

List of Publications by Citations

Source: <https://exaly.com/author-pdf/4870356/james-d-lock-publications-by-citations.pdf>
Version: 2024-04-10

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

184 papers	6,286 citations	46 h-index	73 g-index
207 ext. papers	7,424 ext. citations	4.3 avg, IF	6.3 L-index

#	Paper	IF	Citations
184	Randomized clinical trial comparing family-based treatment with adolescent-focused individual therapy for adolescents with anorexia nervosa. <i>Archives of General Psychiatry</i> , 2010 , 67, 1025-32		543
183	A comparison of short- and long-term family therapy for adolescent anorexia nervosa. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2005 , 44, 632-9	7.2	318
182	Comparison of 2 family therapies for adolescent anorexia nervosa: a randomized parallel trial. <i>JAMA Psychiatry</i> , 2014 , 71, 1279-86	14.5	165
181	An Update on Evidence-Based Psychosocial Treatments for Eating Disorders in Children and Adolescents. <i>Journal of Clinical Child and Adolescent Psychology</i> , 2015 , 44, 707-21	5.4	152
180	What is recovery in adolescent anorexia nervosa?. <i>International Journal of Eating Disorders</i> , 2006 , 39, 550-5	6.3	151
179	Moderators and mediators of remission in family-based treatment and adolescent focused therapy for anorexia nervosa. <i>Behaviour Research and Therapy</i> , 2012 , 50, 85-92	5.2	149
178	Academy for Eating Disorders position paper: the role of the family in eating disorders. <i>International Journal of Eating Disorders</i> , 2010 , 43, 1-5	6.3	144
177	Comparison of long-term outcomes in adolescents with anorexia nervosa treated with family therapy. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2006 , 45, 666-672	7.2	134
176	Children and adolescents with eating disorders: the state of the art. <i>Pediatrics</i> , 2003 , 111, e98-108	7.4	122
175	Aberrant brain activation during a response inhibition task in adolescent eating disorder subtypes. <i>American Journal of Psychiatry</i> , 2011 , 168, 55-64	11.9	120
174	Early weight gain predicts outcome in two treatments for adolescent anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2014 , 47, 124-9	6.3	117
173	Predictors of dropout and remission in family therapy for adolescent anorexia nervosa in a randomized clinical trial. <i>International Journal of Eating Disorders</i> , 2006 , 39, 639-47	6.3	115
172	Randomized Clinical Trial of Family-Based Treatment and Cognitive-Behavioral Therapy for Adolescent Bulimia Nervosa. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2015 , 54, 886-94.e2	7.2	103
171	What is remission in adolescent anorexia nervosa? A review of various conceptualizations and quantitative analysis. <i>International Journal of Eating Disorders</i> , 2006 , 39, 175-83	6.3	101
170	Role of therapeutic alliance in family therapy for adolescent anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2006 , 39, 677-84	6.3	94
169	How do children with eating disorders differ from adolescents with eating disorders at initial evaluation?. <i>Journal of Adolescent Health</i> , 2006 , 39, 800-5	5.8	92
168	A review of attention biases in women with eating disorders. <i>Cognition and Emotion</i> , 2013 , 27, 820-38	2.3	87

167	Are diagnostic criteria for eating disorders markers of medical severity?. <i>Pediatrics</i> , 2010 , 125, e1193-2017.4	7.4	85
166	Family-based treatment of eating disorders. <i>International Journal of Eating Disorders</i> , 2005 , 37 Suppl, S64-7; discussion S87-9	6.3	85
165	The Eating Disorders Examination in adolescent males with anorexia nervosa: how does it compare to adolescent females?. <i>International Journal of Eating Disorders</i> , 2012 , 45, 110-4	6.3	82
164	Can adaptive treatment improve outcomes in family-based therapy for adolescents with anorexia nervosa? Feasibility and treatment effects of a multi-site treatment study. <i>Behaviour Research and Therapy</i> , 2015 , 73, 90-5	5.2	80
163	Denial and minimization in adolescents with anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2006 , 39, 212-6	6.3	79
162	The dearth of psychological treatment studies for anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2005 , 37, 79-91	6.3	78
161	Family-based treatment with transition age youth with anorexia nervosa: a qualitative summary of application in clinical practice. <i>Journal of Eating Disorders</i> , 2015 , 3, 1	4.1	77
160	Development of a smartphone application for eating disorder self-monitoring. <i>International Journal of Eating Disorders</i> , 2015 , 48, 972-82	6.3	76
159	Practice parameter for the assessment and treatment of children and adolescents with eating disorders. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2015 , 54, 412-25	7.2	72
158	Open trial of family-based treatment for full and partial anorexia nervosa in adolescence: evidence of successful dissemination. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2007 , 46, 792-800	7.2	71
157	Is outpatient cognitive remediation therapy feasible to use in randomized clinical trials for anorexia nervosa?. <i>International Journal of Eating Disorders</i> , 2013 , 46, 567-75	6.3	68
156	Assessment of eating disorders in adolescents with anorexia nervosa: self-report questionnaire versus interview. <i>International Journal of Eating Disorders</i> , 2003 , 33, 45-54	6.3	68
155	Relapse from remission at two- to four-year follow-up in two treatments for adolescent anorexia nervosa. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2014 , 53, 1162-7	7.2	63
154	Is weight gain really a catalyst for broader recovery?: The impact of weight gain on psychological symptoms in the treatment of adolescent anorexia nervosa. <i>Behaviour Research and Therapy</i> , 2014 , 56, 1-6	5.2	61
153	Family-based treatment for adolescents with anorexia nervosa: a dissemination study. <i>Eating Disorders</i> , 2010 , 18, 199-209	3.9	61
152	Family-based treatment: Where are we and where should we be going to improve recovery in child and adolescent eating disorders. <i>International Journal of Eating Disorders</i> , 2019 , 52, 481-487	6.3	58
151	Do end of treatment assessments predict outcome at follow-up in eating disorders?. <i>International Journal of Eating Disorders</i> , 2013 , 46, 771-8	6.3	57
150	Predictors and moderators of outcome in family-based treatment for adolescent bulimia nervosa. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2008 , 47, 464-470	7.2	57

149	Evaluation of family treatment models for eating disorders. <i>Current Opinion in Psychiatry</i> , 2011 , 24, 274-9	4.9	56
148	A Review of the Medical Consequences of Homophobia with Suggestions for Resolution. <i>Journal of the Gay and Lesbian Medical Association</i> , 1997 , 1, 25-39		56
147	Family-based treatment via videoconference: Clinical recommendations for treatment providers during COVID-19 and beyond. <i>International Journal of Eating Disorders</i> , 2020 , 53, 1142-1154	6.3	54
146	Parental expressed emotion of adolescents with anorexia nervosa: outcome in family-based treatment. <i>International Journal of Eating Disorders</i> , 2011 , 44, 731-4	6.3	53
145	Expressed Emotion, Family Functioning, and Treatment Outcome for Adolescents with Anorexia Nervosa. <i>European Eating Disorders Review</i> , 2016 , 24, 43-51	5.3	53
144	Is manualized family-based treatment for adolescent anorexia nervosa acceptable to patients? Patient satisfaction at the end of treatment. <i>Journal of Family Therapy</i> , 2004 , 26, 66-82	2.9	51
143	Adjusting cognitive behavior therapy for adolescents with bulimia nervosa: results of case series. <i>American Journal of Psychotherapy</i> , 2005 , 59, 267-81	1.3	47
142	Factor structure of the Eating Disorder Examination Questionnaire (EDE-Q) in male and female college athletes. <i>Body Image</i> , 2013 , 10, 399-405	7.4	46
141	An exploratory examination of patient and parental self-efficacy as predictors of weight gain in adolescents with anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2015 , 48, 883-8	6.3	46
140	Dialectical Behavior Therapy Modified for Adolescent Binge Eating Disorder: A Case Report. <i>Cognitive and Behavioral Practice</i> , 2007 , 14, 157-167	2.3	46
139	Is family therapy useful for treating children with anorexia nervosa? Results of a case series. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2006 , 45, 1323-1328	7.2	46
138	Family-based therapy for adolescents with bulimia nervosa. <i>American Journal of Psychotherapy</i> , 2003 , 57, 237-51	1.3	44
137	What predicts maintenance of weight for adolescents medically hospitalized for anorexia nervosa?. <i>Eating Disorders</i> , 2003 , 11, 1-7	3.9	43
136	Set-shifting among adolescents with anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2012 , 45, 909-12	6.3	41
135	Costs of remission and recovery using family therapy for adolescent anorexia nervosa: a descriptive report. <i>Eating Disorders</i> , 2008 , 16, 322-30	3.9	40
134	Associated health risks of adolescents with disordered eating: how different are they from their peers? Results from a high school survey. <i>Child Psychiatry and Human Development</i> , 2001 , 31, 249-65	3.3	40
133	Adolescent Focused Psychotherapy for Adolescents with Anorexia Nervosa. <i>Journal of Contemporary Psychotherapy</i> , 2010 , 40, 31-39	2.3	38
132	Transdiagnostic Theory and Application of Family-Based Treatment for Youth with Eating Disorders. <i>Cognitive and Behavioral Practice</i> , 2012 , 19, 17-30	2.3	33

131	Cognitive remediation therapy for eating disorders: development, refinement and future directions. <i>Current Topics in Behavioral Neurosciences</i> , 2011 , 6, 269-87	3.4	33
130	Family functioning in two treatments for adolescent anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2015 , 48, 81-90	6.3	32
129	Treatment of Adolescent Eating Disorders: Progress and Challenges 2010 , 51, 207-216		31
128	Challenges in conducting a multi-site randomized clinical trial comparing treatments for adolescent anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2012 , 45, 202-13	6.3	30
127	Treating adolescents with eating disorders in the family context. Empirical and theoretical considerations. <i>Child and Adolescent Psychiatric Clinics of North America</i> , 2002 , 11, 331-42	3.3	29
126	Anorexia nervosa in Asian-American adolescents: do they differ from their non-Asian peers. <i>International Journal of Eating Disorders</i> , 2007 , 40, 227-31	6.3	28
125	The role of the pediatrician in family-based treatment for adolescent eating disorders: opportunities and challenges. <i>Journal of Adolescent Health</i> , 2013 , 53, 433-40	5.8	27
124	Feasibility Study Combining Art Therapy or Cognitive Remediation Therapy with Family-based Treatment for Adolescent Anorexia Nervosa. <i>European Eating Disorders Review</i> , 2018 , 26, 62-68	5.3	26
123	Therapeutic alliance in two treatments for adolescent anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2013 , 46, 34-8	6.3	25
122	Family-based Treatment of Child and Adolescent Eating Disorders. <i>Child and Adolescent Psychiatric Clinics of North America</i> , 2015 , 24, 617-29	3.3	24
121	Effective interventions for adolescents with anorexia nervosa. <i>Journal of Mental Health</i> , 2005 , 14, 599-610	10.7	24
120	Applying family-based treatment (FBT) to three clinical presentations of avoidant/restrictive food intake disorder: Similarities and differences from FBT for anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2019 , 52, 439-446	6.3	24
119	Assessing guilt in adolescents with anorexia nervosa. <i>American Journal of Psychotherapy</i> , 2002 , 56, 378-90	10.3	23
118	Parental guided self-help family based treatment for adolescents with anorexia nervosa: A feasibility study. <i>International Journal of Eating Disorders</i> , 2017 , 50, 1104-1108	6.3	22
117	The effect of driven exercise on treatment outcomes for adolescents with anorexia and bulimia nervosa. <i>International Journal of Eating Disorders</i> , 2015 , 48, 392-6	6.3	22
116	How Clinical Pathways Can Be Useful: An Example of a Clinical Pathway for the Treatment of Anorexia Nervosa in Adolescents. <i>Clinical Child Psychology and Psychiatry</i> , 1999 , 4, 331-340	2	22
115	Parent-therapist alliance in Family-Based Treatment for adolescents with anorexia nervosa. <i>European Eating Disorders Review</i> , 2014 , 22, 53-8	5.3	21
114	Predicting clinical outcome using brain activation associated with set-shifting and central coherence skills in Anorexia Nervosa. <i>Journal of Psychiatric Research</i> , 2014 , 57, 26-33	5.2	21

113	Feasibility, acceptability, and effectiveness of family-based treatment for adolescent anorexia nervosa: an observational study conducted in Brazil. <i>Revista Brasileira De Psiquiatria</i> , 2010 , 32, 169-72	2.6	21
112	A review of medication use for children and adolescents with eating disorders. <i>Journal of the Canadian Academy of Child and Adolescent Psychiatry</i> , 2007 , 16, 173-6	0.7	21
111	Some aspects of medical hermeneutics: the role of dialectic and narrative. <i>Theoretical Medicine and Bioethics</i> , 1990 , 11, 41-9		20
110	Decreasing body dissatisfaction using a brief conditioning intervention. <i>Behaviour Research and Therapy</i> , 2015 , 69, 93-9	5.2	19
109	Does family-based treatment reduce the need for hospitalization in adolescent anorexia nervosa?. <i>International Journal of Eating Disorders</i> , 2016 , 49, 891-4	6.3	19
108	Do in-vivo behaviors predict early response in family-based treatment for anorexia nervosa?. <i>Behaviour Research and Therapy</i> , 2013 , 51, 762-6	5.2	19
107	Family-based early intervention for anorexia nervosa. <i>European Eating Disorders Review</i> , 2012 , 20, e137-43	4.3	19
106	Telehealth transition in a comprehensive care unit for eating disorders: Challenges and long-term benefits. <i>International Journal of Eating Disorders</i> , 2020 , 53, 1774-1779	6.3	19
105	Development and evaluation of a treatment fidelity instrument for family-based treatment of adolescent anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2015 , 48, 91-9	6.3	18
104	Cognitive-behavioral therapy for adolescents with binge eating syndromes: a case series. <i>International Journal of Eating Disorders</i> , 2006 , 39, 252-5	6.3	18
103	Origins of homophobia in males. Psychosexual vulnerabilities and defense development. <i>American Journal of Psychotherapy</i> , 1998 , 52, 425-36	1.3	18
102	Family therapy for eating disorders in youth: current confusions, advances, and new directions. <i>Current Opinion in Psychiatry</i> , 2018 , 31, 431-435	4.9	18
101	Exploring possible mechanisms of change in family-based treatment for adolescent bulimia nervosa. <i>Journal of Family Therapy</i> , 2008 , 30, 260-271	2.9	17
100	Relationships Between Sexual Orientation and Coping Styles of Gay, Lesbian, and Bisexual Adolescents from a Community High School. <i>Journal of the Gay and Lesbian Medical Association</i> , 1999 , 3, 77-82		17
99	Are parental self-efficacy and family flexibility mediators of treatment for anorexia nervosa?. <i>International Journal of Eating Disorders</i> , 2018 , 51, 275-280	6.3	16
98	Outcomes of an inpatient refeeding protocol in youth with Anorexia Nervosa and atypical Anorexia Nervosa at Children's Hospitals and Clinics of Minnesota. <i>Journal of Eating Disorders</i> , 2016 , 4, 35	4.1	16
97	Suicidality in adolescents being treated with antidepressant medications and the black box label: position paper of the Society for Adolescent Medicine. <i>Journal of Adolescent Health</i> , 2005 , 36, 92-3	5.8	16
96	Child feeding perceptions among mothers with eating disorders. <i>Appetite</i> , 2015 , 95, 67-73	4.5	15

95	The importance of loss of control while eating in adolescents with purging disorder. <i>International Journal of Eating Disorders</i> , 2016 , 49, 801-4	6.3	15
94	Central coherence in adolescents with bulimia nervosa spectrum eating disorders. <i>International Journal of Eating Disorders</i> , 2015 , 48, 487-93	6.3	15
93	Is there a relationship between parental self-reported psychopathology and symptom severity in adolescents with anorexia nervosa?. <i>Eating Disorders</i> , 2009 , 17, 63-71	3.9	15
92	Advances in psychotherapy for children and adolescents with eating disorders. <i>American Journal of Psychotherapy</i> , 2009 , 63, 287-303	1.3	15
91	Violence and Sexual Minority Youth. <i>Journal of School Violence</i> , 2002 , 1, 77-89	2.5	15
90	Comparing a Tailored Self-Help Mobile App With a Standard Self-Monitoring App for the Treatment of Eating Disorder Symptoms: Randomized Controlled Trial. <i>JMIR Mental Health</i> , 2019 , 6, e14972	6	15
89	Family Profiles of Expressed Emotion in Adolescent Patients With Anorexia Nervosa and Their Parents. <i>Journal of Clinical Child and Adolescent Psychology</i> , 2017 , 46, 428-436	5.4	14
88	Updates on Treatments for Adolescent Anorexia Nervosa. <i>Child and Adolescent Psychiatric Clinics of North America</i> , 2019 , 28, 523-535	3.3	13
87	Parent-based prevention program for the children of mothers with eating disorders: Feasibility and preliminary outcomes. <i>Eating Disorders</i> , 2016 , 24, 312-25	3.9	13
86	Feasibility of conducting a randomized clinical trial using family-based treatment for avoidant/restrictive food intake disorder. <i>International Journal of Eating Disorders</i> , 2019 , 52, 746-751	6.3	12
85	Strategies for Reducing Homophobia During Medical Training. <i>Journal of the Gay and Lesbian Medical Association</i> , 1998 , 2, 167-174		12
84	Eating behavior and reasons for exercise among competitive collegiate male athletes. <i>Eating and Weight Disorders</i> , 2021 , 26, 75-83	3.6	12
83	Themes arising during implementation consultation with teams applying family-based treatment: a qualitative study. <i>Journal of Eating Disorders</i> , 2018 , 6, 32	4.1	12
82	Clinician perspective on parental empowerment in family-based treatment for adolescent anorexia nervosa. <i>Journal of Family Therapy</i> , 2017 , 39, 537-562	2.9	11
