#	ARTICLE	IF	CITATIONS
1	Outcome data from the LEAP (Live, Eat and Play) trial: a randomized controlled trial of a primary care intervention for childhood overweight/mild obesity. <i>International Journal of Obesity</i> , 2007, 31, 630-636.	3.4	166
2	Development of evidence-based clinical practice guidelines (CPGs): comparing approaches. <i>Implementation Science</i> , 2008, 3, 45.	6.9	114
3	Systematic Review of Current Guidelines, and Their Evidence Base, on Risk of Lactic Acidosis after Administration of Contrast Medium for Patients Receiving Metformin. <i>Radiology</i> , 2010, 254, 261-269.	7.3	105
4	Are general practitioners equipped to detect child overweight/obesity? Survey and audit. <i>Journal of Paediatrics and Child Health</i> , 2006, 42, 206-211.	0.8	51
5	Can Australian general practitioners tackle childhood overweight/obesity? Methods and processes from the LEAP (Live, Eat and Play) randomized controlled trial. <i>Journal of Paediatrics and Child Health</i> , 2005, 41, 488-494.	0.8	41
6	Sustainability in Health care by Allocating Resources Effectively (SHARE) 10: operationalising disinvestment in a conceptual framework for resource allocation. <i>BMC Health Services Research</i> , 2017, 17, 632.	2.2	35
7	Factors associated with ownership and use of written asthma action plans in North-West Melbourne. <i>Primary Care Respiratory Journal: Journal of the General Practice Airways Group</i> , 2004, 13, 211-217.	2.3	29
8	Sustainability in Health care by allocating resources effectively (SHARE) 1: introducing a series of papers reporting an investigation of disinvestment in a local healthcare setting. <i>BMC Health Services Research</i> , 2017, 17, 323.	2.2	29
9	Sustainability in health care by allocating resources effectively (SHARE) 3: examining how resource allocation decisions are made, implemented and evaluated in a local healthcare setting. <i>BMC Health Services Research</i> , 2017, 17, 340.	2.2	27
10	Development, implementation and evaluation of an evidence-based program for introduction of new health technologies and clinical practices in a local healthcare setting. <i>BMC Health Services Research</i> , 2015, 15, 575.	2.2	26
11	Sustainability in Health care by Allocating Resources Effectively (SHARE) 2: identifying opportunities for disinvestment in a local healthcare setting. <i>BMC Health Services Research</i> , 2017, 17, 328.	2.2	26
12	Sustainability in health care by allocating resources effectively (SHARE) 4: exploring opportunities and methods for consumer engagement in resource allocation in a local healthcare setting. <i>BMC Health Services Research</i> , 2017, 17, 329.	2.2	22
13	Implementing evidence-based recommended practices for the management of patients with mild traumatic brain injuries in Australian emergency care departments: study protocol for a cluster randomised controlled trial. <i>Trials</i> , 2014, 15, 281.	1.6	21
14	Sustainability in Health care by Allocating Resources Effectively (SHARE) 6: investigating methods to identify, prioritise, implement and evaluate disinvestment projects in a local healthcare setting. <i>BMC Health Services Research</i> , 2017, 17, 370.	2.2	21
15	Sustainability in Health care by Allocating Resources Effectively (SHARE) 7: supporting staff in evidence-based decision-making, implementation and evaluation in a local healthcare setting. <i>BMC Health Services Research</i> , 2017, 17, 430.	2.2	21
16	Sustainability in Health care by Allocating Resources Effectively (SHARE) 5: developing a model for evidence-driven resource allocation in a local healthcare setting. <i>BMC Health Services Research</i> , 2017, 17, 342.	2.2	20
17	An interactive workshop plus locally adapted guidelines can improve General Practitioners asthma management and knowledge: A cluster randomised trial in the Australian setting. <i>BMC Family Practice</i> , 2008, 9, 22.	2.9	19
18	Sustainability in Health care by Allocating Resources Effectively (SHARE) 9: conceptualising disinvestment in the local healthcare setting. <i>BMC Health Services Research</i> , 2017, 17, 633.	2.2	19

#	ARTICLE	IF	CITATIONS
19	Sustainability in Health care by Allocating Resources Effectively (SHARE) 8: developing, implementing and evaluating an evidence dissemination service in a local healthcare setting. BMC Health Services Research, 2018, 18, 151.	2.2	19
20	Sustainability in Health care by Allocating Resources Effectively (SHARE) 11: reporting outcomes of an evidence-driven approach to disinvestment in a local healthcare setting. BMC Health Services Research, 2018, 18, 386.	2.2	18
21	Auditory Dysfunction. Clinical Pediatrics, 1989, 28, 397-403.	0.8	14
22	Do small group workshops and locally adapted guidelines improve asthma patients' health outcomes? A cluster randomized controlled trial. Family Practice, 2010, 27, 246-254.	1.9	14
23	Supporting Evidence-based Health Care in Crises: What Information Do Humanitarian Organizations Need?. Disaster Medicine and Public Health Preparedness, 2011, 5, 69-72.	1.3	12
24	Improving general practice survey response rates: Bells (primers), whistles (reminders) and carrots (incentives).. Australian Journal of Primary Health, 2005, 11, 106.	0.9	5
25	Individual and area factors associated with general practitioner integration in Australia: A multilevel analysis. Social Science and Medicine, 2006, 63, 680-690.	3.8	3
26	A pragmatic model for evidence-based guideline development in hospitals. Clinical Governance, 2010, 15, 255-265.	0.3	2
27	Childhood ENT disorders. When to refer to specialists. Australian Family Physician, 2002, 31, 701-4, 716.	0.5	1
28	EBM teaching tip: Using lollies to show (non) concealment of allocation. Evidence-Based Medicine, 2006, 11, 5-5.	0.6	0
29	Mapping GP Integration in the Health Care System in Difference Locations in Australia. Australian Journal of Primary Health, 2006, 12, 47.	0.9	0
