#	ARTICLE	IF	CITATIONS
1	Experiences and Perpetration of Recent Intimate Partner Violence Among Women and Men Living in an Informal Settlement in Nairobi, Kenya: A Secondary Data Analysis. <i>Journal of Interpersonal Violence</i> , 2022, 37, NP423-NP448.	1.3	8
2	“You have a self-testing method that preserves privacy so how come you cannot give us treatment that does too?” Exploring the reasoning among young people about linkage to prevention, care and treatment after HIV self-testing in Southern Malawi. <i>BMC Infectious Diseases</i> , 2022, 22, 395.	1.3	2
3	Cost-effectiveness of community health systems strengthening: quality improvement interventions at community level to realise maternal and child health gains in Kenya. <i>BMJ Global Health</i> , 2021, 6, e002452.	2.0	6
4	Gastrointestinal symptoms involvement in hospitalised COVID-19 patients in Liverpool, UK: a descriptive cross-sectional, single-centre study. <i>Clinical Medicine</i> , 2021, 21, 23-24.	0.8	3
5	“Too old to test?” A life course approach to HIV-related risk and self-testing among midlife-older adults in Malawi. <i>BMC Public Health</i> , 2021, 21, 650.	1.2	10
6	Antiretroviral therapy dispensing for patients who are clinically stable. <i>The Lancet Global Health</i> , 2021, 9, e565-e566.	2.9	0
7	Rectus sheath and retroperitoneal haematomas in patients with Coronavirus 2019 infection. <i>British Journal of Haematology</i> , 2021, 194, 923-927.	1.2	7
8	Management of chronic lung diseases in Sudan and Tanzania: how ready are the country health systems?. <i>BMC Health Services Research</i> , 2021, 21, 734.	0.9	9
9	Effect of door-to-door distribution of HIV self-testing kits on HIV testing and antiretroviral therapy initiation: a cluster randomised trial in Malawi. <i>BMJ Global Health</i> , 2021, 6, .	2.0	0
10	Community-based HIV self-testing: a cluster-randomised trial of supply-side financial incentives and time-trend analysis of linkage to antiretroviral therapy in Zimbabwe. <i>BMJ Global Health</i> , 2021, 6, .	2.0	3
11	Comparison of community-led distribution of HIV self-tests kits with distribution by paid distributors: a cluster randomised trial in rural Zimbabwean communities. <i>BMJ Global Health</i> , 2021, 6, .	2.0	2
12	Community-based HIV self-testing: a cluster-randomised trial of supply-side financial incentives and time-trend analysis of linkage to antiretroviral therapy in Zimbabwe. <i>BMJ Global Health</i> , 2021, 6, e003866.	2.0	20
13	Comparison of community-led distribution of HIV self-tests kits with distribution by paid distributors: a cluster randomised trial in rural Zimbabwean communities. <i>BMJ Global Health</i> , 2021, 6, e005000.	2.0	4
14	“Deadly”, “fierce”, “shameful”: notions of antiretroviral therapy, stigma and masculinities intersecting men’s life-course in Blantyre, Malawi. <i>BMC Public Health</i> , 2021, 21, 2247.	1.2	4
15	Feasibility and acceptability of a peer-led HIV self-testing model among female sex workers in Malawi: a qualitative study. <i>BMJ Open</i> , 2021, 11, e049248.	0.8	3
16	How do decision-makers use evidence in community health policy and financing decisions? A qualitative study and conceptual framework in four African countries. <i>Health Policy and Planning</i> , 2020, 35, 799-809.	1.0	15
17	Engendering health systems in response to national rollout of dolutegravir-based regimens among women of childbearing potential: a qualitative study with stakeholders in South Africa and Uganda. <i>BMC Health Services Research</i> , 2020, 20, 705.	0.9	10
18	Measuring motivation among close-to-community health workers: developing the CTC Provider Motivational Indicator Scale across six countries. <i>Human Resources for Health</i> , 2020, 18, 54.	1.1	4

#	ARTICLE	IF	CITATIONS
19	Community acceptability of dolutegravir-based HIV treatment in women: a qualitative study in South Africa and Uganda. <i>BMC Public Health</i> , 2020, 20, 1883.	1.2	9
20	SEEP-CI: A Structured Economic Evaluation Process for Complex Health System Interventions. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 6780.	1.2	4
21	Antenatal testing for anaemia, HIV and syphilis in Indonesia – a health systems analysis of low coverage. <i>BMC Pregnancy and Childbirth</i> , 2020, 20, 326.	0.9	5
22	Redressing the gender imbalance: a qualitative analysis of recruitment and retention in Mozambique’s community health workforce. <i>Human Resources for Health</i> , 2020, 18, 37.	1.1	6
23	Dolutegravir versus efavirenz in women starting HIV therapy in late pregnancy (DolPHIN-2): an open-label, randomised controlled trial. <i>Lancet HIV</i> , 2020, 7, e332-e339.	2.1	75
24	“I wanted evidence that my status had changed, so that is why I tested” – experiences with HIV self-testing among female sex workers in Malawi. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2020, 32, 206-213.	0.6	10
25	Inequalities in uptake of HIV testing despite scale-up. <i>The Lancet Global Health</i> , 2020, 8, e744-e745.	2.9	4
26	Using research networks to generate trustworthy qualitative public health research findings from multiple contexts. <i>BMC Medical Research Methodology</i> , 2020, 20, 13.	1.4	17
27	“Do you trust those data?” a mixed-methods study assessing the quality of data reported by community health workers in Kenya and Malawi. <i>Health Policy and Planning</i> , 2020, 35, 334-345.	1.0	16
28	Is the Philippines ready for HIV self-testing?. <i>BMC Public Health</i> , 2020, 20, 34.	1.2	19
29	Cultural norms create a preference for traditional birth attendants and hinder health facility-based childbirth in Indonesia and Ethiopia: a qualitative inter-country study. <i>International Journal of Health Promotion and Education</i> , 2020, 58, 109-123.	0.4	2
30	Salaried and voluntary community health workers: exploring how incentives and expectation gaps influence motivation. <i>Human Resources for Health</i> , 2019, 17, 59.	1.1	88
31	Integrated point-of-care testing (POCT) for HIV, syphilis, malaria and anaemia at antenatal facilities in western Kenya: a qualitative study exploring end-users’ perspectives of appropriateness, acceptability and feasibility. <i>BMC Health Services Research</i> , 2019, 19, 74.	0.9	26
32	Supportive supervision of close-to-community providers of health care: Findings from action research conducted in two counties in Kenya. <i>PLoS ONE</i> , 2019, 14, e0216444.	1.1	12
33	Challenges in measurement of linkage following HIV self-testing: examples from the STAR Project. <i>Journal of the International AIDS Society</i> , 2019, 22, e25238.	1.2	22
34	Applying user preferences to optimize the contribution of HIV self-testing to reaching the “first 90” target of UNAIDS Fast-track strategy: results from discrete choice experiments in Zimbabwe. <i>Journal of the International AIDS Society</i> , 2019, 22, e25245.	1.2	40
35	Healthcare equity analysis: applying the Tanahashi model of health service coverage to community health systems following devolution in Kenya. <i>International Journal for Equity in Health</i> , 2019, 18, 65.	1.5	25
36	Strengthening referral systems in community health programs: a qualitative study in two rural districts of Maputo Province, Mozambique. <i>BMC Health Services Research</i> , 2019, 19, 263.	0.9	53

#	ARTICLE	IF	CITATIONS
37	Performance of non-laboratory staff for diagnostic testing and specimen collection in HIV programs: A systematic review and meta-analysis. <i>PLoS ONE</i> , 2019, 14, e0216277.	1.1	14
38	Re-reading of OraQuick HIV 1/2 rapid antibody test results: quality assurance implications for HIV self-testing programmes. <i>Journal of the International AIDS Society</i> , 2019, 22, e25234.	1.2	10
39	Regulation of HIV self-testing in Malawi, Zambia and Zimbabwe: a qualitative study with key stakeholders. <i>Journal of the International AIDS Society</i> , 2019, 22, e25229.	1.2	7
40	Ability to understand and correctly follow HIV self-test kit instructions for use: applying the cognitive interview technique in Malawi and Zambia. <i>Journal of the International AIDS Society</i> , 2019, 22, e25253.	1.2	32
41	Applying an intersectionality lens to examine health for vulnerable individuals following devolution in Kenya. <i>International Journal for Equity in Health</i> , 2019, 18, 24.	1.5	17
42	Exploring social harms during distribution of HIV self-testing kits using mixed-methods approaches in Malawi. <i>Journal of the International AIDS Society</i> , 2019, 22, e25251.	1.2	49
43	Is quality affordable for community health systems? Costs of integrating quality improvement into close-to-community health programmes in five low-income and middle-income countries. <i>BMJ Global Health</i> , 2019, 4, e001390.	2.0	7
44	What factors do make quality improvement work in primary health care? Experiences of maternal health quality improvement teams in three Puskesmas in Indonesia. <i>PLoS ONE</i> , 2019, 14, e0226804.	1.1	14
45	Development of a Mobile Game to Influence Behavior Determinants of HIV Service Uptake Among Key Populations in the Philippines: User-Centered Design Process. <i>JMIR Serious Games</i> , 2019, 7, e13695.	1.7	13
46	Discordance, Disclosure and Normative Gender Roles: Barriers to Couple Testing Within a Community-Level HIV Self-Testing Intervention in Urban Blantyre, Malawi. <i>AIDS and Behavior</i> , 2018, 22, 2491-2499.	1.4	21
47	How do gender relations affect the working lives of close to community health service providers? Empirical research, a review and conceptual framework. <i>Social Science and Medicine</i> , 2018, 209, 1-13.	1.8	66
48	"The phone is my boss and my helper"™ A gender analysis of an mHealth intervention with Health Extension Workers in Southern Ethiopia. <i>Journal of Public Health</i> , 2018, 40, ii16-ii31.	1.0	17
49	"Sometimes it is difficult for us to stand up and change this" an analysis of power within priority-setting for health following devolution in Kenya. <i>BMC Health Services Research</i> , 2018, 18, 906.	0.9	22
50	The effectiveness and cost-effectiveness of community-based lay distribution of HIV self-tests in increasing uptake of HIV testing among adults in rural Malawi and rural and peri-urban Zambia: protocol for STAR (self-testing for Africa) cluster randomized evaluations. <i>BMC Public Health</i> , 2018, 18, 1234.	1.2	28
51	Health system governance following devolution: comparing experiences of decentralisation in Kenya and Indonesia. <i>BMJ Global Health</i> , 2018, 3, e000939.	2.0	45
52	Does supportive supervision enhance community health worker motivation? A mixed-methods study in four African countries. <i>Health Policy and Planning</i> , 2018, 33, 988-998.	1.0	69
53	A new tool to measure approaches to supervision from the perspective of community health workers: a prospective, longitudinal, validation study in seven countries. <i>BMC Health Services Research</i> , 2018, 18, 806.	0.9	26
54	Priority setting for health in the context of devolution in Kenya: implications for health equity and community-based primary care. <i>Health Policy and Planning</i> , 2018, 33, 729-742.	1.0	61

#	ARTICLE	IF	CITATIONS
55	Integrated point-of-care testing (POCT) of HIV, syphilis, malaria and anaemia in antenatal clinics in western Kenya: A longitudinal implementation study. PLoS ONE, 2018, 13, e0198784.	1.1	21
56	Optimising the benefits of community health workersâ€™ unique position between communities and the health sector: A comparative analysis of factors shaping relationships in four countries. Global Public Health, 2017, 12, 1404-1432.	1.0	106
57	A public health approach to addressing and preventing misdiagnosis in the scale-up of HIV rapid testing programmes. Journal of the International AIDS Society, 2017, 20, 22190.	1.2	17
58	â€œI will choose when to test, where I want to testâ€™. Aids, 2017, 31, S203-S212.	1.0	119
59	Performance of community health workers: situating their intermediary position within complex adaptive health systems. Human Resources for Health, 2017, 15, 59.	1.1	112
60	â€œI think it is rightâ€ a qualitative exploration of the acceptability and desired future use of oral swab and finger-prick HIV self-tests by lay users in KwaZulu-Natal, South Africa. BMC Research Notes, 2017, 10, 486.	0.6	41
61	Decentralising and integrating HIV services in community-based health systems: a qualitative study of perceptions at macro, meso and micro levels of the health system. BMJ Global Health, 2017, 2, e000107.	2.0	23
62	A public health approach to addressing and preventing misdiagnosis in the scale-up of HIV rapid testing programmes. Journal of the International AIDS Society, 2017, 20, 22190.	1.2	2
63	Brucella melitensis prosthetic joint infection in a traveller returning to the UK from Thailand: Case report and review of the literature. Travel Medicine and Infectious Disease, 2016, 14, 444-450.	1.5	16
64	Health surveillance assistants as intermediates between the community and health sector in Malawi: exploring how relationships influence performance. BMC Health Services Research, 2016, 16, 164.	0.9	47
65	Limits and opportunities to community health worker empowerment: A multi-country comparative study. Social Science and Medicine, 2016, 164, 27-34.	1.8	108
66	Combined infection trainingâ€™ a pioneering collaborative approach to educating infection specialists. FEMS Microbiology Letters, 2016, 363, fnw154.	0.7	2
67	Improving the performance of community health workers in humanitarian emergencies: a realist evaluation protocol for the PIECES programme. BMJ Open, 2016, 6, e011753.	0.8	18
68	How equitable are community health worker programmes and which programme features influence equity of community health worker services? A systematic review. BMC Public Health, 2016, 16, 419.	1.2	89
69	Exploring perceptions of community health policy in Kenya and identifying implications for policy change. Health Policy and Planning, 2016, 31, 10-20.	1.0	39
70	First experience of effectiveness and safety of bedaquiline for 18â€...months within an optimised regimen for XDR-TB. European Respiratory Journal, 2016, 47, 1581-1584.	3.1	34
71	Initial Accuracy of HIV Rapid Test Kits Stored in Suboptimal Conditions and Validity of Delayed Reading of Oral Fluid Tests. PLoS ONE, 2016, 11, e0158107.	1.1	12
72	A qualitative assessment of health extension workersâ€™ relationships with the community and health sector in Ethiopia: opportunities for enhancing maternal health performance. Human Resources for Health, 2015, 13, 80.	1.1	108

#	ARTICLE	IF	CITATIONS
73	Exploring competing experiences and expectations of the revitalized community health worker programme in Mozambique: an equity analysis. <i>Human Resources for Health</i> , 2015, 13, 54.	1.1	15
74	Supervision of community health workers in Mozambique: a qualitative study of factors influencing motivation and programme implementation. <i>Human Resources for Health</i> , 2015, 13, 63.	1.1	75
75	Field accuracy of fourth-generation rapid diagnostic tests for acute HIV-1. <i>Aids</i> , 2015, 29, 2465-2471.	1.0	29
76	What are the constraints and opportunities for HIVST scale-up in Africa? Evidence from Kenya, Malawi and South Africa. <i>Journal of the International AIDS Society</i> , 2015, 18, 19445.	1.2	58
77	Human Immunodeficiency Virus, Antiretroviral Therapy and Markers of Lymphatic Filariasis Infection: A Cross-sectional Study in Rural Northern Malawi. <i>PLoS Neglected Tropical Diseases</i> , 2015, 9, e0003825.	1.3	10
78	What can volunteer co-providers contribute to health systems? The role of people living with HIV in the Thai paediatric HIV programme. <i>Social Science and Medicine</i> , 2015, 145, 184-192.	1.8	11
79	Cramping and Diarrhea in a 44-Year-Old Man. <i>Clinical Infectious Diseases</i> , 2015, 61, 480-481.	2.9	2
80	Routine feedback of test results to participants in clinic- and survey-based surveillance of HIV. <i>Bulletin of the World Health Organization</i> , 2015, 93, 352-355.	1.5	8
81	Opportunities for strengthening provider-initiated testing and counselling for HIV in Namibia. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2015, 27, 990-994.	0.6	7
82	How does context influence performance of community health workers in low- and middle-income countries? Evidence from the literature. <i>Health Research Policy and Systems</i> , 2015, 13, 13.	1.1	206
83	Randomised controlled clinical trial of increased dose and frequency of albendazole and ivermectin on <i>Wuchereria bancrofti</i> microfilarial clearance in northern Malawi. <i>Transactions of the Royal Society of Tropical Medicine and Hygiene</i> , 2015, 109, 393-399.	0.7	10
84	Which intervention design factors influence performance of community health workers in low- and middle-income countries? A systematic review. <i>Health Policy and Planning</i> , 2015, 30, 1207-1227.	1.0	356
85	Attracting female sex workers to HIV testing and counselling in Ethiopia: a qualitative study with sex workers in Addis Ababa. <i>African Journal of AIDS Research</i> , 2015, 14, 137-144.	0.3	23
86	HIV Self-Testing Could "Revolutionize Testing in South Africa, but It Has Got to Be Done Properly": Perceptions of Key Stakeholders. <i>PLoS ONE</i> , 2015, 10, e0122783.	1.1	75
87	Cost-effectiveness of community-based practitioner programmes in Ethiopia, Indonesia and Kenya. <i>Bulletin of the World Health Organization</i> , 2015, 93, 631-639A.	1.5	39
88	Perceptions of the mental health impact of intimate partner violence and health service responses in Malawi. <i>Global Health Action</i> , 2014, 7, 24816.	0.7	20
89	A Novel Community Health Worker Tool Outperforms WHO Clinical Staging for Assessment of Antiretroviral Therapy Eligibility in a Resource-Limited Setting. <i>Journal of Acquired Immune Deficiency Syndromes (1999)</i> , 2014, 65, e74-e78.	0.9	3
90	Diagnostic accuracy of the WHO clinical staging system for defining eligibility for ART in sub-Saharan Africa: a systematic review and meta-analysis. <i>Journal of the International AIDS Society</i> , 2014, 17, 18932.	1.2	19

#	ARTICLE	IF	CITATIONS
91	From Transmission to Transition: Lessons Learnt from the Thai Paediatric Antiretroviral Programme. PLoS ONE, 2014, 9, e99061.	1.1	16
92	Challenges in Providing Counselling to MSM in Highly Stigmatized Contexts: Results of a Qualitative Study from Kenya. PLoS ONE, 2013, 8, e64527.	1.1	51
93	“What Took You So Long?” The Impact of PEPFAR on the Expansion of HIV Testing and Counseling Services in Africa. Journal of Acquired Immune Deficiency Syndromes (1999), 2012, 60, S63-S69.	0.9	24
94	Programmatic Evaluation of a Combined Antigen and Antibody Test for Rapid HIV Diagnosis in a Community and Sexual Health Clinic Screening Programme. PLoS ONE, 2011, 6, e28019.	1.1	21
