#	ARTICLE	IF	CITATIONS
1	Adding value to remote monitoring: Co-design of a health literacy intervention for older people with chronic disease delivered by telehealth - The telehealth literacy project. <i>Patient Education and Counseling</i> , 2020, 103, 597-606.	1.0	49
2	Towards a theoretical framework for Integrated Team Leadership (IgTL). <i>Journal of Interprofessional Care</i> , 2020, 34, 726-736.	0.8	6
3	Mind the gap: is it time to invest in embedded researchers in regional, rural and remote health services to address health outcome discrepancies for those living in rural, remote and regional areas?. <i>Australian Journal of Primary Health</i> , 2019, 25, 104.	0.4	22
4	Telehealth Interventions Delivering Home-based Support Group Videoconferencing: Systematic Review. <i>Journal of Medical Internet Research</i> , 2018, 20, e25.	2.1	216
5	Can videoconferencing affect older people's engagement and perception of their social support in long-term conditions management: a social network analysis from the Telehealth Literacy Project. <i>Health and Social Care in the Community</i> , 2017, 25, 938-950.	0.7	29
6	Identifying common values among seven health professions: An interprofessional analysis. <i>Journal of Interprofessional Care</i> , 2017, 31, 325-334.	0.8	16
7	Diabetes educator role boundaries in Australia: a documentary analysis. <i>Journal of Foot and Ankle Research</i> , 2017, 10, 28.	0.7	7
8	Actual availability of appointments at general practices in regional New South Wales, Australia. <i>Australian Family Physician</i> , 2017, 46, 321-324.	0.5	1
9	Appointment reminder systems are effective but not optimal: results of a systematic review and evidence synthesis employing realist principles. <i>Patient Preference and Adherence</i> , 2016, 10, 479.	0.8	85
10	Delivering patient education by group videoconferencing into the home: Lessons learnt from the Telehealth Literacy Project. <i>Journal of Telemedicine and Telecare</i> , 2016, 22, 483-488.	1.4	20
11	Evaluation of a National Broadband Network-enabled Telehealth trial for older people with chronic disease. <i>Australian Health Review</i> , 2016, 40, 641.	0.5	14
12	How to attract health students to remote areas in Indonesia: a discrete choice experiment. <i>International Journal of Health Planning and Management</i> , 2016, 31, 430-445.	0.7	28
13	Assessing patient preferences for the delivery of different community-based models of care using a discrete choice experiment. <i>Health Expectations</i> , 2015, 18, 1204-1214.	1.1	27
14	Models of care involving district hospitals: a rapid review to inform the Australian rural and remote context. <i>Australian Health Review</i> , 2015, 39, 494.	0.5	10
15	Specialisation versus special interest – the Australian podiatry experience. <i>Journal of Foot and Ankle Research</i> , 2015, 8, 69.	0.7	2
16	The Queensland Health Ministerial Taskforce on health practitioners' expanded scope of practice: consultation findings. <i>Australian Health Review</i> , 2015, 39, 249.	0.5	15
17	Qualitative evaluation of the implementation of the Interdisciplinary Management Tool: a reflective tool to enhance interdisciplinary teamwork using Structured, Facilitated Action Research for Implementation. <i>Health and Social Care in the Community</i> , 2015, 23, 437-448.	0.7	20
18	Mechanisms to enhance the effectiveness of allied health and social care assistants in community-based rehabilitation services: a qualitative study. <i>Health and Social Care in the Community</i> , 2015, 23, 389-398.	0.7	13

#	ARTICLE	IF	CITATIONS
19	Barriers and facilitators of access to first-trimester abortion services for women in the developed world: a systematic review. <i>Journal of Family Planning and Reproductive Health Care</i> , 2015, 41, 170-180.	0.9	85
20	Factors associated with non-attendance in a general practice super clinic population in regional Australia: A retrospective cohort study. <i>Australasian Medical Journal</i> , 2014, 7, 323-333.	0.1	23
21	Rapid review of applications of e-health and remote monitoring for rural residents. <i>Australian Journal of Rural Health</i> , 2014, 22, 211-222.	0.7	38
22	Multi-site videoconferencing for home-based education of older people with chronic conditions: the Telehealth Literacy Project. <i>Journal of Telemedicine and Telecare</i> , 2014, 20, 353-359.	1.4	38
23	A qualitative study of staff perspectives of patient non-attendance in a regional primary healthcare setting. <i>Australasian Medical Journal</i> , 2014, 7, 218-226.	0.1	18
24	Interprofessional teamwork in the trauma setting: a scoping review. <i>Human Resources for Health</i> , 2013, 11, 57.	1.1	74
25	Barriers to the routine collection of health outcome data in an Australian community care organization. <i>Journal of Multidisciplinary Healthcare</i> , 2013, 6, 1.	1.1	5
26	Effects of person-centered care on residents and staff in aged-care facilities: a systematic review. <i>Clinical Interventions in Aging</i> , 2013, 8, 1.	1.3	290
27	Assessing the implementation process and outcomes of newly introduced assistant roles: a qualitative study to examine the utility of the Calderdale Framework as an appraisal tool. <i>Journal of Multidisciplinary Healthcare</i> , 2012, 5, 307.	1.1	13
28	Are we using support workers effectively? The relationship between patient and team characteristics and support worker utilisation in older people's community-based rehabilitation services in England. <i>Health and Social Care in the Community</i> , 2012, 20, 537-549.	0.7	9
29	The challenges of evaluating large-scale, multi-partner programmes: the case of NIHR CLAHRCs. <i>Evidence and Policy</i> , 2011, 7, 489-509.	0.5	26
30	Defining and identifying common elements of and contextual influences on the roles of support workers in health and social care: a thematic analysis of the literature. <i>Journal of Evaluation in Clinical Practice</i> , 2011, 17, 1191-1199.	0.9	23
31	The relationship between staff skill mix, costs and outcomes in intermediate care services. <i>BMC Health Services Research</i> , 2010, 10, 221.	0.9	22
32	“Riding the bumpy seas”: Or the impact of the Knowledge Skills Framework component of the Agenda for Change initiative on staff in intermediate care settings. <i>Journal of Interprofessional Care</i> , 2010, 24, 70-79.	0.8	6
33	Non-medical prescribing in Australasia and the UK: the case of podiatry. <i>Journal of Foot and Ankle Research</i> , 2010, 3, 1.	0.7	79
34	Understanding service context: development of a service pro forma to describe and measure elderly peoples' community and intermediate care services. <i>Health and Social Care in the Community</i> , 2009, 17, 434-446.	0.7	4
35	Looking inside the black box of community rehabilitation and intermediate care teams in the United Kingdom: an audit of service and staffing. <i>Quality in Primary Care</i> , 2009, 17, 323-33.	0.8	13
36	An evaluation of the 'Designated Research Team' approach to building research capacity in primary care. <i>BMC Family Practice</i> , 2008, 9, 37.	2.9	54

#	ARTICLE	IF	CITATIONS
37	Challenges, benefits and weaknesses of intermediate care: results from five UK case study sites. <i>Health and Social Care in the Community</i> , 2008, 16, 629-637.	0.7	39
38	The impact of workforce flexibility on older people's services. <i>International Journal of Therapy and Rehabilitation</i> , 2008, 15, 374-375.	0.1	6
39	Building research capacity in the allied health professions. <i>Evidence and Policy</i> , 2008, 4, 53-68.	0.5	73
40	The impact of intermediate care services on job satisfaction, skills and career development opportunities. <i>Journal of Clinical Nursing</i> , 2007, 16, 1222-1229.	1.4	18
41	Stakeholder views of the training needs of an interprofessional practitioner who works with older people. <i>Nurse Education Today</i> , 2006, 26, 367-376.	1.4	7
42	The 'Designated Research Team' approach to building research capacity in primary care. <i>Primary Health Care Research and Development</i> , 2006, 7, 78-86.	0.5	9
43	Dynamic professional boundaries in the healthcare workforce. <i>Sociology of Health and Illness</i> , 2005, 27, 897-919.	1.1	386
44	The introduction and evaluation of an occupational therapy assistant practitioner. <i>Australian Occupational Therapy Journal</i> , 2005, 52, 293-301.	0.6	47
45	Support workers in intermediate care. <i>Health and Social Care in the Community</i> , 2005, 13, 338-344.	0.7	22
46	Assistant practitioners: Issues of accountability, delegation and competence. <i>International Journal of Therapy and Rehabilitation</i> , 2005, 12, 331-338.	0.1	29
47	"There's no place like home" a pilot study of perspectives of international health and social care professionals working in the UK. <i>Australia and New Zealand Health Policy</i> , 2005, 2, 25.	2.2	8
48	Dynamic role boundaries in intermediate care services. <i>Journal of Interprofessional Care</i> , 2004, 18, 141-151.	0.8	62
49	Improving Intermediate Care: Giving Practitioners a Voice. <i>Journal of Integrated Care</i> , 2004, 12, 33-41.	0.2	15
50	â€˜The Squeaky Wheel gets the Greaseâ€™™: A Case Study of Service User Engagement in Service Development. <i>Journal of Integrated Care</i> , 2004, 12, 14-21.	0.2	5
51	Evaluation of an intervention to prevent the early introduction of solid foods to babies. <i>Practice Development in Health Care</i> , 2003, 2, 148-155.	0.3	3
52	Accountability and accreditation in the Australian allied health context. <i>Practice Development in Health Care</i> , 2003, 2, 33-47.	0.3	6
53	Promoting Flexibility in the Intermediate Care Workforce. <i>Journal of Integrated Care</i> , 2003, 11, 25-30.	0.2	8
