#	ARTICLE	IF	CITATIONS
1	Everyday life information seeking in South Korea during the COVID-19 pandemic: daily topics of information needs in social Q&A. <i>Online Information Review</i> , 2023, 47, 414-430.	2.2	3
2	Online community development in the early stages: the life cycle model application to Medical Sciences Stack Exchange. <i>Aslib Journal of Information Management</i> , 2022, 74, 1214-1232.	1.3	1
3	Academic social networking: From individual acts to institutional, disciplinary, national, and social phenomena. <i>Proceedings of the Association for Information Science and Technology</i> , 2019, 56, 590-593.	0.3	0
4	Topics of example questions and discussion at the early stage of community building for health Q&A: A case study of health stack exchange. <i>Proceedings of the Association for Information Science and Technology</i> , 2019, 56, 399-403.	0.3	1
5	Motivations for self-archiving on an academic social networking site: A study on researchgate. <i>Journal of the Association for Information Science and Technology</i> , 2019, 70, 563-574.	1.5	31
6	Quality assessment of answers with user-identified criteria and data-driven features in social Q&A. <i>Information Processing and Management</i> , 2019, 56, 14-28.	5.4	49
7	Social Q&A. <i>Lecture Notes in Computer Science</i> , 2018, , 75-107.	1.0	13
8	Enriching consumer health vocabulary through mining a social Q&A site: A similarity-based approach. <i>Journal of Biomedical Informatics</i> , 2017, 69, 75-85.	2.5	40
9	Learnsourcing: Is it working or failing, and where to go from here?. <i>Proceedings of the Association for Information Science and Technology</i> , 2017, 54, 591-594.	0.3	0
10	Qualitative methods for studying health information behaviors. <i>Proceedings of the Association for Information Science and Technology</i> , 2016, 53, 1-5.	0.3	3
11	Organizational Socialization of Academic Librarians in the United States. <i>Journal of Academic Librarianship</i> , 2016, 42, 382-389.	1.3	8
12	Results of a digital library curriculum field test. <i>International Journal on Digital Libraries</i> , 2016, 17, 273-286.	1.1	3
13	Consumers' Use of UMLS Concepts on Social Media: Diabetes-Related Textual Data Analysis in Blog and Social Q&A Sites. <i>JMIR Medical Informatics</i> , 2016, 4, e41.	1.3	31
14	Evaluating answer quality across knowledge domains: Using textual and non-textual features in social Q&A. <i>Proceedings of the Association for Information Science and Technology</i> , 2015, 52, 1-5.	0.3	12
15	Testing variations across contexts in high quality information selection practices: A hierarchical linear modeling approach. <i>Proceedings of the Association for Information Science and Technology</i> , 2015, 52, 1-4.	0.3	0
16	Motivations for sharing information and social support in social media: A comparative analysis of Facebook, Twitter, Delicious, YouTube, and Flickr. <i>Journal of the Association for Information Science and Technology</i> , 2015, 66, 2045-2060.	1.5	214
17	Why do social network site users share information on Facebook and Twitter?. <i>Journal of Information Science</i> , 2015, 41, 553-569.	2.0	75
18	Characteristics of Nurses Who Use Social Media. <i>CIN - Computers Informatics Nursing</i> , 2014, 32, 1.	0.3	23

#	ARTICLE	IF	CITATIONS
19	Health answer quality evaluation by librarians, nurses, and users in social Q&A. <i>Library and Information Science Research</i> , 2013, 35, 288-298.	1.2	42
20	Online health information in South Korean public libraries: Developing evaluation criteria. <i>Library and Information Science Research</i> , 2013, 35, 78-84.	1.2	7
21	The sonzogno digital library project. <i>Proceedings of the American Society for Information Science and Technology</i> , 2013, 50, 1-4.	0.2	1
22	Text mining as a method of analyzing health questions in social Q&A. <i>Proceedings of the American Society for Information Science and Technology</i> , 2013, 50, 1-4.	0.2	3
23	Quality of health answers in social Q&A. <i>Proceedings of the American Society for Information Science and Technology</i> , 2012, 49, 1-6.	0.2	12
24	Quality evaluation of health answers in social Q&A: Socio-emotional support and evaluation criteria. <i>Proceedings of the American Society for Information Science and Technology</i> , 2012, 49, 1-5.	0.2	4
25	Health information needs on diseases: A coding schema development for analyzing health questions in social Q&A. <i>Proceedings of the American Society for Information Science and Technology</i> , 2012, 49, 1-4.	0.2	7
26	The characteristics and motivations of health answerers for sharing information, knowledge, and experiences in online environments. <i>Journal of the Association for Information Science and Technology</i> , 2012, 63, 543-557.	2.6	152
27	The relationships between motivations and answering strategies: An exploratory review of health answerers' behaviors in Yahoo! answers. <i>Proceedings of the American Society for Information Science and Technology</i> , 2011, 48, 1-9.	0.2	3
28	Web resource selection behavior patterns of social media users in health: A comparison of Yahoo! Answers and delicious. <i>Proceedings of the American Society for Information Science and Technology</i> , 2011, 48, 1-2.	0.2	1
29	Quality evaluation of health answers in Yahoo! Answers: A comparison between experts and users. <i>Proceedings of the American Society for Information Science and Technology</i> , 2011, 48, 1-3.	0.2	4
30	Educational Resource Development for Information Retrieval in a Digital Libraries Context. <i>The Kluwer International Series on Information Retrieval</i> , 2011, , 199-212.	1.0	0
31	Research agenda for social Q&A. <i>Library and Information Science Research</i> , 2009, 31, 205-209.	1.2	130
32	Opportunities, threats, & theoretical approaches: Research in traditional and social virtual reference quality. <i>Proceedings of the American Society for Information Science and Technology</i> , 2009, 46, 1-4.	0.2	0
33	User participation patterns over time in Yahoo! Answers. <i>Proceedings of the American Society for Information Science and Technology</i> , 2009, 46, 1-8.	0.2	1
34	Using a Wiki as a platform for formative evaluation. <i>Proceedings of the American Society for Information Science and Technology</i> , 2009, 46, 1-10.	0.2	1
35	Users' relevance criteria for evaluating answers in a social Q&A site. <i>Journal of the Association for Information Science and Technology</i> , 2009, 60, 716-727.	2.6	111
36	Core Topics in Digital Library Education. , 2009, , 493-505.		5

#	ARTICLE	IF	CITATIONS
37	The variety of ways in which instructors implement a modular digital library curriculum. , 2009, , .		1
38	Best-answer selection criteria in a social Q&A site from the user-oriented relevance perspective. Proceedings of the American Society for Information Science and Technology, 2008, 44, 1-15.	0.2	60
39	The use of information sources by internet users in answering questions. Proceedings of the American Society for Information Science and Technology, 2008, 45, 1-13.	0.2	17
40	Effects of performance feedback on users' evaluations of an interactive IR system. , 2008, , .		10
41	Evaluation of a curriculum for digital libraries. , 2008, , .		0
42	Evaluating health answers in a social Q&A site. Proceedings of the American Society for Information Science and Technology, 2008, 45, 1-6.	0.2	10
43	Digital library education in computer science programs. , 2007, , .		12
44	Personal pregnancy health records (PregHeR): Facets to interface design. Proceedings of the American Society for Information Science and Technology, 2007, 43, 1-10.	0.2	3
