#	Paper	IF	Citations
99	Cardiac Interventions for Patients With Trisomy 13 and Trisomy 18: Experience, Ethical Issues, Communication, and the Case for Individualized Family-Centered Care.. <i>World Journal for Pediatric &amp; Congenital Heart Surgery</i> , <b>2022</b> , 13, 72-76	1.1	0
98	Next generation sequencing in neonatology: what does it mean for the next generation?. <i>Human Genetics</i> , <b>2022</b> , 1	6.3	0
97	Personalized support of parents of extremely preterm infants before, during and after birth. <i>Seminars in Fetal and Neonatal Medicine</i> , <b>2022</b> , 101335	3.7	0
96	The ethics of family integrated care in the NICU: Improving care for families without causing harm. <i>Seminars in Perinatology</i> , <b>2021</b> , 151528	3.3	1
95	Opportunities and recommendations in the care of mother-infant dyads at less than 25 weeks of gestation. <i>Seminars in Perinatology</i> , <b>2021</b> , 151552	3.3	
94	Whom are we seeking to protect? Extremely preterm babies and moral distress. <i>Seminars in Perinatology</i> , <b>2021</b> , 151549	3.3	1
93	Personalized communication with parents of children born at less than 25 weeks: Moving from doctor-driven to parent-personalized discussions. <i>Seminars in Perinatology</i> , <b>2021</b> , 151551	3.3	1
92	Parental perspective on important health outcomes of extremely preterm infants. <i>Archives of Disease in Childhood: Fetal and Neonatal Edition</i> , <b>2021</b> ,	4.7	2
91	Communicating with parents of children with trisomy 13 or 18 who seek cardiac interventions. <i>Cardiology in the Young</i> , <b>2021</b> , 31, 471-475	1	4
90	Assessing and promoting partnership between patients and health-care professionals: Co-construction of the CADICEE tool for patients and their relatives. <i>Health Expectations</i> , <b>2021</b> , 24, 1230-1241	3.7	5
89	Advocating for lifelong follow-up after preterm birth. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2021</b> , 110, 2675-2677	3.1	
88	Mortality and Morbidity rounds in neonatology: Providers' experiences and perspectives. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2021</b> , 110, 2737-2744	3.1	1
87	Moral Distress in Neonatology. <i>Pediatrics</i> , <b>2021</b> , 148,	7.4	6
86	Health perception by young adults born very preterm. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2021</b> , 110, 3021-3029	3.1	1
85	Peer support groups for families in Neonatology: Why and how to get started?. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2020</b> , 109, 2525-2531	3.1	7
84	Paediatric ethical issues during the COVID-19 pandemic are not just about ventilator triage. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2020</b> , 109, 1519-1521	3.1	9
83	Should Extremely Premature Babies Get Ventilators During the COVID-19 Crisis?. <i>American Journal of Bioethics</i> , <b>2020</b> , 20, 37-43	1.1	9

82	Helping Parents Cope in the NICU. <i>Pediatrics</i> , <b>2020</b> , 145,	7.4	13
81	How should neonatal clinicians act in the presence of moral distress?. <i>Archives of Disease in Childhood: Fetal and Neonatal Edition</i> , <b>2020</b> , 105, 348-349	4.7	5
80	Techniques to Communicate Better With Parents During End-of-Life Scenarios in Neonatology. <i>Pediatrics</i> , <b>2020</b> , 145,	7.4	8
79	Withholding and Withdrawing Life-Sustaining Treatment <b>2020</b> , 517-529		0
78	Ethics and the Importance of Good Clinical Practices. <i>American Journal of Bioethics</i> , <b>2020</b> , 20, 67-70	1.1	0
77	Moral Distress of Clinicians in Canadian Pediatric and Neonatal ICUs. <i>Pediatric Critical Care Medicine</i> , <b>2020</b> , 21, 314-323	3	23
76	My child's legacy: a mixed methods study of bereaved parents and providers' opinions about collaboration with NICU teams in quality improvement initiatives. <i>BMJ Open</i> , <b>2020</b> , 10, e034817	3	2
75	Building trust and improving communication with parents of children with Trisomy 13 and 18: A mixed-methods study. <i>Palliative Medicine</i> , <b>2020</b> , 34, 262-271	5.5	12
74	Estimating Neurologic Prognosis in Children: High Stakes, Poor Data. <i>JAMA Neurology</i> , <b>2019</b> , 76, 879-880	7.2	9
73	Empirical Over Theoretical Ethics: Choosing What Matters to Patients and Families. <i>American Journal of Bioethics</i> , <b>2019</b> , 19, 54-56	1.1	4
72	Beyond a Seat at the Table: The Added Value of Family Stakeholders to Improve Care, Research, and Education in Neonatology. <i>Journal of Pediatrics</i> , <b>2019</b> , 207, 123-129.e2	3.6	13
71	Does It Matter if This Baby Is 22 or 23 Weeks?. <i>Pediatrics</i> , <b>2019</b> , 144,	7.4	7
70	Providing clarity around ethical discussion: development of a neonatal intervention score. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2019</b> , 108, 1453-1459	3.1	1
69	Integrating Parents in Neonatal and Pediatric Research. <i>Neonatology</i> , <b>2019</b> , 115, 283-291	4	17
68	The therapeutic space and doctor-parent relationship in paediatrics: trainees' experiences and perspectives. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2019</b> , 108, 1067-1073	3.1	
67	Diagnostic and Therapeutic Misconception: Parental Expectations and Perspectives Regarding Genetic Testing for Developmental Disorders. <i>Journal of Autism and Developmental Disorders</i> , <b>2019</b> , 49, 363-375	4.6	3
66	Physician characteristics influence the trends in resuscitation decisions at different ages. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2018</b> , 107, 2115-2119	3.1	2
65	Parental Perspectives Regarding Outcomes of Very Preterm Infants: Toward a Balanced Approach. <i>Journal of Pediatrics</i> , <b>2018</b> , 200, 58-63.e1	3.6	26

64	Using internal and external reviewers can help to optimise neonatal mortality and morbidity conferences. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2018</b> , 107, 283-288	3.1	1
63	Improving neonatal care with the help of veteran resource parents: An overview of current practices. <i>Seminars in Fetal and Neonatal Medicine</i> , <b>2018</b> , 23, 44-51	3.7	16
62	The use and misuse of moral distress in neonatology. <i>Seminars in Fetal and Neonatal Medicine</i> , <b>2018</b> , 23, 39-43	3.7	29
61	Always a burden? Healthcare providers' perspectives on moral distress. <i>Archives of Disease in Childhood: Fetal and Neonatal Edition</i> , <b>2018</b> , 103, F441-F445	4.7	29
60	The experience of parents with children with myelomeningocele who underwent prenatal surgery. <i>Journal of Pediatric Rehabilitation Medicine</i> , <b>2018</b> , 11, 217-225	1.4	3
59	Changes in perinatal hospital deaths occurring outside the neonatal intensive care unit over a decade. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2017</b> , 106, 1456-1459	3.1	2
58	Provider Perspectives Regarding Resuscitation Decisions for Neonates and Other Vulnerable Patients. <i>Journal of Pediatrics</i> , <b>2017</b> , 188, 142-147.e3	3.6	6
57	The Impact of Neonatal Simulations on Trainees' Stress and Performance: A Parallel-Group Randomized Trial. <i>Pediatric Critical Care Medicine</i> , <b>2017</b> , 18, 434-441	3	15
56	Personalized Decision Making: Practical Recommendations for Antenatal Counseling for Fragile Neonates. <i>Clinics in Perinatology</i> , <b>2017</b> , 44, 429-445	2.8	52
55	Counseling parents at risk of delivery of an extremely premature infant: Differing strategies. <i>AJOB Empirical Bioethics</i> , <b>2017</b> , 8, 243-252	3	16
54	Parental hopes, interventions, and survival of neonates with trisomy 13 and trisomy 18. <i>American Journal of Medical Genetics, Part C: Seminars in Medical Genetics</i> , <b>2016</b> , 172, 279-87	3.1	53
53	Personalized Antenatal Consultations for Preterm Labor: Responding to Mothers' Expectations. <i>Journal of Pediatrics</i> , <b>2016</b> , 178, 130-134.e7	3.6	39
52	Measuring and communicating meaningful outcomes in neonatology: A family perspective. <i>Seminars in Perinatology</i> , <b>2016</b> , 40, 571-577	3.3	44
51	Tattoos, Beer, and Bow Ties: The Limits of Professionalism in Medicine. <i>JAMA Pediatrics</i> , <b>2016</b> , 170, 731-8.3	3.3	3
50	Partnering with parents to disclose Klinefelter syndrome to their child. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2016</b> , 105, 456-61	3.1	6
49	Moral distress within neonatal and paediatric intensive care units: a systematic review. <i>Archives of Disease in Childhood</i> , <b>2016</b> , 101, 701-8	2.2	101
48	Cardiac surgery for children with trisomies 13 and 18: Where are we now?. <i>Seminars in Perinatology</i> , <b>2016</b> , 40, 254-60	3.3	31
47	Stronger and More Vulnerable: A Balanced View of the Impacts of the NICU Experience on Parents. <i>Pediatrics</i> , <b>2016</b> , 138,	7.4	41

46	Trainee Perspectives on Manikin Death During Mock Codes. <i>Pediatrics</i> , <b>2015</b> , 136, e93-8	7.4	12
45	The ethics of neonatal research: An ethicist's and a parent's perspective. <i>Seminars in Fetal and Neonatal Medicine</i> , <b>2015</b> , 20, 436-41	3.7	12
44	An introduction to behavioural decision-making theories for paediatricians. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2015</b> , 104, 340-5	3.1	13
43	Dutch neonatologists have adopted a more interventionist approach to neonatal care. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2015</b> , 104, 888-93	3.1	10
42	Attitudes of Australian neonatologists to resuscitation of extremely preterm infants. <i>Journal of Paediatrics and Child Health</i> , <b>2015</b> , 51, 870-4	1.3	8
41	Ethics and etiquette in neonatal intensive care—reply. <i>JAMA Pediatrics</i> , <b>2015</b> , 169, 190-1	8.3	3
40	End-of-life decisions for extremely low-gestational-age infants: why simple rules for complicated decisions should be avoided. <i>Seminars in Perinatology</i> , <b>2014</b> , 38, 31-7	3.3	47
39	Communication with parents concerning withholding or withdrawing of life-sustaining interventions in neonatology. <i>Seminars in Perinatology</i> , <b>2014</b> , 38, 38-46	3.3	101
38	Cohort study of probiotics in a North American neonatal intensive care unit. <i>Journal of Pediatrics</i> , <b>2014</b> , 164, 980-5	3.6	83
37	Later rather than sooner: the impact of clinical management on timing and modes of death in the last decade. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2014</b> , 103, 1148-52	3.1	11
36	Ethics challenges of transition from paediatric to adult health care services for young adults with neurodevelopmental disabilities. <i>Paediatrics and Child Health</i> , <b>2014</b> , 19, 65-8	0.7	17
35	Arrogance-based medicine: guidelines regarding genetic testing in children. <i>American Journal of Bioethics</i> , <b>2014</b> , 14, 15-6	1.1	6
34	Our children are not a diagnosis: the experience of parents who continue their pregnancy after a prenatal diagnosis of trisomy 13 or 18. <i>American Journal of Medical Genetics, Part A</i> , <b>2014</b> , 164A, 308-18	2.5	83
33	Survival at a gestational age of 24 weeks in the Netherlands—reply. <i>JAMA Pediatrics</i> , <b>2014</b> , 168, 582-3	8.3	
32	Ethics and etiquette in neonatal intensive care. <i>JAMA Pediatrics</i> , <b>2014</b> , 168, 857-8	8.3	29
31	CPS position statement for prenatal counselling before a premature birth: Simple rules for complicated decisions. <i>Paediatrics and Child Health</i> , <b>2014</b> , 19, 22-4	0.7	11
30	In support of SUPPORT: ignorance and mistrust can harm babies and families. <i>American Journal of Bioethics</i> , <b>2013</b> , 13, 43-4	1.1	3
29	Modes of death in pediatrics: differences in the ethical approach in neonatal and pediatric patients. <i>Journal of Pediatrics</i> , <b>2013</b> , 162, 1107-11	3.6	63

28	The politics of probiotics: probiotics, necrotizing enterocolitis and the ethics of neonatal research. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2013</b> , 102, 116-8	3.1	21
27	The OHRP and SUPPORT. <i>New England Journal of Medicine</i> , <b>2013</b> , 368, e36	59.2	44
26	Medical interventions for children with trisomy 13 and trisomy 18: what is the value of a short disabled life?. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2013</b> , 102, 1112-7	3.1	28
25	Chronic patients, burdensome interventions and the Vietnam analogy. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2013</b> , 102, 669-70	3.1	7
24	The continuing importance of how neonates die. <i>JAMA Pediatrics</i> , <b>2013</b> , 167, 987-8	8.3	18
23	Saving vs creating: perceptions of intensive care at different ages and the potential for injustice. <i>Journal of Perinatology</i> , <b>2013</b> , 33, 333-5	3.1	30
22	Ethics, choices, and decisions in acute medicine: a national survey of Norwegian physicians' attitudes. <i>Pediatric Critical Care Medicine</i> , <b>2013</b> , 14, e63-9	3	11
21	Antenatal counselling for parents facing an extremely preterm birth: limitations of the medical evidence. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2012</b> , 101, 800-4	3.1	62
20	Challenges in reconciling best interest and parental exercise of autonomy in pediatric life-or-death situations. <i>Journal of Pediatrics</i> , <b>2012</b> , 161, 146-51	3.6	17
19	Trying to predict the future of ex-preterm infants: who benefits from a brain MRI at term?. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2012</b> , 101, 1016-7	3.1	26
18	Health care professionals' attitudes about pregnancy termination for different fetal anomalies. <i>Paediatrics and Child Health</i> , <b>2012</b> , 17, e86-8	0.7	5
17	The experience of families with children with trisomy 13 and 18 in social networks. <i>Pediatrics</i> , <b>2012</b> , 130, 293-8	7.4	146
16	Introduction to the personal narratives: learning to improvise. <i>Current Problems in Pediatric and Adolescent Health Care</i> , <b>2011</b> , 41, 102-3	2.2	
15	Whom are we comforting? An analysis of comfort medications delivered to dying neonates. <i>Journal of Pediatrics</i> , <b>2011</b> , 159, 206-10	3.6	39
14	The epidemic of multiple gestations and neonatal intensive care unit use: the cost of irresponsibility. <i>Journal of Pediatrics</i> , <b>2011</b> , 159, 409-13	3.6	37
13	An infant with trisomy 18 and a ventricular septal defect. <i>Pediatrics</i> , <b>2011</b> , 127, 754-9	7.4	38
12	Ethics of resuscitation at different stages of life: a survey of perinatal physicians. <i>Pediatrics</i> , <b>2011</b> , 127, e1221-9	7.4	37
11	The influence of family characteristics on perinatal decision making. <i>Pediatrics</i> , <b>2011</b> , 127, e934-9	7.4	16

10	What is an "appropriate code"?. <i>American Journal of Bioethics</i> , <b>2011</b> , 11, 18-20	1.1	7
9	End-of-life vignette. No time for death. <i>American Journal of Hospice and Palliative Medicine</i> , <b>2010</b> , 27, 163-4	2.6	2
8	I think it is time to stop. <i>Pediatric Critical Care Medicine</i> , <b>2010</b> , 11, 624-5	3	2
7	Categorizing neonatal deaths: a cross-cultural study in the United States, Canada, and The Netherlands. <i>Journal of Pediatrics</i> , <b>2010</b> , 156, 33-7	3.6	121
6	I would never want this for my baby. <i>Pediatric Critical Care Medicine</i> , <b>2009</b> , 10, 113-4	3	22
5	Ethics ain't easy: do we need simple rules for complicated ethical decisions?. <i>Acta Paediatrica, International Journal of Paediatrics</i> , <b>2008</b> , 97, 402-6	3.1	36
4	The best-interest standard is not applied for neonatal resuscitation decisions. <i>Pediatrics</i> , <b>2008</b> , 121, 963-4	3.4	85
3	Relationship between site of training and residents' attitudes about neonatal resuscitation. <i>JAMA Pediatrics</i> , <b>2008</b> , 162, 532-7	3.4	28
2	Are newborns morally different from older children?. <i>Theoretical Medicine and Bioethics</i> , <b>2007</b> , 28, 413-25	3.9	47
1	Role of vascular endothelial growth factor receptor 1 and vascular endothelial growth factor receptor 2 in the vasodilator response to vascular endothelial growth factor in the neonatal piglet lung. <i>Critical Care Medicine</i> , <b>2005</b> , 33, 860-6	1.4	20
