#	ARTICLE	IF	CITATIONS
1	Intensive versus conventional glucose control in critically ill patients with traumatic brain injury: long-term follow-up of a subgroup of patients from the NICE-SUGAR study. <i>Intensive Care Medicine</i> , 2015, 41, 1037-1047.	3.9	118
2	Australasian emergency nurses'™ willingness to attend work in a disaster: A survey. <i>Australasian Emergency Nursing Journal</i> , 2013, 16, 52-57.	1.9	74
3	Exploring staff willingness to attend work during a disaster: A study of nurses employed in four Australian emergency departments. <i>Australasian Emergency Nursing Journal</i> , 2013, 16, 103-109.	1.9	44
4	Calorie intake and patient outcomes in severe acute kidney injury: findings from The Randomized Evaluation of Normal vs. Augmented Level of Replacement Therapy (RENAL) study trial. <i>Critical Care</i> , 2014, 18, R45.	2.5	44
5	Understanding the Characteristics of Patient Presentations of Young People at Outdoor Music Festivals. <i>Prehospital and Disaster Medicine</i> , 2014, 29, 160-166.	0.7	41
6	Minimum Data Set for Mass-Gathering Health Research and Evaluation: A Discussion Paper. <i>Prehospital and Disaster Medicine</i> , 2012, 27, 543-550.	0.7	38
7	What is the role of nursing students and schools of nursing during disaster? A discussion paper. <i>Collegian</i> , 2010, 17, 193-197.	0.6	33
8	Beyond a clinical role: Nurses were psychosocial supporters, coordinators and problem solvers in the Black Saturday and Victorian bushfires in 2009. <i>Australasian Emergency Nursing Journal</i> , 2012, 15, 156-163.	1.9	32
9	Health Service Impact from Mass Gatherings: A Systematic Literature Review. <i>Prehospital and Disaster Medicine</i> , 2017, 32, 71-77.	0.7	32
10	Graduate nurses'™ lived experience of in-hospital resuscitation: A hermeneutic phenomenological approach. <i>Australian Critical Care</i> , 2008, 21, 38-47.	0.6	31
11	The Use of Haddon'™s Matrix to Plan for Injury and Illness Prevention at Outdoor Music Festivals. <i>Prehospital and Disaster Medicine</i> , 2015, 30, 175-183.	0.7	28
12	Enhancing the Minimum Data Set for Mass-Gathering Research and Evaluation: An Integrative Literature Review. <i>Prehospital and Disaster Medicine</i> , 2014, 29, 280-289.	0.7	27
13	Nurses and Twitter: The good, the bad, and the reluctant. <i>Collegian</i> , 2014, 21, 111-119.	0.6	27
14	Mass-gathering Health Research Foundational Theory: Part 2 - Event Modeling for Mass Gatherings. <i>Prehospital and Disaster Medicine</i> , 2014, 29, 655-663.	0.7	26
15	Mass-gathering Health Research Foundational Theory: Part 1 - Population Models for Mass Gatherings. <i>Prehospital and Disaster Medicine</i> , 2014, 29, 648-654.	0.7	26
16	What Are the Research Needs for the Field of Disaster Nursing? An International Delphi Study. <i>Prehospital and Disaster Medicine</i> , 2014, 29, 448-454.	0.7	23
17	Third-year nursing students'™ lived experience of caring for the dying: a hermeneutic phenomenological approach. <i>Contemporary Nurse</i> , 2018, 54, 160-170.	0.4	23
18	The reality of multiple casualty triage: putting triage theory into practice at the scene of multiple casualty vehicular accidents. <i>Emergency Medicine Journal</i> , 2008, 25, 230-234.	0.4	21

#	ARTICLE	IF	CITATIONS
19	Disaster content in Australian tertiary postgraduate emergency nursing courses: A survey. <i>Australasian Emergency Nursing Journal</i> , 2013, 16, 58-63.	1.9	20
20	Planning and assessment approaches towards disaster resilient hospitals: A systematic literature review. <i>International Journal of Disaster Risk Reduction</i> , 2021, 61, 102319.	1.8	19
21	Black Saturday and the Victorian Bushfires of February 2009: A descriptive survey of nurses who assisted in the pre-hospital setting. <i>Collegian</i> , 2010, 17, 153-159.	0.6	18
22	Who is my leader? A case study from a hospital disaster scenario in a less developed country. <i>Australasian Emergency Nursing Journal</i> , 2013, 16, 170-174.	1.9	18
23	What Was the Role of Nurses During the 2011 Great East Earthquake of Japan? An Integrative Review of the Japanese Literature. <i>Prehospital and Disaster Medicine</i> , 2014, 29, 275-279.	0.7	17
24	Developing Public Health Initiatives through Understanding Motivations of the Audience at Mass-Gathering Events. <i>Prehospital and Disaster Medicine</i> , 2018, 33, 191-196.	0.7	13
25	The impact of disasters on emergency department resources: review against the Sendai framework for disaster risk reduction 2015-2030. <i>Australasian Emergency Care</i> , 2021, 24, 55-60.	0.7	11
26	Minimum Data Set for Mass-Gatherings Health Research and Evaluation: A Response. <i>Prehospital and Disaster Medicine</i> , 2013, 28, 191-193.	0.7	10
27	Development of a Mass-Gathering Triage Tool: An Australian Perspective. <i>Prehospital and Disaster Medicine</i> , 2017, 32, 101-105.	0.7	10
28	Impacts on in-hospital, ambulance and emergency department services from patients presenting from a mass gathering event: A retrospective analysis. <i>EMA - Emergency Medicine Australasia</i> , 2019, 31, 423-428.	0.5	10
29	Psychosocial Influences on Patient Presentations: Considerations for Research and Evaluation at Mass-Gathering Events. <i>Prehospital and Disaster Medicine</i> , 2020, 35, 197-205.	0.7	10
30	The impact of mass casualty incidents on intensive care units. <i>Australian Critical Care</i> , 2020, 33, 469-474.	0.6	10
31	Cardiac arrest: Can the in-hospital chain of survival be improved?. <i>Australasian Emergency Nursing Journal</i> , 2006, 9, 23-27.	1.9	9
32	Chain of Survival at Mass Gatherings: A Case Series of Resuscitation Events. <i>Prehospital and Disaster Medicine</i> , 2010, 25, 457-463.	0.7	9
33	Leadership Opportunities for Mental Health Nurses in the Field of Disaster Preparation, Response, and Recovery. <i>Issues in Mental Health Nursing</i> , 2015, 36, 391-394.	0.6	9
34	Exploring International Views on Key Concepts for Mass-gathering Health through a Delphi Process. <i>Prehospital and Disaster Medicine</i> , 2016, 31, 443-453.	0.7	9
35	Vulnerability: A concept synthesis and its application to the Emergency Department. <i>International Emergency Nursing</i> , 2021, 54, 100936.	0.6	8
36	Idle peripheral intravenous cannulation: an observational cohort study of pre-hospital and emergency department practices. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2021, 29, 126.	1.1	8

#	ARTICLE	IF	CITATIONS
37	Impact of Patients Presenting with Alcohol and/or Drug Intoxication on In-Event Health Care Services at Mass-Gathering Events: An Integrative Literature Review. <i>Prehospital and Disaster Medicine</i> , 2018, 33, 539-542.	0.7	7
38	Environmental Influences on Patient Presentations: Considerations for Research and Evaluation at Mass-Gathering Events. <i>Prehospital and Disaster Medicine</i> , 2019, 34, 552-556.	0.7	7
39	Health Care Provision During a Sporting Mass Gathering: A Structure and Process Description of On-Site Care Delivery. <i>Prehospital and Disaster Medicine</i> , 2019, 34, 62-71.	0.7	7
40	End-of-life care content in postgraduate critical care nursing programs: Structured telephone interviews to evaluate content-informing practice. <i>Australian Critical Care</i> , 2020, 33, 181-186.	0.6	7
41	Mass Gathering Medicine in Soccer Leagues: A Review and Creation of the SALEM Tool. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 9973.	1.2	7
42	H1N1 2009 influenza (human swine influenza): A descriptive study of the response of an influenza assessment clinic collaborating with an emergency department in Australia. <i>Australasian Emergency Nursing Journal</i> , 2010, 13, 46-52.	1.9	6
43	International Consensus on Key Concepts and Data Definitions for Mass-gathering Health: Process and Progress. <i>Prehospital and Disaster Medicine</i> , 2016, 31, 220-223.	0.7	6
44	Obtaining individual narratives and moving to an intersubjective lived-experience description: a way of doing phenomenology. <i>Qualitative Research</i> , 2020, 20, 945-959.	2.2	6
45	Disaster education for Australian nursing students: An integrative review of published literature to inform curricula. <i>Collegian</i> , 2022, 29, 93-99.	0.6	6
46	Epidemiology of injuries at the Australian 24 hour mountain bike championships. <i>Australasian Journal of Paramedicine</i> , 2014, 10, .	0.4	6
47	Nursing Students's Roles and Experiences of Disasters in A Nursing School. <i>JKP (Jurnal Keperawatan)</i> Tj ETQq1 1 0,784314,rgBT /Over	0.0	6
48	Profile and outcomes of emergency department presentations based on mode of arrival: A statewide retrospective cohort study. <i>EMA - Emergency Medicine Australasia</i> , 2022, 34, 519-527.	0.5	6
49	Emergency healthcare delivery for young adults during a planned mass gathering: A retrospective observational study. <i>EMA - Emergency Medicine Australasia</i> , 2020, 32, 250-257.	0.5	5
50	Disaster preparedness: A concept analysis and its application to the intensive care unit. <i>Australian Critical Care</i> , 2022, 35, 204-209.	0.6	5
51	Structures, processes and outcomes of health care for people detained in short-term police custody settings: A scoping review. <i>Journal of Clinical Forensic and Legal Medicine</i> , 2021, 81, 102198.	0.5	5
52	Impact of fine particulate matter (PM2.5) smoke during the 2019 / 2020 Australian bushfire disaster on emergency department patient presentations. <i>The Journal of Climate Change and Health</i> , 2022, 6, 100113.	1.4	5
53	Peripheral intravenous cannulation decision-making in emergency settings: a qualitative descriptive study. <i>BMJ Open</i> , 2022, 12, e054927.	0.8	5
54	Chemical, Biological, Radiological, or Nuclear Response in Queensland Emergency Services: A Multisite Study. <i>Health Security</i> , 2022, 20, 222-229.	0.9	5
