#	ARTICLE	IF	CITATIONS
1	Strategies to Identify Patient Risks of Prescription Opioid Addiction When Initiating Opioids for Pain. JAMA Network Open, 2019, 2, e193365.	5.9	108
2	Treatment of stimulant use disorder: A systematic review of reviews. PLoS ONE, 2020, 15, e0234809.	2.5	104
3	Will This Hospitalized Patient Develop Severe Alcohol Withdrawal Syndrome?. JAMA - Journal of the American Medical Association, 2018, 320, 825.	7.4	68
4	Comparing Canadian and United States opioid agonist therapy policies. International Journal of Drug Policy, 2019, 74, 257-265.	3.3	50
5	Psychosocial interventions to reduce alcohol consumption in concurrent problem alcohol and illicit drug users. The Cochrane Library, 2014, , CD009269.	2.8	42
6	Slow release oral morphine versus methadone for the treatment of opioid use disorder. BMJ Open, 2019, 9, e025799.	1.9	38
7	Topiramate for cocaine dependence: a systematic review and meta-analysis of randomized controlled trials. Addiction, 2016, 111, 1337-1346.	3.3	36
8	Medication-assisted treatment for youth with opioid use disorder: Current dilemmas and remaining questions. American Journal of Drug and Alcohol Abuse, 2018, 44, 143-146.	2.1	36
9	Alcohol use in opioid agonist treatment. Addiction Science & Clinical Practice, 2016, 11, 17.	2.6	31
10	Retention in opioid agonist treatment: a rapid review and meta-analysis comparing observational studies and randomized controlled trials. Systematic Reviews, 2021, 10, 216.	5.3	31
11	Community first responders for out-of-hospital cardiac arrest in adults and children. The Cochrane Library, 2019, 2019, CD012764.	2.8	25
12	Problem alcohol use among problem drug users in primary care: a qualitative study of what patients think about screening and treatment. BMC Family Practice, 2013, 14, 98.	2.9	24
13	Psychosocial interventions to reduce alcohol consumption in concurrent problem alcohol and illicit drug users. The Cochrane Library, 2018, 2018, CD009269.	2.8	24
14	Psychosocial interventions to reduce alcohol consumption in concurrent problem alcohol and illicit drug users: Cochrane Reviewa. Systematic Reviews, 2013, 2, 3.	5.3	23
15	Impact of a Brief Addiction Medicine Training Experience on Knowledge Self-Assessment among Medical Learners. Substance Abuse, 2017, 38, 141-144.	2.3	23
16	Lacking evidence for the association between frequent urine drug screening and health outcomes of persons on opioid agonist therapy. International Journal of Drug Policy, 2019, 64, 30-33.	3.3	23
17	Psychosocial interventions to reduce alcohol consumption in concurrent problem alcohol and illicit drug users. , 2012, 11, CD009269.		21
18	Pain Management With Opioids in 2019-2020. JAMA - Journal of the American Medical Association, 2019, 322, 1912.	7.4	21

#	ARTICLE	IF	CITATIONS
19	Training in addiction medicine should be standardised and scaled up. <i>BMJ, The</i> , 2015, 351, h4027.	6.0	20
20	Core Addiction Medicine Competencies for Doctors: An International Consultation on Training. <i>Substance Abuse</i> , 2017, 38, 483-487.	2.3	20
21	Diagnosing opioid addiction in people with chronic pain. <i>BMJ: British Medical Journal</i> , 2018, 362, k3949.	2.3	17
22	Urban overdose hotspots: a 12-month prospective study in Dublin ambulance services. <i>American Journal of Emergency Medicine</i> , 2014, 32, 1168-1173.	1.6	15
23	Development and process evaluation of an educational intervention for overdose prevention and naloxone distribution by general practice trainees. <i>BMC Medical Education</i> , 2015, 15, 206.	2.4	15
24	Feasibility of alcohol screening among patients receiving opioid treatment in primary care. <i>BMC Family Practice</i> , 2016, 17, 153.	2.9	15
25	Psychosocial Interventions for Alcohol Use Among Problem Drug Users: Protocol for a Feasibility Study in Primary Care. <i>JMIR Research Protocols</i> , 2013, 2, e26.	1.0	15
26	Problem alcohol use among problem drug users: development and content of clinical guidelines for general practice. <i>Irish Journal of Medical Science</i> , 2014, 183, 89-101.	1.5	14
27	Two birds with one stone: experiences of combining clinical and research training in addiction medicine. <i>BMC Medical Education</i> , 2017, 17, 22.	2.4	14
28	Alcohol Screening among Opioid Agonist Patients in a Primary Care Clinic and an Opioid Treatment Program. <i>Journal of Psychoactive Drugs</i> , 2015, 47, 65-70.	1.7	13
29	A Case of Opioid Overdose and Subsequent Death After Medically Supervised Withdrawal: The Problematic Role of Rapid Tapers for Opioid Use Disorder. <i>Journal of Addiction Medicine</i> , 2018, 12, 80-83.	2.6	13
30	In-Hospital Training in Addiction Medicine: A Mixed-Methods Study of Health Care Provider Benefits and Differences. <i>Substance Abuse</i> , 2019, 40, 207-213.	2.3	13
31	Commentary on "The research translation problem: Alcohol screening and brief intervention in primary care" "Real world evidence supports theory". <i>Drugs: Education, Prevention and Policy</i> , 2012, 19, 88-90.	1.3	12
32	Development and process evaluation of an educational intervention to support primary care of problem alcohol among drug users. <i>Drugs and Alcohol Today</i> , 2014, 14, 76-86.	0.7	12
33	A Needs Assessment of the Number of Comprehensive Addiction Care Physicians Required in a Canadian Setting. <i>Journal of Addiction Medicine</i> , 2016, 10, 255-261.	2.6	12
34	Factors associated with discontinuation of methadone maintenance therapy (MMT) among persons who use alcohol in Vancouver, Canada. <i>Drug and Alcohol Dependence</i> , 2018, 186, 182-186.	3.2	12
35	Alcohol screening and brief intervention among drug users in primary care: a discussion paper. <i>Irish Journal of Medical Science</i> , 2012, 181, 165-170.	1.5	11
36	Psychosocial Interventions for Problem Alcohol Use in Primary Care Settings (PINTA): Baseline Feasibility Data. <i>Journal of Dual Diagnosis</i> , 2015, 11, 97-106.	1.2	11

#	ARTICLE	IF	CITATIONS
37	Opiate use disorders and overdose: Medical students' experiences, satisfaction with learning, and attitudes toward community naloxone provision. <i>Addictive Behaviors</i> , 2018, 86, 61-65.	3.0	11
38	The Impact of Enrolment in Methadone Maintenance Therapy on Initiation of Heavy Drinking among People Who Use Heroin. <i>European Addiction Research</i> , 2016, 22, 210-214.	2.4	10
39	Barriers and facilitators to implementing addiction medicine fellowships: a qualitative study with fellows, medical students, residents and preceptors. <i>Addiction Science & Clinical Practice</i> , 2017, 12, 21.	2.6	10
40	Opiate addiction and overdose: experiences, attitudes, and appetite for community naloxone provision. <i>British Journal of General Practice</i> , 2017, 67, e267-e273.	1.4	9
41	Using electronic medical records to determine prevalence and treatment of mental disorders in primary care: a database study. <i>Irish Journal of Psychological Medicine</i> , 2016, 33, 3-12.	1.0	8
42	Excellent reliability and validity of the Addiction Medicine Training Need Assessment Scale across four countries. <i>Journal of Substance Abuse Treatment</i> , 2019, 99, 61-66.	2.8	8
43	Closing the gap between training needs and training provision in addiction medicine. <i>BJPsych International</i> , 2020, 17, 37-39.	1.4	8
44	The prevalence of common mental and substance use disorders in general practice: a literature review and discussion paper. <i>Mental Health and Substance Use: Dual Diagnosis</i> , 2014, 7, 497-508.	0.5	7
45	Large Variation in Provincial Guidelines for Urine Drug Screening During Opioid Agonist Treatment in Canada. <i>Canadian Journal of Addiction</i> , 2018, 9, 6-9.	0.4	7
46	Primary Care - A key route for distribution of naloxone in the community. <i>International Journal of Drug Policy</i> , 2016, 38, 1-3.	3.3	6
47	Enhancing alcohol screening and brief intervention among people receiving opioid agonist treatment: qualitative study in primary care. <i>Drugs and Alcohol Today</i> , 2016, 16, 247-258.	0.7	6
48	Nursing Fellowship in Addiction Medicine. <i>Journal of Addictions Nursing</i> , 2017, 28, 148-149.	0.4	6
49	Eligibility for heroin-assisted treatment (HAT) among people who inject opioids and are living with HIV in a Canadian setting. <i>Addiction Science & Clinical Practice</i> , 2018, 13, 3.	2.6	6
50	Implementation of a regional quality improvement collaborative to improve care of people living with opioid use disorder in a Canadian setting. <i>BMC Health Services Research</i> , 2019, 19, 663.	2.2	6
51	Preliminary Results and Publication Impact of a Dedicated Addiction Clinician Scientist Research Fellowship. <i>Journal of Addiction Medicine</i> , 2017, 11, 80-81.	2.6	5
52	Individualized prescribing portraits to reduce inappropriate initiation of opioid analgesics to opioid naïve patients in primary care: Protocol for a randomized controlled trial. <i>Contemporary Clinical Trials</i> , 2021, 107, 106462.	1.8	5
53	Development and Evaluation of the Online Addiction Medicine Certificate: Free Novel Program in a Canadian Setting. <i>JMIR Medical Education</i> , 2019, 5, e12474.	2.6	5
54	Key performance indicators for mental health and substance use disorders: a literature review and discussion paper. <i>Mental Health and Substance Use: Dual Diagnosis</i> , 2014, 7, 407-419.	0.5	4
