#	Paper	IF	Citations
41	The impact of rest breaks on subjective fatigue in physicians of the General Hospital of Vienna. <i>Wiener Klinische Wochenschrift</i> , 2021 , 1	2.3	0
40	Is a meditation retreat the better vacation? effect of retreats and vacations on fatigue, emotional well-being, and acting with awareness. <i>PLoS ONE</i> , 2021 , 16, e0246038	3.7	1
39	Nurses' rest breaks and organizational leaving intentions. <i>Psychology, Health and Medicine</i> , 2021 , 1-11	2.1	1
38	Time course of recovery after two successive night shifts: A diary study among Austrian nurses. <i>Journal of Nursing Management</i> , 2019 , 27, 190-196	4.9	6
37	Job-related meaningfulness moderates the association between over-commitment and emotional exhaustion in nurses. <i>Journal of Nursing Management</i> , 2018 , 26, 820-832	4.9	5
36	Comparison of rest-break interventions during a mentally demanding task. <i>Stress and Health</i> , 2018 , 34, 629-638	3.7	15
35	Effects of Rest-Break Intention on Rest-Break Frequency and Work-Related Fatigue. <i>Human Factors</i> , 2017 , 59, 289-298	3.8	23
34	Work-related self-assessed fatigue and recovery among nurses. <i>International Archives of Occupational and Environmental Health</i> , 2017 , 90, 197-205	3.2	23
33	Task-related increases in fatigue predict recovery time after academic stress. <i>Journal of Occupational Health</i> , 2016 , 58, 89-95	2.3	6
32	Fatigue and Insufficient Leisure Opportunities in Older Employees. <i>Journal of Occupational and Environmental Medicine</i> , 2016 , 58, e268-74	2	4
31	Salt taste after bariatric surgery and weight loss in obese persons. <i>PeerJ</i> , 2016 , 4, e2086	3.1	9
30	Is There an Association Between the Body Mass Index and Interpersonal Violent Behavior?. <i>Journal of Forensic Sciences</i> , 2015 , 60, 1350-4	1.8	1
29	Health care utilisation in subjects with osteoarthritis, chronic back pain and osteoporosis aged 65 years and more: mediating effects of limitations in activities of daily living, pain intensity and mental diseases. <i>Wiener Medizinische Wochenschrift</i> , 2014 , 164, 160-6	2.9	12
28	Leisure Opportunities and Fatigue in Employees: A Large Cross-Sectional Study. <i>Leisure Sciences</i> , 2014 , 36, 235-250	1.4	18
27	Work-site health promotion of frequent computer users: comparing selected interventions. <i>Work</i> , 2013 , 46, 233-41	1.6	7
26	The treatment experience questionnaire: development and validation of a questionnaire assessing the individual's emotional, perceptual, and cognitive reactions to alternative, physical, and dental treatments. <i>Research in Complementary Medicine</i> , 2013 , 20, 205-12		3
25	Too much salt and how we can get rid of it. <i>Research in Complementary Medicine</i> , 2013 , 20, 454-60		12

24	Travel-related change of residence leads to a transitory stress reaction in humans. <i>Journal of Travel Medicine</i> , 2012 , 19, 243-9	12.9	2
23	Short-term effect of macronutrient composition and glycemic index of a yoghurt breakfast on satiety and mood in healthy young men. <i>Research in Complementary Medicine</i> , 2012 , 19, 247-51		4
22	Recovery intention: its association with fatigue in the working population. <i>International Archives of Occupational and Environmental Health</i> , 2011 , 84, 859-65	3.2	9
21	Klinische Psychologie in der Physiologie 2011 , 313-317		
20	Association of spa therapy with improvement of psychological symptoms of occupational burnout: a pilot study. <i>Research in Complementary Medicine</i> , 2010 , 17, 132-6		16
19	Personality does not predict treatment preference, treatment experience does: a study of four complementary pain treatments. <i>Complementary Medicine Research</i> , 2007 , 14, 274-80	1.3	3
18	Does aerobic training enhance effects of spa therapy in back pain patients? A randomized, controlled clinical trial. <i>Complementary Medicine Research</i> , 2007 , 14, 202-6	1.3	4
17	Effect of vacation on health: moderating factors of vacation outcome. <i>Journal of Travel Medicine</i> , 2005 , 12, 94-101	12.9	43
16	Combined inpatient rehabilitation and spa therapy for breast cancer patients: effects on quality of life and CA 15-3. <i>Cancer Nursing</i> , 2005 , 28, 390-8	2.6	36
15	Vacation at moderate and low altitude improves perceived health in individuals with metabolic syndrome. <i>Journal of Travel Medicine</i> , 2004 , 11, 300-4	12.9	23
14	Time Course of Well-Being after a Three-Week Resort-Based Respite from Occupational and Domestic Demands: Carry-Over, Contrast and Situation Effects. <i>Journal of Leisure Research</i> , 2004 , 36, 293-309	1.9	24
13	Improving homocysteine levels through balneotherapy: effects of sulphur baths. <i>Clinica Chimica Acta</i> , 2004 , 343, 105-11	6.2	23
12	Quantitative analysis of peroxisome proliferator-activated receptor gamma (PPARgamma) expression in arteries and hearts of patients with ischaemic or dilated cardiomyopathy. <i>European Journal of Heart Failure</i> , 2003 , 5, 733-9	12.3	19
11	Seasonal variation of lipid-lowering effects of complex spa therapy. <i>Complementary Medicine Research</i> , 2003 , 10, 78-84	1.3	7
10	The melatonin receptor subtype MT2 is present in the human cardiovascular system. <i>Journal of Pineal Research</i> , 2003 , 35, 40-4	10.4	74
9	Serum lipids responses to a respite from occupational and domestic demands in subjects with varying levels of stress. <i>Journal of Psychosomatic Research</i> , 2003 , 55, 521-4	4.1	12
8	Seasonal variation in effect of spa therapy on chronic pain. <i>Chronobiology International</i> , 2002 , 19, 483-95	3.6	9
7	Effect of sulfur baths on antioxidative defense systems, peroxide concentrations and lipid levels in patients with degenerative osteoarthritis. <i>Complementary Medicine Research</i> , 2002 , 9, 216-20	1.3	27

6	Contribution of individual spa therapies in the treatment of chronic pain. <i>Clinical Journal of Pain</i> , 2002 , 18, 302-9	3.5	26
5	Moderating Effects of Vacation on Reactions to Work and Domestic Stress. <i>Leisure Sciences</i> , 2002 , 24, 237-249	1.4	36
4	Relative timing of inspiration and expiration affects respiratory sinus arrhythmia. <i>Clinical and Experimental Pharmacology and Physiology</i> , 2000 , 27, 601-6	3	83
3	The change of well-being associated with spa therapy. <i>Complementary Medicine Research</i> , 2000 , 7, 269-74.	4.3	19
2	Toxicological and biochemical effects of different beverages on human intestinal cells. <i>Food Research International</i> , 1999 , 32, 421-427	7	25
1	Moderierende Variablen der Placebowirkung. <i>Complementary Medicine Research</i> , 1998 , 5, 290-295	1.3	4
