#	ARTICLE	IF	CITATIONS
1	Effects of resistance training on quality of life in postmenopausal women with vasomotor symptoms. <i>Climacteric</i> , 2022, 25, 264-270.	1.1	10
2	Resistance training reduced luteinising hormone levels in postmenopausal women in a substudy of a randomised controlled clinical trial: A clue to how resistance training reduced vasomotor symptoms. <i>PLoS ONE</i> , 2022, 17, e0267613.	1.1	3
3	Interprofessional student teams focus on staff issues while learning about quality improvement. <i>Journal of Interprofessional Care</i> , 2021, 35, 1-6.	0.8	1
4	Men born small for gestational age or with low birth weight do not improve their rate of reproduction over time: a Swedish population-based study. <i>Fertility and Sterility</i> , 2021, 116, 721-730.	0.5	7
5	Self-reported mental health and cortisol activity at 27-28 years of age in individuals born with very low birthweight. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2020, 109, 948-958.	0.7	4
6	Resistance training decreases plasma levels of adipokines in postmenopausal women. <i>Scientific Reports</i> , 2020, 10, 19837.	1.6	16
7	Being born preterm or with low weight implies a risk of infertility and premature loss of ovarian function; a national register study. <i>Upsala Journal of Medical Sciences</i> , 2020, 125, 235-239.	0.4	8
8	Does resistance training have an effect on levels of ferritin and atherogenic lipids in postmenopausal women? "A pilot trial. <i>Scientific Reports</i> , 2020, 10, 3838.	1.6	8
9	Birth characteristics in men with infertility. <i>Reproductive BioMedicine Online</i> , 2020, 41, 455-463.	1.1	1
10	Sexual function changes attributed to hormonal contraception use "a qualitative study of women experiencing negative effects. <i>European Journal of Contraception and Reproductive Health Care</i> , 2020, 25, 169-175.	0.6	4
11	The Linköping Journey. , 2020, , 203-215.		0
12	Effects of age, gender and menstrual cycle on platelet function assessed by impedance aggregometry. <i>Platelets</i> , 2019, 30, 473-479.	1.1	25
13	A survey of young women's perceptions of the influence of the Levonorgestrel-Intrauterine System or copper-intrauterine device on sexual desire. <i>Sexual and Reproductive Healthcare</i> , 2019, 21, 75-80.	0.5	7
14	Resistance training for hot flushes in postmenopausal women: A randomised controlled trial. <i>Maturitas</i> , 2019, 126, 55-60.	1.0	28
15	Diagnostics of DNA fragmentation in human spermatozoa: Are sperm chromatin structure analysis and sperm chromatin dispersion tests (SCD-HaloSpermG2 <sup>®</sup> ) comparable?. <i>Andrologia</i> , 2019, 51, e13316.	1.0	14
16	Use of hormone therapy (HT) among Swedish women with contraindications "A pharmacoepidemiological cohort study. <i>Maturitas</i> , 2019, 123, 55-60.	1.0	2
17	Women born with very low birth weight have similar menstrual cycle pattern, pregnancy rates and hormone profiles compared with women born at term. <i>BMC Women's Health</i> , 2019, 19, 56.	0.8	2
18	Immune profile in relation to sex steroid cyclicity in healthy women and women with multiple sclerosis. <i>Journal of Reproductive Immunology</i> , 2018, 126, 53-59.	0.8	7

#	ARTICLE	IF	CITATIONS
19	A long-term follow-up study of men born with very low birth weight and their reproductive hormone profile. <i>Systems Biology in Reproductive Medicine</i> , 2018, 64, 207-215.	1.0	4
20	Nursing assistants matters—An ethnographic study of knowledge sharing in interprofessional practice. <i>Nursing Inquiry</i> , 2018, 25, e12216.	1.1	19
21	The prevalence of primary ovarian insufficiency in Sweden; a national register study. <i>BMC Women's Health</i> , 2018, 18, 175.	0.8	50
22	Precision of MRI-based body composition measurements of postmenopausal women. <i>PLoS ONE</i> , 2018, 13, e0192495.	1.1	46
23	Sexual function and combined oral contraceptives: a randomised, placebo-controlled trial. <i>Endocrine Connections</i> , 2018, 7, 1208-1216.	0.8	10
24	Risk of postpartum psychosis after IVF treatment: a nationwide case-control study. <i>Human Reproduction</i> , 2017, 32, 139-146.	0.4	5
25	Risk of postnatal depression or suicide after in vitro fertilisation treatment: a nationwide case—control study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2017, 124, 435-442.	1.1	16
26	Reduced Need for Rescue Antiemetics and Improved Capacity to Eat in Patients Receiving Acupuncture Compared to Patients Receiving Sham Acupuncture or Standard Care during Radiotherapy. <i>Evidence-based Complementary and Alternative Medicine</i> , 2017, 2017, 1-11.	0.5	8
27	Men becoming fathers by intracytoplasmic sperm injection were more often born small for gestational age. <i>Asian Journal of Andrology</i> , 2017, 19, 103.	0.8	10
28	Hormonal contraception and sexual desire: A questionnaire-based study of young Swedish women. <i>European Journal of Contraception and Reproductive Health Care</i> , 2016, 21, 158-167.	0.6	18
29	Does gender matter? Differences between students at an interprofessional training ward. <i>Journal of Interprofessional Care</i> , 2015, 29, 616-621.	0.8	22
30	Hormone therapy might be underutilized in women with early menopause. <i>Human Reproduction</i> , 2015, 30, 848-852.	0.4	16
31	Symptoms of multiple sclerosis during use of combined hormonal contraception. <i>European Journal of Obstetrics, Gynecology and Reproductive Biology</i> , 2015, 193, 1-4.	0.5	12
32	Hot flushes, hormone therapy and alternative treatments: 30 years of experience from Sweden. <i>Climacteric</i> , 2015, 18, 53-62.	1.1	16
33	Contraceptive knowledge and attitudes among women seeking induced abortion in Kathmandu, Nepal. <i>International Journal of Women's Health</i> , 2014, 6, 335.	1.1	5
34	Improvement of quality and safety in health care as a new interprofessional learning module &— evaluation from students. <i>Journal of Multidisciplinary Healthcare</i> , 2014, 7, 341.	1.1	14
35	Birth characteristics in a clinical sample of women seeking infertility treatment: a case—control study. <i>BMJ Open</i> , 2014, 4, e004197.	0.8	12
36	Healthy aging and age-adjusted nutrition and physical fitness. <i>Best Practice and Research in Clinical Obstetrics and Gynaecology</i> , 2013, 27, 741-752.	1.4	22

#	ARTICLE	IF	CITATIONS
37	One site fits all? A student ward as a learning practice for interprofessional development. <i>Journal of Interprofessional Care</i> , 2013, 27, 476-481.	0.8	33
38	Hot flushes still occur in a population of 85-year-old Swedish women. <i>Climacteric</i> , 2013, 16, 453-459.	1.1	31
39	Hot flushes in healthy aging men differ from those in men with prostate cancer and in menopausal women. <i>Gynecological Endocrinology</i> , 2012, 28, 72-75.	0.7	2
40	Acupuncture compared with placebo acupuncture in radiotherapy-induced nausea—a randomized controlled study. <i>Annals of Oncology</i> , 2012, 23, 1353-1361.	0.6	74
41	Elderly men with a history of distal radius fracture have significantly lower calcaneal bone density and free androgen index than age-matched controls. <i>Aging Male</i> , 2012, 15, 59-62.	0.9	13
42	Influence of Estrogen Levels on Thermal Perception, Pain Thresholds, and Pain Tolerance: Studies on Women Undergoing in Vitro Fertilization. <i>Journal of Pain</i> , 2012, 13, 459-466.	0.7	21
43	Acupuncture improves health-related quality-of-life (HRQoL) and sleep in women with breast cancer and hot flushes. <i>Supportive Care in Cancer</i> , 2012, 20, 715-724.	1.0	72
44	Preparation for becoming members of health care teams: findings from a 5-year evaluation of a student interprofessional training ward. <i>Journal of Interprofessional Care</i> , 2011, 25, 328-332.	0.8	52
45	Nils-Holger Areskog. <i>Journal of Interprofessional Care</i> , 2011, 25, 161-162.	0.8	1
46	Prevention of menstrual migraine with perimenstrual transdermal 17- $\beta$ -estradiol: a randomized, placebo-controlled, double-blind crossover study. <i>Fertility and Sterility</i> , 2011, 96, 498-500.e1.	0.5	24
47	Getting the Grip on Nonspecific Treatment Effects: Emesis in Patients Randomized to Acupuncture or Sham Compared to Patients Receiving Standard Care. <i>PLoS ONE</i> , 2011, 6, e14766.	1.1	39
48	The influences of childlessness on the psychological well-being and social network of the oldest old. <i>BMC Geriatrics</i> , 2011, 11, 78.	1.1	24
49	Hormonal replacement therapy does not affect self-estimated pain or experimental pain responses in post-menopausal women suffering from fibromyalgia: a double-blind, randomized, placebo-controlled trial. <i>Rheumatology</i> , 2011, 50, 544-551.	0.9	23
50	The Nonpenetrating Telescopic Sham Needle May Blind Patients with Different Characteristics and Experiences When Treated by Several Therapists. <i>Evidence-based Complementary and Alternative Medicine</i> , 2011, 2011, 1-12.	0.5	12
51	Pilot Testing of Methods for Evaluation of Acupuncture for Emesis during Radiotherapy: A Randomised Single Subject Experimental Design. <i>Acupuncture in Medicine</i> , 2011, 29, 94-102.	0.4	17
52	A randomized controlled study of taper-down or abrupt discontinuation of hormone therapy in women treated for vasomotor symptoms. <i>Menopause</i> , 2010, 17, 72-79.	0.8	27
53	Age at onset of multiple sclerosis is correlated to use of combined oral contraceptives and childbirth before diagnosis. <i>Fertility and Sterility</i> , 2010, 94, 2835-2837.	0.5	69
54	Professor Björn Bergdahl — A pioneer in Swedish medical education. <i>Medical Teacher</i> , 2010, 32, 788-788.	1.0	0

#	ARTICLE	IF	CITATIONS
55	Twenty years experiences of interprofessional education in Linköping – ground-breaking and sustainable. <i>Journal of Interprofessional Care</i> , 2009, 23, 121-133.	0.8	113
56	Symptoms of multiple sclerosis in women in relation to cyclical hormone changes. <i>European Journal of Contraception and Reproductive Health Care</i> , 2009, 14, 365-370.	0.6	21
57	Two Modes of Acupuncture as a Treatment for Hot Flashes in Men with Prostate Cancer – A Prospective Multicenter Study with Long-Term Follow-Up. <i>European Urology</i> , 2009, 55, 156-163.	0.9	57
58	One third of patients with radiotherapy-induced nausea consider their antiemetic treatment insufficient. <i>Supportive Care in Cancer</i> , 2009, 17, 23-32.	1.0	71
59	The Acupuncture on Hot Flashes Among Menopausal Women (ACUFLASH) study, a randomized controlled trial. <i>Menopause</i> , 2009, 16, 484-493.	0.8	109
60	Vasomotor symptoms usually reappear after cessation of postmenopausal hormone therapy. <i>Menopause</i> , 2009, 16, 1213-1217.	0.8	15
61	Can individuals identify if needling was performed with an acupuncture needle or a non-penetrating sham needle?. <i>Complementary Therapies in Medicine</i> , 2008, 16, 288-294.	1.3	33
62	Alternation of band gap and localization of excitons in InGaNAs nanostructures with low nitrogen content. <i>Nanotechnology</i> , 2008, 19, 315705.	1.3	1
63	Long-term follow-up of acupuncture and hormone therapy on hot flashes in women with breast cancer: a prospective, randomized, controlled multicenter trial. <i>Climacteric</i> , 2008, 11, 166-174.	1.1	85
64	Symptoms in peri- and postmenopausal women in relation to testosterone concentrations: data from The Women's Health in the Lund Area (WHILA) study. <i>Climacteric</i> , 2008, 11, 304-314.	1.1	9
65	Increased Risk of Recurrence After Hormone Replacement Therapy in Breast Cancer Survivors. <i>Journal of the National Cancer Institute</i> , 2008, 100, 475-482.	3.0	278
66	Pain sensations to the cold pressor test in normally menstruating women: comparison with men and relation to menstrual phase and serum sex steroid levels. <i>American Journal of Physiology - Regulatory Integrative and Comparative Physiology</i> , 2007, 293, R1711-R1716.	0.9	87
67	Does interprofessional education jeopardize medical skills?. <i>Journal of Interprofessional Care</i> , 2007, 21, 573-576.	0.8	20
68	Attitudes towards the menopause and hormone therapy over the turn of the century. <i>Maturitas</i> , 2007, 56, 12-20.	1.0	16
69	Effects of acupuncture, applied relaxation, estrogens and placebo on hot flashes in postmenopausal women: an analysis of two prospective, parallel, randomized studies. <i>Climacteric</i> , 2007, 10, 38-45.	1.1	52
70	Women's conception of the menopausal transition ? a qualitative study. <i>Journal of Clinical Nursing</i> , 2007, 16, 509-517.	1.4	30
71	Knowledge of reproductive physiology and hormone therapy in 53- to 54-year-old Swedish women. <i>Menopause</i> , 2007, 14, 1039-1046.	0.8	6
72	Symptoms of multiple sclerosis in women in relation to sex steroid exposure. <i>Maturitas</i> , 2006, 54, 149-153.	1.0	75

#	ARTICLE	IF	CITATIONS
73	194 TOLERANCE FOR COLD PAIN ACROSS THE MENSTRUAL CYCLE IN RELATION TO SERUM HORMONAL LEVELS. <i>European Journal of Pain</i> , 2006, 10, S53b-S53.	1.4	0
74	Psychological wellbeing after laparoscopic and abdominal hysterectomy-a randomised controlled multicentre study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2006, 113, 1023-1030.	1.1	37
75	Psychological well-being improves in women with breast cancer after treatment with applied relaxation or electro-acupuncture for vasomotor symptom. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 2006, 27, 193-199.	1.1	54
76	Risk communication in consultations about hormone therapy in the menopause: concordance in risk assessment and framing due to the context. <i>Climacteric</i> , 2006, 9, 347-354.	1.1	7
77	Acupuncture and Menopausal Hot Flashes – More Research is Needed. <i>Acupuncture in Medicine</i> , 2006, 24, 95-97.	0.4	2
78	Subcutaneous adipocytes from obese hyperinsulinemic women with polycystic ovary syndrome exhibit normal insulin sensitivity but reduced maximal insulin responsiveness. <i>European Journal of Endocrinology</i> , 2005, 153, 831-835.	1.9	16
79	Vasomotor symptoms decrease in women with breast cancer randomized to treatment with applied relaxation or electro-acupuncture: a preliminary study. <i>Climacteric</i> , 2005, 8, 243-250.	1.1	96
80	Hormone replacement therapy in the menopause. <i>Maturitas</i> , 2005, 50, 8-18.	1.0	21
81	Applied relaxation and oral estradiol treatment of vasomotor symptoms in postmenopausal women. <i>Maturitas</i> , 2005, 51, 154-162.	1.0	51
82	Lipids and clotting factors during low dose transdermal estradiol/norethisterone use. <i>Maturitas</i> , 2005, 50, 344-352.	1.0	16
83	Changes in women's attitudes towards and use of hormone therapy after HERS and WHI. <i>Maturitas</i> , 2005, 52, 11-17.	1.0	70
84	A comparison of acupuncture and oral estradiol treatment of vasomotor symptoms in postmenopausal women. <i>Climacteric</i> , 2004, 7, 153-164.	1.1	120
85	Prevalence of female genital mutilation among African women resident in the Swedish county of Å–stergÅ–tland. <i>Acta Obstetricia Et Gynecologica Scandinavica</i> , 2004, 83, 187-190.	1.3	4
86	Selective area growth of GaInNAs/GaAs by MOVPE. <i>Physica E: Low-Dimensional Systems and Nanostructures</i> , 2004, 23, 347-351.	1.3	1
87	Vasomotor symptoms and quality of life in previously sedentary postmenopausal women randomised to physical activity or estrogen therapy. <i>Maturitas</i> , 2004, 48, 97-105.	1.0	109
88	The prevalence of symptoms possibly related to the climacteric in pre- and postmenopausal women in LinkÅ–ping, Sweden. <i>Maturitas</i> , 2003, 45, 129-135.	1.0	27
89	Incidence and management of hot flashes in prostate cancer. <i>The Journal of Supportive Oncology</i> , 2003, 1, 263-6, 269-70, 272-3; discussion 267-8, 271-2.	2.3	18
90	Low dose transdermal estradiol/norethisterone acetate treatment over 2 years does not cause endometrial proliferation in postmenopausal women. <i>Menopause</i> , 2002, 9, 137-144.	0.8	22

#	ARTICLE	IF	CITATIONS
91	Attitudes among students and teachers on vertical integration between clinical medicine and basic science within a problem-based undergraduate medical curriculum. <i>Medical Teacher</i> , 2002, 24, 286-288.	1.0	55
92	Pros and cons of vertical integration between clinical medicine and basic science within a problem-based undergraduate medical curriculum: examples and experiences from Linköping, Sweden. <i>Medical Teacher</i> , 2002, 24, 280-285.	1.0	183
93	Effects of electroacupuncture on psychological distress in postmenopausal women. <i>Complementary Therapies in Medicine</i> , 2002, 10, 161-169.	1.3	43
94	Cytokine Changes in Postmenopausal Women Treated with Estrogens: a Placebo-controlled Study. <i>American Journal of Reproductive Immunology</i> , 2002, 48, 63-69.	1.2	46
95	Hot flushes and prostate cancer: pathogenesis and treatment. <i>BJU International</i> , 2002, 90, 476-476.	1.3	5
96	A Cost-Effectiveness Model of Tibolone as Treatment for the Prevention of Osteoporotic Fractures in Postmenopausal Women in Sweden. <i>Clinical Drug Investigation</i> , 2001, 21, 115-127.	1.1	11
97	MOMENTARY INCREASE IN PLASMA CALCITONIN GENE-RELATED PEPTIDE IS INVOLVED IN HOT FLASHES IN MEN TREATED WITH CASTRATION FOR CARCINOMA OF THE PROSTATE. <i>Journal of Urology</i> , 2001, 166, 1720-1723.	0.2	36
98	Guidelines for counselling in infertility: outline version. <i>Human Reproduction</i> , 2001, 16, 1301-1304.	0.4	116
99	Progesterone and norethisterone have different effects on tachykinin-like immunoreactivity in rat cortex and striatum. <i>Regulatory Peptides</i> , 2001, 101, 87-91.	1.9	5
100	PROSPECTIVE EVALUATION OF HOT FLASHES DURING TREATMENT WITH PARENTERAL ESTROGEN OR COMPLETE ANDROGEN ABLATION FOR METASTATIC CARCINOMA OF THE PROSTATE. <i>Journal of Urology</i> , 2001, 166, 517-520.	0.2	64
101	MOMENTARY INCREASE IN PLASMA CALCITONIN GENE-RELATED PEPTIDE IS INVOLVED IN HOT FLASHES IN MEN TREATED WITH CASTRATION FOR CARCINOMA OF THE PROSTATE. <i>Journal of Urology</i> , 2001, , 1720-1723.	0.2	1
102	Disturbances in postural balance are common in postmenopausal women with vasomotor symptoms. <i>Climacteric</i> , 2000, 3, 192-198.	1.1	21
103	Estrogen Effects on Postural Balance in Postmenopausal Women Without Vasomotor Symptoms. <i>Obstetrics and Gynecology</i> , 2000, 95, 278-283.	1.2	1
104	Effects of estrogens and hormone replacement therapy on breast cancer risk and on efficacy of breast cancer therapies. <i>Maturitas</i> , 2000, 36, 1-17.	1.0	35
105	Hypersecretion of ovarian androgens may be gonadotrophin dependent many years after menopause. <i>Maturitas</i> , 2000, 34, 43-46.	1.0	11
106	Estrogen effects on postural balance in postmenopausal women without vasomotor symptoms: a randomized masked trial. <i>Obstetrics and Gynecology</i> , 2000, 95, 278-283.	1.2	12
107	Collagen metabolism markers as a reflection of bone and soft tissue turnover during the menstrual cycle and oral contraceptive use. <i>Contraception</i> , 2000, 61, 265-270.	0.8	31
108	Postmenopausal women without previous or current vasomotor symptoms do not flush after abruptly abandoning estrogen replacement therapy. <i>Maturitas</i> , 1999, 31, 117-122.	1.0	15
