#	ARTICLE	IF	CITATIONS
1	Health-related quality of life associated with nocturnal leg cramps in primary care: a mixed methods study. <i>Family Practice</i> , 2022, 39, 85-91.	1.9	2
2	Primary care patients' perspectives on the use of non-pharmacological home remedies in Geneva: a cross-sectional study. <i>BMC Complementary Medicine and Therapies</i> , 2022, 22, 126.	2.7	5
3	Beyond the virus: Ensuring continuity of care for people with diabetes during COVID-19. <i>Primary Care Diabetes</i> , 2021, 15, 16-17.	1.8	66
4	Cross sectional study of the clinical characteristics of French primary care patients with COVID-19. <i>Scientific Reports</i> , 2021, 11, 12492.	3.3	2
5	Self-reported symptoms in French primary care SARS-CoV-2 patients: association with gender and age group. <i>Family Practice</i> , 2021, 38, i37-i44.	1.9	3
6	Diagnostic Performance of Self-Reported Smell and Taste Disorders Varies with COVID-19 Prevalence in Primary Care Settings. <i>Journal of General Internal Medicine</i> , 2021, 36, 3925-3927.	2.6	0
7	Managing hypertension in frail oldest-old: The role of guideline use by general practitioners from 29 countries. <i>PLoS ONE</i> , 2020, 15, e0236064.	2.5	4
8	Is a COVID-19 prediction model based on symptom tracking through an app applicable in primary care?. <i>Family Practice</i> , 2020, 37, 866-867.	1.9	6
9	General practitioners' perspectives on barriers to depression care: development and validation of a questionnaire. <i>BMC Family Practice</i> , 2020, 21, 156.	2.9	2
10	Self-Reported Loss of Smell and Taste in SARS-CoV-2 Patients: Primary Care Data to Guide Future Early Detection Strategies. <i>Journal of General Internal Medicine</i> , 2020, 35, 2502-2504.	2.6	37
11	Gender gap in research: a bibliometric study of published articles in primary health care and general internal medicine. <i>Family Practice</i> , 2020, 37, 325-331.	1.9	22
12	Association between physical activity and Nocturnal Leg Cramps in patients over 60 years old: a case-control study. <i>Scientific Reports</i> , 2020, 10, 2638.	3.3	5
13	Quality of sleep in patients with nocturnal leg cramps and validity of a single-item measure of cramp-related sleep disturbance: an observational study. <i>Swiss Medical Weekly</i> , 2020, 150, w20217.	1.6	1
14	Factors influencing Urate Lowering Therapies prescription for asymptomatic hyperuricemia by general practitioners: a qualitative study. <i>International Journal of Clinical Practice</i> , 2019, 73, 1-11.	1.7	1
15	Factors associated with publication speed in general medical journals: a retrospective study of bibliometric data. <i>Scientometrics</i> , 2019, 119, 1037-1058.	3.0	28
16	Is statistician involvement as co-author associated with reduced time to publication of quantitative research in general medical journals? A bibliometric study. <i>Family Practice</i> , 2019, 36, 431-436.	1.9	9
17	Patient Characteristics and General Practitioners' Advice to Stop Statins in Oldest-Old Patients: a Survey Study Across 30 Countries. <i>Journal of General Internal Medicine</i> , 2019, 34, 1751-1757.	2.6	12
18	A prospective observational study of the main features of nocturnal leg cramps in primary care. <i>Swiss Medical Weekly</i> , 2019, 149, w20048.	1.6	2

#	ARTICLE	IF	CITATIONS
19	Burden of cardiovascular disease across 29 countries and GPs' decision to treat hypertension in oldest-old. <i>Scandinavian Journal of Primary Health Care</i> , 2018, 36, 89-98.	1.5	13
20	Effects of Discontinuation of Urate-Lowering Therapy: A Systematic Review. <i>Journal of General Internal Medicine</i> , 2018, 33, 358-366.	2.6	14
21	Treatment of nocturnal leg cramps by primary care patients over the age of 60. <i>Family Practice</i> , 2018, 35, 29-33.	1.9	8
22	Swiss students and young physicians want a flexible goal-oriented GP training curriculum. <i>Scandinavian Journal of Primary Health Care</i> , 2018, 36, 249-261.	1.5	5
23	Association Between Alcohol Consumption and Nocturnal Leg Cramps in Patients Over 60 Years Old: A Case-Control Study. <i>Annals of Family Medicine</i> , 2018, 16, 296-301.	1.9	9
24	General practitioners' perspectives on the use of nonpharmacological home remedies in two regions in Switzerland and France. <i>Swiss Medical Weekly</i> , 2018, 148, w14676.	1.6	4
25	How do general practitioners put preventive care recommendations into practice? A cross-sectional study in Switzerland and France. <i>BMJ Open</i> , 2017, 7, e017958.	1.9	7
26	An Expanded Conceptual Framework of Medical Students' Primary Care Career Choice. <i>Academic Medicine</i> , 2017, 92, 1536-1542.	1.6	34
27	General practitioners' views and preferences about quality improvement feedback in preventive care: a cross-sectional study in Switzerland and France. <i>Implementation Science</i> , 2017, 12, 95.	6.9	4
28	Overview of preventive practices provided by primary care physicians: A cross-sectional study in Switzerland and France. <i>PLoS ONE</i> , 2017, 12, e0184032.	2.5	9
29	Rates, Delays, and Completeness of General Practitioners' Responses to a Postal Versus Web-Based Survey: A Randomized Trial. <i>Journal of Medical Internet Research</i> , 2017, 19, e83.	4.3	83
30	Prevalence of cramps in patients over the age of 60 in primary care : a cross sectional study. <i>BMC Family Practice</i> , 2016, 17, 111.	2.9	13
31	Impact of the primary care curriculum and its teaching formats on medical students' perception of primary care: a cross-sectional study. <i>BMC Family Practice</i> , 2016, 17, 135.	2.9	14
32	How do general practice residents use social networking sites in asynchronous distance learning?. <i>BMC Medical Education</i> , 2015, 15, 154.	2.4	15
33	Evaluating the validity of the French version of the Four-Dimensional Symptom Questionnaire with differential item functioning analysis. <i>Family Practice</i> , 2015, 32, cmv025.	1.9	6
34	Impact of Interventions to Increase the Proportion of Medical Students Choosing a Primary Care Career: A Systematic Review. <i>Journal of General Internal Medicine</i> , 2015, 30, 1349-1358.	2.6	85
