#	Article	IF	CITATIONS
1	Ventricular arrhythmias in athletes: Role of a comprehensive diagnostic workup. Heart Rhythm, 2022, 19, 90-99.	0.7	16
2	Electrocardiographic Changes in the Athlete's Heart. , 2022, , 23-36.		0
3	Myocarditis in Athletes Recovering from COVID-19: A Systematic Review and Meta-Analysis. International Journal of Environmental Research and Public Health, 2022, 19, 4279.	2.6	25
4	Is extensive cardiopulmonary screening useful in athletes with previous asymptomatic or mild SARS-CoV-2 infection?. British Journal of Sports Medicine, 2021, 55, 54-61.	6.7	58
5	Diagnostic Workflow in Competitive Athletes with Ventricular Arrhythmias and Suspected Concealed Cardiomyopathies. Medicina (Lithuania), 2021, 57, 182.	2.0	Ο
6	Clinical and Prognostic Significance of Idiopathic Left Bundle-Branch Block in Young Adults. Cardiology Research and Practice, 2021, 2021, 1-7.	1.1	3
7	Italian Cardiological Guidelines (COCIS) for Competitive Sport Eligibility in athletes with heart disease: update 2020. Journal of Cardiovascular Medicine, 2021, 22, 874-891.	1.5	34
8	Coronary Computed Tomography Angiography in the Clinical Workflow of Athletes With Anomalous Origin of Coronary Arteries From the Contralateral Valsalva Sinus. Journal of Thoracic Imaging, 2021, 36, 122-130.	1.5	7
9	Role of extensive diagnostic workup in young athletes and nonathletes with complex ventricular arrhythmias. Heart Rhythm, 2020, 17, 230-237.	0.7	10
10	Coronary atherosclerosis in apparently healthy master athletes discovered during pre-PARTECIPATION screening. Role of coronary CT angiography (CCTA). International Journal of Cardiology, 2019, 282, 99-107.	1.7	12
11	Anomalous origin of coronary arteries from the "wrong―sinus in athletes: Diagnosis and management strategies. International Journal of Cardiology, 2018, 252, 13-20.	1.7	33
12	QTc Interval in Adolescents and Young Athletes: Influence of Correction Formulas. International Journal of Sports Medicine, 2017, 38, 729-734.	1.7	7
13	The Role of Genetic Testing in the Identification of Young Athletes with Inherited Primitive Cardiac Disorders at Risk of Exercise Sudden Death. Frontiers in Cardiovascular Medicine, 2016, 3, 28.	2.4	7
14	Nonischemic left ventricular scar and cardiac sudden death in the young. Human Pathology, 2016, 58, 78-89.	2.0	52
15	Ventricular arrhythmias induced by long-term use of ephedrine in two competitive athletes. Heart and Vessels, 2015, 30, 280-283.	1.2	19
16	Identification of benign form of ventricular non-compaction in competitive athletes by multiparametric evaluation. International Journal of Cardiology, 2014, 176, 1134-1136.	1.7	20
17	The Preparticipation Examination: Evaluation of the Pediatric and Adolescent Athlete. , 2014, , 31-42.		0
18	Italian Cardiological Guidelines for Sports Eligibility in Athletes with Heart Disease. Journal of Cardiovascular Medicine, 2013, 14, 500-515.	1.5	24

PAOLO ZEPPILLI

#	Article	IF	CITATIONS
19	Amateur boxing in the last 59 years. Impact of rules changes on the type of verdicts recorded and implications on boxers' health. British Journal of Sports Medicine, 2013, 47, 452-457.	6.7	34
20	Italian Cardiological Guidelines for Sports Eligibility in Athletes with Heart Disease. Journal of Cardiovascular Medicine, 2013, 14, 477-499.	1.5	51
21	Replication of association of CHRNA4 rare variants with sporadic amyotrophic lateral sclerosis: The Italian multicentre study. Amyotrophic Lateral Sclerosis and Other Motor Neuron Disorders, 2012, 13, 580-584.	2.1	7
22	Prolonged Ventricular Pauses in an Asymptomatic Athlete with "Apparent Mobitz Type II Secondâ€Degree Atrioventricular Block― PACE - Pacing and Clinical Electrophysiology, 2012, 35, e210-3.	1.2	5
23	Concealed cardiomyopathies in competitive athletes with ventricular arrhythmias and an apparently normal heart: role of cardiac electroanatomical mapping and biopsy. Heart Rhythm, 2011, 8, 1915-1922.	0.7	71
24	Left-Dominant Arrhythmogenic Cardiomyopathy. Circulation: Arrhythmia and Electrophysiology, 2011, 4, e29-32.	4.8	11
25	Recommendations for interpretation of 12-lead electrocardiogram in the athlete. European Heart Journal, 2010, 31, 243-259.	2.2	730
26	Early Repolarization in the Athlete. Journal of the American College of Cardiology, 2009, 53, 2199-2200.	2.8	9
27	Exercise prescription for the prevention and treatment of cardiovascular diseases: part II. Journal of Cardiovascular Medicine, 2008, 9, 641-652.	1.5	10
28	Aborted sudden death in a young football player due to anomalous origin of the left coronary artery: successful surgical correction. Journal of Cardiovascular Medicine, 2008, 9, 834-838.	1.5	11
29	Exercise prescription for the prevention and treatment of cardiovascular diseases: part I. Journal of Cardiovascular Medicine, 2008, 9, 529-544.	1.5	24
30	Bicuspid aortic valve: an innocent finding or a potentially life-threatening anomaly whose complications may be elicited by sports activity?. Journal of Cardiovascular Medicine, 2006, 7, 282-287.	1.5	22
31	The Usefulness of Doppler Myocardial Imaging in the Study of the Athlete's Heart and in the Differential Diagnosis between Physiological and Pathological Ventricular Hypertrophy. Echocardiography, 2006, 23, 149-157.	0.9	54
32	Food-Dependent Exercise-Induced Anaphylaxis: Clinical and Laboratory Findings in 54 Subjects. International Archives of Allergy and Immunology, 2001, 125, 264-272.	2.1	162
33	In Vivo Detection of Coronary Artery Anomalies in Asymptomatic Athletes by Echocardiographic Screening. Chest, 1998, 114, 89-93.	0.8	139
34	Eosinophil-Derived Proteins in Postprandial (Food-Dependent) Exercise-Induced Anaphylaxis. International Archives of Allergy and Immunology, 1997, 113, 505-511.	2.1	10
35	High-grade arrhythmias in well-trained runners. American Heart Journal, 1983, 106, 775-777.	2.7	5
36	Clinical recordings of monophasic action potentials: Demonstration of intra-atrial conduction block in the sinus node region and possible role in reentrant supraventricular tachycardia. American Heart Journal, 1981, 102, 124-128.	2.7	1

#	Article	IF	CITATIONS
37	T wave abnormalities in top-ranking athletes: effects of isoproterenol, atropine, and physical exercise. American Heart Journal, 1980, 100, 213-222.	2.7	71
38	Wenckebach second-degree A-V block in top-ranking athletes: an old problem revisited. American Heart Journal, 1980, 100, 281-294.	2.7	78
39	Ventricular Arrhythmias in Athletes: Role of a Comprehensive Diagnostic Workup. SSRN Electronic Journal, 0, , .	0.4	0
