#	Paper	IF	Citations
44	Evidence for a curvilinear relationship between sympathetic nervous system activation and women's physiological sexual arousal. <i>Psychophysiology</i> , 2012 , 49, 111-7	4.1	52
43	Exercise improves sexual function in women taking antidepressants: results from a randomized crossover trial. <i>Depression and Anxiety</i> , 2014 , 31, 188-95	8.4	50
42	Antidepressant-Induced Female Sexual Dysfunction. <i>Mayo Clinic Proceedings</i> , 2016 , 91, 1280-6	6.4	50
41	Acute exercise improves physical sexual arousal in women taking antidepressants. <i>Annals of Behavioral Medicine</i> , 2012 , 43, 352-61	4.5	45
40	Effects of expressive writing on sexual dysfunction, depression, and PTSD in women with a history of childhood sexual abuse: results from a randomized clinical trial. <i>Journal of Sexual Medicine</i> , 2013 , 10, 2177-89	1.1	41
39	Links among inflammation, sexual activity and ovulation: Evolutionary trade-offs and clinical implications. <i>Evolution, Medicine and Public Health</i> , 2015 , 2015, 304-24	3	25
38	Sexual activity modulates shifts in TH1/TH2 cytokine profile across the menstrual cycle: an observational study. <i>Fertility and Sterility</i> , 2015 , 104, 1513-21.e1-4	4.8	23
37	Interactions of sexual activity, gender, and depression with immunity. <i>Journal of Sexual Medicine</i> , 2014 , 11, 966-979	1.1	17
36	Partnered sexual activity moderates menstrual cycle-related changes in inflammation markers in healthy women: an exploratory observational study. <i>Fertility and Sterility</i> , 2017 , 107, 763-773.e3	4.8	16
35	Interaction of menstrual cycle phase and sexual activity predicts mucosal and systemic humoral immunity in healthy women. <i>Physiology and Behavior</i> , 2015 , 152, 92-8	3.5	16
34	Relationship satisfaction predicts sexual activity following risk-reducing salpingo-oophorectomy. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 2014 , 35, 62-8	3.6	15
33	Associations among childhood sexual abuse, language use, and adult sexual functioning and satisfaction. <i>Child Abuse and Neglect</i> , 2012 , 36, 190-9	4.3	14
32	Physiological stress responses predict sexual functioning and satisfaction differently in women who have and have not been sexually abused in childhood. <i>Psychological Trauma: Theory, Research, Practice, and Policy</i> , 2013 , 5, 350-358	7.8	14
31	Sudden Gains During Patient-Directed Expressive Writing Treatment Predicts Depression Reduction in Women with History of Childhood Sexual Abuse: Results from a Randomized Clinical Trial. <i>Cognitive Therapy and Research</i> , 2013 , 37, 690-696	2.7	11
30	Interactions Among Sexual Activity, Menstrual Cycle Phase, and Immune Function in Healthy Women. <i>Journal of Sex Research</i> , 2018 , 55, 1087-1095	4	11
29	Testosterone and immune-reproductive tradeoffs in healthy women. <i>Hormones and Behavior</i> , 2017 , 88, 122-130	3.7	10
28	Changes in Autonomic Nervous System Activity are Associated with Changes in Sexual Function in Women with a History of Childhood Sexual Abuse. <i>Journal of Sexual Medicine</i> , 2015 , 12, 1545-54	1.1	10

27	Antidepressant Use During Development May Impair Women's Sexual Desire in Adulthood. <i>Journal of Sexual Medicine</i> , 2020 , 17, 470-476	1.1	7
26	The impact of heteronormative ideals imposition on sexual orientation questioning distress.. <i>Psychology of Sexual Orientation and Gender Diversity</i> , 2020 , 7, 91-100	3.9	7
25	Neural correlates of emotion processing comparing antidepressants and exogenous oxytocin in postpartum depressed women: An exploratory study. <i>PLoS ONE</i> , 2019 , 14, e0217764	3.7	6
24	Brief Report: Sexual Wellbeing in Heterosexual, Mostly Heterosexual, and Bisexually Attracted Men and Women. <i>International Journal of Sexual Health</i> , 2019 , 31, 339-349	2	6
23	Variance in Mood Symptoms Across Menstrual Cycles: Implications for Premenstrual Dysphoric Disorder. <i>Women's Reproductive Health</i> , 2017 , 4, 77-88	1	6
22	A Close and Supportive Interparental Bond During Pregnancy Predicts Greater Decline in Sexual Activity From Pregnancy to Postpartum: Applying an Evolutionary Perspective. <i>Frontiers in Psychology</i> , 2019 , 10, 2974	3.4	5
21	Physiological predictors of leptin vary during menses and ovulation in healthy women. <i>Reproductive Biology</i> , 2018 , 18, 132-136	2.3	5
20	The Sexual Objectification and Alcohol Use Link: The Mediating Roles of Self-Objectification, Enjoyment of Sexualization, Body Shame, and Drinking Motives. <i>Sex Roles</i> , 2021 , 85, 190-204	3.1	5
19	Response to Sakaluk (2020): Let's Get Serious About Including Qualitative Researchers in the Open Science Conversation. <i>Archives of Sexual Behavior</i> , 2020 , 49, 2761-2763	3.5	4
18	Genital vibration for sexual function and enhancement: best practice recommendations for choosing and safely using a vibrator. <i>Sexual and Relationship Therapy</i> , 2018 , 33, 275-285	1.1	4
17	Interactions between inflammation and female sexual desire and arousal function. <i>Current Sexual Health Reports</i> , 2019 , 11, 287-299	1.2	4
16	Genital vibration for sexual function and enhancement: a review of evidence. <i>Sexual and Relationship Therapy</i> , 2018 , 33, 263-274	1.1	3
15	Relying on an "Other" Category Leads to Significant Misclassification of Sexual Minority Participants. <i>LGBT Health</i> , 2021 , 8, 372-377	4.9	3
14	Salivary Afternoon Cortisol and Relationship Status in Healthy Women with Regular Menstrual Cycles. <i>Women's Reproductive Health</i> , 2018 , 5, 170-182	1	3
13	Presence of young children at home may moderate development of hot flashes during the menopausal transition. <i>Menopause</i> , 2015 , 22, 448-52	2.5	2
12	Sexual excitation and sex-linked substance use predict overall cannabis use in mostly heterosexual and bisexual women. <i>American Journal of Drug and Alcohol Abuse</i> , 2021 , 47, 433-443	3.7	2
11	Predictors and impact of psychotherapy side effects in young adults. <i>Counselling and Psychotherapy Research</i> , 2021 , 21, 237-243	1.3	2
10	On Methods and Marshmallows: A Roadmap for Science That Is Openly Feminist and Radically Open. <i>Psychology of Women Quarterly</i> , 036168432110326	3.2	2

9	Mind-body-spirit model for the medical management of female sexual well-being. <i>Current Sexual Health Reports</i> , 2020 , 12, 389-397	1.2	1
8	Putative Mental, Physical, and Social Mechanisms of Hormonal Influences on Postpartum Sexuality. <i>Current Sexual Health Reports</i> , 1	1.2	1
7	Four Additional Questions for the Preparation Hypothesis. <i>Archives of Sexual Behavior</i> , 2020 , 1	3.5	1
6	Communication changes the effects of sexual pain on sexual frequency in the pregnancy to postpartum transition. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 2020 , 1-8	3.6	1
5	Formal and informal sources of sexual information predict women's sexual self-schema. <i>Canadian Journal of Human Sexuality</i> , 2021 , 30, 1-14	0.9	1
4	Inflammation predicts sexual arousability in healthy women. <i>Comprehensive Psychoneuroendocrinology</i> , 2021 , 8, 100086	1.1	0
3	Autonomic, endocrine, and psychological stress responses to different forms of blood draw. <i>PLoS ONE</i> , 2021 , 16, e0257110	3.7	0
2	Relational and Trait Factors Mediate the Associations between Women's Intoxication-Related Unwanted Sexual Experiences, Pleasure, and Desire.. <i>Journal of Sex Research</i> , 2022 , 1-17	4	0
1	Encyclopedia of Sexuality and Gender 2019 , 1-8
