#	Paper	IF	Citations
36	Asthma and Technology in Emerging African American Adults (The ATHENA Project): Protocol for a Trial Using the Multiphase Optimization Strategy Framework.. <i>JMIR Research Protocols</i> , 2022 , 11, e37946 ²		
35	Implementation of Evidence-Based Practices to Reduce Youth HIV Transmission and Improve Self-Management: A Survey of Key Stakeholder Perspectives. <i>AIDS Patient Care and STDs</i> , 2021 , 35, 385-391	5.8	0
34	Managing Outliers in Adolescent Food Frequency Questionnaire Data. <i>Journal of Nutrition Education and Behavior</i> , 2021 , 53, 28-35	2	2
33	Effects of family and neighborhood risks on glycemic control among young black adolescents with type 1 diabetes: Findings from a multi-center study. <i>Pediatric Diabetes</i> , 2021 , 22, 511-518	3.6	1
32	Optimizing Recruitment of Black Adolescents into Behavioral Research: A Multi-Center Study. <i>Journal of Pediatric Psychology</i> , 2021 , 46, 611-620	3.2	2
31	Tailored Motivational Interviewing (TMI): A Pilot Implementation-Effectiveness Trial to Promote MI Competence in Adolescent HIV Clinics. <i>AIDS and Behavior</i> , 2021 , 1	4.3	0
30	Naturalistically observed interpersonal problems and diabetes management in older adolescents and young adults with type 1 diabetes. <i>Psychology and Health</i> , 2021 , 1-16	2.9	
29	Improving Diabetes Management in Emerging Adulthood: An Intervention Development Study Using the Multiphase Optimization Strategy. <i>JMIR Research Protocols</i> , 2020 , 9, e20191	2	1
28	Provider behaviors that predict motivational statements in adolescents and young adults with HIV: a study of clinical communication using the Motivational Interviewing framework. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2020 , 32, 1069-1077	2.2	5
27	Improving the Youth HIV Prevention and Care Cascades: Innovative Designs in the Adolescent Trials Network for HIV/AIDS Interventions. <i>AIDS Patient Care and STDs</i> , 2019 , 33, 388-398	5.8	4
26	Physical Activity as a Predictor of Changes in Systolic Blood Pressure for African-American Adolescents Seeking Treatment for Obesity. <i>Journal of Adolescent Health</i> , 2019 , 65, 430-432	5.8	3
25	Outcomes From a Sequential Multiple Assignment Randomized Trial of Weight Loss Strategies for African American Adolescents With Obesity. <i>Annals of Behavioral Medicine</i> , 2019 , 53, 928-938	4.5	7
24	Identifying Effective Motivational Interviewing Communication Sequences Using Automated Pattern Analysis. <i>Journal of Healthcare Informatics Research</i> , 2019 , 3, 86-106	4	
23	Deep Neural Architectures for Discourse Segmentation in E-Mail Based Behavioral Interventions. <i>AMIA Summits on Translational Science Proceedings</i> , 2019 , 2019, 443-452	1.1	
22	Implementation Science Research Examining the Integration of Evidence-Based Practices Into HIV Prevention and Clinical Care: Protocol for a Mixed-Methods Study Using the Exploration, Preparation, Implementation, and Sustainment (EPIS) Model. <i>JMIR Research Protocols</i> , 2019 , 8, e11202	2	9
21	African-American Adolescents Weight Loss Skills Utilization: Effects on Weight Change in a Sequential Multiple Assignment Randomized Trial. <i>Journal of Adolescent Health</i> , 2019 , 64, 355-361	5.8	6
20	Adaptation of an Evidence-Based Diabetes Management Intervention for Delivery in Community Settings: Findings From a Pilot Randomized Effectiveness Trial. <i>Journal of Pediatric Psychology</i> , 2019 , 44, 110-125	3.2	7

19	Predicting the Outcome of Patient-Provider Communication Sequences using Recurrent Neural Networks and Probabilistic Models. <i>AMIA Summits on Translational Science Proceedings</i> , 2018 , 2017, 64-73 ¹	4
18	Brief Computer-Delivered Intervention to Increase Parental Monitoring in Families of African American Adolescents with Type 1 Diabetes: A Randomized Controlled Trial. <i>Telemedicine Journal and E-Health</i> , 2017 , 23, 493-502	5.9 7
17	Building Motivation in African American Caregivers of Adolescents With Obesity: Application of Sequential Analysis. <i>Journal of Pediatric Psychology</i> , 2017 , 42, 131-141	3.2 6
16	Effective Patient-Provider Communication in Pediatric Obesity. <i>Pediatric Clinics of North America</i> , 2016 , 63, 525-38	3.6 20
15	Exploring ambivalence in motivational interviewing with obese African American adolescents and their caregivers: A mixed methods analysis. <i>Patient Education and Counseling</i> , 2016 , 99, 1162-1169	3.1 3
14	Sequential Multiple Assignment Randomized Trial (SMART) to Construct Weight Loss Interventions for African American Adolescents. <i>Journal of Clinical Child and Adolescent Psychology</i> , 2016 , 45, 428-41	5.4 50
13	A study of the effectiveness of machine learning methods for classification of clinical interview fragments into a large number of categories. <i>Journal of Biomedical Informatics</i> , 2016 , 62, 21-31	10.2 34
12	Multisystemic Therapy Improves the Patient-Provider Relationship in Families of Adolescents with Poorly Controlled Insulin Dependent Diabetes. <i>Journal of Clinical Psychology in Medical Settings</i> , 2015 , 22, 169-78	2 4
11	Comparing thin slices of verbal communication behavior of varying number and duration. <i>Patient Education and Counseling</i> , 2015 , 98, 150-5	3.1 6
10	Adherence to asthma medication regimens in urban African American adolescents: application of self-determination theory. <i>Health Psychology</i> , 2014 , 33, 461-4	5 22
9	Enhancing parental motivation to monitor african american adolescents\diabetes care: development and Beta test of a brief computer-delivered intervention. <i>JMIR Research Protocols</i> , 2014 , 3, e43	2 3
8	Provider communication behaviors that predict motivation to change in black adolescents with obesity. <i>Journal of Developmental and Behavioral Pediatrics</i> , 2013 , 34, 599-608	2.4 41
7	The Relationship Between Caseworker Attitudes About Kinship Care and Removal Decisions. <i>Journal of Family Social Work</i> , 2013 , 16, 403-417	1.1 2
6	Psychometric properties of the revised Parental Monitoring of Diabetes Care questionnaire in adolescents with type 1 diabetes. <i>Journal of Adolescent Health</i> , 2012 , 50, 289-95	5.8 14
5	Factors associated with weight resilience in obesogenic environments in female African-American adolescents. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2012 , 112, 718-24	3.9 17
4	Adolescent and parent motivation for change affects psychotherapy outcomes among youth with poorly controlled diabetes. <i>Journal of Pediatric Psychology</i> , 2012 , 37, 75-84	3.2 11
3	Linking caregiver strain to diabetes illness management and health outcomes in a sample of adolescents in chronically poor metabolic control. <i>Journal of Developmental and Behavioral Pediatrics</i> , 2012 , 33, 343-51	2.4 18
2	Social support for diabetes illness management: supporting adolescents and caregivers. <i>Journal of Developmental and Behavioral Pediatrics</i> , 2011 , 32, 581-90	2.4 33

- 1 Multisystemic therapy decreases parental overestimation of adolescent responsibility for type 1 diabetes management in urban youth.. *Families, Systems and Health*, **2007**, 25, 178-189 0.7 19
