended counseling on uptake of pre-antiretroviral care in Eastern Uganda. <i>Trials</i> , 2011 , 12, 184	2.8	35
51	Tuberculosis knowledge, attitudes and health-seeking behaviour in rural Uganda. <i>International Journal of Tuberculosis and Lung Disease</i> , 2011 , 15, 938-42	2.1	50
50	Evidence summaries tailored to health policy-makers in low- and middle-income countries. <i>Bulletin of the World Health Organization</i> , 2011 , 89, 54-61	8.2	74
49	Trabajadores de salud de nivel intermedio: un recurso prometedor. <i>Revista Peruana De Medicina De Experimental Y Salud Publica</i> , 2011 , 28, 308-315	4	15
48	The genesis and evolution of the African Field Epidemiology Network. <i>Pan African Medical Journal</i> , 2011 , 10 Supp 1, 2	1.2	7
47	Assessing the Diagnostic Imaging needs for Five Selected Hospitals in Uganda. <i>Journal of Clinical Imaging Science</i> , 2011 , 1, 53	1.1	8
46	Mid-level health providers: a promising resource. <i>Revista Peruana De Medicina De Experimental Y Salud Publica</i> , 2011 , 28, 308-15	4	10

45	Using the three delays model to understand why newborn babies die in eastern Uganda. <i>Tropical Medicine and International Health</i> , 2010 , 15, 964-72	2.3	171
44	I never thought that this baby would survive; I thought that it would die any time—perceptions and care for preterm babies in eastern Uganda. <i>Tropical Medicine and International Health</i> , 2010 , 15, 1140-7	2.3	34
43	Policy and practice, lost in transition: Reasons for high drop-out from pre-antiretroviral care in a resource-poor setting of eastern Uganda. <i>Health Policy</i> , 2010 , 95, 153-8	3.2	25
42	Inadequate pre-antiretroviral care, stock-out of antiretroviral drugs and stigma: policy challenges/bottlenecks to the new WHO recommendations for earlier initiation of antiretroviral therapy (CD. <i>Health Policy</i> , 2010 , 97, 187-94	3.2	45
41	Stakeholder analysis for health research: case studies from low- and middle-income countries. <i>Public Health</i> , 2010 , 124, 159-66	4	55
40	Community acceptability of use of rapid diagnostic tests for malaria by community health workers in Uganda. <i>Malaria Journal</i> , 2010 , 9, 203	3.6	55
39	Poor newborn care practices - a population based survey in eastern Uganda. <i>BMC Pregnancy and Childbirth</i> , 2010 , 10, 9	3.2	85
38	Field Epidemiology Training Programmes in Africa - Where are the Graduates?. <i>Human Resources for Health</i> , 2010 , 8, 18	4.6	24
37	Increasing access to quality health care for the poor: Community perceptions on quality care in Uganda. <i>Patient Preference and Adherence</i> , 2009 , 3, 77-85	2.4	50
36	What are the emerging features of community health insurance schemes in East Africa?. <i>Risk Management and Healthcare Policy</i> , 2009 , 2, 47-53	2.8	11
35	Low uptake of HIV testing during antenatal care: a population-based study from eastern Uganda. <i>Aids</i> , 2009 , 23, 1924-6	3.5	12
34	Care-seeking in the development of severe community acquired pneumonia in Ugandan children. <i>Annals of Tropical Paediatrics</i> , 2009 , 29, 281-9		17
33	Lack of effective communication between communities and hospitals in Uganda: a qualitative exploration of missing links. <i>BMC Health Services Research</i> , 2009 , 9, 146	2.9	11
32	Community perceptions and factors influencing utilization of health services in Uganda. <i>International Journal for Equity in Health</i> , 2009 , 8, 25	4.6	53
31	Changes in utilization of health services among poor and rural residents in Uganda: are reforms benefitting the poor?. <i>International Journal for Equity in Health</i> , 2009 , 8, 39	4.6	48
30	Determinants of delay in care-seeking for febrile children in eastern Uganda. <i>Tropical Medicine and International Health</i> , 2009 , 14, 472-9	2.3	97
29	Low validity of caretakers' reports on use of selected antimalarials and antibiotics in children with severe pneumonia at an urban hospital in Uganda. <i>Transactions of the Royal Society of Tropical Medicine and Hygiene</i> , 2009 , 103, 95-101	2	14
28	Community health workers for ART in sub-Saharan Africa: learning from experience—capitalizing on new opportunities. <i>Human Resources for Health</i> , 2009 , 7, 31	4.6	164

27	Use of drugs, perceived drug efficacy and preferred providers for febrile children: implications for home management of fever. <i>Malaria Journal</i> , 2009 , 8, 131	3.6	38
26	Utilization of public or private health care providers by febrile children after user fee removal in Uganda. <i>Malaria Journal</i> , 2009 , 8, 45	3.6	98
25	Effects of changes in the pre-licensure education of health workers on health-worker supply. <i>The Cochrane Library</i> , 2009 , CD007018	5.2	5
24	Acceptability of evidence-based neonatal care practices in rural Uganda - implications for programming. <i>BMC Pregnancy and Childbirth</i> , 2008 , 8, 21	3.2	89
23	Exploring evidence-policy linkages in health research plans: a case study from six countries. <i>Health Research Policy and Systems</i> , 2008 , 6, 4	3.7	21
22	The Pope and science. <i>Lancet, The</i> , 2008 , 371, 1069	4.0	1
21	Delayed care seeking for fatal pneumonia in children aged under five years in Uganda: a case-series study. <i>Bulletin of the World Health Organization</i> , 2008 , 86, 332-8	8.2	155
20	"I never had the money for blood testing" - caretakers' experiences of care-seeking for fatal childhood fevers in rural Uganda - a mixed methods study. <i>BMC International Health and Human Rights</i> , 2008 , 8, 12	2.5	18
19	The cost of quality improvements due to integrated management of childhood illness (IMCI) in Uganda. <i>Health Economics (United Kingdom)</i> , 2008 , 17, 5-19	2.4	15
18	Access to and utilisation of health services for the poor in Uganda: a systematic review of available evidence. <i>Transactions of the Royal Society of Tropical Medicine and Hygiene</i> , 2008 , 102, 1067-74	2	160
17	Home-based management of fever and malaria treatment practices in Uganda. <i>Transactions of the Royal Society of Tropical Medicine and Hygiene</i> , 2007 , 101, 1199-207	2	44
16	Local illness concepts--implications for management of childhood pneumonia in eastern Uganda. <i>Acta Tropica</i> , 2007 , 101, 217-24	3.2	39
15	Home-based management of fever in rural Uganda: community perceptions and provider opinions. <i>Malaria Journal</i> , 2007 , 6, 11	3.6	40
14	Getting it right for children: a review of UNICEF joint health and nutrition strategy for 2006-15. <i>Lancet, The</i> , 2006 , 368, 817-9	4.0	16
13	Community referral in home management of malaria in western Uganda: a case series study. <i>BMC International Health and Human Rights</i> , 2006 , 6, 2	2.5	44
12	Can community health workers and caretakers recognise pneumonia in children? Experiences from western Uganda. <i>Transactions of the Royal Society of Tropical Medicine and Hygiene</i> , 2006 , 100, 956-63	2	59
11	The Babel effect: community linguistic diversity and extramarital sex in Uganda. <i>AIDS and Behavior</i> , 2006 , 10, 369-76	4.3	7
10	Measuring the quality of child health care at first-level facilities. <i>Social Science and Medicine</i> , 2005 , 61, 613-25	5.1	41

9	Community effectiveness of malaria treatment in Uganda--a long way to Abuja targets. <i>Annals of Tropical Paediatrics</i> , 2005 , 25, 91-100		33
8	Home and community management of acute respiratory infections in children in eight Ugandan districts. <i>Annals of Tropical Paediatrics</i> , 2005 , 25, 283-91		24
7	Context matters: interpreting impact findings in child survival evaluations. <i>Health Policy and Planning</i> , 2005 , 20 Suppl 1, i18-i31	3.4	81
6	Improving facility-based care for sick children in Uganda: training is not enough. <i>Health Policy and Planning</i> , 2005 , 20 Suppl 1, i58-i68	3.4	121
5	Local fever illness classifications: implications for home management of malaria strategies. <i>Tropical Medicine and International Health</i> , 2004 , 9, 1191-9	2.3	62
4	Discontinuation of cost sharing in Uganda. <i>Bulletin of the World Health Organization</i> , 2004 , 82, 187-95	8.2	68
3	Improving antimicrobial use among health workers in first-level facilities: results from the multi-country evaluation of the Integrated Management of Childhood Illness strategy. <i>Bulletin of the World Health Organization</i> , 2004 , 82, 509-15	8.2	79
2	Determinants of personal demand for an AIDS vaccine in Uganda: contingent valuation survey. <i>Bulletin of the World Health Organization</i> , 2004 , 82, 652-60	8.2	20
1	Reducing child mortality: can public health deliver?. <i>Lancet, The</i> , 2003 , 362, 159-64	40	257
