#	ARTICLE	IF	CITATIONS
1	Impact of the international collaborative addiction medicine research fellowship on physicians'™ future engagement in addiction research. <i>Substance Abuse</i> , 2022, 43, 809-814.	2.3	0
2	Development and pilot evaluation of an educational session to support sparing opioid prescriptions to opioid naïve patients in a Canadian primary care setting. <i>Family Practice</i> , 2022, 39, 1024-1030.	1.9	2
3	Finding Primary Care'™ Repurposing Physician Registration Data to Generate a Regionally Accurate List of Primary Care Clinics: Development and Validation of an Open-Source Algorithm. <i>JMIR Formative Research</i> , 2022, 6, e34141.	1.4	1
4	Commentary on Jin <i>et al</i>. (2020): Expanding the impact of opioid agonist therapy for opioid use disorder'™ are there lessons from the HIV/AIDS response?. <i>Addiction</i> , 2021, 116, 429-430.	3.3	1
5	Educational Studies Examining Knowledge of Substance Use Disorders and Career Aspirations among Medical Trainees in an Inner-City Hospital. <i>Journal of Addiction Medicine</i> , 2021, Publish Ahead of Print, .	2.6	1
6	Modernizing Withdrawal Management Services. <i>Canadian Journal of Addiction</i> , 2021, 12, 33-38.	0.4	0
7	Individualized prescribing portraits to reduce inappropriate initiation of opioid analgesics to opioid naïve patients in primary care: Protocol for a randomized controlled trial. <i>Contemporary Clinical Trials</i> , 2021, 107, 106462.	1.8	5
8	Retention in opioid agonist treatment: a rapid review and meta-analysis comparing observational studies and randomized controlled trials. <i>Systematic Reviews</i> , 2021, 10, 216.	5.3	31
9	Towards a framework for implementing physician education in substance use disorders. , 2021, 1, 100001.		2
10	Community first responders for out-of-hospital cardiac arrest in adults and children. <i>Emergencias</i> , 2021, 33, 382-384.	0.6	0
11	Preliminary Results of Psychiatric Inpatients Referred to an Addiction Medicine Consult Service. <i>Journal of Addiction Medicine</i> , 2020, 14, 352-353.	2.6	2
12	Treatment of stimulant use disorder: A systematic review of reviews. <i>PLoS ONE</i> , 2020, 15, e0234809.	2.5	104
13	Closing the gap between training needs and training provision in addiction medicine. <i>BJPsych International</i> , 2020, 17, 37-39.	1.4	8
14	The role of medical students'™ training and community placement as a tool to enhance medical education in Canada. <i>Journal of Substance Use</i> , 2019, 24, 1-3.	0.7	3
15	Pain Management With Opioids in 2019-2020. <i>JAMA - Journal of the American Medical Association</i> , 2019, 322, 1912.	7.4	21
16	Implementation of a regional quality improvement collaborative to improve care of people living with opioid use disorder in a Canadian setting. <i>BMC Health Services Research</i> , 2019, 19, 663.	2.2	6
17	Strategies to Identify Patient Risks of Prescription Opioid Addiction When Initiating Opioids for Pain. <i>JAMA Network Open</i> , 2019, 2, e193365.	5.9	108
18	Slow release oral morphine versus methadone for the treatment of opioid use disorder. <i>BMJ Open</i> , 2019, 9, e025799.	1.9	38

#	ARTICLE	IF	CITATIONS
19	Comparing Canadian and United States opioid agonist therapy policies. <i>International Journal of Drug Policy</i> , 2019, 74, 257-265.	3.3	50
20	In-Hospital Training in Addiction Medicine: A Mixed-Methods Study of Health Care Provider Benefits and Differences. <i>Substance Abuse</i> , 2019, 40, 207-213.	2.3	13
21	Lacking evidence for the association between frequent urine drug screening and health outcomes of persons on opioid agonist therapy. <i>International Journal of Drug Policy</i> , 2019, 64, 30-33.	3.3	23
22	Excellent reliability and validity of the Addiction Medicine Training Need Assessment Scale across four countries. <i>Journal of Substance Abuse Treatment</i> , 2019, 99, 61-66.	2.8	8
23	Community first responders for out-of-hospital cardiac arrest in adults and children. <i>The Cochrane Library</i> , 2019, 2019, CD012764.	2.8	25
24	Development and Evaluation of the Online Addiction Medicine Certificate: Free Novel Program in a Canadian Setting. <i>JMIR Medical Education</i> , 2019, 5, e12474.	2.6	5
25	Medication-assisted treatment for youth with opioid use disorder: Current dilemmas and remaining questions. <i>American Journal of Drug and Alcohol Abuse</i> , 2018, 44, 143-146.	2.1	36
26	Opiate use disorders and overdose: Medical students' experiences, satisfaction with learning, and attitudes toward community naloxone provision. <i>Addictive Behaviors</i> , 2018, 86, 61-65.	3.0	11
27	Factors associated with discontinuation of methadone maintenance therapy (MMT) among persons who use alcohol in Vancouver, Canada. <i>Drug and Alcohol Dependence</i> , 2018, 186, 182-186.	3.2	12
28	Prevalence of Heavy Alcohol Use Among People Receiving Methadone Following Change to Methadose. <i>Substance Use and Misuse</i> , 2018, 53, 270-275.	1.4	3
29	A Case of Opioid Overdose and Subsequent Death After Medically Supervised Withdrawal: The Problematic Role of Rapid Tapers for Opioid Use Disorder. <i>Journal of Addiction Medicine</i> , 2018, 12, 80-83.	2.6	13
30	Prescription Opioids, Opioid Use Disorder, and Overdose Crisis in Canada: Current Dilemmas and Remaining Questions. <i>Canadian Journal of Addiction</i> , 2018, 9, 10-12.	0.4	2
31	Large Variation in Provincial Guidelines for Urine Drug Screening During Opioid Agonist Treatment in Canada. <i>Canadian Journal of Addiction</i> , 2018, 9, 6-9.	0.4	7
32	Psychosocial interventions to reduce alcohol consumption in concurrent problem alcohol and illicit drug users. <i>The Cochrane Library</i> , 2018, 2018, CD009269.	2.8	24
33	General practitioners tackle complex addictions: how complex interventions can assist in dealing with addiction. <i>Irish Journal of Psychological Medicine</i> , 2018, 35, 329-331.	1.0	1
34	Diagnosing opioid addiction in people with chronic pain. <i>BMJ: British Medical Journal</i> , 2018, 362, k3949.	2.3	17
35	Addiction Social Work Fellowship Program in Canada. <i>Journal of Social Work Practice in the Addictions</i> , 2018, 18, 332-337.	0.7	2
36	Eligibility for heroin-assisted treatment (HAT) among people who inject opioids and are living with HIV in a Canadian setting. <i>Addiction Science & Clinical Practice</i> , 2018, 13, 3.	2.6	6

#	ARTICLE	IF	CITATIONS
37	Will This Hospitalized Patient Develop Severe Alcohol Withdrawal Syndrome?. JAMA - Journal of the American Medical Association, 2018, 320, 825.	7.4	68
38	Opiate addiction and overdose: experiences, attitudes, and appetite for community naloxone provision. British Journal of General Practice, 2017, 67, e267-e273.	1.4	9
39	Impact of a Brief Addiction Medicine Training Experience on Knowledge Self-Assessment among Medical Learners. Substance Abuse, 2017, 38, 141-144.	2.3	23
40	Two birds with one stone: experiences of combining clinical and research training in addiction medicine. BMC Medical Education, 2017, 17, 22.	2.4	14
41	Alcohol Use Among Persons on Methadone Treatment. Addictive Disorders and Their Treatment, 2017, 16, 36-37.	0.5	2
42	Nursing Fellowship in Addiction Medicine. Journal of Addictions Nursing, 2017, 28, 148-149.	0.4	6
43	Community first responders for out-of-hospital cardiac arrest. The Cochrane Library, 2017, , .	2.8	3
44	Core Addiction Medicine Competencies for Doctors: An International Consultation on Training. Substance Abuse, 2017, 38, 483-487.	2.3	20
45	Preliminary Results and Publication Impact of a Dedicated Addiction Clinician Scientist Research Fellowship. Journal of Addiction Medicine, 2017, 11, 80-81.	2.6	5
46	Optimizing writing schemes for addiction researchers. Journal of Substance Use, 2017, 22, 454-456.	0.7	0
47	How can we investigate the role of topiramate in the treatment of cocaine use disorder more thoroughly?. Addiction, 2017, 112, 182-183.	3.3	2
48	Clinicianâ€“Scientist Training in Addiction Medicine. Academic Medicine, 2017, 92, 1367.	1.6	2
49	Barriers and facilitators to implementing addiction medicine fellowships: a qualitative study with fellows, medical students, residents and preceptors. Addiction Science & Clinical Practice, 2017, 12, 21.	2.6	10
50	A Needs Assessment of the Number of Comprehensive Addiction Care Physicians Required in a Canadian Setting. Journal of Addiction Medicine, 2016, 10, 255-261.	2.6	12
51	Topiramate for cocaine dependence: a systematic review and metaâ€“analysis of randomized controlled trials. Addiction, 2016, 111, 1337-1346.	3.3	36
52	Primary Care - A key route for distribution of naloxone in the community. International Journal of Drug Policy, 2016, 38, 1-3.	3.3	6
53	Enhancing alcohol screening and brief intervention among people receiving opioid agonist treatment: qualitative study in primary care. Drugs and Alcohol Today, 2016, 16, 247-258.	0.7	6
54	Seventeen year mortality in a cohort of patients attending opioid agonist treatment in Ireland. Commentary on â€“methadone-maintained patients in primary care have higher rates of chronic diseaseâ€“ (Oâ€™Toole et Al., European Journal of General Practice 2014;20:275â€“80). European Journal of General Practice, 2016, 22, 64-65.	2.0	0

#	ARTICLE	IF	CITATIONS
55	Using electronic medical records to determine prevalence and treatment of mental disorders in primary care: a database study. <i>Irish Journal of Psychological Medicine</i> , 2016, 33, 3-12.	1.0	8
56	The Impact of Enrolment in Methadone Maintenance Therapy on Initiation of Heavy Drinking among People Who Use Heroin. <i>European Addiction Research</i> , 2016, 22, 210-214.	2.4	10
57	Off the record: Substance-related disorders in the undergraduate medical curricula in Ireland. <i>Journal of Substance Use</i> , 2016, 21, 598-600.	0.7	2
58	Feasibility of alcohol screening among patients receiving opioid treatment in primary care. <i>BMC Family Practice</i> , 2016, 17, 153.	2.9	15
59	Alcohol use in opioid agonist treatment. <i>Addiction Science & Clinical Practice</i> , 2016, 11, 17.	2.6	31
60	Commentary on Zeremski et al. (2016): Improvements in HCV-related Knowledge Among Substance Users on Opioid Agonist Therapy After an Educational Intervention. <i>Journal of Addiction Medicine</i> , 2016, 10, 363-364.	2.6	2
61	Reducing drinking in concurrent problem alcohol and illicit drug users: an impact story. <i>Trials</i> , 2015, 16, .	1.6	0
62	Methodological challenges and issues of recruiting for mental health and substance use disorders trials in primary care. <i>Addiction Science & Clinical Practice</i> , 2015, 10, A21.	2.6	2
63	Integrating addiction medicine training into medical school and residency curricula. <i>Addiction Science & Clinical Practice</i> , 2015, 10, .	2.6	1
64	Development and process evaluation of an educational intervention for overdose prevention and naloxone distribution by general practice trainees. <i>BMC Medical Education</i> , 2015, 15, 206.	2.4	15
65	Psychosocial Interventions for Problem Alcohol Use in Primary Care Settings (PINTA): Baseline Feasibility Data. <i>Journal of Dual Diagnosis</i> , 2015, 11, 97-106.	1.2	11
66	Alcohol Screening among Opioid Agonist Patients in a Primary Care Clinic and an Opioid Treatment Program. <i>Journal of Psychoactive Drugs</i> , 2015, 47, 65-70.	1.7	13
67	Addressing a Training Gap through Addiction Research Education for Medical Students: Letter to the Editor. <i>Substance Abuse</i> , 2015, 36, 3-5.	2.3	1
68	Training in addiction medicine should be standardised and scaled up. <i>BMJ, The</i> , 2015, 351, h4027.	6.0	20
69	Digital network of writers helps to foster spirit of collaboration. <i>Nursing Standard (Royal College) Tj ETQq1 1 0.784314 rgBT /Overloc</i>	0.1	1
70	Key performance indicators for mental health and substance use disorders: a literature review and discussion paper. <i>Mental Health and Substance Use: Dual Diagnosis</i> , 2014, 7, 407-419.	0.5	4
71	Development and process evaluation of an educational intervention to support primary care of problem alcohol among drug users. <i>Drugs and Alcohol Today</i> , 2014, 14, 76-86.	0.7	12
72	Problem alcohol use among problem drug users: development and content of clinical guidelines for general practice. <i>Irish Journal of Medical Science</i> , 2014, 183, 89-101.	1.5	14

#	ARTICLE	IF	CITATIONS
73	The prevalence of common mental and substance use disorders in general practice: a literature review and discussion paper. <i>Mental Health and Substance Use: Dual Diagnosis</i> , 2014, 7, 497-508.	0.5	7
74	Urban overdose hotspots: a 12-month prospective study in Dublin ambulance services. <i>American Journal of Emergency Medicine</i> , 2014, 32, 1168-1173.	1.6	15
75	Correlates of interpersonal problems among current and former drug users in Slovakia. <i>Journal of Substance Use</i> , 2014, 19, 268-273.	0.7	2
76	Psychosocial interventions to reduce alcohol consumption in concurrent problem alcohol and illicit drug users. <i>The Cochrane Library</i> , 2014, , CD009269.	2.8	42
77	Psychosocial interventions to reduce alcohol consumption in concurrent problem alcohol and illicit drug users: Cochrane Reviewa. <i>Systematic Reviews</i> , 2013, 2, 3.	5.3	23
78	Problem alcohol use among problem drug users in primary care: a qualitative study of what patients think about screening and treatment. <i>BMC Family Practice</i> , 2013, 14, 98.	2.9	24
79	Genetic pre-determinants of concurrent alcohol and opioid dependence: A critical review. <i>OA Alcohol</i> , 2013, 1, .	0.3	1
80	Psychosocial Interventions for Alcohol Use Among Problem Drug Users: Protocol for a Feasibility Study in Primary Care. <i>JMIR Research Protocols</i> , 2013, 2, e26.	1.0	15
81	Commentary on "The research translation problem: Alcohol screening and brief intervention in primary care" "Real world evidence supports theory". <i>Drugs: Education, Prevention and Policy</i> , 2012, 19, 88-90.	1.3	12
82	Psychosocial interventions to reduce alcohol consumption in concurrent problem alcohol and illicit drug users. , 2012, 11, CD009269.		21
83	Alcohol screening and brief intervention among drug users in primary care: a discussion paper. <i>Irish Journal of Medical Science</i> , 2012, 181, 165-170.	1.5	11
84	Prevalence and correlates of intentional substance use to reduce illicit opioid use in a Canadian setting. <i>Journal of Substance Use</i> , 0, , 1-6.	0.7	1
85	What Are the Self-Assessed Training Needs of Early Career Professionals in Addiction Medicine? A BEME Focused Review. <i>MedEdPublish</i> , 0, 9, 62.	0.3	4
