#	Paper	IF	Citations
163	Using Smart Speaker Technology for Health and Well-being in an Older Adult Population: Pre-Post Feasibility Study.. <i>JMIR Aging</i> , 2022 , 5, e33498	4.8	0
162	Designing Effective eHealth Interventions for Underserved Groups: Five Lessons From a Decade of eHealth Intervention Design and Deployment.. <i>Journal of Medical Internet Research</i> , 2022 , 24, e25419	7.6	3
161	A Counseling Mobile App to Reduce the Psychosocial Impact of Human Papillomavirus Testing: Formative Research Using a User-Centered Design Approach in a Low-Middle-Income Setting in Argentina.. <i>JMIR Formative Research</i> , 2022 , 6, e32610	2.5	1
160	Examining the Effects of Fathers' Residency Status on Childhood Obesity.. <i>Maternal and Child Health Journal</i> , 2022 , 1	2.4	
159	Measuring What Matters: Data Absenteeism, Science Communication, and the Perpetuation of Inequities. <i>Annals of the American Academy of Political and Social Science</i> , 2022 , 700, 208-219	2.8	0
158	Factor Structure and Psychometric Properties of the Family Communication Scale in the Chinese Population. <i>Frontiers in Psychology</i> , 2021 , 12, 736514	3.4	
157	Tobacco messages encountered in real-time among low socio-economic position groups: a descriptive study. <i>BMC Public Health</i> , 2021 , 21, 2136	4.1	
156	Individual and social determinants of COVID-19 vaccine uptake. <i>BMC Public Health</i> , 2021 , 21, 818	4.1	70
155	Disparities in HPV knowledge by race/ethnicity and socioeconomic position: Trusted sources for the dissemination of HPV information. <i>Cancer Causes and Control</i> , 2021 , 32, 923-933	2.8	1
154	COVID-19 vaccine hesitancy: the five Cs to tackle behavioural and sociodemographic factors. <i>Journal of the Royal Society of Medicine</i> , 2021 , 114, 295-298	2.3	28
153	Toward an Extended Infodemiology Framework: Leveraging Social Media Data and Web Search Queries as Digital Pulse on Cancer Communication. <i>Health Communication</i> , 2021 , 1-14	3.2	1
152	Inequities in tobacco advertising exposure among young adult sexual, racial and ethnic minorities: examining intersectionality of sexual orientation with race and ethnicity. <i>Tobacco Control</i> , 2021 , 30, 84-93	5.3	10
151	Key considerations for designing capacity-building interventions to support evidence-based programming in underserved communities: a qualitative exploration. <i>Translational Behavioral Medicine</i> , 2021 , 11, 452-461	3.2	5
150	Community Stakeholders' Perspectives on Introducing Human Papillomavirus Vaccination and Biobanking Evidence-Based Programs Within Medically Underserved Communities: A Community-Engaged Approach. <i>International Quarterly of Community Health Education</i> , 2021 , 41, 315-323	1	2
149	Factors Influencing Implementation of a Workplace Tobacco Cessation Intervention in India: A Qualitative Exploration. <i>Workplace Health and Safety</i> , 2021 , 69, 56-67	2	
148	Sexual Health Information Sources, Needs, and Preferences of Young Adult Sexual Minority Cisgender Women and Non-Binary Individuals Assigned Female at Birth. <i>Sexuality Research and Social Policy</i> , 2021 , 18, 775-787	2.1	3
147	Adherence to COVID-19 mitigation measures among American adults: the need for consistent and unified messaging. <i>Health Education Research</i> , 2021 , 36, 178-191	1.8	9

146	Trauma and cervical cancer screening among women experiencing homelessness: A call for trauma-informed care. <i>Women's Health</i> , 2021 , 17, 17455065211029238	3	2
145	COVID-19 News and Misinformation: Do They Matter for Public Health Prevention?. <i>Journal of Health Communication</i> , 2021 , 1-10	2.5	5
144	The relationship between Jim Crow laws and social capital from 1997-2014: A 3-level multilevel hierarchical analysis across time, county and state. <i>Social Science and Medicine</i> , 2020 , 262, 113142	5.1	4
143	Community engagement for health system resilience: evidence from Liberia's Ebola epidemic. <i>Health Policy and Planning</i> , 2020 , 35, 416-423	3.4	18
142	Association between different types of mass media and antenatal care visits in India: a cross-sectional study from the National Family Health Survey (2015-2016). <i>BMJ Open</i> , 2020 , 10, e042839 ³		3
141	Developing SMS Content to Promote Papanicolaou Triage Among Women Who Performed HPV Self-collection Test: Qualitative Study. <i>JMIR Formative Research</i> , 2020 , 4, e14652	2.5	6
140	The Effectiveness of Electronic Health Interventions for Promoting HIV-Preventive Behaviors Among Men Who Have Sex With Men: Meta-Analysis Based on an Integrative Framework of Design and Implementation Features. <i>Journal of Medical Internet Research</i> , 2020 , 22, e15977	7.6	9
139	Big Data in Context: Addressing the Twin Perils of Data Absenteeism and Chauvinism in the Context of Health Disparities Research. <i>Journal of Medical Internet Research</i> , 2020 , 22, e16377	7.6	22
138	The Potential of Smartphone Apps in Informing Protobacco and Antitobacco Messaging Efforts Among Underserved Communities: Longitudinal Observational Study. <i>Journal of Medical Internet Research</i> , 2020 , 22, e17451	7.6	9
137	Racial and Ethnic Disparities in Patient Experiences in the United States: 4-Year Content Analysis of Twitter. <i>Journal of Medical Internet Research</i> , 2020 , 22, e17048	7.6	4
136	Beyond Educating the Masses: The Role of Public Health Communication in Addressing Socioeconomic- and Residence-based Disparities in Tobacco Risk Perception. <i>Health Communication</i> , 2020 , 1-8	3.2	1
135	Past Debates, Fresh Impact on Nano-Enabled Food: A Multigroup Comparison of Presumed Media Influence Model Based on Spillover Effects of Attitude Toward Genetically Modified Food. <i>Journal of Communication</i> , 2020 , 70, 598-621	2.4	9
134	We Need the Lens of Equity in COVID-19 Communication. <i>Health Communication</i> , 2020 , 35, 1743-1746	3.2	20
133	Online negative sentiment towards Mexicans and Hispanics and impact on mental well-being: A time-series analysis of social media data during the 2016 United States presidential election. <i>Heliyon</i> , 2020 , 6, e04910	3.6	4
132	Comparing the knowledge gap hypothesis in the United States and Singapore: The case of nanotechnology. <i>Public Understanding of Science</i> , 2020 , 29, 835-854	3.1	1
131	Knowledge and perceptions regarding triage among human papillomavirus-tested women: A qualitative study of perspectives of low-income women in Argentina. <i>Women's Health</i> , 2020 , 16, 1745506520976011		
130	Interpersonal Diffusion of Health Information: Health Information Mavenism among People Age 65 and over in Japan. <i>Health Communication</i> , 2020 , 35, 804-814	3.2	2
129	Factors influencing awareness of healthcare providers on maternal sepsis: a mixed-methods approach. <i>BMC Public Health</i> , 2019 , 19, 683	4.1	5

128	Mixed-methods approach to evaluate an mHealth intervention to increase adherence to triage of human papillomavirus-positive women who have performed self-collection (the ATICA study): study protocol for a hybrid type I cluster randomized effectiveness-implementation trial. <i>Trials</i> , 2019 , 20, 148	2.8	12
127	A Framework for Culturally Relevant Online Learning: Lessons from Alaska's Tribal Health Workers. <i>Journal of Cancer Education</i> , 2019 , 34, 647-653	1.8	8
126	Short Sleep Duration and Insomnia Symptoms were Associated with Lower Happiness Levels in Chinese Adults in Hong Kong. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	8
125	Responsive feedback: Towards a new paradigm to enhance intervention effectiveness. <i>Gates Open Research</i> , 2019 , 3, 781	2.4	5
124	Association between exposure to health information and mortality: Reduced mortality among women exposed to information via TV programs. <i>Social Science and Medicine</i> , 2019 , 221, 124-131	5.1	6
123	Smoking portrayal in Ethiopian movies: a theory-based content analysis. <i>Health Promotion International</i> , 2019 , 34, 687-696	3	3
122	Leveraging Breadth and Depth: Strategies to Characterize Population Diversity to Address Cancer Disparities in the DF/HCC Catchment Area. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2019 , 28, 435-441	4	4
121	Test-retest reliability and validity of a single-item Self-reported Family Happiness Scale in Hong Kong Chinese: findings from Hong Kong Jockey Club FAMILY Project. <i>Quality of Life Research</i> , 2019 , 28, 535-543	3.7	15
120	Beliefs about smoking-related lung cancer risk among low socioeconomic individuals: the role of smoking experience and interpersonal communication. <i>Global Health Promotion</i> , 2019 , 26, 88-93	1.4	4
119	Graphic and Arousing? Emotional and Cognitive Reactions to Tobacco Graphic Health Warnings and Associated Quit-Related Outcomes Among Low SEP Population Groups. <i>Health Communication</i> , 2019 , 34, 726-734	3.2	7
118	The relative persuasiveness of narrative versus non-narrative health messages in public health emergency communication: Evidence from a field experiment. <i>Preventive Medicine</i> , 2018 , 111, 284-290	4.3	15
117	Culturally-Relevant Online Cancer Education Modules Empower Alaska's Community Health Aides/Practitioners to Disseminate Cancer Information and Reduce Cancer Risk. <i>Journal of Cancer Education</i> , 2018 , 33, 1102-1109	1.8	10
116	Does Segmentation Really Work? Effectiveness of Matched Graphic Health Warnings on Cigarette Packaging by Race, Gender and Chronic Disease Conditions on Cognitive Outcomes among Vulnerable Populations. <i>Journal of Health Communication</i> , 2018 , 23, 523-533	2.5	5
115	Local Organizations Supporting Implementation of Graphic Health Warnings for Tobacco in Underserved Communities: A Qualitative Inquiry. <i>Frontiers in Public Health</i> , 2018 , 6, 322	6	1
114	Short version of the Smartphone Addiction Scale in Chinese adults: Psychometric properties, sociodemographic, and health behavioral correlates. <i>Journal of Behavioral Addictions</i> , 2018 , 7, 1157-1165	6.3	43
113	Personal subjectivity in clinician discussion about retirement from sport post-concussion. <i>Social Science and Medicine</i> , 2018 , 218, 37-44	5.1	6
112	Health information exposure from information and communication technologies and its associations with health behaviors: Population-based survey. <i>Preventive Medicine</i> , 2018 , 113, 140-146	4.3	24
111	Mental Health, Racial Discrimination, and Tobacco Use Differences Across Rural-Urban California. <i>Journal of Rural Health</i> , 2017 , 33, 180-189	4.6	12

110	Graphic health warnings as activators of social networks: A field experiment among individuals of low socioeconomic position. <i>Social Science and Medicine</i> , 2017 , 175, 219-227	5.1	14
109	Sources of Information During the 2014 West Virginia Water Crisis: A Cross-Sectional Survey. <i>Disaster Medicine and Public Health Preparedness</i> , 2017 , 11, 196-206	2.8	5
108	Cigarette graphic health warning labels and information avoidance among individuals from low socioeconomic position in the U.S. <i>Cancer Causes and Control</i> , 2017 , 28, 351-360	2.8	10
107	Cancer Risk-Promoting Information: The Communication Environment of Young Adults. <i>American Journal of Preventive Medicine</i> , 2017 , 53, S63-S72	6.1	8
106	Building practitioner networks to support dissemination and implementation of evidence-based programs in community settings. <i>Translational Behavioral Medicine</i> , 2017 , 7, 532-541	3.2	10
105	How, When and Why People Seek Health Information Online: Qualitative Study in Hong Kong. <i>Interactive Journal of Medical Research</i> , 2017 , 6, e24	2.1	47
104	Sharing Family Life Information Through Video Calls and Other Information and Communication Technologies and the Association With Family Well-Being: Population-Based Survey. <i>JMIR Mental Health</i> , 2017 , 4, e57	6	15
103	Health App Possession Among Smartphone or Tablet Owners in Hong Kong: Population-Based Survey. <i>JMIR MHealth and UHealth</i> , 2017 , 5, e77	5.5	45
102	Learning from social media: utilizing advanced data extraction techniques to understand barriers to breast cancer treatment. <i>Breast Cancer Research and Treatment</i> , 2016 , 158, 395-405	4.4	27
101	Why Physicians Don't Ask: Interpersonal and Intrapersonal Barriers to HIV Testing-Making a Case for a Patient-Initiated Campaign. <i>Journal of the International Association of Providers of AIDS Care</i> , 2016 , 15, 306-12	1.7	19
100	Representation, Exemplification, and Risk: Resonance of Tobacco Graphic Health Warnings Across Diverse Populations. <i>Health Communication</i> , 2016 , 31, 974-87	3.2	15
99	Smoking and Secondhand Smoke Exposure at Home Were Associated with Poor Perceived Family Well-Being: Findings of FAMILY Project. <i>PLoS ONE</i> , 2016 , 11, e0161761	3.7	6
98	Entertainment or Health? Exploring the Internet Usage Patterns of the Urban Poor: A Secondary Analysis of a Randomized Controlled Trial. <i>Journal of Medical Internet Research</i> , 2016 , 18, e46	7.6	12
97	A Call for Greater Consideration for the Role of Vaccines in National Strategies to Combat Antibiotic-Resistant Bacteria: Recommendations from the National Vaccine Advisory Committee: Approved by the National Vaccine Advisory Committee on June 10, 2015. <i>Public Health Reports</i> , 2016 , 131, 11-16	2.5	16
96	Media Competition Implementation for the Massachusetts Childhood Obesity Research Demonstration Study (MA-CORD): Adoption and Reach. <i>International Journal of Environmental Research and Public Health</i> , 2016 , 13, 403	4.6	6
95	A Cascade of Champions: A Qualitative Study about the MA-CORD Media Competition Implementation. <i>International Journal of Environmental Research and Public Health</i> , 2016 , 13, 404	4.6	1
94	Are socioeconomic disparities in health behavior mediated by differential media use? Test of the communication inequality theory. <i>Patient Education and Counseling</i> , 2016 , 99, 1803-1807	3.1	13
93	Beyond access: barriers to internet health information seeking among the urban poor. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2016 , 23, 1053-1059	8.6	66

92	Strategies To Empower Communities To Reduce Health Disparities. <i>Health Affairs</i> , 2016 , 35, 1424-8	7	32
91	Socioeconomic and sociodemographic predictors of cancer-related information sources used by cancer survivors. <i>Journal of Health Communication</i> , 2015 , 20, 204-10	2.5	20
90	Coping styles of adolescents experiencing multiple forms of discrimination and bullying: evidence from a sample of ethnically diverse urban youth. <i>Journal of School Health</i> , 2015 , 85, 109-17	2.1	20
89	Public response to the 2014 chemical spill in West Virginia: knowledge, opinions and behaviours. <i>BMC Public Health</i> , 2015 , 15, 790	4.1	8
88	Effect of media use on mothers' vaccination of their children in sub-Saharan Africa. <i>Vaccine</i> , 2015 , 33, 2551-7	4.1	18
87	Secondhand smoke exposure (SHS) and health-related quality of life (HRQoL) in Chinese never smokers in Hong Kong. <i>BMJ Open</i> , 2015 , 5, e007694	3	10
86	Addressing the Vaccine Hesitancy Continuum: An Audience Segmentation Analysis of American Adults Who Did Not Receive the 2009 H1N1 Vaccine. <i>Vaccines</i> , 2015 , 3, 556-78	5.3	12
85	The tobacco endgame in Hong Kong: public support for a total ban on tobacco sales. <i>Tobacco Control</i> , 2015 , 24, 162-7	5.3	20
84	Social contextual factors and tobacco use among Indian teachers: insights from the Bihar School Teachers' Study. <i>Preventive Medicine</i> , 2015 , 74, 24-30	4.3	8
83	Assessing opinions in community leadership networks to address health inequalities: a case study from Project IMPACT. <i>Health Education Research</i> , 2015 , 30, 866-81	1.8	4
82	Using Information and Communication Technologies for Family Communication and Its Association With Family Well-Being in Hong Kong: FAMILY Project. <i>Journal of Medical Internet Research</i> , 2015 , 17, e207	7.6	21
81	A "Community Fit" Community-Based Participatory Research Program for Family Health, Happiness, and Harmony: Design and Implementation. <i>JMIR Research Protocols</i> , 2015 , 4, e126	2	8
80	The intersectionality of discrimination attributes and bullying among youth: an applied latent class analysis. <i>Journal of Youth and Adolescence</i> , 2014 , 43, 1225-39	4.5	128
79	Health media use among childhood and young adult cancer survivors who smoke. <i>Supportive Care in Cancer</i> , 2014 , 22, 2497-507	3.9	8
78	What have we learned about communication inequalities during the H1N1 pandemic: a systematic review of the literature. <i>BMC Public Health</i> , 2014 , 14, 484	4.1	102
77	Recommendations from the National Vaccine Advisory committee: standards for adult immunization practice. <i>Public Health Reports</i> , 2014 , 129, 115-23	2.5	130
76	Media use and communication inequalities in a public health emergency: a case study of 2009-2010 pandemic influenza A virus subtype H1N1. <i>Public Health Reports</i> , 2014 , 129 Suppl 4, 49-60	2.5	44
75	Television viewing time in Hong Kong adult population: associations with body mass index and obesity. <i>PLoS ONE</i> , 2014 , 9, e85440	3.7	22

74	Ex-smokers are happier than current smokers among Chinese adults in Hong Kong. <i>Addiction</i> , 2014 , 109, 1165-71	4.6	14
73	Mitigating HIV health disparities: the promise of mobile health for a patient-initiated solution. <i>American Journal of Public Health</i> , 2014 , 104, 2251-5	5.1	18
72	Understanding concussion reporting using a model based on the theory of planned behavior. <i>Journal of Adolescent Health</i> , 2014 , 54, 269-274.e2	5.8	149
71	Contextual effects of community mobilization and communication capacity as a positive factor for self-rated health status: a multi-level analysis. <i>International Journal of Public Health</i> , 2014 , 59, 289-99	4	6
70	Effect of media use on HIV-related stigma in Sub-Saharan Africa: a cross-sectional study. <i>PLoS ONE</i> , 2014 , 9, e100467	3.7	12
69	Digital inequalities of family life information seeking and family well-being among Chinese adults in Hong Kong: a population survey. <i>Journal of Medical Internet Research</i> , 2014 , 16, e227	7.6	16
68	Moderating effects of media exposure on associations between socioeconomic position and cancer worry. <i>Asian Pacific Journal of Cancer Prevention</i> , 2014 , 15, 5845-51	1.7	6
67	Implementation and research priorities for FCTC Articles 13 and 16: tobacco advertising, promotion, and sponsorship and sales to and by minors. <i>Nicotine and Tobacco Research</i> , 2013 , 15, 832-46	4.9	32
66	Social media use by community-based organizations conducting health promotion: a content analysis. <i>BMC Public Health</i> , 2013 , 13, 1129	4.1	63
65	Does community capacity influence self-rated health? Multilevel contextual effects in Seoul, Korea. <i>Social Science and Medicine</i> , 2013 , 77, 60-9	5.1	22
64	Associations between health communication behaviors, neighborhood social capital, vaccine knowledge, and parents' H1N1 vaccination of their children. <i>Vaccine</i> , 2013 , 31, 4860-6	4.1	78
63	Recruitment and Retention for Community-Based eHealth Interventions with Populations of Low Socioeconomic Position: Strategies and Challenges. <i>Journal of Communication</i> , 2013 , 63, 201-220	2.4	31
62	The social group influences of US health journalists and their impact on the newsmaking process. <i>Health Education Research</i> , 2013 , 28, 339-51	1.8	19
61	Impact of tobacco-related health warning labels across socioeconomic, race and ethnic groups: results from a randomized web-based experiment. <i>PLoS ONE</i> , 2013 , 8, e52206	3.7	87
60	Internet use, browsing, and the urban poor: implications for cancer control. <i>Journal of the National Cancer Institute Monographs</i> , 2013 , 2013, 199-205	4.8	35
59	Communications in public health emergency preparedness: a systematic review of the literature. <i>Biosecurity and Bioterrorism</i> , 2013 , 11, 170-84		50
58	Class, race and ethnicity and information avoidance among cancer survivors. <i>British Journal of Cancer</i> , 2013 , 108, 1949-56	8.7	33
57	Protecting the public health: critical functions of the Section 317 Immunization Program—a report of the National Vaccine Advisory Committee. <i>Public Health Reports</i> , 2013 , 128, 78-95	2.5	22

56	Strategies to Achieve the Healthy People 2020 Annual Influenza Vaccine Coverage Goal for Health-Care Personnel: Recommendations from the National Vaccine Advisory Committee. <i>Public Health Reports</i> , 2013 , 128, 7-25	2.5	48
55	Social determinants of health information seeking among Chinese adults in Hong Kong. <i>PLoS ONE</i> , 2013 , 8, e73049	3.7	79
54	Health information seeking partially mediated the association between socioeconomic status and self-rated health among Hong Kong Chinese. <i>PLoS ONE</i> , 2013 , 8, e82720	3.7	15
53	Mass media exposure, social stratification, and tobacco consumption among Nigerian adults. <i>Cancer Causes and Control</i> , 2012 , 23 Suppl 1, 45-55	2.8	23
52	Integrating multiple social statuses in health disparities research: the case of lung cancer. <i>Health Services Research</i> , 2012 , 47, 1255-77	3.4	93
51	Crisis communication: an inequalities perspective on the 2010 Boston water crisis. <i>Disaster Medicine and Public Health Preparedness</i> , 2012 , 6, 349-56	2.8	15
50	The communications revolution and health inequalities in the 21st century: implications for cancer control. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2012 , 21, 1701-8	4	84
49	Perceptions of evidence-based programs among community-based organizations tackling health disparities: a qualitative study. <i>Health Education Research</i> , 2012 , 27, 717-28	1.8	31
48	Contribution of communication inequalities to disparities in human papillomavirus vaccine awareness and knowledge. <i>American Journal of Public Health</i> , 2012 , 102, 1911-20	5.1	49
47	Socioeconomic status and health communication inequalities in Japan: a nationwide cross-sectional survey. <i>PLoS ONE</i> , 2012 , 7, e40664	3.7	31
46	Cyberinfrastructure: an extraordinary opportunity to bridge health and communication inequalities?. <i>American Journal of Preventive Medicine</i> , 2011 , 40, S245-8	6.1	17
45	Cancer-related direct-to-consumer advertising: a critical review. <i>Nature Reviews Cancer</i> , 2011 , 11, 142-50	3.3	48
44	Determinants and beliefs of health information mavenism among a lower-socioeconomic position and minority population. <i>Social Science and Medicine</i> , 2011 , 73, 22-32	5.1	38
43	Class, race, ethnicity and information needs in post-treatment cancer patients. <i>Patient Education and Counseling</i> , 2011 , 85, 432-9	3.1	39
42	Hong Kong Chinese community leaders' perspectives on family health, happiness and harmony: a qualitative study. <i>Health Education Research</i> , 2011 , 26, 664-74	1.8	30
41	Race, ethnicity, language, social class, and health communication inequalities: a nationally-representative cross-sectional study. <i>PLoS ONE</i> , 2011 , 6, e14550	3.7	126
40	The role of tobacco-specific media exposure, knowledge, and smoking status on selected attitudes toward tobacco control. <i>Nicotine and Tobacco Research</i> , 2010 , 12, 117-26	4.9	28
39	Racial disparities in the outcomes of communication on medical care received near death. <i>Archives of Internal Medicine</i> , 2010 , 170, 1533-40		168

38	Antecedents to agenda setting and framing in health news: an examination of priority, angle, source, and resource usage from a national survey of U.S. health reporters and editors. <i>Journal of Health Communication</i> , 2010 , 15, 76-94	2.5	62
37	Communication inequalities during Public Health disasters: Katrina's wake. <i>Health Communication</i> , 2010 , 25, 221-9	3.2	40
36	Providing health messages to Hispanics/Latinos: understanding the importance of language, trust in health information sources, and media use. <i>Journal of Health Communication</i> , 2010 , 15 Suppl 3, 252-63	2.5	112
35	Communication inequalities and public health implications of adult social networking site use in the United States. <i>Journal of Health Communication</i> , 2010 , 15 Suppl 3, 216-35	2.5	113
34	Challenges in covering health disparities in local news media: an exploratory analysis assessing views of journalists. <i>Journal of Community Health</i> , 2010 , 35, 487-94	4	22
33	Media attention and public perceptions of cancer and eastern equine encephalitis. <i>Journal of Community Health</i> , 2010 , 35, 409-16	4	7
32	Movies and TV influence tobacco use in India: findings from a national survey. <i>PLoS ONE</i> , 2010 , 5, e11365	3.7	25
31	Mass media and marketing communication promoting primary and secondary cancer prevention. <i>Journal of Health Communication</i> , 2009 , 14 Suppl 1, 30-7	2.5	9
30	The social context of interpersonal communication and health. <i>Journal of Health Communication</i> , 2009 , 14 Suppl 1, 5-17	2.5	97
