#	ARTICLE	IF	CITATIONS
1	Are greedy individuals more corrupt?. Current Psychology, 2023, 42, 165-173.	2.8	12
2	Does Connectedness Need Satisfaction Diminish or Promote Social Goal Striving?. Personality and Social Psychology Bulletin, 2023, 49, 891-909.	3.0	6
3	Me and Others Around: The Roles of Personal and Social Norms in Chinese Adolescent Bystanders's™ Responses Toward Cyberbullying. Journal of Interpersonal Violence, 2022, 37, NP6329-NP6354.	2.0	6
4	A growth mindset about human minds promotes positive responses to intelligent technology. Cognition, 2022, 220, 104985.	2.2	8
5	Sex differences in the intrinsic reading neural networks of Chinese children. Developmental Cognitive Neuroscience, 2022, 54, 101098.	4.0	0
6	Implicit theories of the human mind predict competitive and cooperative responses to AI robots. Computers in Human Behavior, 2022, 134, 107300.	8.5	11
7	The societal relevance of communities in the <scp>COVID</scp>â€19 era. Journal of Community and Applied Social Psychology, 2022, 32, 351-357.	2.4	1
8	Turning a blind eye: Meritocracy moderates the impacts of social status on corruption perception. International Journal of Psychology, 2021, 56, 688-697.	2.8	7
9	Improving Orthographic Awareness and Reading Fluency in Chinese Children with Dyslexia: A Case Study. Reading and Writing Quarterly, 2021, 37, 1-16.	1.4	5
10	Robots are friends as well as foes: Ambivalent attitudes toward mindful and mindless AI robots in the United States and China. Computers in Human Behavior, 2021, 115, 106612.	8.5	48
11	War Against COVIDâ€19: How Is National Identification Linked With the Adoption of Diseaseâ€Preventive Behaviors in China and the United States?. Political Psychology, 2021, 42, 767-793.	3.6	18
12	Not-so-straightforward links between believing in COVID-19-related conspiracy theories and engaging in disease-preventive behaviours. Humanities and Social Sciences Communications, 2021, 8, .	2.9	19
13	Individual differences in representational similarity of first and second languages in the bilingual brain. Human Brain Mapping, 2021, 42, 5433-5445.	3.6	10
14	Does competence or morality mainly drive self-esteem? It depends on general system justification. Journal of Experimental Social Psychology, 2021, 97, 104207.	2.2	4
15	How does narcissism influence corruption? The moderating role of boredom. Personality and Individual Differences, 2021, 183, 111149.	2.9	8
16	The moderating effect of general system justification on the relationship between unethical behavior and self-esteem. Self and Identity, 2020, 19, 140-163.	1.6	6
17	Does power corrupt? The moderating effect of status. International Journal of Psychology, 2020, 55, 499-508.	2.8	5
18	Tracking and Analyzing Public Emotion Evolutions During COVID-19: A Case Study from the Event-Driven Perspective on Microblogs. International Journal of Environmental Research and Public Health, 2020, 17, 6888.	2.6	17

#	ARTICLE	IF	CITATIONS
19	How to be “groupy” matters: Groups with shared traits and shared goals engender distinct patterns of social judgments. <i>Group Processes and Intergroup Relations</i> , 2020, , 136843022094229.	3.9	6
20	When peer norms work? Coherent groups facilitate normative influences on cyber aggression. <i>Aggressive Behavior</i> , 2020, 46, 559-569.	2.4	10
21	Physical segregation impedes psychological integration: scene inconsistency increases prejudice against minority groups. <i>Current Psychology</i> , 2020, , 1.	2.8	0
22	Neural representational similarity between L1 and L2 in spoken and written language processing. <i>Human Brain Mapping</i> , 2020, 41, 4935-4951.	3.6	8
23	Intrinsic Cerebro-Cerebellar Functional Connectivity Reveals the Function of Cerebellum VI in Reading-Related Skills. <i>Frontiers in Psychology</i> , 2020, 11, 420.	2.1	11
24	Disrupted Subcortical-Cortical Connections in a Phonological but Not Semantic Task in Chinese Children With Dyslexia. <i>Frontiers in Human Neuroscience</i> , 2020, 14, 611008.	2.0	1
25	Leaving an attacked group: Authoritative criticism decreases ingroup favoritism. <i>Journal of Pacific Rim Psychology</i> , 2019, 13, e7.	1.7	5
26	Benefits of a Highly Entitative Class for Adolescents’ Psychological Well-Being in School. <i>School Mental Health</i> , 2019, 11, 766-776.	2.1	9
27	First and Second Language Reading Difficulty Among Chinese-English Bilingual Children: The Prevalence and Influences From Demographic Characteristics. <i>Frontiers in Psychology</i> , 2019, 10, 2544.	2.1	6
28	Open or close the door to the outgroup? Diversity beliefs moderate the impact of group boundary permeability on attitudes toward the outgroup. <i>International Journal of Psychology</i> , 2019, 54, 712-721.	2.8	4
29	Letter-sound integration in native Chinese speakers learning English: Brain fails in automatic responses but succeeds with more attention. <i>Cognitive Neuroscience</i> , 2019, 10, 100-116.	1.4	6
30	A clean self reduces bribery intent. <i>International Journal of Psychology</i> , 2019, 54, 247-255.	2.8	2
31	Relationship between collectivism and corruption in American and Chinese books: A historical perspective. <i>International Journal of Psychology</i> , 2019, 54, 180-187.	2.8	2
32	“Groupy” Allies Are More Beneficial While “Groupy” Enemies Are More Harmful. <i>Social Psychological and Personality Science</i> , 2018, 9, 925-934.	3.9	4
33	Polarization and positivity effects: Divergent roles of group entitativity in warmth and competence judgments. <i>Journal of Experimental Social Psychology</i> , 2018, 74, 74-84.	2.2	11
34	Differences between child and adult large-scale functional brain networks for reading tasks. <i>Human Brain Mapping</i> , 2018, 39, 662-679.	3.6	39
35	Do Chinese Traditional and Modern Cultures Affect Young Adults’ Moral Priorities?. <i>Frontiers in Psychology</i> , 2018, 9, 1799.	2.1	24
36	Life Satisfaction as a Buffer of the Relationship Between Corruption Perception and Political Participation. <i>Social Indicators Research</i> , 2017, 132, 907-923.	2.7	23

#	ARTICLE	IF	CITATIONS
37	Working for the Hierarchical System: The Role of Meritocratic Ideology in the Endorsement of Corruption. <i>Political Psychology</i> , 2017, 38, 469-479.	3.6	26
38	How does first language (L1) influence second language (L2) reading in the brain? Evidence from Korean-English and Chinese-English bilinguals. <i>Brain and Language</i> , 2017, 171, 1-13.	1.6	40
39	The moderating effect of dispositional mindfulness on the relationship between materialism and mental health. <i>Personality and Individual Differences</i> , 2017, 107, 131-136.	2.9	33
40	Dynamic spatial organization of the occipito-temporal word form area for second language processing. <i>Neuropsychologia</i> , 2017, 103, 20-28.	1.6	18
41	Effects of intergroup exclusion on individual needs threat and behavior tendencies. <i>Scandinavian Journal of Psychology</i> , 2017, 58, 429-435.	1.5	2
42	Dyslexic Children Show Atypical Cerebellar Activation and Cerebro-Cerebellar Functional Connectivity in Orthographic and Phonological Processing. <i>Cerebellum</i> , 2017, 16, 496-507.	2.5	40
43	Expected Hierarchical Integration Reduces Perceptions of a Low Status Group as Less Competent than a High Status Group While Maintaining the Same Level of Perception of Warmth. <i>Frontiers in Psychology</i> , 2017, 7, 2068.	2.1	3
44	Dual Identity and Prejudice: The Moderating Role of Group Boundary Permeability. <i>Frontiers in Psychology</i> , 2017, 8, 195.	2.1	5
45	Cultural difference and cultural change in internet data. <i>Advances in Psychological Science</i> , 2017, 25, 1045.	0.3	2
46	The Effect of Self-Esteem on Corrupt Intention: The Mediating Role of Materialism. <i>Frontiers in Psychology</i> , 2016, 7, 1063.	2.1	23
47	The Effects of General System Justification on Corruption Perception and Intent. <i>Frontiers in Psychology</i> , 2016, 7, 1107.	2.1	27
48	Polluted Air Increases Perceived Corruption. <i>Journal of Pacific Rim Psychology</i> , 2016, 10, e13.	1.7	16
49	International support for the Arab uprisings: Understanding sympathetic collective action using theories of social dominance and social identity. <i>Group Processes and Intergroup Relations</i> , 2016, 19, 6-26.	3.9	45
50	How does language distance between L1 and L2 affect the L2 brain network? An fMRI study of Korean-Chinese-English trilinguals. <i>NeuroImage</i> , 2016, 129, 25-39.	4.2	74
51	The Dampening Effect of Social Dominance Orientation on Awareness of Corruption: Moral Outrage as a Mediator. <i>Social Indicators Research</i> , 2016, 125, 89-102.	2.7	26
52	Effects of social dominance orientation and right-wing authoritarianism on corrupt intention: The role of moral outrage. <i>International Journal of Psychology</i> , 2016, 51, 213-219.	2.8	24
53	The dynamic nature of assimilation and accommodation procedures in the brains of Chinese-English and English-Chinese bilinguals. <i>Human Brain Mapping</i> , 2015, 36, 4144-4157.	3.6	21
54	Towards a Three-Component Model of Fan Loyalty: A Case Study of Chinese Youth. <i>PLoS ONE</i> , 2015, 10, e0124312.	2.5	3

#	ARTICLE	IF	CITATIONS
55	The importance of gender and affect in the socialization of adolescents' beliefs about benevolent authority: Evidence from Chinese indigenous psychology. <i>Asian Journal of Social Psychology</i> , 2015, 18, 101-114.	2.1	13
56	Walking the Straight and Narrow: The Moderating Effect of Evaluation Apprehension on the Relationship between Collectivism and Corruption. <i>PLoS ONE</i> , 2015, 10, e0123859.	2.5	10
57	The Relationship between Cultural Anxiety and Ethnic Essentialism: The Mediating Role of an Endorsement of Multicultural Ideology. <i>PLoS ONE</i> , 2015, 10, e0141875.	2.5	4
58	Attitudes Toward Arab Ascendance. <i>Psychological Science</i> , 2014, 25, 85-94.	3.3	17
59	Similarities and differences in brain activation and functional connectivity in first and second language reading: Evidence from Chinese learners of English. <i>Neuropsychologia</i> , 2014, 63, 275-284.	1.6	36
60	Recasting Stigma as a Dialogical Concept: A Case Study of Rural-to-Urban Migrants in China. <i>Journal of Community and Applied Social Psychology</i> , 2014, 24, 75-85.	2.4	16
61	The Effect of Group Boundary Permeability on Intergroup Prejudice: The Case of Rural-to-Urban Migrants in China. <i>Journal of Pacific Rim Psychology</i> , 2014, 8, 53-61.	1.7	10
62	The Effect of Belief in Free Will on Prejudice. <i>PLoS ONE</i> , 2014, 9, e91572.	2.5	23
63	Collectivism and Bribery. <i>Advances in Psychological Science</i> , 2014, 22, 1944.	0.3	0
64	Altered brain structure in Chinese dyslexic children. <i>Neuropsychologia</i> , 2013, 51, 1169-1176.	1.6	17
65	Chinese dyslexics show neural differences in morphological processing. <i>Developmental Cognitive Neuroscience</i> , 2013, 6, 40-50.	4.0	48
66	High Proficiency in a Second Language is Characterized by Greater Involvement of the First Language Network: Evidence from Chinese Learners of English. <i>Journal of Cognitive Neuroscience</i> , 2013, 25, 1649-1663.	2.3	70
67	Social Dominance in Context and in Individuals. <i>Social Psychological and Personality Science</i> , 2013, 4, 587-599.	3.9	180
68	Exploring the Cross-Cultural Generalizability and Scope of Morally Motivated Intolerance. <i>Social Psychological and Personality Science</i> , 2013, 4, 324-331.	3.9	20
69	The Entitativity of Social Group: Retrospect and Prospect. <i>Advances in Psychological Science</i> , 2013, 20, 1314-1321.	0.3	1
70	Evaluative Conditioning: the Role of Display Duration, Valence Intensity and Contingency Awareness. <i>Acta Psychologica Sinica</i> , 2013, 44, 614-624.	0.7	2
71	Perspective-taking: Concept, Manipulation and Its Impact on Intergroup Relations. <i>Advances in Psychological Science</i> , 2013, 20, 2079-2088.	0.3	1
72	Compatibility Effect of Approaching the Positive and Avoiding the Negative: Definition, Theories, and Research Paradigm. <i>Advances in Psychological Science</i> , 2013, 21, 1686-1695.	0.3	0

#	ARTICLE	IF	CITATIONS
73	Similar alterations in brain function for phonological and semantic processing to visual characters in Chinese dyslexia. <i>Neuropsychologia</i> , 2012, 50, 2224-2232.	1.6	48
74	Resting-State Functional Connectivity Patterns Predict Chinese Word Reading Competency. <i>PLoS ONE</i> , 2012, 7, e44848.	2.5	23
75	Discrimination against Rural-to-Urban Migrants: The Role of the Hukou System in China. <i>PLoS ONE</i> , 2012, 7, e46932.	2.5	89
76	The role of the ventral and dorsal pathways in reading Chinese characters and English words. <i>Brain and Language</i> , 2011, 119, 80-88.	1.6	39
77	Psychosocial ramifications of the 2008 Beijing Olympic Games. <i>Asian Journal of Social Psychology</i> , 2010, 13, 102-108.	2.1	7
78	Children with Reading Disability Show Brain Differences in Effective Connectivity for Visual, but Not Auditory Word Comprehension. <i>PLoS ONE</i> , 2010, 5, e13492.	2.5	24
79	Developmental differences of neurocognitive networks for phonological and semantic processing in Chinese word reading. <i>Human Brain Mapping</i> , 2009, 30, 797-809.	3.6	67
80	Modality- and Task-specific Brain Regions Involved in Chinese Lexical Processing. <i>Journal of Cognitive Neuroscience</i> , 2009, 21, 1473-1487.	2.3	45
81	To have and to be: towards the social representation of quality of life in China. <i>Journal of Community and Applied Social Psychology</i> , 2008, 18, 233-252.	2.4	10
82	<i>Yang</i> and <i>Yin</i> in Communication: Towards a Typology and Logic of Persuasion in China. <i>Diogenes</i> , 2008, 55, 120-132.	0.1	5
83	Quality of Life as a Social Representation in China: A Qualitative Study. <i>Social Indicators Research</i> , 2006, 75, 217-240.	2.7	33
84	Specialization of phonological and semantic processing in Chinese word reading. <i>Brain Research</i> , 2006, 1071, 197-207.	2.2	140
85	Sensitising Concept, Themata and Shareness: A Dialogical Perspective of Social Representations. <i>Journal for the Theory of Social Behaviour</i> , 2004, 34, 249-264.	1.2	61
86	Low personal control promotes bribery intention: Reciprocity beliefs as a mediator. <i>Current Psychology</i> , 0, , 1.	2.8	0
