#	ARTICLE	IF	CITATIONS
1	The psychometric properties of three self-report screening instruments for identifying frail older people in the community. BMC Public Health, 2010, 10, 176.	2.9	134
2	Effectiveness of interdisciplinary primary care approach to reduce disability in community dwelling frail older people: cluster randomised controlled trial. BMJ, The, 2013, 347, f5264-f5264.	6.0	132
3	Interventions to improve communication between people with dementia and nursing staff during daily nursing care: A systematic review. International Journal of Nursing Studies, 2017, 66, 37-46.	5.6	80
4	Interventions to prevent disability in frail community-dwelling older persons: an overview. European Journal of Ageing, 2010, 7, 37-55.	2.8	73
5	A nurse-led interdisciplinary primary care approach to prevent disability among community-dwelling frail older people: A large-scale process evaluation. International Journal of Nursing Studies, 2013, 50, 1184-1196.	5.6	72
6	Development of an internationally accepted definition of reablement: a Delphi study. Ageing and Society, 2022, 42, 703-718.	1.7	50
7	Reducing disability in community-dwelling frail older people: cost-effectiveness study alongside a cluster randomised controlled trial. Age and Ageing, 2015, 44, 390-396.	1.6	48
8	Basic nursing care: The most provided, the least evidence based – A discussion paper. Journal of Clinical Nursing, 2018, 27, 2496-2505.	3.0	45
9	“Doing with” rather than “doing for” older adults: rationale and content of the “Stay Active at Home” programme. Clinical Rehabilitation, 2017, 31, 1419-1430.	2.2	44
10	Positive and negative outcomes of informal caregiving at home and in institutionalised long-term care: a cross-sectional study. BMC Geriatrics, 2017, 17, 232.	2.7	44
11	Caregiving to Older Adults: Determinants of Informal Caregivers’ Subjective Well-being and Formal and Informal Support as Alleviating Conditions. Journals of Gerontology - Series B Psychological Sciences and Social Sciences, 2018, 73, gbw047.	3.9	43
12	A disability prevention programme for community-dwelling frail older persons. Clinical Rehabilitation, 2011, 25, 963-974.	2.2	34
13	A communication model for nursing staff working in dementia care: Results of a scoping review. International Journal of Nursing Studies, 2021, 113, 103776.	5.6	29
14	Unravelling complex primary-care programs to maintain independent living in older people: a systematic overview. Journal of Clinical Epidemiology, 2018, 96, 110-119.	5.0	26
15	The reduction of disability in community-dwelling frail older people: design of a two-arm cluster randomized controlled trial. BMC Public Health, 2010, 10, 511.	2.9	23
16	Experiences of homecare workers with the “Stay Active at Home” programme targeting reablement of community-dwelling older adults: An exploratory study. Health and Social Care in the Community, 2020, 28, 291-299.	1.6	21
17	Development of a Patient-Reported Outcome Measure for Geriatric Care: The Older Persons and Informal Caregivers Survey Short Form. Value in Health, 2018, 21, 1198-1204.	0.3	19
18	Process evaluation of a reablement training program for homecare staff to encourage independence in community-dwelling older adults. BMC Geriatrics, 2021, 21, 5.	2.7	15

#	ARTICLE	IF	CITATIONS
19	Effects, costs and feasibility of the “Stay Active at Home”™ Reablement training programme for home care professionals: study protocol of a cluster randomised controlled trial. BMC Geriatrics, 2018, 18, 276.	2.7	12
20	Nurses’™ perceptions of their role with respect to promoting physical activity in adult patients: a systematic review. Journal of Clinical Nursing, 2021, 30, 2540-2562.	3.0	11
21	Optimizing patients' functional status during daily nursing care interventions: A systematic review. Research in Nursing and Health, 2020, 43, 478-488.	1.6	10
22	Effectiveness of a reablement training program for homecare staff on older adults' sedentary behavior: A “cluster randomized controlled trial”. Journal of the American Geriatrics Society, 2021, 69, 2566-2578.	2.6	10
23	Which client characteristics predict home “care needs? Results of a survey study among Dutch home “care nurses. Health and Social Care in the Community, 2019, 27, 93-104.	1.6	9
24	In the Eye of the Storm: A Quantitative and Qualitative Account of the Impact of the COVID-19 Pandemic on Dutch Home Healthcare. International Journal of Environmental Research and Public Health, 2022, 19, 2252.	2.6	7
25	Effects on clients' daily functioning and common features of reablement interventions: a systematic literature review. European Journal of Ageing, 2022, 19, 903-929.	2.8	6
26	Recommendations of older adults on how to use the PROM “TOPICS-MDS”™ in healthcare conversations: A Delphi study. PLoS ONE, 2019, 14, e0225344.	2.5	4
27	A systematic review of case-mix models for home health care payment: Making sense of variation. Health Policy, 2020, 124, 121-132.	3.0	4
28	Effectiveness of a reablement training program on self-efficacy and outcome expectations regarding client activation in homecare staff: A cluster randomized controlled trial. Geriatric Nursing, 2022, 43, 104-112.	1.9	4
29	The concept of disability and its causal mechanisms in older people over time from a theoretical perspective: a literature review. European Journal of Ageing, 2022, 19, 397-411.	2.8	4
30	Economic Evaluation of a Reablement Training Program for Homecare Staff Targeting Sedentary Behavior in Community-Dwelling Older Adults Compared to Usual Care: A Cluster Randomized Controlled Trial. Clinical Interventions in Aging, 2021, Volume 16, 2095-2109.	2.9	4
31	Function focused care in hospital: A mixed-method feasibility study. International Journal of Nursing Studies Advances, 2021, 3, 100045.	2.1	3
32	The perceived behavior and barriers of community care professionals in encouraging functional activities of older adults: the development and validation of the MAINtAIN-C questionnaire. BMC Health Services Research, 2020, 20, 907.	2.2	2
33	Psychometric properties of the client activation self-efficacy and outcome expectation scales for nurses (CA-SE-n and CA-OE-n) and domestic support workers (CA-SE-d and CA-OE-d): A cross-sectional study. Geriatric Nursing, 2021, 42, 309-316.	1.9	2
34	Process evaluation of a programme to empower community nurse leadership. BMC Nursing, 2021, 20, 127.	2.5	2
35	The jigsaw puzzle of activities for mastering daily life; service recipients and professionals’™ perceptions of gains and changes attributed to reablement “ A qualitative meta-synthesis. Scandinavian Journal of Occupational Therapy, 2023, 30, 604-615.	1.7	2
36	Using machine learning to assess the predictive potential of standardized nursing data for home healthcare case-mix classification. European Journal of Health Economics, 2020, 21, 1121-1129.	2.8	1

#	ARTICLE	IF	CITATIONS
37	Identifying client characteristics to predict homecare use more accurately: a Delphi-study involving nurses and homecare purchasing specialists. BMC Health Services Research, 2022, 22, 394.	2.2	1
38	CHALLENGES IN RECEIVING, ORGANIZING, AND PROVIDING CARE IN ACTIVITIES OF DAILY LIVING: A WORLD-CAF�� DIALOGUE. Innovation in Aging, 2019, 3, S493-S494.	0.1	0
39	Zorg uit Voorzorg (praktijk). , 2016, , 67-79.		0
40	Title is missing!. , 2019, 14, e0225344.		0
41	Title is missing!. , 2019, 14, e0225344.		0
42	Title is missing!. , 2019, 14, e0225344.		0
43	Title is missing!. , 2019, 14, e0225344.		0
44	Title is missing!. , 2019, 14, e0225344.		0
45	Title is missing!. , 2019, 14, e0225344.		0
46	Effect, economic and process-evaluation of a generic function focused care program for long-term care; study protocol of a multicenter cluster��randomized trial. BMC Nursing, 2022, 21, 121.	2.5	0
