#	Paper	IF	Citations
67	Exploring the ethics of global health research priority-setting. *BMC Medical Ethics*, **2018**, 19, 94	2.9	53
66	Linking international research to global health equity: the limited contribution of bioethics. *Bioethics*, **2013**, 27, 208-14	2	45
65	MHC class I allele frequencies in pigtail macaques of diverse origin. *Immunogenetics*, **2006**, 58, 995-1001	3.2	36
64	Exploitation and community engagement: can community advisory boards successfully assume a role minimising exploitation in international research?. *Developing World Bioethics*, **2015**, 15, 18-26	2.6	33
63	Community engagement in global health research that advances health equity. *Bioethics*, **2018**, 32, 454-463		30
62	A framework to link international clinical research to the promotion of justice in global health. *Bioethics*, **2014**, 28, 387-96	2	27
61	Virus-specific T-cell immunity correlates with control of GB virus B infection in marmosets. *Journal of Virology*, **2008**, 82, 3054-60	6.6	27
60	Health research systems: promoting health equity or economic competitiveness?. *Bulletin of the World Health Organization*, **2012**, 90, 55-62	8.2	25
59	Governance of Transnational Global Health Research Consortia and Health Equity. *American Journal of Bioethics*, **2016**, 16, 29-45	1.1	25
58	Towards deep inclusion for equity-oriented health research priority-setting: A working model. *Social Science and Medicine*, **2016**, 151, 215-24	5.1	24
57	The ethics of health systems research in low- and middle-income countries: a call to action. *Global Public Health*, **2014**, 9, 1008-22	3.5	22
56	Global justice and health systems research in low- and middle-income countries. *Journal of Law, Medicine and Ethics*, **2015**, 43, 143-61	1.2	21
55	Ancillary Care: From Theory to Practice in International Clinical Research. *Public Health Ethics*, **2013**, 6, 154-169	1.8	20
54	Solidarity and Community Engagement in Global Health Research. *American Journal of Bioethics*, **2020**, 20, 43-56	1.1	19
53	Ethics Considerations in Global Mobile Phone-Based Surveys of Noncommunicable Diseases: A Conceptual Exploration. *Journal of Medical Internet Research*, **2017**, 19, e110	7.6	18
52	Evaluating the capacity of theories of justice to serve as a justice framework for international clinical research. *American Journal of Bioethics*, **2012**, 12, 30-41	1.1	16
51	Towards inclusive priority-setting for global health research projects: recommendations for sharing power with communities. *Health Policy and Planning*, **2019**, 34, 346-357	3.4	15

50	Ethics of health policy and systems research: a scoping review of the literature. *Health Policy and Planning*, **2017**, 32, 890-910	3.4	14
49	Closing the translation gap for justice requirements in international research. *Journal of Medical Ethics*, **2012**, 38, 552-8	2.5	14
48	Designing research funding schemes to promote global health equity: An exploration of current practice in health systems research. *Developing World Bioethics*, **2018**, 18, 76-90	2.6	13
47	Applying a global justice lens to health systems research ethics: an initial exploration. *Kennedy Institute of Ethics Journal*, **2015**, 25, 35-66	1.1	13
46	Perspectives from South and East Asia on clinical and research ethics: a literature review. *Journal of Empirical Research on Human Research Ethics*, **2014**, 9, 52-67	1.6	13
45	Inclusion of Marginalized Groups and Communities in Global Health Research Priority-Setting. *Journal of Empirical Research on Human Research Ethics*, **2019**, 14, 169-181	1.6	12
44	Linking research to global health equity: the contribution of product development partnerships to access to medicines and research capacity building. *American Journal of Public Health*, **2013**, 103, 1968-78	5.1	12
43	ᚡThis is uncharted water for all of usᚡ challenges anticipated by hospital clinicians when voluntary assisted dying becomes legal in Victoria. *Australian Health Review*, **2020**, 44, 399-404	1.8	12
42	Constructing citizen engagement in health research priority-setting to attend to dynamics of power and difference. *Developing World Bioethics*, **2019**, 19, 45-60	2.6	12
41	Justice in international clinical research. *Developing World Bioethics*, **2011**, 11, 75-81	2.6	11
40	Fair Resource Allocation to Health Research: Priority Topics for Bioethics Scholarship. *Bioethics*, **2017**, 31, 454-466	2	9
39	Governance of global health research consortia: Sharing sovereignty and resources within Future Health Systems. *Social Science and Medicine*, **2017**, 174, 113-121	5.1	9
38	Linking international clinical research with stateless populations to justice in global health. *BMC Medical Ethics*, **2014**, 15, 49	2.9	9
37	Engagement as co-constructing knowledge: A moral necessity in public health research. *Bioethics*, **2019**, 33, 805-813	2	8
36	Reinterpreting Responsiveness for Health Systems Research in Low and Middle-Income Countries. *Bioethics*, **2015**, 29, 379-88	2	7
35	Developing a toolkit for engagement practice: sharing power with communities in priority-setting for global health research projects. *BMC Medical Ethics*, **2020**, 21, 21	2.9	7
34	Ethical responsibilities of health research funders to advance global health justice. *Global Public Health*, **2019**, 14, 80-90	3.5	7
33	Research Capacity Strengthening in Low- and Middle-Income Countries: Ethical Explorations. *Journal of Law, Medicine and Ethics*, **2017**, 45, 129-137	1.2	6

32	A comparison of justice frameworks for international research. *Journal of Medical Ethics*, **2015**, 41, 539-44	4.5	6
31	Justice: a key consideration in health policy and systems research ethics. *BMJ Global Health*, **2020**, 5, e001942	6.6	6
30	How can health systems research reach the worst-off? A conceptual exploration. *BMC Health Services Research*, **2016**, 16, 619	2.9	6
29	What is the role of consensus statements in a risk society?. *Journal of Risk Research*, **2020**, 23, 664-677	4.2	6
28	Too much safety? Safeguards and equal access in the context of voluntary assisted dying legislation. *BMC Medical Ethics*, **2020**, 21, 38	2.9	5
27	Mapping experiences and perspectives of equity in international health collaborations: a scoping review. *International Journal for Equity in Health*, **2021**, 20, 28	4.6	5
26	Research for Health Justice: an ethical framework linking global health research to health equity. *BMJ Global Health*, **2021**, 6,	6.6	5
25	Fogarty research ethics training programs in the Asia-Pacific: the merging of cultures. *Journal of Empirical Research on Human Research Ethics*, **2014**, 9, 68-79	1.6	3
24	Social Justice and the Ethical Goals of Community Engagement in Global Health Research. *Journal of Bioethical Inquiry*, **2019**, 16, 571-586	1.9	3
23	Priority Setting Is More Than Resource Allocation: Reflecting on the Content of Funders\Duties and Their Implications for Current Practice. *American Journal of Bioethics*, **2018**, 18, 27-30	1.1	3
22	Achieving inclusive research priority-setting: what do people with lived experience and the public think is essential?. *BMC Medical Ethics*, **2021**, 22, 117	2.9	3
21	Health incentive research and social justice: does the risk of long term harms to systematically disadvantaged groups bear consideration?. *Journal of Medical Ethics*, **2017**, 43, 150-156	2.5	2
20	Linking Participatory Action Research on Health Systems to Justice in Global Health: A Case Study of the Maternal and Neonatal Implementation for Equitable Health Systems Project in Rural Uganda. *Journal of Empirical Research on Human Research Ethics*, **2018**, 13, 74-87	1.6	2
19	Equitable data sharing in epidemics and pandemics. *BMC Medical Ethics*, **2021**, 22, 136	2.9	2
18	Sharing power in global health research: an ethical toolkit for designing priority-setting processes that meaningfully include communities. *International Journal for Equity in Health*, **2021**, 20, 127	4.6	2
17	Health Systems Research Consortia and the Promotion of Health Equity in Low and Middle-Income Countries. *Developing World Bioethics*, **2016**, 16, 148-157	2.6	2
16	Response to Open Peer Commentaries on "Governance of Transnational Global Health Research Consortia and Health Equity". *American Journal of Bioethics*, **2017**, 17, W4-W6	1.1	1
15	Justice and public participation in universal health coverage: when is tiered coverage unfair and who should decide?. *Asian Bioethics Review*, **2019**, 11, 5-19	3.4	1

#	Publication		
14	Linking the Governance of Research Consortia to Global Health Justice: A Case Study of Future Health Systems. *Journal of Law, Medicine and Ethics*, **2017**, 45, 664-681	1.2	1
13	Considering equity in global health collaborations: A qualitative study on experiences of equity. *PLoS ONE*, **2021**, 16, e0258286	3.7	1
12	What constitutes fair shared decision-making in global health research collaborations?. *Bioethics*, **2020**, 34, 984-993	2	1
11	Genomics governance: advancing justice, fairness and equity through the lens of the African communitarian ethic of Ubuntu. *Medicine, Health Care and Philosophy*, **2021**, 24, 377-388	2	1
10	Promoting equity through health systems research in low- and middle-income countries: Practices of researchers. *AJOB Empirical Bioethics*, **2016**, 7, 199-208	3	1
9	Overcoming structural barriers to sharing power with communities in global health research priority-setting: Lessons from the Participation for Local Action project in Karnataka, India.. *Global Public Health*, **2022**, 1-19	3.5	1
8	What should community organisations consider when deciding to partner with researchers? A critical reflection on the Zilla Budakattu Girijana Abhivrudhhi Sangha experience in Karnataka, India. *Health Research Policy and Systems*, **2020**, 18, 101	3.7	0
7	What Should Engagement in Health Research Look Like? Perspectives from People with Lived Experience, Members of the Public, and Engagement Managers.. *Cambridge Quarterly of Healthcare Ethics*, **2022**, 31, 263-274	0.9	0
6	Combatting neo-Colonialism in Health Research: What can Aboriginal Health Research Ethics and Global Health Research Ethics Teach Each Other?. *Journal of Empirical Research on Human Research Ethics*, **2021**, 15562646211058253	1.6	0
5	Community organisation-researcher partnerships: what concerns arise for community organisations and how can they be mitigated?. *Journal of Medical Ethics*, **2020**, 46, 693-699	2.5	
4	Research networks: US policy should not shape collaborations. *Nature*, **2012**, 486, 191	50.4	
3	Response to Open Peer Commentaries on "Solidarity and Community Engagement in Global Health Research". *American Journal of Bioethics*, **2020**, 20, W14-W16	1.1	
2	What are Important Ways of Sharing Power in Health Research Priority Setting? Perspectives From People With Lived Experience and Members of the Public. *Journal of Empirical Research on Human Research Ethics*, **2021**, 16, 200-211	1.6	
1	If Research Is a Pillar of Health System Development, Why Only Focus on Clinical Trials?. *American Journal of Bioethics*, **2016**, 16, 14-7	1.1
